### **Recommendation**

2. That Members approve the Authority's draft Statement of Assurance 2014 for publication on the website.

### **Introduction and Background**

3. The Fire and Rescue Service National Framework published in 2012 sets out a requirement for fire and rescue authorities to publish Statements of Assurance. It says:

***'Fire and rescue authorities must provide annual assurance on financial, governance and operational matters and show how they have had due regard to the expectations set out in their integrated risk management plan and the requirements included in the Framework. To provide assurance, fire and rescue authorities must publish an annual statement of assurance'.***

4. The National Framework. One of the principal aims of the statement of assurance is to provide an accessible way in which communities, Government, local authorities and other partners may make a valid assessment of their local fire and rescue authority's performance. The statement of assurance will also be used as a source of information on which to base the Secretary of State's biennial report under the *Fire and Rescue Act 2004* Section 25.

5. Where fire and rescue authorities have already set out relevant information that is clear, accessible, and user-friendly within existing documents, they may wish to include extracts, or links to these documents within their statement of assurance.
6. With this in mind, MFRA's Statement of Assurance has been prepared in a way that does not substantially duplicate existing plans, reports and other documents, but instead includes links to existing documents held on the website, or in some cases to documents held by other organisations or the Government.
