

Bootle & Netherton Community Fire Station

Community Risk Management Plan 2017-18

Excellent Operational Preparedness

There are 56 projected SSRI's for revisit in 2017/18 which crews will complete via the station schedule. Crews will monitor local business and risk for any new SSRI's which may be generated. SM will QA SSRIs.

48 Hydrant surveys will be completed by crews for Bootle's station area.

The station training planner provides the LearnPro schedule for the year and crews will complete monthly modules aspiring to a 100% completion rate.

Personnel to attend all Training & Development Academy core risk critical training courses

Excellent Operational Response

The station training planner provides a monthly SPA schedule and crews will undertake assessments achieving a 100% completion rate.

Bootle/Netherton will continue to maintain a high level of achievement against the 1.9min 'alert to mobile' and 10min response standard for both appliances.

Crews will undertake regular on-station training in line with monthly themes which will be assured via Station Manager Audits. This includes assurance of PPE and equipment.

All staff will follow service guidance, instructions and procedures.

All staff will ensure correct Personal Protective Equipment is worn and maintained.

All staff will remain vigilant to prevent accidents occurring and actively record health and safety in the work place. All near misses will be reported.

Excellent Prevention and Protection

There were 50 ADF's in 2015/16. The station risk profile is predominantly residential. Watches will prioritise the over 65's when carrying out Home Fire Safety Checks (HFSC's) and will complete 2160 HFSC's over the year.

It is recognised that other vulnerable groups exist in the community and local knowledge and partnerships will be utilised to target these groups.

Crews will support CFOA and Service campaigns throughout the year and target the identified groups/areas. Watches will carry out 12 prevention talks over the year to educate and inform community groups.

96 Simple Operational Fire safety Audits will be completed over the year. Audits are aimed at the local smaller businesses.

Watches will aim to carry out 72 waste and fly tipping audits. Watches will prioritise busier periods such as during the bonfire period to carry out audits.

Excellent People

Watch Managers will continue to develop individuals. This will be achieved by setting appraisal objectives that will facilitate the station organisational aims and objectives.

All appraisals to be completed within specified time scales. For 2017 this will be the end of May.

Absence levels on the station will be monitored and staff encouraged to manage their health and well-being and utilise appropriate supportive resources to maintain the expected attendance record.

Staff will take part in regular gym sessions to enhance fitness and longevity ability.

Our mission is to achieve safer stronger communities through safe and effective firefighters, delivering excellent operational preparedness, response, prevention, protection and people.
