1.1 INTRODUCTION

**BY Chief Fire Officer Phil Garrigan &
Chair of the Fire & Rescue Authority Cllr Les Byrom**

Welcome to our Service Delivery Plan for 2019/20. This Plan brings together in one document Merseyside Fire and Rescue Authority's plans and priorities for 2019-20. It also highlights our alternative proposals contained in the Integrated Risk Management Plan (IRMP) Supplement 2019-21.

A number of significant national and international incidents have occurred since the IRMP 2017-20 was consulted on and published during 2016/17. In addition there have been changes to the city region infrastructure and the initial findings of Her Majesty's Inspectorate of Constabulary and Fire and Rescue Services (HMICFRS), following the first tranche of inspections, have given the Chief Fire Officer and the Fire and Rescue Authority cause to review the suitability of its plans to ensure they are still fit for purpose.

Following this review, a two year supplement to the existing IRMP has been written and, at time of writing, is due to go out for 12 weeks consultation with the public, staff, partners and stakeholders. This

IRMP supplement ensures that the Authority complies with Fire and Rescue National Framework for England 2018 which places a duty on the Authority to assess all foreseeable fire and rescue related risks that could affect its communities, whether they are local, cross-border, multi-authority and/or national in nature, from fires to terrorist attacks. As Lead Authority for co-ordination and deployment of National Resilience capabilities on behalf of the Home Office this is particularly relevant to MFRA.

Our review identified that we need to have resilience should a large, complex or prolonged incident occur. To meet this demand the Authority has proposed increasing the number of available appliances from 26 to 30 and the number of firefighters from 620 to 642, the first increase in numbers since 2006.

The IRMP Supplement also includes proposals to increase the number of staff in Protection (legislative fire safety) to make commercial and public buildings safer.

To meet the cost of this re-investment in Response and Protection the Authority will use reserves combined with an ambitious debt repayment plan, outlined in the Finance section of this Service Delivery Plan.

Our plans reflect the link between risk, demand and vulnerability. They will ensure the Service remains able to respond quickly, whilst increasing our resilience to deal with large and protracted incidents. Our investment in Protection will ensure we are able to better protect people from the risk of fire, and our prevention services will remain targeted to the most vulnerable in our communities.

Although the years ahead remain challenging, you can be assured that the Fire and Rescue Authority will continue to strive to deliver the best possible service to Merseyside.

Phil Garrigan
Chief Fire Officer

Cllr Les Byrom
Chair of Merseyside
Fire & Rescue Authority

1.2 CORPORATE MISSION & AIMS

OUR MISSION IS TO ACHIEVE:

Safer, Stronger Communities - Safe, Effective Firefighters

OUR AIMS ARE:

Excellent Operational Preparedness

We will provide our firefighters with the training, information, procedures and equipment to ensure they can safely and effectively resolve all emergency incidents.

Excellent Operational Response

We will maintain an excellent emergency response to meet risk across Merseyside with safety and effectiveness at its core.

Excellent Prevention and Protection

We will work with our partners and our community to protect the most vulnerable through targeted local risk reduction interventions and the robust application of our legal powers.

Excellent People

We will develop and value all our employees, respecting diversity, promoting opportunity and equality for all.

1.3 CORE VALUES

We shape our actions by embedding our core values into the way we deliver our services:

Make a positive difference to our community

We will build upon our unique position of trust and respect within the community and the professionalism of our staff to tackle the real underlying factors which affect risk. We will achieve this by seeking partnerships in areas where we believe we can contribute to making communities safer from fire and other emergencies.

Provide an excellent and affordable service

We will manage our emergency response flexibly, with an emphasis on those most at risk. We will do this by managing the number and type of appliances which are available to respond to emergencies at different locations throughout the day, night and at different times of the year to more accurately reflect the changing level and location of risk.

Everyone matters

We aim to reduce risk in every home on Merseyside to a tolerable level, with no homes being assessed as high risk after we and our partners have offered support to the resident. To achieve this we will be more sophisticated in the way we commit resources to reduce risk; we will continue to offer free Home Fire Safety Checks to the most vulnerable residents of Merseyside, but our key focus will be to work with our partners to identify and provide assistance to those individuals within the community who are most at risk from fire and other emergencies.

Respect our environment

We will fulfil our responsibilities for protecting the built and natural environment, with support and commitment at the highest level. We will continue to identify and manage our activities, which have an impact on the environment, without compromising our operational response or our service delivery to the communities of Merseyside.

Our people are the best they can be

We will ensure our workforce has the necessary knowledge, skills and values to make a difference. We will support them in their role and encourage them to contribute their ideas to continually improve the Service to deliver our mission.

1.4 ABOUT MERSEYSIDE

Merseyside is an area in the north west of England, which straddles the Mersey Estuary and includes the metropolitan districts of Knowsley, Liverpool, Sefton, St Helens and Wirral.

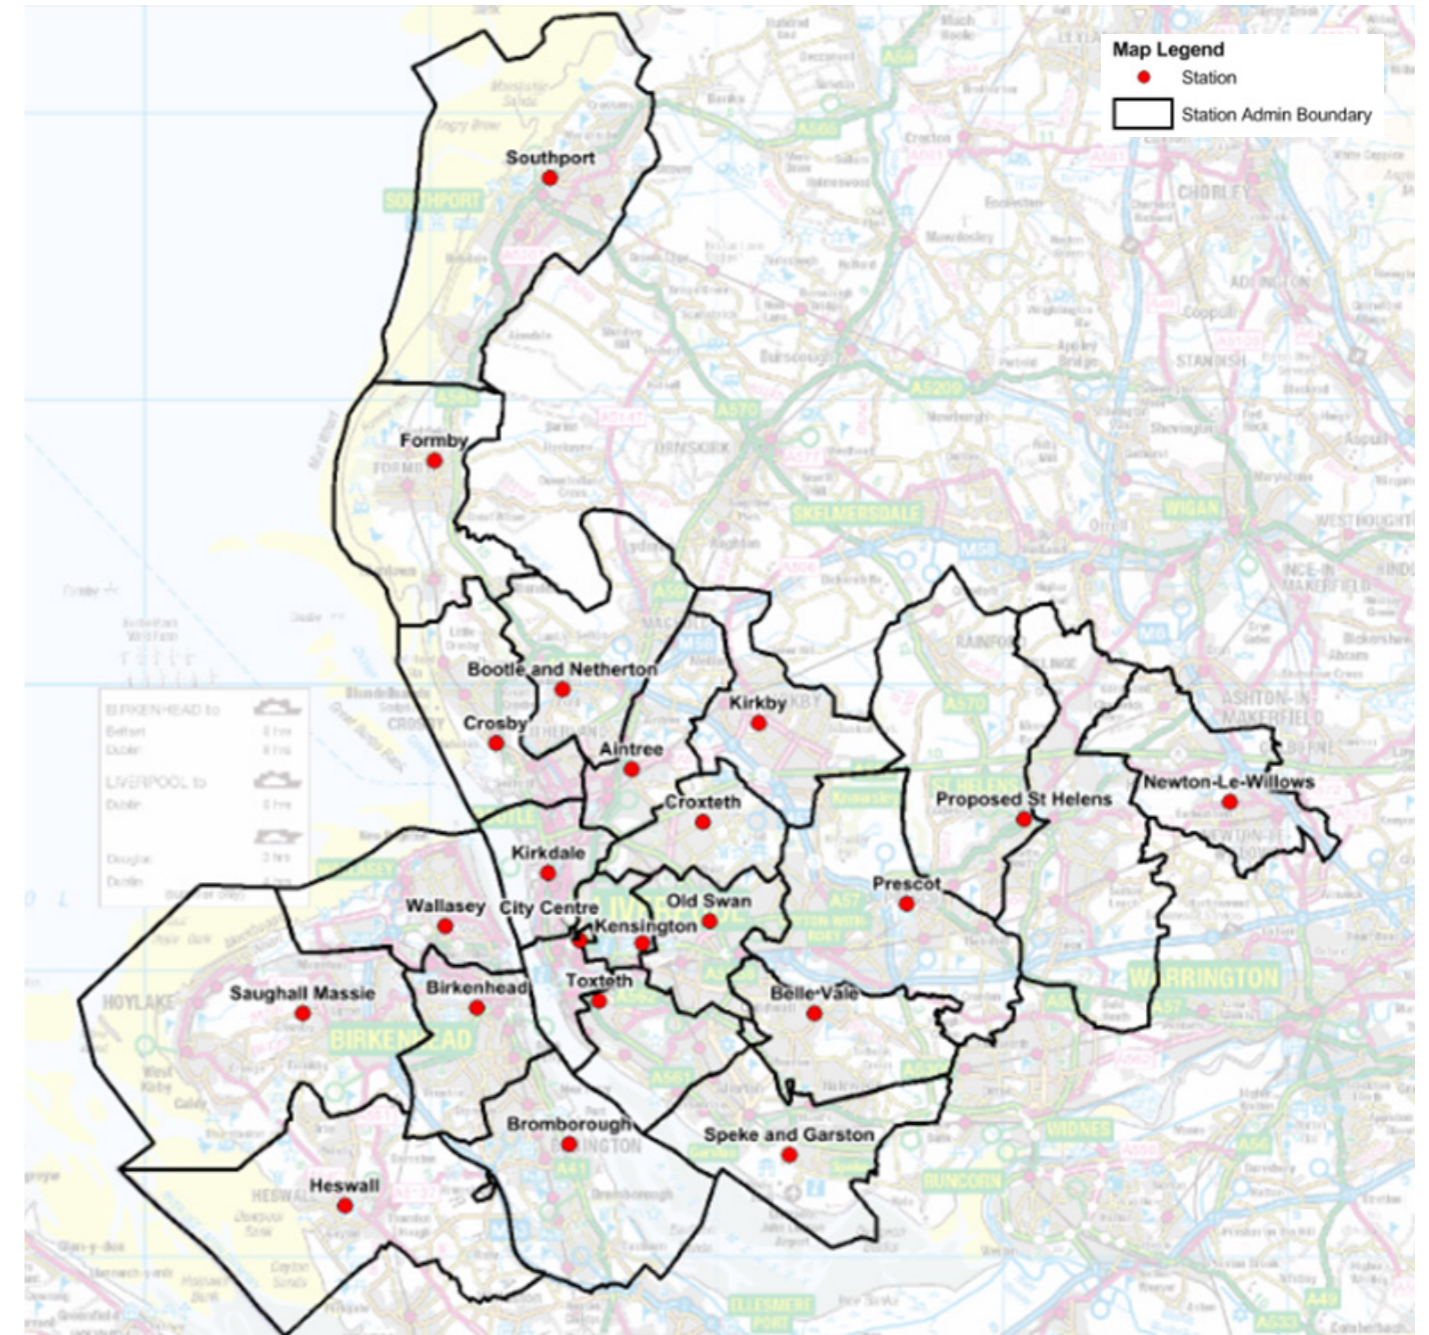

Merseyside spans 249 square miles (645 Km²) of land containing a mix of high density urban areas, suburbs, semi-rural and rural locations, but overwhelmingly the land use is urban. It has a focused central business district, formed by Liverpool City Centre, but Merseyside is also a polycentric county and each of the metropolitan districts has at least one major town centre and outlying suburbs.

- Mid 2017 estimated figures showed that Merseyside has a population total of 1,416,800. This is a 2.6% increase on 2011 census figures. The population is split 48.9% male and 51.1% female. Merseyside has a lower proportion of children (17.9%) and higher proportions of working age residents (63.4%) and older people (18.7%) than North West averages.
- Of the total population of over 65s in Merseyside 98.4% are classed as White and 1.6% Black and Minority Ethnic

Our [Profile of Merseyside Demography, Equality and Diversity](#) report outlines the communities we serve. There are some areas of affluence, for example in West Wirral and North Sefton, but large areas of Merseyside fall within the highest ratings of social deprivation. There remain large pockets of deprivation with high levels of social exclusion and crime. According to the Indices of Multiple Deprivation 2015; out of 326 Local Authorities across England, Knowsley and Liverpool both appear in the top 10 most deprived Local Authorities.

MFERS STATION LOCATIONS (INCLUDING PROPOSED)

1.5 OVERVIEW OF THE DISTRICTS OF MERSEYSIDE

Working closely with partner organisations in all the districts of Merseyside is key to us achieving improved outcomes for our communities and the strategic direction for our activities comes from centrally based departments. We are keen to retain a focus on the districts through involvement in statutory and local partnerships. It is important that we tailor our services to meet the specific needs of the local areas and the following sections outline the make-up of those areas and the resources located there.

