

Bromborough Community Fire Station

Community Risk Management Plan 2017-18

Excellent Operational Preparedness

We will

Complete SSRI inspections on the COMAH, hospital, industrial risk and river. These provide operational intelligence for incidents.

Undertake Core risk critical training at the Training & Development Academy.

Attend the required courses when applying for their shifts within the self-rostering system.

Measure competencies using both SPA and LearnPro assessment systems.

Plan local training exercises identified risks within the station SSOP. Including large areas of SSSI and an island which can only be reached at low tide.

Complete, the allocated hydrant surveys, within the 12 month period.

Excellent Operational Response

We will

Ensure, that as a key station area, we respond to incidents within the 10 minute response isochrones as detailed in the IRMP.

Train and assess competence against National and Local policy, guidance and procedures in all areas of operational response.

Comply with all areas of Health & Safety. We will conduct operational assurance in the operation environment as quality assurance for this.

Achieve a positive safety culture.

Identify, investigate and learn from near miss and accidents and injuries.

Excellent Prevention and Protection

The station area contains significant areas of socio-economic deprivation and high risk communities.

As a station we will

Target the high risk and vulnerable over 65 community for prevention activity and safe and well visits.

Participate in CFOA and MFRS safety campaigns to engage with the Community.

Contribute towards our mission of safer stronger communities.

Work closely with the Community Prevention Team to identify vulnerable groups or individuals to receive prevention education.

Target anti-social behaviour and waste material build-up to reduce ASB fires.

Undertake the Simple Operational Fire Safety audits to ensure businesses are complying with the RRO.

Excellent People

We will

Use the appraisal process to identify personal performance objectives.

Set objectives to enhance and support development within role or to progress to the next level.

Review all areas of the station plan and performance throughout the year as quality assurance.

Manage the health, safety and well-being of personnel and ensure that levels of absence, accidents and injuries are kept low.

Engage in creating a culture within the station which supports colleagues and ensures a positive working environment.
