

# Upton Community Fire Station

## Community Risk Management Plan 2017-18

### Excellent Operational Preparedness

Crews at Upton Fire Station will:

Complete Site Specific Risk Information (SSRI inspections) inspections on the hospital, motorway, coastal and significant industrial risk. These provide operational intelligence for incidents.

Undertake core risk critical training at the Training & Development Academy.

Attend the required courses when applying for their shifts within the self-rostering system.

Measure competencies using both SPA and LearnPro assessment systems.

Plan local training exercises identified risks within the station SSOP. Including large areas of SSSI and an island which can only be reached at low tide.

Complete, the allocated hydrant surveys, within the 12 month period.

### Excellent Operational Response

Operational crews will:

Ensure, that as a key station area, we respond to incidents within the 10 minute response isochrones as detailed in the IRMP.

We will ensure that both the Whole Time appliance at Upton are staffed with 5 riders at all times.

Train and assess competence against National and Local policy, guidance and procedures in all areas of operational response.

Comply with all areas of Health & Safety. We will conduct operational assurance in the operation environment as quality assurance for this.

Achieve a positive safety culture.

Identify, investigate and learn from near miss and accidents and injuries.

### Excellent Prevention and Protection

Upton's area contains a large population with areas of socio-economic deprivation and high risk communities.

As a station we will

Target the high risk and vulnerable over 65 community for prevention activity and safe and well visits.

Participate in CFA and MFRS safety campaigns to engage with the Community.

Contribute towards our mission of safer stronger communities.

Work closely with the Community Prevention Team directorate to identify vulnerable groups or individuals to receive prevention education.

Target anti-social behaviour and waste material build-up to reduce ASB fires.

Undertake the Simple Operational Fire Safety audits to ensure businesses are complying with the RRO.

### Excellent People

All staff will:

Use the appraisal process to identify personal performance objectives.

Set objectives to enhance and support development within role or to progress to the next level.

Review all areas of the station plan and performance throughout the year as quality assurance.

Manage the health, safety and well-being of personnel and ensure that levels of absence, accidents and injuries are kept low.

Engage in creating a culture within the station which supports colleagues and ensures a positive working environment.

**Our mission is to achieve safer stronger communities through safe and effective firefighters, delivering excellent operational preparedness, response, prevention, protection and people.**

**OUTCOMES are the impact our actions have on the community such as reducing incidents.**

	Estimated 16/17	Target 17/18
All Fires	278	294
Accidental Dwelling Fires (ADFs)	33	41
Anti-Social Behaviour Fires (ASBs)	158	171
RTC	25	23
Malicious False Alarm	1	4
Unwanted Fire Signals	103	77
Alert to mobile	97.5%	95%
Station Audit Performance		80%
Sickness		4%

**OUTPUTS are the quantifiable things we deliver to achieve better outcomes for the communities we serve.**

	Annual Target 2017/18
Site Specific Risk Information (SSRIs)	45
HFSC's	1836
Hydrant Checks	65
Waste & Fly Tipping	48
Prevention Talks	48
Simple Audits	96
Off station training exercises	2

The target for 2017/18 is based on 5 years historical incident data.

Monthly targets are averaged over 12 months. Seasonal capability and projected completion of predetermined yearly targets will allow for a seasonal delivery of the annual figure. Upton is planned to become a merged station with West Kirby. As such with the station will take on the admin for West Kirby in this year.