District details below include the appliances and crewing systems at each station:

- WT – Wholetime – fire engine crewed 24 hours a day 7 days a week
- DCWTR – Day crewed wholetime retained – appliance crewed 12 hour day with crew available on a 30 minute recall at night if there are particularly high numbers of incidents or a large or protracted incident for strategic cover
- LLAR - low level activity and risk, crew are available on station for 12 hour day and available for recall within 5 minutes of the fire station at night
- WTR – Wholetime retained – crew available on 30 min recall for strategic cover during busy periods, large scale or protracted incidents.

LIVERPOOL

Population: 491,549	Fire Stations:	
Homes: 211,219	Kirkdale - WT	Old Swan - WT
Businesses: 18,718	Liverpool City - DCWTR, WT night cover	Belle Vale - LLAR
Land area: 162 sq km	Kensington - DCWTR	Croxteth - 1 WT 1 SRT
Roads: 888.7 miles	Speke & Garston - WT	Aintree - DCWTR
	Toxteth - WT	Marine Rescue Team

Specialist urban search and rescue modules for deployment throughout Merseyside, nationally and internationally plus a high volume pump and incident response unit are housed in Liverpool. There has been massive investment in Liverpool city centre over the past 10 years but it is 4th highest ranked Local Authority for deprivation in England.

WIRRAL

Population: 322,796	Fire Stations:	
Homes: 145,879	Birkenhead - WT	Saughall Massie - WT
Businesses: 8,462	Bromborough - WT	Wallasey - DCWTR, WT night cover
Land area: 220 sq km	Heswall - LLAR	
Roads: 764.6 miles		

Wirral peninsula is a borough of contrasts with affluence on the west contrasting sharply with social deprivation in the east. The elderly population is higher than the national average and Wirral's older population is expected to increase by 30% by 2030.

SEFTON

Population: 274,589	Fire Stations:	
Homes: 124,775	Bootle & Netherton - WT	
Businesses: 8,145	Crosby - DCWTR	
Land area: 216 sq km	Formby - LLAR	
Roads: 615.4 miles	Southport - WT	

Sefton is bordered by a 35 km coastline from dock estates in the south of the borough to scientifically important wildlife habitats in the sand dune and pinewoods in the north. There are stark social inequalities between the north and south of Sefton, where there are higher levels of deprivation, child poverty and worklessness. 21.3% of the population are over 65 which is higher than the Merseyside average of 18.7%.

CONTINUED...

1.5 OVERVIEW OF THE DISTRICTS OF MERSEYSIDE CONTINUED

KNOWSLEY

Population: 148,560

Homes: 65,506

Businesses: 3,353

Land area: 86 sq km

Roads: 360.8 miles

Fire Stations:

Kirkby - 1 WT

Prescot - 1 WT

Knowsley is the 2nd highest ranked area of deprivation in England. It is, however, an important location for employment in the Liverpool City Region with large industrial parks at Kirkby, Huyton and Prescot. The borough has a number of main arterial routes passing through it including the M57, M62 and East Lancashire Road.

ST HELENS

Population: 179,331

Homes: 80,875

Businesses: 4,610

Land area: 136 sq km

Roads: 459.1 miles

Fire Stations:

St Helens - 1 WT, 1 DCWTR, 1WTR

Eccleston - 1 DCWTR

Newton le Willows - 1 LLAR

Areas of St Helens fall within the top 10% of deprivation in Merseyside but there are contrasting areas of affluence in Rainford, Billinge and Rainhill.

District priorities

Through our plans we deliver activities and resources tailored to respond to local risk.

For example, prevention activity will be focussed to keep the most vulnerable in our communities as safe as possible, linking our wider community safety priorities to local needs. These centrally developed and managed priorities are refined to ensure services, and improved outcomes, are delivered at a local level.

Our priorities become objectives in our Integrated Risk Management Plan, functional and station community risk management plans.

Details of these objectives are contained in Sections 7 and 8.

We work closely with our statutory partners and with other organisations with which we share common objectives. We use data and information about each of the five districts of Merseyside to determine where our resources need to be targeted to achieve the best outcomes for our communities. We call this Knowing our Communities and it underpins our approach to planning and service delivery, particularly in relation to community risk management.

As a result, our priorities support collaboration with partner agencies in a shared commitment to make our communities safer, healthier and more resilient.

(Mid 2017 ONS population data, CIPFA dwelling and non domestic properties estimates)

2.1 THE SERVICES PROVIDED BY THE FIRE & RESCUE AUTHORITY

Approximately 1,000 staff are employed by Merseyside Fire and Rescue Authority at 23 Community Fire Stations, a Marine Rescue station, the Training and Development Academy, our headquarters and within its vehicle workshops.

For many years Merseyside Fire & Rescue Authority has provided the highest level of response to fires and other emergencies as well as offering a range of services to reduce and respond to risk in our communities. In recent years we have had to deal with significant budget cuts and this will continue in the future. The budget cuts, applied by the Government to date, have been so severe that they have presented a significant challenge to the services

we deliver. Until the outcome of the Comprehensive Spending Review results are published in December 2019 it is unclear what further cuts MFRA may face beyond 2020. This Service Delivery Plan outlines our IRMP Supplement 2019-21 proposals to meet some emerging risks with an innovative way of crewing appliances to increase front line services for the first time in many years, details can be found on page 29.

Our IRMP and Service Delivery Plan set out how we will tackle the risks to our communities. The IRMP planning process can be found at Appendix 4.

The main aspects of the services we carry out are outlined the next four pages.

OPERATIONAL PREPAREDNESS

The Operational Preparedness directorate is led by an operational Area Manager who is responsible for all operational training, planning, intelligence, and collaboration with blue light partners. The Area Manager also oversees National Resilience assets, appliances and equipment along with specialist vehicles. Within the directorate are the Search and Rescue Team, the Marine Rescue Unit and Merseyside Fire and Rescue Control (which also provides National Resilience control services).

- Operational Preparedness provide firefighters with training, information, procedures, appliances/specialist vehicles and equipment to ensure they can resolve all emergency incidents safely and effectively

OPERATIONAL PREPAREDNESS CONTINUED.

- The Operational Preparedness directorate ensures that MFRA has suitable arrangements in place to identify, plan, prepare and mobilise resources for all foreseeable emergencies that could have an impact on our community, neighbouring authorities or the national infrastructure. This internal planning approach ensures that Merseyside firefighters have the correct training, equipment and information to enable them to respond safely and effectively to these emergencies and operate effectively within a multi-agency command structure
- In line with the Policing and Crime Act 2017 commitment to closer working between the three emergency services, the Collaboration team engage with our blue light partners to improve efficiency and/or effectiveness and to enhance interoperability by working together.

OPERATIONAL RESPONSE

The Operational Response department is led by an operational Area Manager and is responsible for the operational element of the MFRA workforce. Operational Response department will:

- Maintain an excellent emergency response to meet risk across Merseyside with safety and effectiveness at its core
- Continue to strengthen operational response through improvements identified as a result of effective monitoring, audit and review of the operational response function
- Manage resources efficiently and effectively in order to continue to deliver an excellent Operational Response in the context of further reductions in available resources over the 4 year period covered by the 2015 Spending Review
- Manage fire stations effectively and efficiently, ensuring we maintain safe effective fire fighters and contribute to achieving safer stronger communities.

CONTINUED..

2.1 THE SERVICES PROVIDED BY THE FIRE & RESCUE AUTHORITY

CONTINUED

COMMUNITY RISK MANAGEMENT

The Community Risk Management (CRM) function incorporates Prevention and Protection. The activities undertaken on behalf of the directorate have been an integral part of the Service's Integrated Risk Management Plan since its introduction in 2005, reducing fires, deaths and injuries in domestic and commercial premises whilst making Merseyside safer and stronger.

The work of CRM, has expanded to cover extensive and wide ranging activities to actively target and reduce risks in the interests of protecting our communities and our firefighters. In order to manage these activities we have structured the function to align under the 3 P's:

- PEOPLE (Community Fire Prevention Department)
 - Home safety
- PLACE (Community Safety Department)
 - Community Safety Partnerships
 - Road safety
 - Water safety
- PREMISES (Community Fire Protection Department)
 - Business safety

In addition to the above, and underpinning all of the 3 P's we have our Youth Engagement Department.

OUR PEOPLE

Our aim at MFRA is to have Excellent People

- We will develop and value all our employees, respecting diversity, promoting opportunity and equality for all to ensure that we continue to recruit, train, develop and empower all our staff to deliver our services making the best use of their capabilities and professionalism.

NATIONAL RESILIENCE

The Deputy Chief Fire Officer is responsible for managing the Authority's approach to its national role of coordinating National Resilience for the fire and rescue service on behalf of the Home Office.

National Resilience is the term used to describe all the services, equipment and expertise (assets) that are available across the country to deal with unusually large or complex emergencies (eg widespread flooding). Merseyside Fire and Rescue Service coordinates these assets through the National Resilience Assurance Team (NRAT) on behalf of the government.

MFRA also has responsibility for the national mobilisation and coordination of National Resilience assets via the National Resilience Fire Control, National Resilience skills acquisition training and National Resilience Long Term Capability Management which provides support, asset refresh and contract management for the maintenance of all National Resilience fleet and equipment.

3.1 FINANCIAL CHALLENGES

2019-20

Merseyside Fire & Rescue Authority uses a set of Budget Principles to make effective and efficient decisions about how it allocates resources. The Principles are as follows:

Principle 1

To allocate resources in a way that contributes towards the achievement of MFRA's Mission, Aims and Outcomes.

Principle 2

To continue to seek to avoid compulsory redundancy (if possible, given the difficult financial circumstances).

Principle 3

To choose budget options which minimise negative impact on the delivery of front line services or on firefighter safety.

Principle 4

To consider budget approaches which ensure the right balance between local and national funding levels and considers the views of local people on the right level of council tax balanced against aspirations for service levels.

Principle 5

To allocate resources having considered the impact on our diverse communities and our employees

3.2 THE AUTHORITY'S BUDGET

Merseyside Fire & Rescue Authority Budget and Medium Term Financial Plan Resolution 2019/20 – 2023/24

1. Merseyside Fire & Rescue Authority (the Authority) suffered one of the largest cuts in Government funding of any Fire and Rescue Service in the country between 2010/11 and 2015/16. The 2015 Government Spending Review announced further significant grant cuts for the Authority from 2016/17 up to 2019/20.

2. Over the 2010/11 to 2019/20 period the Authority faces a 50%, in real terms, reduction in the grant support it receives from Government. Over the same period the Authority's total revenue budget will reduce from £73.6m to £60.3m or £13.3m which represents a 18% cash or 40% real reduction.
3. The Authority had set a financial plan in 2016/17 that would deliver the required savings needed as a result of government cuts up to 2019/20. Each year since 2016/17 the Authority reviews the approved plan and amends it for any required adjustments to reflect changes in costs, income or Service needs. These drastic cuts from the Government has forced the Authority to make and continue to make tough choices.
4. The impact of the 2015 Comprehensive Spending Review meant the Authority had to find £11m of savings from the forecast planned spend for 2016/17 to 2019/20. The Authority has planned prudently to minimise the impact on frontline services and identified significant efficiency savings of over £9m by reducing management, support services costs and other technical amendments. Despite these efficiencies unfortunately the Authority had no choice but to approve an unavoidable reduction of £1.9m from the operational front line. These plans being detailed in the 2017-20 Integrated Risk Management Plan.
5. The Authority has a new Chair and Vice Chair and a new principle officer team, thus as part of the 2019/20 budget process the Chief Fire Officer has expressed an operationally focused desire to re-invest £1m back into operational response and protection services in light of an increased risks from fire and other emergencies, particularly the services ability to respond to large and/or protracted incidents as well as the need to enhance protection functions in the light of the Grenfell Tower fire and other major incidents. The Authority will consult on the alternative proposals in its supplement to the 2017-2020 IRMP – the supplement if approved would see its current plan extended to 2021.
6. If approved following consultation the Authority, as an important and safety driven change of direction will commit £1m to increase the firefighter numbers on Merseyside by an additional 22 posts and increase appliance availability from 26 to 30. The Authority must identify savings from elsewhere in its budget to cover this investment as the Government's 2019/20 settlement has provided no additional funding for the Authority despite a comprehensive lobbying strategy by the Leader and Members' of the Authority and local MPs.
7. The Chief Fire Officer and Director of Finance have identified a strategy to release current debt servicing and pension deficit payment budgets to fund this £1m investment.

CONTINUED...

