

Crosby Community Fire Station

Community Risk Management Plan 2017-18

Excellent Operational Preparedness

All station personnel will train and exercise against identified risks within their station area as per Site Specific Operational Response Plans. The port area will play a major part in the station preparedness.

All personnel will maintain their operational competence as promulgated by the training planner. This will be further enhanced by daily innovative drill and learning sessions.

Crosby will complete 46 allocated SSRI inspections within the station area.

Hydrant surveys will be completed annually. With the main focus during the drier months. Attention will be given to the port area and hydrant location.

Personnel to attend all Training & Development Academy core risk critical training courses

All personnel to complete allocated Learnpro and achieve the required standard.

All personnel will train on the Command Support Unit and attend promulgated training.

Excellent Operational Response

All personnel will continuously train, learn and develop their skills, knowledge and understanding of service equipment and procedures.

All personnel to complete allocated Safe Person Assessments.

Crosby has a good response standard Watch Managers will ensure that alert to mobile times continue to be met.

All staff will follow service guidance, instructions and procedures.

All staff will ensure correct Personal Protective Equipment is worn and maintained.

All staff will remain vigilant to prevent accidents occurring and actively record health and safety in the work place. All near misses will be reported.

All Personnel will provide Command Support Unit capability and attend incidents in support of the Incident Command System.

Excellent Prevention and Protection

All Operational staff will undertake weekly Community Safety campaigns

The station risk profile is mainly residential with a varied age profile. The main focus will be on the over 65 age group and the most vulnerable in the community as taken from the status reports. We will work with partners to ensure we are supporting the most vulnerable people in the community. This will be met by carrying out 1836 Home Fire Safety Checks.

WM's will use local knowledge and liaise with the Prevention Team to identify vulnerable groups or individuals to receive prevention education.

WM's will continue to develop projects to assist and promote social cohesion and community inclusion & reducing ASB fires.

All personnel will provide Protection advice after attending unwanted AFA activations to support the business community and assist the Directorate in reducing attendances to this incident type.

Crews will carry out Simple Operational Fire Safety Assessments and liaise with protection staff to ensure non domestic fires are reduced.

Excellent People

Watch Managers will continue to develop individuals. This will be achieved by setting appraisal objectives that will facilitate the station organisational aims and objectives.

All appraisals to be completed within specified time scales. For 2017 this will be the end of May.

Absence levels on the station will be monitored and staff encouraged to manage their health and well-being and utilise appropriate supportive resources to maintain the expected attendance record.

Staff will take part in regular gym sessions to enhance fitness and longevity ability.

All staff will engage in creating a culture on the station which supports colleagues and ensures a positive working environment.