3.2 THE AUTHORITY'S BUDGET

CONTINUED

8. The Authority is concerned that the reductions in services due to Government funding cuts since 2010/11 have already gone too far. Future Government funding cuts may force the Authority to make further reductions in frontline services including a review of the proposed £1m investment. Therefore the Authority will continue to lobby the Government against the level of cuts in funding made since 2010/11 and highlight the consequences that further cuts will have on the effective delivering of a vital emergency service.
9. The Authority has undertaken a process of lobbying more extensively than any other Authority in the Country and we believe this may have avoided further and deeper cuts and our views on future funding have been heard at the highest levels of Government. The Authority has said it will not allow these unsafe levels of cuts to just roll over us, but we will use every political device we can to improve funding so as to maintain the highest levels of public and staff safety here on Merseyside.
10. In order to minimise the impact on the Fire and Rescue Service we propose a council tax increase of just under 3%.
11. The effect of the budget on the council tax will be a **Band D Council Tax of £78.84 (which equates to £1.52 per week) an increase of less than 5p per week on the 2018/19 figure.**
12. Most people in Merseyside will pay **Band A Council Tax of £52.56 or £1.01 per week towards their Fire & Rescue Service.**
13. The Authority recognises that the Fire and Rescue Service is required to resource on the basis of risk not demand. But it also appreciates that Merseyside faces more demands than most other services due to the high levels of deprivation that its communities experience.
14. The Authority agrees to reflect this financial plan in its 2019-2021 supplementary Integrated Risk Management Plan (IRMP) and will consult with the local community and stakeholders on the IRMP and the impact current and future Government cuts will have upon them.

4.1 PERFORMANCE INDICATORS

Performance indicators measure key areas of performance and allow managers to manage and react to changing situations to ensure we are achieving our objectives. Targets are set at the beginning of the year using, where possible, 5 years historical performance data and professional judgement to ensure trends are analysed and taken into account to give accurate and achievable performance targets.

We review our Performance Indicators every year to ensure that they are still relevant for the organisation. The way performance indicators are monitored and reported is divided into four strands:

- **Key Performance Indicators (KPI) – Summary Indicators – Reported to Authority**
- **Key Performance Indicators – Outcome indicators** (e.g. *Reduction in fires and other incidents*) - **Reported to Authority**
- **Tier 1 Local Performance Indicators – Outputs** (e.g. *Number of home fire safety checks*) – **some minor outcomes – Reported to Performance Management Group**
- **Tier 2 Local Performance Indicators – lower level outputs – Reported to Function and Station Management Teams**

Reporting of performance against KPIs is presented at Authority meetings using a traffic light system to update Authority members on the performance against targets set for the year. These reports focus on KPIs but also illustrate performance from related 1st and 2nd tier indicators. Further data can be requested from the Strategy and Performance Department.

For 2019/20, targets will be set for KPIs (outcome indicators) and a number of LPI's which require an outcome such as the number of Home Fire Safety Checks, Simple Operational Fire Safety Audits and Site Information Risk and Hazard (SIRAH) visits completed and achieving the targets will be managed locally on station on an annual basis.

The estimated performance for 2018/19 is detailed below (using actual data from April 2018 to December 2018). This will be replaced with the final end of year figures in June. Where there is no target the status is shown as 'Quality Assurance'. Performance Indicators have been recorded in groups for reporting to the Authority.

4.2 PERFORMANCE FOR 2018/19

	BENCHMARK KEY PERFORMANCE INDICATORS	Performance 2017/18	Target 2018/19	Performance 2018/19	Status
TO00	Total number of emergency calls received	22980	Quality Assurance	27215	
TC01	Total number of incidents attended	15862	15567	16101	
TC02	Total number of fires in Merseyside	7266	7349	7523	
TC03	Total number of primary fires attended	2475	2558	2247	
TC04	Total number of secondary fires attended	4791	4791	5276	
TC05**	Total number of special services attended	3124	2920	3270	
TC06	Total number of false alarms attended	5472	5298	5308	
TC07	Total number of non emergency interventions	80	Quality Assurance	37	
TR08*	Attendance standard – first attendance of an appliance at a life risk incidents in 10 mins	95.3%	90%	94%	
TD09	The % of available shifts lost to sickness absence, all personnel	4.11%	4%	3.41%	
TE10	Total carbon output of all MFRS buildings	87.2	85.0	88.1	
DWELLING FIRES					
DC11	Number of accidental dwelling fire	918	1005	899	
DC12	Number of deaths in accidental dwelling fires	4	8	4	
DC13	Number of injuries in accidental dwelling fires attended	89	107	82	
DC14	Number of deliberate dwelling fires in occupied properties	179	169	126	
DC15	Number of deliberate dwelling fires in unoccupied properties	36	36	24	
DC16	Number of deaths in deliberate dwelling fires	0	1	0	
DC17	Number of injuries in deliberate dwelling fires	10	16	9	

*Attendance standard is measured from the time the fire appliance is alerted to an incident to the point that it books in attendance. ** Some Special Service attended generate income such as lift rescue and effecting entry. This indicator includes a wide range of different incident types including road traffic collision, water rescue, flooding, animal rescue, assisting the police, rescues from height etc.. We are not always in a position to influence a reduction in some of these incident types and this will be reflected in our 2019/20 targets where we will class some Special Services as 'Quality Assurance' and not set a target unless we are in a position to influence reductions in incident types eg. RTC's.

	Within 10% of target
	Target achieved
	10% worse than target

KEY PERFORMANCE INDICATORS		Performance 2017/18	Target 2018/19	Performance 2018/19	Status
NON DOMESTIC PROPERTY					
NC11	Number of deliberate fires in non domestic premises	90	94	76	
NC12	Number of accidental fires in non domestic premises	202	201	192	
ANTI SOCIAL BEHAVIOUR					
AC11	Number of deliberate vehicle fires attended	639	618	510	
AC12	Number of accidental vehicle fires attended	195	192	199	
AC13	Number of deliberate anti-social behaviour fires (small)	4195	4258	4259	
AC14	Number of accidental small fires attended	596	533	1017	
AC15	Number of 'other' primary fires attended	210	243	221	
ROAD TRAFFIC COLLISIONS					
RC11	Number of road traffic collisions (RTC) attended	553	554	617	
RC12	Number of injuries in road traffic collisions attended	298	361	325	
RC13	Number of fatalities in road traffic collisions attended	10	7	12	
SPECIAL SERVICE					
SR11**	Number of calls to cardiac and respiratory related incidents from NWS - on hold	35	Quality Assurance	0	
FALSE ALARMS					
FC11	The number of false alarm calls due to automatic fire alarm equipment in Non Domestic properties	592	667	590	
FC12	The number of false alarm calls due to automatic fire alarm equipment in Domestic properties	2789	2773	2679	
STAFF WELFARE, RISKS & COMPETENCY RELATED INCIDENTS					
WD11	% of available shifts lost to sickness absence per wholetime equivalent GREY book (operational) personnel	4.32%	4%	3.61%	
WD12	% of available shifts lost to sickness absence per wholetime equivalent GREEN & RED book (non uniformed) personnel	3.47%	4%	3.13%	
WD13	Total number of operational staff injuries	40	52	45	

** SR11 attendance to cardiac and respiratory related incidents with NWS trial was ended on 18th September 2017 following a national decision by the Fire Brigades Union.

	Within 10% of target
	Target achieved
	10% worse than target

4.2 ESTIMATED PERFORMANCE FOR 2018/19 CONTINUED

Estimated performance for benchmark indicators Total incidents, Total Fires and Total Secondary Fires is within 10% of the annual performance target. However an increase in most fire incident types occurred during hot, dry weather during Summer 2018. Whilst from August onwards performance returned to normal levels, this has had a significant impact on performance over the whole year.

There were areas where the number of incidents decreased, such as deliberate anti-social behaviour small fires, deliberate fires in non domestic premises and deliberate vehicle fires. We continue to meet our Attendance Standard of the first appliance being in attendance at all life risk incidents within 10 minutes.

During 2018/19 3.41% of available shifts were lost to sickness absence among all staff. This is a further reduction in sickness absence.

COMMENTS ON KEY PERFORMANCE INDICATORS THAT HAVE ACHIEVED THEIR TARGET

TR08 Attendance Standard – first attendance of an appliance at a life risk incident in 10 minutes

Fire crews continued to achieve the Attendance Standard for response to life risk incidents within 10 minutes on 94% of occasions, the target is 90%.

NC11 Number of deliberate fires in non domestic premises

Deliberate fires in non domestic premises decreased in 2018/19 (76 compared to 90 in 2017/18). However a large proportion of this type of fire (43) occur in prisons and these increased when compared to 2017/18 (39).

AC11 Number of deliberate vehicle fire attended

The number of deliberate vehicle fires attended fell from 639 in 2017/18 to 510 in 2018/19. This is a considerable reduction and reflects the joint working between MFRS and Merseyside Police. Operation Brookdale was aimed at reducing anti-social behaviour around the use of scrambler/off road motorcycles, the success of this operation has consequently reduced the number of fires involving motorcycles which were proportionately quite high for this indicator.

COMMENTS ON BENCHMARK INDICATORS WHERE THE TARGET HAS NOT BEEN ACHIEVED

T000 Total number of emergency calls received.

There were 27,215 emergency calls received by Fire Control, this was 4235 more calls than in 2017/18. There were 239 more incidents attended than in 2017/18 this is due to sustained hot weather during the summer. There were 6076 emergency calls received in July which was the highest number since July 2006 when 9971 calls were received.

TC05 Total number of special services attended

The types of special service call attended most frequently include flooding, rescue from lifts, water rescue, affecting entry and removal of objects. Assisting Merseyside Police in gaining entry and searching for missing people were included in this indicator in 2017/18. There are incident types such as some lift rescues and gaining entry to property which are chargeable and bring income into MFRA, approximately £15,000 in 2018/19. MFRS is not in a position to influence a reduction in many types of special service call (road traffic collisions and water rescue being exceptions) so there will be no target for other types of special service calls in 2019/20.

4.3 KEY PERFORMANCE INDICATORS FOR 2019/20

KPI REF	NARRATIVE	TARGET 2019/20
SUMMARY / BENCHMARK KEY PERFORMANCE INDICATORS		
T000	Total number of emergency calls received	Quality Assurance
TC01	Total number of incidents attended	15921
TC02	Total number of fires in Merseyside	7304
TC03	Total number of primary fires attended	2407
TC04	Total number of secondary fires attended	4897
TC05	Total special service calls attended	Quality Assurance
TC06	Total number of false alarms attended	5521
TR08	Attendance standard – first attendance of an appliance at a life risk incidents in 10 mins	90%
TD09	The % of available shifts lost to sickness absence, all personnel	4%
TE10	Total carbon output of all MFRS buildings	86.6
DWELLING FIRES		
DC11	Number of accidental dwelling fire	960
DC12	Number of deaths in accidental dwelling fires	8
DC13	Number of injuries in accidental dwelling fires attended	98
DC14	Number of deliberate dwelling fires in occupied properties	150
DC15	Number of deliberate dwelling fires in unoccupied properties	33
DC16	Number of deaths in deliberate dwelling fires	1
DC17	Number of injuries in deliberate dwelling fires	15
NON DOMESTIC PROPERTY FIRES		
NC11	Number of deliberate fires in non-domestic premises	86
NC12	Number of accidental fires in non-domestic premises	195

KPI REF	NARRATIVE	TARGET 2019/20
ANTI SOCIAL BEHAVIOUR		
AC11	Number of deliberate vehicle fires in Merseyside	569
AC12	Number of accidental vehicle fires attended	197
AC13	Number of deliberate anti-social behaviour small fires in Merseyside	4157
AC14	Number of accidental small fires attended	740
AC15	Number of 'other' primary fires attended	217
ROAD TRAFFIC COLLISIONS		
RC11	Total number of road traffic collisions (RTC) attended	568
RC12	Number of injuries in RTCs attended	352
RC13	Number of fatalities in RTCs attended	7
FALSE ALARMS		
FC11	The number of false alarm calls attended due to automatic fire alarm equipment in Non Domestic property	661
FC12	The number of false alarm calls attended due to automatic fire alarm equipment in Domestic properties	2812
FC13	The number of false alarm calls attended, discounting false alarm good intent.	Quality Assurance
STAFF WELFARE, RISKS AND COMPETENCY		
WD11	% of available shifts lost to sickness absence per wholetime equivalent GREY book (operational) personnel	4%
WD12	% of available shifts lost to sickness absence per wholetime equivalent GREEN and RED book (non uniformed) personnel	4%
WD13	Total number of operational staff injuries – on duty	50

5.1 IRMP 2017-20 & IRMP SUPPLEMENT 2019-21

Our Integrated Risk Management Plan sets out how we will balance the risks and needs of our communities against our duties as a Fire and Rescue Authority and the resources we have available. We published a three year IRMP in 2017 [link] but a number of significant incidents have given MFRA, in addition to a broader responsibility for National Resilience, cause to reflect on the role of the Fire and Rescue Service. These reflections have resulted in proposals to amend our previous plan with particular regard to the areas of Response and Protection (legislative fire safety).

It is on this basis that we are presenting a supplement to the previous IRMP 2017 – 2020 Plan, as we believe that the environment in which we are now operating has changed and it is different from the one we considered in 2016/17 when we first drew up the 2017 – 2020 IRMP. A two year IRMP Supplement 2019-21 will go out to consultation during Spring 2019 to take these proposals to the public, staff and stakeholders.

Our IRMP 2019/21 objectives are summarised below and on the following pages:

OPERATIONAL RESPONSE

1. During the day (0830-2030) we will continue to have 24 appliances immediately available to be deployed to incidents and 2 appliances that can be mobilised within 30 minutes.
2. Overnight (2030-0830) this number will reduce to 18 immediately available fire engines with a further 8 available on a maximum 30 minute delay.
3. These additional fire engines will be available through the use of a secondary wholetime retained contracts for firefighters. (Retirement of 80-100 firefighters during 2017-20). *The secondary contract aspect of this action has been completed.*
4. Undertake recruitment between 2017-20 to ensure numbers and competence is maintained (making sure we have enough firefighters for the future). *To be extended to 2021.*
5. We will change some shift patterns from wholetime to days only wholetime crewing (retained cover provided at night).

CONTINUED...

5.1 IRMP 2017-20 & IRMP SUPPLEMENT 2019-21 CONTINUED

ALTERNATIVE 2019-21 IRMP SUPPLEMENT PROPOSAL

It is proposed that 1, 2 and 3 above are replaced with the following proposals to improve resilience, to effectively address new and emerging risk/learning arising from significant local and national events during this current IRMP period. In adopting the following changes MFRS believes it will be able to address demand and risk more effectively, providing a better service to Merseyside communities than would have been provided by the original proposals.

- We propose to improve our emergency response and resilience by having up to 30 fire appliances available during the day and night (a combination of Wholtime and Retained). This is an increase on the 26 proposed in our original 2017-20 IRMP.
- We propose to achieve this increase in the number of fire engines from:
 - 26 (18 fire engines immediately available 24/7; 6 day crewed fire engines (immediately available during the day and on 30 minute recall at night); and 2 fully wholtime retained fire engines which are available on a 30 minute recall 24/7)
 - to 30 by providing 20 appliances immediately available; 6 day crewed fire engines (immediately available during the day and on 30 minute recall at night); 3 fully wholtime retained fire engines which are available on a 30 minute recall 24/7 and 1 Search & Rescue fire appliance.
- In practical terms this will mean that during the day we will have 27 (including Search & Rescue appliance) immediately available fire appliances with a further 3 available within 30 minutes (for resilience purposes).

And

- 21 immediately available fire appliances (inc Search and Rescue appliance) during the night with a further 9 available within 30 minutes (for resilience purposes).
- To achieve this we intend to increase the number of firefighters employed by Merseyside Fire & Rescue Authority from 620 to 642.
- To achieve this we intend to recruit up to 60 new firefighters each year during the life of this plan to maintain the 642 figure.
- This proposal also includes a commitment to maintain fire engines with five firefighters at Key locations (including those where five firefighters are required to operate our National Resilience assets) with other locations operating with four firefighters per fire engine.
- We will also review the location of our specialist appliances to determine what is the most suitable location based on the risk and demand in the area, the appropriateness of the duty system and the capacity of a fire station to house the additional asset.

CONTINUED..

5.1 IRMP 2017-20 & IRMP SUPPLEMENT 2019-21 CONTINUED

An operational crew of four provides for a nationally recognised safe system of work for the UK fire and rescue service, however we intend to maintain a crew of five at around half our fire stations so that we can respond as efficiently and effectively as possible to life risk incidents.

These arrangements will ensure that we are always able to send at least nine firefighters to life risk incidents either by mobilising one fire engine with five firefighters and a second with five or four, or three fire engines with four firefighters on each.

- We propose to increase the number of available fire engines by the introduction of a 'Hybrid' duty system at three locations; Liverpool City, Wallasey and St Helens, this system combines elements of Days, Nights and Retained duties whilst also maintaining immediate cover with at least one 24/7 fire engine.
- Adopting such a model would allow us to provide day, night and retained cover and provide three fire engines at each of the locations above (an increase on what was planned in the 2017-20 IRMP).
- The Hybrid would deliver immediate and continuous night-time cover at both Liverpool City and Wallasey fire stations.

The Hybrid model duty system will provide the following from each location:

- Two fire engines immediately available during the day between 0830hrs - 2030hrs and a third fire engine providing retained cover on a 30min recall to help deal with particular busy periods, large scale or protracted incidents.
- One fire engine immediately available during the night between 2030hrs - 0830hrs and two fire engines providing retained cover on a 30min recall to help deal with particular busy periods, large scale or protracted incidents.

The graphic below describes the proposed change:

* DCWTR - day crewing wholtime retained

In practice, staff will work across all three appliances on a Hybrid duty system undertaking day shifts, night shifts and an equal amount of retained shifts.

This equates to approximately 10 day shifts, 5 night shifts and 15 retained shifts per month and where a retained shift either follows a day shift or precedes a night shift, for example:

- 12 hour day shift (0830-2030hrs) followed by a 12 hour retained shift (2030-0830hrs)
- 12 hour retained shift during the day (0830-2030hrs) followed by a night shift (2030-0830hrs)

These stations would enhance our response capabilities to terrorist threat, marine and environmental (flood) risk.

The replacement of the original proposals 1-3 with the implementation of three Hybrid stations will increase MFRS appliance numbers from the current 26 to 30.

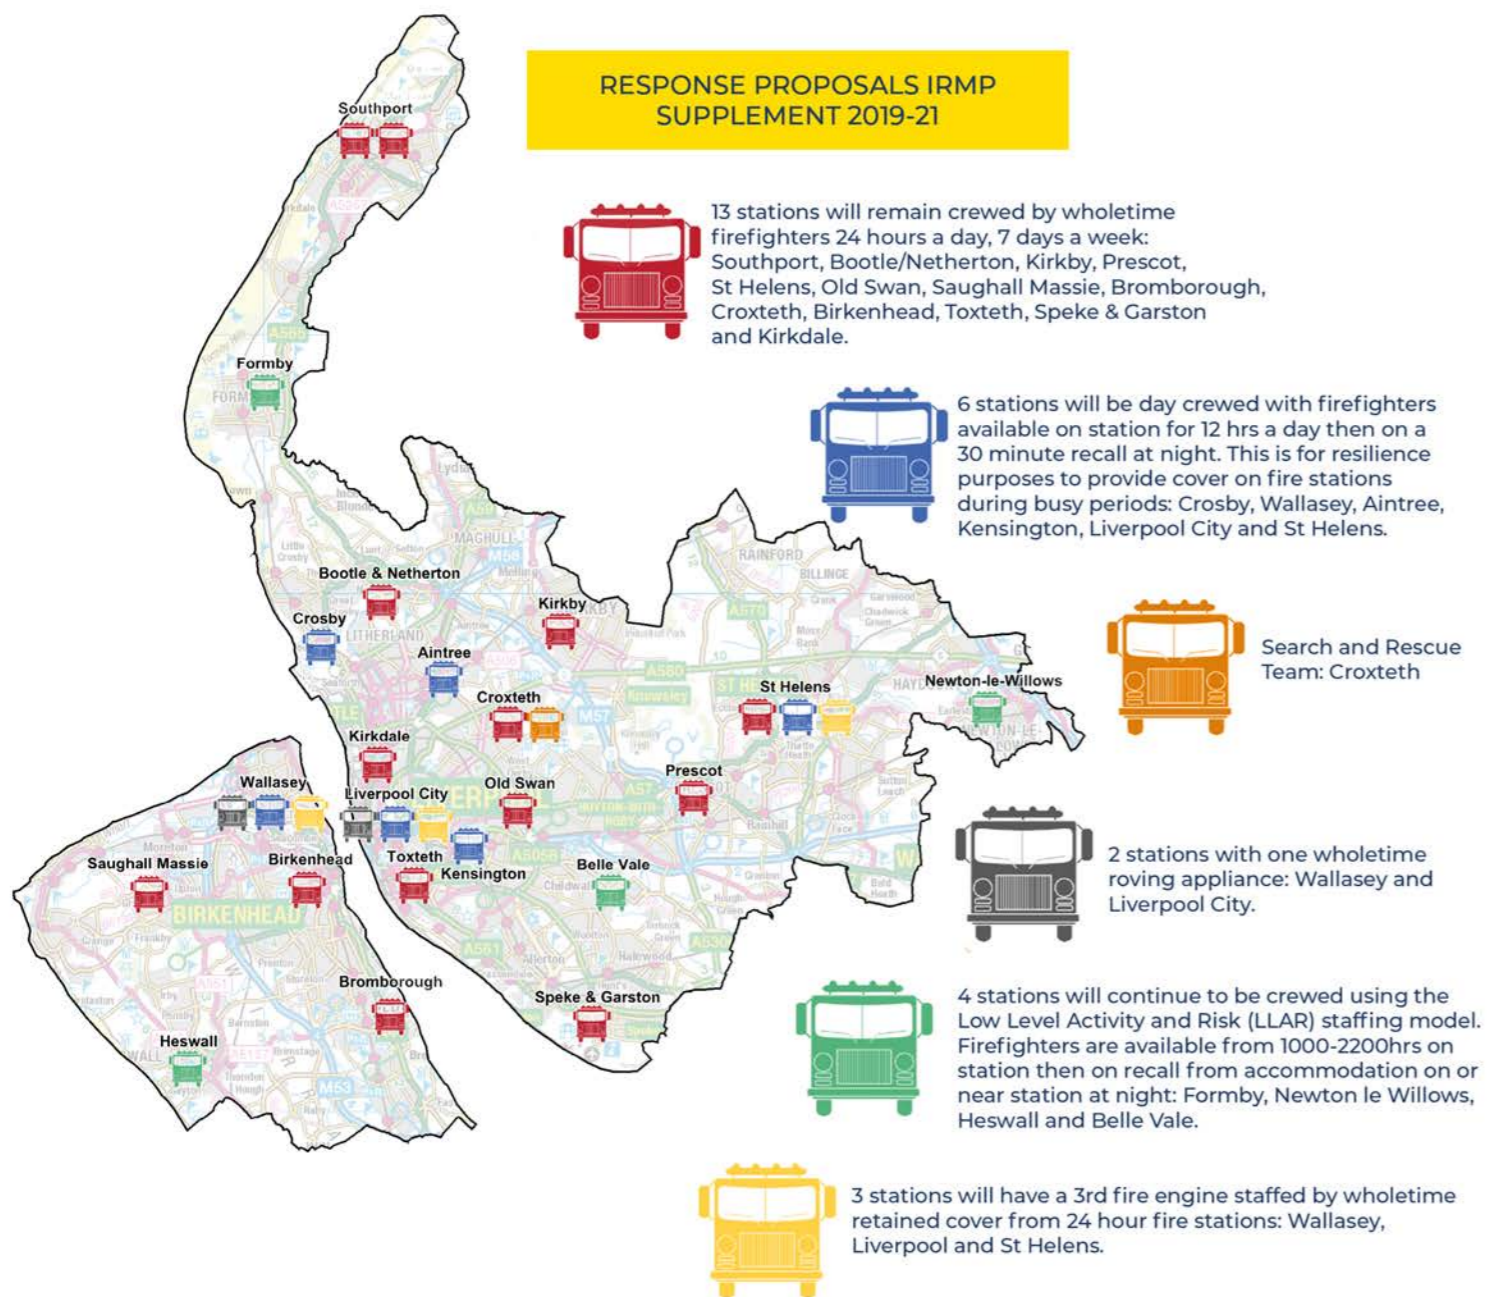

This proposal is based on the analysis of risk, demand, vulnerability and performance (further details are available in the IRMP Supplement 2019-21).

CONTINUED...

5.1 IRMP 2017-20 & IRMP SUPPLEMENT 2019-21 CONTINUED

To achieve this the Authority will be required to utilise some of its financial reserves to pay off debt. This commitment will free up revenue budget that can be invested the front line and other priority areas.

The graphic below shows the number and type of fire engines that would be available if the new proposals are adopted:

6. Completion of station mergers (closing 2 stations and building one new station in a central location) at 3 locations – St Helens, Prescot and Saughall Massie – Prescot is now complete and open, Saughall Massie is being built (it is due to open in 2019). *In October 2018 the Fire Authority agreed to seek planning permission for a new station in St Helens (on land off Milverney Way/Watson Street).*

NEW 2019-21 IRMP SUPPLEMENT PROPOSAL

We will continue to explore opportunities to improve the efficiency and effectiveness of the Service, including whether the current locations of our fire stations and other buildings allow us to provide the best services and whether there is any scope for further station mergers.

7. We propose that when the Emergency Medical Response (EMR) trial is complete, MFRA will introduce EMR to all fire crews across Merseyside during the lifespan of the IRMP 2017-20 – *this will remain in the IRMP and be reviewed when the outcomes of national negotiations are known.*

OPERATIONAL PREPAREDNESS

8. We intend to add to the resilience of the Marauding Terrorist Firearms Attack (MTFA) capability by training and equipping proposed wholetime day duty shift stations to perform this function in addition to the Search and Rescue Team.

9. We intend to supplement the resilience of the Urban Search and Rescue (USAR) team capability by training all new recruits into MFRA to USAR technician level and create opportunities for staff to work in the USAR team.

10. We will also train all new recruits to Swift Water Rescue Technician in order to increase the number of Type B and C water rescue teams the Service can deploy.

11. We are committed to maintaining robust assurance arrangements for the National Resilience capabilities located across the English FRS on behalf of the Home Office.

12. We will work with the Home Office to fully embed the principle of devolution of responsibility for National Resilience capabilities to the sector through the Lead Authority arrangement.

13. As part of the collaboration programme with Merseyside Police, we are planning to include the Police MATRIX team in similar joint training plans to enhance response capability at major incidents.

CONTINUED...

5.1 IRMP 2017-20 & IRMP SUPPLEMENT 2019-21 CONTINUED

14. We may change how training is delivered in the longer term. We propose working with partner organisations to explore opportunities for efficiencies, driving further collaboration and improving effectiveness.

NEW 2019-21 IRMP SUPPLEMENT PROPOSAL

We will explore the feasibility of introducing a drone capability which would be provided on a retained basis by crews operating from a hybrid station.

NEW 2019-21 IRMP SUPPLEMENT PROPOSAL

We will explore the use of technology to support the mobilisation of resources to all operational incidents types, using mobile phone capabilities (data/technology) to better inform the mobilisation and dispatch of fire engines and specialist vehicles – e.g. 999Eye (as used by West Midlands FRS).

NEW 2019-21 IRMP SUPPLEMENT PROPOSAL

In light of findings from the 2018 fire and rescue service inspection process we intend to consider how best to enhance the information we hold about risks in neighbouring fire and rescue services to assist us when we respond to over the border incidents.

NEW 2019-21 IRMP SUPPLEMENT PROPOSAL

In light of findings from the 2018 fire and rescue service inspection process we intend to consider how best to enhance cross border training with neighbouring fire and rescue services to assist us when we respond to over the border incidents.

COMMUNITY RISK MANAGEMENT

15. We are in discussion with local Clinical Commissioning Groups and Public Health professional in relation to the introduction of Safe and Well visits across Merseyside.

16. Alongside Merseyside Police and our Local Authorities we are exploring the concept of fully integrated early help services, creating shared service Community Safety/Early Help Hubs, which it is envisaged will better co-ordinate resources.

17. With partners we are committed to the building of digitally inclusive community where everyone has access to affordable broadband and devices, has the right skills and confidence to use the internet and the ability to use technology to improve their quality of life and get out of poverty. We propose to deliver a multi-disciplinary monitoring system, through smart smoke alarms linked to Fire Control to enable vulnerable residents to stay safe.

18. We aim to develop a volunteer cohort to support engagement events, work with other community stakeholders to identify vulnerable people and to support the service directly in the delivery of community reassurance and CFOA themed campaigns.

18a. MFRA would like to explore opportunities for funding and sponsorship from the private sector to support its Youth Engagement programmes.

19. Towards 2020 we will ensure targeting the right level of Protection expertise to the level of risk by using a wide range of data and intelligence sources.

NEW 2019-21 IRMP SUPPLEMENT PROPOSAL

We will increase the number of staff in our Protection team to carry out legislative fire safety work.

We also plan to introduce a non-uniformed role of Fire Engineer to provide technical expertise that will assist us with providing expert advice to building owners and developers.

This new proposal reflects our additional commitment to Protection and helps to address concerns highlighted by Her Majesty's Inspectorate of Constabulary and Fire and Rescue Services in their initial report on fire and rescue service inspection. This will help us improve the way in which we work closely with building owners and occupiers to improve compliance with legislation and take action to deal with non-compliance.

We believe that Protection is key to keeping people safe in public and commercial buildings and we propose to increase the number of staff carrying out Protection work by creating five new uniformed manager roles to help improve the capacity of the Protection team.

CONTINUED...

5.1 IRMP 2017-20 & IRMP SUPPLEMENT 2019-21 CONTINUED

20. We propose that Business Safety Advisors will complement the work of Protection by further supporting our risk based strategy, developing initiatives and campaigns to target specific business premises across Merseyside.
21. Introduction of the Protection Response Team will ensure operational crews are fully prepared to respond safely and effectively to fires with an enhanced knowledge of the built environment. We propose further involvement in planning activities, exercise support and debriefing MFRA and multi-agency exercises. The team will support the management of risk through undertaking 'peak performance' inspections with partners.
22. MFRA will develop a Merseyside Better Business for All approach by April 2018 working with local stakeholders. By working together to remove real and perceived barriers to growth by understanding each other's perspective, we can develop our approach, tackle obstructions and find solutions to move forward.

FINANCE

Original 2017-20 IRMP Proposal

23. *Financial proposals:*
 - Prepare a multi-year financial plan
 - Set council tax increase in line with the financial plan
 - Assume 2% pay increase for our staff for 2019/20 and each year thereafter
 - Look to re-invest £1m in frontline services and increase the number of firefighters from 620 to 642.
 - Fund the £1m investment from anticipated savings on future debt payments and pension deficit payments.
 - Deliver the saving plan approved in the 2018/19 financial plan.

Our five year Medium Term Financial Plan rolls forwards every year and it is updated to deal with any changes. Further details can be found in Section 3.2.

6.1 EQUALITY, DIVERSITY & INCLUSION

MFRA recognises the importance of considering and promoting equality in everything that we do. We are committed to delivering services and employing staff in accordance with the Equality Act 2010. Not just because it is the law but because we believe it is the right thing to do.

In line with the responsibilities placed on the Authority by the Equality Act, we have established a number of equality objectives that are both inward looking (staff related) and outward looking (community and service delivery related).

Our Equality and Diversity objectives are an important part of our IRMP and demonstrate how we show due regard to the need to eliminating unlawful discrimination, harassment and victimisation, advance equality of opportunity and foster good relations between people who share protected characteristics and those who don't.

We have considered the community demographic profile of Merseyside whilst preparing our IRMP and station plans, considering the levels of deprivation, age, gender, ethnicity and religion as well as other demographics and protected characteristics where data has been available. This is then combined with the incidents that have occurred over the last three

years. We use this information to target our community risk management resources at the areas of greatest risk.

As part of the IRMP process, consideration has been given to the impact of service level changes to the community, specifically the protected characteristics set out in the Equality Act 2010 which MFRA is required to take into account under its Public Sector Equality Duty. This is dealt with through the Equality Impact Assessment process which includes reviewing Census data, demographic data, fire and rescue statistics and community consultation feedback.

Regular updates on progress against our objectives are submitted to the Fire and Rescue Authority. The next few years will have a strong focus on the training and support for our staff to equip them to understand Equality, Diversity and Inclusion and embed it into their day to day roles.

For these updates and more information on how we perform against the Public Sector Equality Duty and the innovative ways in which we engage with our diverse communities please read our [Equality, Diversity and Inclusion Annual Report 2017-18](#)

2 Equality Impact Assessments: Our Equality Impact Assessment (EIA) are a way of finding out if our services and employment opportunities are accessible for our communities and employees. They help us ensure that our policies/initiatives and services do not discriminate in any way. An EIA will help us to understand how our policies/initiatives or services could discriminate against members of the community on grounds of race, disability, gender, age, sexual orientation, religion or belief. It allows us to look forward to see that customers and employees can access our services, instead of reacting to any complaints or concerns about service delivery. The IRMP document sets out the key changes to the Fire and Rescue Service for Merseyside and EIAs have been carried out on those key changes.

6.2 EQUALITY OBJECTIVES 2017/20

Equality Objective 1

Create a strong cohesive organisation that is positive to rising to the future challenges we face.

<p>Action</p>	<ul style="list-style-type: none"> Increasing the diversity of our workforce and volunteers to increase the number of people from underrepresented groups Delivering Positive Action programmes across all occupations where underrepresentation exists, and learning from and sharing results Working with local diverse communities to build better relationships with people and organisations that can promote MFRA as an employer of choice to those groups underrepresented in our workforce Continuing to monitor the workforce and encourage more disclosure of diversity information by staff, including disability, sexual orientation, religion and belief Reviewing progression and promotion across all levels of the organisation
----------------------	--

<p>How we will measure our success</p>	<p>Increased diversity of our workforce and volunteers, at all levels, in order to reflect the local community we serve. Increased applications for vacancies, at all levels, by people from the protected groups currently under represented.</p>
---	--

How this impacts on Equality and Diversity: protected characteristics – Age, Gender, Ethnicity, Religion/Belief/LGBT and Disability:
We'd like our workforce to better represent the makeup of our communities and will work to encourage applications from under-represented groups when we carry out any internal or external recruitment

CONTINUED...

6.2 EQUALITY OBJECTIVES

2017/20 CONTINUED

Equality Objective 2 Ensure that people from diverse communities receive equitable services that meet their needs.	
Action	<ul style="list-style-type: none"> Carry out activities to help us know and understand our diverse communities including: <ul style="list-style-type: none"> Gathering and data and intelligence to help us know and understand our diverse communities better Engaging with diverse communities to understand their needs in relation to the services we provide Using knowledge and data, to target services to the diverse communities at most risk Improving Equality Monitoring of the services we deliver to our communities (e.g HFSC Monitoring) and take account of satisfaction levels with our services provided through ongoing community engagement and consultation Carrying out Equality Impact Assessments on services and policies that affect the diverse communities we serve
How we will measure our success	We will have meaningful data that helps staff develop effective activities, campaigns and events that result in better engagement with diverse communities across Merseyside (including diverse businesses)
How this impacts on Equality and Diversity: protected characteristics – Age, Gender, Ethnicity, Religion/Belief/LGBT and Disability: This work will strengthen our services to meet the needs of a wide range of diverse communities. By understanding people’s needs and carrying out engagement we can ensure that those groups are fully supported by the Fire & Rescue Service to help reduce risk.	

Equality Objective 3 Reducing fires and other incidents amongst the vulnerable protected groups	
Action	<ul style="list-style-type: none"> Continuing to prioritise Home Fire Safety Checks to high risk people and places Continuing to engage with young people in vulnerable areas Increasing the Equality Monitoring and reporting of Home Fire Safety Checks, hate crime and safeguarding Analysing our performance each year using the Performance Indicators (PIs) that relate to fire deaths, injuries and accidental dwelling fires. We will introduce measures as necessary to contribute to the reduction in these incidents
How we will measure our success	We will contribute to a reduction in fires, deaths and injuries and other relevant incidents.
How this impacts on Equality and Diversity: protected characteristics – Age, Gender, Ethnicity, Religion/Belief/LGBT and Disability: By better understanding the impacts for diverse community groups in terms of fires and other incidents we can measure whether there are any disproportionate outcomes for the protected groups of : Age, Gender, Ethnicity, Religion, LGBT and Disability	

CONTINUED...

6.2 EQUALITY OBJECTIVES

2017/20 CONTINUED

Equality Objective 4

To ensure that staff are better equipped to deliver their roles whilst showing due regard to the need to: “eliminate unlawful discrimination, harassment, victimisation and other conduct prohibited by the Equality Act, advance equality of opportunity and foster good relations between people who share a protected characteristic and those who don’t.”

Action	<ul style="list-style-type: none"> • Development of equality and diversity training including: e-learning, equality and diversity related workshops, inductions for new staff • Embedding Equality and Diversity in our volunteering programmes and youth engagement. • Helping Authority Members understand their role in scrutinising the organisation’s delivery of equality and diversity outcomes • Carrying out Equality Impact Assessments • Creating a diverse supplier base for goods and services in our procurement procedures • Supporting staff groups and forums to help us understand our diverse groups of staff and their contribution to the organisation • Using staff survey results understand levels of engagement in relation to the protected groups
---------------	---

How we will measure our success	<ul style="list-style-type: none"> • Staff will feel better equipped to manage their functions and delivery of services to all communities in a confident way. This could be measured through the Staff Survey engagement and the outcomes delivered to different groups and community feedback from after the incident reports. Monitoring the number of training sessions completed around Equality and Diversity • Improvement in levels of engagement amongst staff from the protected groups
--	---

How this impacts on Equality and Diversity: protected characteristics – Age, Gender, Ethnicity, Religion/Belief/LGBT and Disability:
 This helps the organisation to meet its Public Sector Equality Duty to have due regards to understand and meet the needs of different protected groups and foster good relations between groups

Equality Objective 5

To continue to aspire to achieving excellence, or equivalent, in a Fire & Rescue Service Equality Framework

Action	<ul style="list-style-type: none"> • Prepare an Equality and Diversity self-assessment • Undertake a Peer Assessment, if available
How we will measure our success	By maintaining excellence in a Fire and Rescue related Equality and Diversity Framework if available

How this impacts on Equality and Diversity: protected characteristics – Age, Gender, Ethnicity, Religion/Belief/LGBT and Disability:
 Taking part in an assessment helps us to integrate our commitments to promote equality and diversity across all functions of the organisation. This assists with meeting the Equality Act 2010 – Public Sector Equality Duty to ensure that we are having due regard to the needs of staff and public we serve in relation to the 9 protected groups.

7.1 FUNCTIONAL PLANS 2019/20

Functional Plans are departmentally focused or thematic. Although mainly an internal planning tool, key actions from these plans are included in the Service Delivery Plan. Each of the Function leads are asked to write an annual Functional Delivery Plan. In the Plan they introduce the Function and its role within MFRS, review progress against their Key Deliverables for the previous year and identify their priority actions for the next year. IRMP proposals are addressed as action points in the Functional Plans, where relevant.

Function heads also identify what their Function will require in terms of engagement and consultation, corporate communications, ICT and training to ensure key deliverables are achieved.

Each Functional Plan has an Equality Impact Assessment (EIA) completed. This EIA describes if, and how, the Functional Plan will impact on staff and members of the public, both negatively and positively, taking into account the ten protected characteristics (age, sex, race, disability, religion and belief, gender reassignment, marriage and civil partnership, pregnancy and maternity, sexual orientation and, specific to MFRS, socio-economic disadvantage).

Each Function head reports regularly on their Functional Plan in our Planning, Intelligence and Performance System. These updates are collated into a report to the Fire and Rescue Authority (or one of its committees) on a four monthly basis which is published on our website.

Relevant actions are also incorporated into the individual Station Plans and used to identify priorities for all stations and those unique to a specific station area.

This year Equality, Diversity and Inclusion actions have been incorporated into Functional Plans.

General Priorities

Within this Service Delivery Plan Merseyside Fire and Rescue Authority will aim to deliver safe and effective services across Merseyside; delivering services of the highest quality and at an affordable cost, offering the very best value for the communities we serve. The services delivered will reflect our core values and the risks within our communities and include particular activity drawn from our Integrated Risk Management Plan (IRMP) and collaboration with partner agencies to deliver affordable and effective interventions during challenging times, in prevention, planning for emerging risks and responding to incidents.

The Policing and Crime Act 2017 placed a new statutory duty on the Police, Ambulance and Fire and Rescue services to keep collaboration opportunities that would be in the interests of efficiency, effectiveness or public safety, under review. A Collaboration Team has been established to provide support this programme and investigate future opportunities for joint working.

Following approval of the Service Delivery Plan in March 2019, the Service received its Inspection report from Her Majesty's Inspectorate of Fire and Rescue Services (HMICFRS) and the Authority also approved a supplement to its Integrated Risk Management Plan to extend it to 2021.

Following a review of actions required as a result of the inspection, it was found that many were already included in this Plan and they have now been highlighted to make it clear that they are expected to contribute to MFRS improvement in the areas identified by the Inspectorate. A small number of new actions have also been added, or existing actions amended.

Similarly, amendments to this Plan have been made to highlight when actions will contribute to the delivery of objectives contained within the IRMP.

7.2 SERVICE DELIVERY PLAN

ACTION POINTS

As explained in the previous section, we have priorities that are really important to us as we strive to reduce risk. Some fit within the criteria of the Integrated Risk Management Plan and others sit outside it and the key deliverables below deal with all areas of activity that are priorities for the Authority. These have been developed as part of our Functional Plans:-

OPERATIONAL PREPAREDNESS	
Training	
FP/19/20/1.1 <i>IRMP</i>	Complete feasibility study and detailed costing exercise for the proposed redevelopment of the Training and Development Academy (jointly with North West Ambulance Service and Police) and provide MFRA with a fully costed options appraisal.
Collaboration and Interoperability	
FP/19/20/1.3 <i>IRMP</i>	Ensure collaborative opportunities with Merseyside Police and North West Ambulance Service are fully explored and kept under review in line with the Policing & Crime Act 2017.
Operational Planning and Intelligence	
FP/19/20/1.4 <i>IRMP</i>	Continue to review operational risk information, including the conversion of MFRS Site Specific Risk Information (SSRI) into the development and implementation of Site Information Risk and Hazards (SIRAH) including how we can share Cross Border risk information with neighbouring FRS.
FP/19/20/1.5 <i>IRMP</i> <i>HMI</i>	Continue to review operational risk information, including the conversion of MFRS Site Specific Risk Information into the development and implementation of Site Information Risk and Hazards, including how we can share Cross Border risk information and enhance training with neighbouring FRS.
FP/19/20/1.6 <i>HMI</i>	Fulfil legislative responsibilities to identify foreseeable risk to ensure the health safety and welfare of employees and the communities we serve by producing risk management plans, emergency response plans and consider National Operational Guidance.
Operational Resources and Transport	
FP/19/20/1.7 <i>IRMP</i> <i>HMI</i>	Progress and implement the most effective and efficient means in providing specialist vehicles and equipment in support of front line operational response including feasibility of drone capacity and use of technology to support mobilisation of resources.

OPERATIONAL PREPAREDNESS: EQUALITY, DIVERSITY & INCLUSION OBJECTIVES	
ED/19/20/4.6 <i>IRMP</i>	To review the Training and Development Academy facilities and Croxteth fire station site, in line with the core training delivery model, to ensure Equality and Diversity are considered from an access point of view and inclusion in relation to specific firefighter facilities.

OPERATIONAL RESPONSE	
FP/19/20/2.1 <i>IRMP</i> <i>HMI</i>	Ensure that we maintain the Health, Safety and Welfare of all Merseyside Fire & Rescue Service staff and continue to strengthen operational response through improvements identified as a result of effective monitoring audit and review of the operational response function.
FP/19/20/2.2 <i>IRMP</i> <i>HMI</i>	Manage our resources efficiently and effectively in order to continue to deliver an excellent Operational Response in the context of planned change over the period covered by the IRMP 2017-20 and the IRMP Supplement 2019/21.
FP/19/20/2.3 <i>IRMP</i> <i>HMI</i>	Develop our people within Operational Response via continued and improved engagement to deliver a professional service which has a positive impact on our communities and workplace.
FP/19/20/2.4 <i>IRMP</i> <i>HMI</i>	Operational Response will continue to monitor and assess Firefighter, Crew Manager and Watch Manager competency during scheduled Station Manager, Group Manager and Area Manager Audits. This will further complement formal assessments delivered and monitored through the Training and Development Academy.

OPERATIONAL RESPONSE: EQUALITY, DIVERSITY & INCLUSION OBJECTIVES	
ED/19/20/2.9 <i>HMI</i>	Build on the feedback from the 2016 and 2018 Staff Survey and our Service aim 'Excellent People' through a range of staff engagement methods such as focus groups and functional communication.
ED/19/20/2.10	To ensure that operational staff contribute to Knowing our Communities and engage with them to ensure they are safer from fire and risk through equality assurance audits of Home Fire Safety Checks, particularly in relation to recording Equality & Diversity monitoring data. The importance of collecting monitoring data is to be reinforced through diversity briefings and improvements made where a need is identified.

7.2 SERVICE DELIVERY PLAN

ACTION POINTS CONTINUED

PEOPLE & ORGANISATIONAL DEVELOPMENT	
FP/19/20/3.1 <i>HMI</i>	Improve our ability to provide good service by diversifying our staff and creating a fair and equitable place to work.
FP/19/20/3.2	Ways of working that respond to Service model needs.
FP/19/20/3.3 <i>HMI</i>	Developing Cultural values and behaviours which make the Fire and Rescue Service a great place to work.
FP/19/20/3.4	Deliver a support staff review.
FP/19/20/3.5 <i>HMI</i>	Strengthen leadership and line management.
FP/19/20/3.6	Maximise the wellbeing of our people.

PEOPLE & ORGANISATIONAL DEVELOPMENT: EQUALITY, DIVERSITY & INCLUSION OBJECTIVES	
ED/19/20/1.9	Ensure staffing structures and recruitment activity is inclusive for all staff by revisiting the support for staff around: family friendly working, flexible working options and requirements for staff with disabilities.

COMMUNITY RISK MANAGEMENT	
Prevention	
FP/19/20/4.1 <i>HMI</i>	Evaluate the effectiveness of our Home Fire Risk Assessment methodology in assessing fire risk in domestic premises in consideration of national best practice emerging out of the National Fire Chiefs Council Home Safety Toolkit.
FP/19/20/4.2 <i>IRMP</i>	Develop a Safe and Well component within the Home Safety strategy based on the learning from the external evaluation of the Safe and Well Pilot to effectively reduce fire risk in the home due to Health vulnerabilities.
FP/19/20/4.3 <i>IRMP</i>	Restructure the department to align our people resource, including staff and volunteers, to optimise delivery of our Prevention priorities.
Community Safety	
FP/19/20/4.4	Review MFRS attendance at community safety strategic partnerships across Merseyside.
FP/19/20/4.5 <i>HMI</i>	Implement and embed the MFRS Road and Water Safety Strategies, working with partners.
FP/19/20/4.6 <i>IRMP</i>	Produce a sustainable and targeted Youth Engagement Strategy.
Protection	
FP/19/20/4.7 <i>IRMP</i> <i>HMI</i>	Evaluate the effectiveness of our Risk Based Inspection Programme and the Premises Risk Model that underpins it.
FP/19/20/4.8 <i>IRMP</i>	Assess the impact of the Hackitt review and other emerging incidents and legislation to inform the resourcing forecast to meet increased demand on MFRS Protection.
FP/19/20/4.9 <i>IRMP</i> <i>HMI</i>	Refresh the Department Succession plan and expand its remit to consider retention risk (technical knowledge, skills and experience).

7.2 SERVICE DELIVERY PLAN

ACTION POINTS CONTINUED

COMMUNITY RISK MANAGEMENT EQUALITY, DIVERSITY & INCLUSION OBJECTIVES	
ED/19/20/2.1	Increase use of partnerships to support Knowing our Communities and deliver campaigns. We will continue to develop diverse community engagement and partnership work to ensure that we meet the needs of diverse communities.
ED/19/20/2.3	Continue to deliver and embed an MFRS Safeguarding Strategy for young people and adults and carry out an EIA.
ED/19/20/2.6	Develop appropriate Business Safety Diversity campaigns to support and engage with the diverse businesses across Merseyside to enable them to comply with business safety legislation more effectively.
ED/19/20/3.1	Review Safe & Well delivery and to ensure that the Service takes into account the needs for different Protected Groups in relation to health, fire and wellbeing.
ED/19/20/3.5	Continue to deliver tailored RTC interventions specifically to support those protected groups at most risk eg. young and older age groups.
ED/19/20/3.6	Review the partnership meetings relating to dementia/age/disability attended by CRM staff.
ED/19/20/3.7	Offer a re-visit service for the most vulnerable, to include those living with dementia.

ED/19/20/3.8	Introduce the vulnerable adult missing persons profile (the Herbert Protocol – safe and found). Seek to develop new, and maintain existing, partnerships with Dementia Action Alliance members to ensure we maintain current legislation, policies, new innovations and access referrals for Safe and Well visits.
ED/19/20/3.9	Support dementia friendly communities and Dementia Friends through our volunteers, Prince's Trust and staff groups <ul style="list-style-type: none"> • Deliver a Memory Café (using Heritage Centre and volunteers • Bringing old and young together • Promote Safe and Well visits for MFRA family members.
ED/19/20/4.4	Ensure that Prevention Advocate teams are supported around their skills and knowledge of Equality, Diversity and Inclusion to engage with diverse communities by: <ul style="list-style-type: none"> • The development of an Advocate questionnaire to support appraisals, to identify experience our advocates have around protected groups. This can then help when targeting and engaging with specific protected groups • Developing a media package including information on our external facing website about the interventions the Prevention team provide and how many campaigns we run each year.
ED/19/20/4.5 HMI	Review the Equality, Diversity & inclusion training for all protection staff including any new starters to support their continuing personal development, skills and knowledge especially around the Protected Groups.

7.2 SERVICE DELIVERY PLAN

ACTION POINTS CONTINUED

STRATEGY & PERFORMANCE	
FP/19/20/5.1 <i>HMI</i>	Continue to embed Equality and Diversity excellence into the organisation.
FP/19/20/5.2 <i>HMI</i>	Make the most effective use of organisational information whilst continuing to improve information security and governance. Continuing to digitally transform the organisation and ensure compliance with information governance and security legislation and regulations.
FP/19/20/5.3	Develop and maintain effective communications and media management with high quality presentation and promotion of information.
FP/19/20/5.4 <i>HMI</i>	Develop a new Integrated Risk Management plan.
FP/19/20/5.5 <i>HMI</i>	Implement an Information and Communications Technology Infrastructure that will enable efficiency through current and emerging technology.
FP/19/20/5.6	Respond to National ICT Initiatives. The service is scheduled to switch from the current Airwave communication system to an Emergency Services Network, which will provide broadband-type connectivity, allowing us to utilise application type systems. Consequently, we are working to ensure the infrastructure and software systems support this.
FP/19/20/5.7	Develop and implement changes to the catering provision at the Training and Development Academy and Service Headquarters to streamline processes, improve efficiency and income generation and provide card payment facilities.

STRATEGY & PERFORMANCE: EQUALITY, DIVERSITY & INCLUSION OBJECTIVES	
ED/19/20/4.1	Work with the training and development staff to implement the on-line Equality & Diversity training package.
ED/19/20/4.2 <i>HMI</i>	Investigate the concept of unconscious bias in conjunction with the inclusive leadership work being undertaken by people and organisational development.

FINANCE	
FP/19/20/6.1 <i>HMI</i>	Maintain and update the Authority on the progress of implementing the approved financial plan, and in particular any new savings proposals.
FP/19/20/6.2	Monitor the development of the Comprehensive Spending Review 2019; change in the Authority funding mechanism (75% Retained Business Rates); the outcome of the fair funding review, and: <ul style="list-style-type: none"> • Respond to any consultation, and • Provide relevant briefing statement to those identified as part of a lobbying strategy with goal of influencing the outcomes of these reviews in a more favourable direction for MFRA, and • Assess the impact on the 2020/21 MTFP and report as part of the 2020/21 Budget Process.

LEGAL SERVICES	
Legal	
FP/19/20/7.1	Update and enhance legal service's frequently asked questions in line with issues raised by staff in 2018/19.
FP/19/20/7.2	Liaise with and learn more about the objectives and aims of the MFRS functions in order to assist and advise at the earliest opportunity.
Procurement	
FP/19/20/7.3	Maximise procurement potential; seek opportunities to collaborate regionally/ nationally with Blue Light organisations and other public sector bodies.
FP/19/20/7.4	Support corporate priorities to ensure the successful delivery of MFRA and National Resilience business objectives and work programmes.
Democratic Services	
FP/19/20/7.5	Re-invigorate engagement activity between staff and Members, to ensure that it is as inclusive as possible.
FP/19/20/7.6	Increase awareness across the organisation of Committees and the reporting process, following the introduction of the new meeting structures across the organisation.
Estates & Facilities	
FP/19/20/7.7	Implementation of the 5 year capital build programme Consideration of potential future mergers opportunities to be included in the Estates section of the functional plan, taking into consideration potential future Station mergers and changes in the IRMP.
FP/19/20/7.8	Ensure MFRS property is managed and maintained to meet operational goals and objectives to be met whilst obtaining value for money from Private Finance Initiative and Facilities Management contracts.

LEGAL SERVICES: EQUALITY, DIVERSITY & INCLUSION OBJECTIVES	
ED/19/20/2.16	To create a website page specifically for Authority Members, to enable easy access to relevant information from one place by <ul style="list-style-type: none"> Identifying information that would be beneficial for Members to have access to. Utilisation of Member's knowledge of their communities.
ED/19/20/2.21 <i>HMI</i>	To carry out staff engagement across the departments to improve staff morale and challenge issues raised in the staff survey to improve staff perceptions/morale through ongoing staff engagement activities with functional staff.
ED/19/20/2.22	To continue to ensure that Equality & Diversity considerations are identified and mitigated against where required to ensure that buildings are accessible, through the development and implementation of a five year Asset Strategy for the estate by: <ul style="list-style-type: none"> Making MF&RA accessible for people with disabilities especially those who are Deaf or have a hearing impairment, visually impaired or wheelchair users Ensure that all barriers and intercoms are accessible (e.g. hearing loops), suitable parking is available, at the front of the building and suitable signage installed, while still meeting our security needs.
ED/19/20/4.12	Ensuring staff and Members are equipped to carry out their role by: <ul style="list-style-type: none"> Ensuring that ALL groups get equitable treatment (e.g. challenged fairly) Offering advice to officers (e.g. RRO) Staff/Members receive training to ensure they are equipped to carry out their role and show due regard to the needs of our diverse community groups as required by the Equality Act.

8.1 STATION COMMUNITY RISK MANAGEMENT PLANS 2019-20

Station Plans are local plans developed and owned by community fire and rescue station staff working with district based Station Managers and partners. The plans reflect local risks and priorities and set out how the fire station and district based staff will improve outcomes in their communities.

Station Objectives

The station objectives are drawn from our corporate aims and the risks identified by ourselves and partners who work within the fire station area. We hope to deliver local services that make a real difference to the communities we serve with the support of our partners, making the area a safer and healthier place to live, work or visit.

Station Actions

The staff based at the fire station will deliver a range of response interventions that are designed to mitigate life risk or harm from fire, road traffic accidents and water incidents. Additionally they will work to ensure properties, the environment and businesses are equally protected. Whilst the station staff will deliver excellent response they will also engage in actions that will reduce the occurrence of such incidents through education, risk assessment, planning and training.

Station Plan on a Page

Following consultation with stakeholders each fire station has a bespoke Station Community Risk Management Plan. Station Plans can be found at Appendix 3.

Station output targets for 2019/20 are:

	SSRI - GATHERING PREMISES RISK INFORMATION	HFSC- HOME SAFETY CHECKS	HYDRANT CHECKS	WASTE REPORTING	PREVENTION TALKS	SIMPLE FIRE SAFETY ASSESSMENTS
TOTALS	1895	44148	1487	936	684	2208

9.1 CONSULTATION & COMMUNICATION

Merseyside Fire & Rescue Authority has an integrated and inclusive approach to planning. The plans that set out the ways in which the Authority will achieve its Mission and Aims and comply with its values are all connected and staff and stakeholders have an opportunity to contribute to the plans. A large part of the planning is around consultation with stakeholders within the community.

During 2016/17 we undertook extensive consultation regarding the planning principles MFRA should apply when developing draft proposals for the draft IRMP 2017/20. Then later in 2016 we ran a further 12 week consultation to seek opinions on the proposals in the draft IRMP. During this process we hosted a wide variety of consultation and engagement activities including:

- Public consultation facilitated by an independent organisation
- Staff consultation
- Local authority and strategic partner consultations
- Staff representative bodies
- Online questionnaires
- Extensive use of the internet (website, portal, Facebook and Twitter) to publicise events

During Spring 2019 we undertook 12 weeks consultation with public, staff and stakeholders around proposals in the draft IRMP 2019-21 supplement. Details of the consultation are available on the MFRA website [IRMP 2019/21 Supplement Consultation](#). [2019-21 Supplement to IRMP 2017/20](#) is also available on the website.

When developing a new IRMP or making significant changes (such as station closures or changes to crewing/appliances), the Authority runs regular consultation events covering each of the five districts. These events ensure that there is representation from a broad range of residents. Attendees are asked to consider a wide range subjects. The feedback from these consultations is used to inform the content of the IRMP.

Principal Officers regularly engage with all staff during face to face briefings. These small group briefings allow staff to receive the most accurate information on MFRA plans and also for them to directly ask questions of the senior officers. The outcomes of these briefings are used to shape service delivery.

APPENDIX 1: GLOSSARY OF TERMS

ACAS	Advisory Conciliation and Arbitration Service
ADF	Accidental Dwelling Fire
AFA	Automatic Fire Alarm
AGM	Annual General Meeting
AM	Area Manager
ARA	Analytical Risk Assessment
ASB	Anti-Social Behaviour
AVLS	Automatic Vehicle Location System
BA	Breathing Apparatus
BBfA	Better Business for All
BME	Black Minority Ethnic
CBT	Crew Based Training
CBRNE	Chemical Biological Radiological Nuclear Explosive
CCTV	Closed Circuit Television
CFO	Chief Fire Officer
CFP	Community Fire Protection
CFOA	Chief Fire Officers Association
CM	Crew Manager
COMAH	Control of Major Accident Hazards
Con Ops	Concept of Operations
COSHH	Control of Substances Hazardous to Health
CPL	Combined Platform Ladder
CRM	Community Risk Management
CRR	Corporate Risk Register
CSM	Community Safety Manager
CSU	Command Support Unit
D2A	Drive to Arrive
DAG	Diversity Action Group
DBS	Disclosure and Barring Service
DCFO	Deputy Chief Fire Officer
DCU	Damage Control Unit
DIM	Detection Identification and Monitoring
DoE	Duke of Edinburgh Awards
DPM	District Prevention Manager
DTI	Department of Trade and Industry
EDBA	Extended Duration Breathing Apparatus
EFAD	Emergency Fire Appliance Driver

Aintree Community Fire Station Community Risk Management Plan 2019-20

OUTCOMES

are the impact our actions have on the community such as reducing incidents.

Estimated 2018/19 performance

All Fires	406
Accidental Dwelling Fires (ADF)	46
Anti-Social Behaviour Fires (ASB)	206
Road Traffic Collisions	14
Deliberate Vehicle Fires	31
Alert to Mobile	98.3%
AFA's in Non Domestic Premises	82
Domestic Smoke Alarm Actuations	60

Estimated 2019/20 targets *

All Fires	308
Accidental Dwelling Fires (ADF)	34
Anti-Social Behaviour Fires (ASB)	148
Road Traffic Collisions	16
Deliberate Vehicle Fires	30
Alert to Mobile	95%
AFA's in Non Domestic Premises	60
Domestic Smoke Alarm Actuations	62

OUTPUTS

are the quantifiable things we deliver to improve outcomes

Site Specific Risk Information (SSRIs)	66
Home Fire Safety Checks	2019
Hydrant Surveys	48
Waste & Fly Tipping Checks	24
Prevention Talks	12
Simple Operational Fire Safety Audits	96
Off Station Exercises	2

This year we will deliver:

66
2019
48
24
12
96
2

Excellent Operational Preparedness

- complete allocated Site Specific Risk Information (SSRI) inspections within station areas & ensuring current & available to crews
- manage the availability of water supplies through hydrant inspections & open water source identification & pre-planning
- attend all core & risk critical training courses at the Training & Development Academy (TDA)
- complete allocated Learnpro & continually achieve required standard
- undertake Safe Person Assessments ensuring required standard is met & recorded
- familiarise, train for & exercise against risks in the station area such as hospitals, prisons, racecourse, business parks, motorway networks & small businesses

zero

64

Excellent Operational Response

- maintain the highest standards of operational response through training, exercising & audit
- maintain competencies against MDU, through regular pre-planned training & annual validation
- test & maintain all equipment & Personal Protective Equipment in line with Service policy
- test local & operational plans through training, exercising & table top scenarios
- support key station principle to maintain 10 minute response standard on 90% of occasions
- remain vigilant to prevent accidents occurring, actively record & manage health & safety in the workplace

Fire Deaths

Excellent Prevention & Protection

- deliver HFSC's on a risk based approach, utilising status reports, local knowledge, incident data & partner information to identify specifically over 65's & the most vulnerable in our community
- incorporate a number of seasonal campaigns & themes into prevention activities which will be both locally & functionally led & respond to local demands as well as national campaigns
- conduct Simple Operational Fire Safety Assessments (SOFSA) to provide advice & guidance to small businesses to ensure compliance with legislation & familiarise crews
- link in with the arson reduction team to support intelligence activities
- collate & monitor Equality data from our activities to ensure we target all groups within the community.

Excellent People

- conduct appraisals in April & May to review performance & promote personal development
- set realistic objectives to support individual, team & organisational aims & objectives
- identify & support individuals who would like to develop or progress their careers & ensure suitable opportunities are created
- provide support for firefighters in development via mentorship, structured training & development activities & station based NVQ assessors.
- provide opportunity & support to develop new drivers on station.
- keep absence levels in line with service policy
- maintain fitness levels through shift related physical training activities
- support positive action by delivering station based Taster Days for potential future firefighters.

Our Mission is to achieve safer stronger communities through safe & effective firefighters, delivering excellent operational preparedness, response, prevention, protection & people.

Belle Vale Community Fire Station Community Risk Management Plan 2019-20

OUTCOMES

are the impact our actions have on the community such as reducing incidents.

Estimated 2018/19 performance

All Fires	168
Accidental Dwelling Fires (ADF)	27
Anti-Social Behaviour Fires (ASB)	102
Deliberate Vehicle Fires	8
Road Traffic Collisions	21
Alert to Mobile	97.4%
AFA's in Non Domestic Premises	3
Domestic Smoke Alarm Actuations	101

Estimated 2019/20 targets *

All Fires	308
Accidental Dwelling Fires (ADF)	34
Anti-Social Behaviour Fires (ASB)	148
Deliberate Vehicle Fires	30
Road Traffic Collisions	16
Alert to Mobile	95%
AFA's in Non Domestic Premises	17
Domestic Smoke Alarm Actuations	108

OUTPUTS

are the quantifiable things we deliver to improve outcomes

Site Specific Risk Information (SSRIs)	34
Home Fire Safety Checks	2178
Hydrant Surveys	54
Waste & Fly Tipping Checks	24
Simple Operational Fire Safety Audits	96
Prevention Talks	48
Off Station Exercises	2

This year we will deliver:

34
2178
54
24
96
48
2

Excellent Operational Preparedness

- At Belle Vale we will:
- complete scheduled site specific risk information & site information risk & hazard information in station area to ensure key risk information is available to operational crews.
 - complete allocated hydrant surveys within 12 month period.
 - Maintain core skills by on station training & attendance at programmed TDA courses.
 - Maintain specialist skills through training & prepare for specific incident types matching the station profile including motorways, high rise buildings & shopping centres.
 - complete all Learnpro modules & assessments
 - maintain, test & train with National Resilience High Volume Pump (HVP) asset in conjunction with other LLAR stations
 - maintain national HVP deployment capability

Excellent Operational Response

- ensure all aspects of operational response can be conducted safely & efficiently
- maintain HVP capability by training & exercising with other HVP crews, plus familiarisation for non HVP crews
- complete all Safe Person Assessments
- conduct routine testing & maintenance of equipment
- conduct routine off station & table-top exercising
- promote a positive safety culture to manage health & safety
- support the key stations principle by providing cover moves to maintain 10 minute response standard
- mobilise to incidents in the fastest possible time
- best practice is reviewed & shared from all activities where identified

Excellent Prevention & Protection

- deliver HFSC's using a risk based approach to ensure that our resources are utilised to maximum effect using status reports, local knowledge & incident history to ensure we are targeting vulnerable groups
- identify areas where standards of fire cover have not been met & carry out targeted activity in these areas.
- Engage with & support Youth & Prince's Trust
- work closely with community partners to identify vulnerable community members & provide interventions.
- liaise with a
- conduct Simple Operational Fire Safety Assessments to provide advice & guidance to ensure small businesses comply with legislation

Excellent People

- personnel will maintain personal fitness in line with station work routines
- support is provided to staff who are exposed to critical incidents via MFRS support network
- individual & team performance is reviewed to support staff & promote continuous improvement
- absence levels are managed & staff are supported in line with Service Policy
- all individual appraisals are conducted within April & May
- staff wishing to progress into management roles are developed & supported
- a positive working environment is promoted to reflect the values of MFRS staff

Zero
Fire Deaths

Our Mission is to achieve safer stronger communities through safe & effective firefighters, delivering excellent operational preparedness, response, prevention, protection & people.

People live in our station area

Excellent Operational Preparedness

The team at Birkenhead will:

- complete visits to premises, understand the risks that site poses & appropriately record this information
- complete all hydrant surveys.
- ensure all personnel maintain core risk critical competencies by attending TDA courses.
- continuously develop knowledge & understanding of local risks through station based training & multi-pump exercises at these sites utilising operational plans & information.
- maintain specialist skills through training & prepare for specific incident types matching the station profile & allocated specialisms
- complete all e-learning packages and achieve the required standard.

Excellent Operational Response

We will:

- continuously develop skills, knowledge & understanding of service equipment & procedures.
- work with neighbouring fire stations to carry out joint training events rotating on a monthly basis.
- continue to develop command support skills to provide this function at operational incidents
- complete all allocated Safe Person Assessments.
- follow Service guidance, policies & procedures
- remain vigilant to prevent accidents occurring & actively engage in promoting a positive health & safety culture in the workplace
- respond to incidents immediately & try to minimise alert to mobile times

Excellent Prevention & Protection

Together we will:

- undertake prevention activities to reduce risk to those at high risk of fire or other emergency within our community.
- target community safety activity at vulnerable, elderly or lead high risk lifestyles
- liaise with Community Risk Management & Wirral District Prevention teams to ensure effective use of resources
- develop & support activities to reduce anti-social behaviour fires by working effectively with partners.
- carry out Simple Operational Fire Safety Assessments (SOFSA)
- carry out community reassurance campaigns in the residential high rise blocks within our station area, prioritising high rise blocks consisting of 8 or more floors

Excellent People

At Birkenhead we will:

- support each other
- develop & promote a positive culture whereby all individuals fulfil their potential.
- take practical steps to assist development of staff in their current role & career progression opportunities
- conduct regular appraisals that identify individual development needs, address organisational objectives & manage individual progress
- work towards perfect attendance at work
- engage with, and support, local youth groups to promote MFRS values.

Excellent Operational Preparedness

As a Station we will:

- complete 56 projected Site Specific Risk Information (SSRI) revisits via the station schedule.
- monitor local business & risk for any new SSRI which may need generating & prepare for transition to SIRAH. SM to quality assure
- Complete 48 hydrant surveys for station area.
- use the station training planner to provide the Learnpro schedule for the year & complete monthly modules, aspiring to 100% completion rate.
- developing personnel will be supported in undertaking IFE examinations
- attend all Training & Development Academy core risk critical training courses.
- arrange & complete 2 off station exercises considering local risks & potential incidents

Excellent Operational Response

We will:

- complete all monthly Safe Person assessments as per the station training planner, achieving 100% completion rate.
- continue to maintain a high level of achievement against the 1.9 minute 'alert to mobile' & 10 minute response standards.
- undertake regular on-station training in line with monthly themes which will be assured via Station Manager Audits, including assurance of Personal Protective Equipment (PPE).
- comply with Service guidance, instructions & procedures.
- ensure correct PPE is worn and maintained.
- remain vigilant to prevent accidents occurring & actively record Health & safety in the workplace, including near misses.

Excellent Prevention & Protection

Together we will:

- prioritise over 65's when carrying out Home Fire safety Checks & will complete 2178 over the year.
- use local knowledge & partnerships to target the vulnerable groups that exist in the community.
- support CFOA & Service campaigns throughout the year & target the identified groups/areas.
- carry out 12 prevention talks over the year to educate & inform community groups
- complete 96 Simple Operational Fire Safety Assessments to assist local small businesses.
- carry out community reassurance campaigns in the high rise blocks in our station area, prioritising high rise blocks of 8 floors or more

Excellent People

At Bootle & Netherton we will:

- continue to develop individuals through setting appraisal objectives that will facilitate the station organisational aims & objectives.
- This will include development of Crew Managers through training, responsibility & operational exposure.
- complete appraisals by the end of May
- monitor absence levels on station & encourage staff to manage their health & well-being.
- take part in regular gym sessions to enhance fitness & well-being
- actively promote Service values & ensure a healthy, safe & positive workplace for all

Zero Fire Deaths

Our Mission is to achieve safer stronger communities through safe & effective firefighters, delivering excellent operational preparedness, response, prevention, protection & people.

96
Simple Operational Fire Safety Assessments

2178
Home Fire Safety Checks

Excellent Operational Preparedness

As a Station we will:

- complete Site Specific Risk Information inspections on COMAH, industrial & premises to provide operational intelligence & risk information for crews at incidents.
- undertake core risk critical training at the Training & Development Academy.
- measure competencies using both Learnpro & Safe Person Assessment e-learning packages & achieve required standard
- plan local training exercises & familiarisation to identified risks in station Site Specific Operational Response Plans including COMAH sites & local businesses identified through the SSRI process
- complete allocated hydrants surveys.
- maintain fitness levels for operational duties through structured, multi-faceted training

Excellent Operational Response

We will:

- ensure that as a key station area an appliance will be in the 10 minute isochrones as detailed in the IRMP
- train & assess competence against national & local policy, guidance & procedures in all areas of operational response to resolve incidents safely and effectively
- contribute to organisational learning by conducting debriefs and sharing learning from off-site training exercises
- obtain high performance scores in operational audits.
- maintain appliances and equipment through assurance and maintenance.
- comply with all areas of Health & Safety.
- Achieve a positive safety culture by identifying, investigating and learning from near miss, accidents and injuries.

Excellent Prevention & Protection

- The station area contains significant areas of socio-economic deprivation & high risk communities. As a station we will:
- target the high risk & vulnerable over 65 community for prevention activity & Safe & Well visits.
- through intelligence led information target areas of ADF's and undertake arson reduction campaigns
- work closely with the Community Prevention Team to identify vulnerable groups or individuals to receive prevention education
- target anti-social behaviour & waste material build-up to reduce anti-social behaviour fires.
- undertake Simple Operational Fire Safety Assessments to provide advice & guidance to businesses to ensure compliance with legislation

Excellent People

- At Bromborough we will:
- use the appraisal process to identify performance & promote personal development by setting realistic aims & objectives to support individual, team & organisational directions
- identify & support individuals who wish to develop/progress their career
- manage the health, safety & well-being of personnel & ensure that levels of absence, accidents & injuries are kept in line with Policy
- engage in creating a culture on station which supports colleagues & Princes Trust team to ensure a positive working environment where people can develop to their full potential

Zero

Simple Operational Fire Safety Assessments

2019
Home Fire Safety Checks

Excellent Operational Preparedness

As a Station we will:

- train against identified risks within the station area as per the Site Specific Operational Response plans. The port area will play a major part in station preparedness
- maintain operational competence as promulgated by the training planner further enhanced by daily innovative drill & learning
- complete allocated SSRI inspections in area
- manage availability of water supplies through hydrant inspections being completed annually focussing on drier months. Attention will be given to the port area and hydrant location.
- attend all Training & Development Academy core risk critical training courses
- complete allocated Learnpro e-learning packages & achieve required standard

Excellent Operational Response

We will

- continuously train, learn & develop skills, knowledge & understanding of service equipment & procedures
- complete allocated Safe Person Assessments
- ensure alert to mobile times continue to be met supporting the key station principle to maintain the 10 minute response standard
- follow service guidance, instructions & procedures
- ensure correct Personal Protective Equipment is worn & maintained
- remain vigilant to prevent accidents occurring & actively record health & safety in the workplace, report all near misses
- competent crews will play a key role in supporting the operational response of firefighters in development

Excellent Prevention & Protection

Together we will:

- undertake weekly Community Safety campaigns
- focus on the over 65 age group & the most vulnerable residents in our community as taken from the status report
- work with Prevention team & partners to ensure we support the most vulnerable in the community
- provide Protection advice after unwanted AFA activations to support businesses
- undertake Simple Operational Fire Safety Assessments to ensure non domestic fires are reduced
- carry out community reassurance campaigns in the residential high rise blocks in the station area, prioritising high rise blocks consisting of 8 or more floors

Excellent People

At Crosby we will:

- continue to develop individuals through setting appraisal objectives that will facilitate the station organisational aims & objectives
- complete appraisals by the end of May 2018
- monitor absence levels on station & encourage staff to manage their health & well-being, utilising appropriate supportive resources
- take part in regular gym sessions to enhance fitness & well-being
- create a supportive station culture and ensure a positive working environment
- provide support, mentorship and training for firefighters in development

Excellent Operational Preparedness

We will:

- complete SSRI's via the station schedule until SIRAH is delivered to station
- monitor local business & risk for any new SSRI's that may be generated
- complete all hydrants surveys annually.
- use the station planner for the annual Learnpro schedule & complete monthly modules aspiring to 100% completion.
- train to maintain urban search and rescue, boat & rope competencies
- complete risk critical core training at the TDA
- conduct exercises & training at venues across Merseyside (eg. demolition sites, construction sites with large cranes) to further develop technical rescue skills
- maintain fitness levels through structured, multi-faceted training

Excellent Operational Response

We will:

- undertake monthly SPA assessments achieving 100% completion rates
- continue to mobilise to incidents rapidly to maintain excellent record of achieving the 1.9 min alert to mobile times.
- train & assess competence against national & local policy, guidance & procedures to maintain the highest standards of operational response to resolve incidents safely & effectively
- undertake regular on station training inline with monthly themes including assurance of PPE & equipment.
- contribute to organisational learning by conducting debriefs & shared learning from off site training exercises
- remain vigilant to prevent accidents & achieve a positive safety culture by identifying, investigating & learning from near misses

Excellent Prevention & Protection

- The station area contains significant areas of socio-economic deprivation & high risk communities. As a station we will contribute towards our mission of Safer, Stronger Communities by:
 - use of status reports to identify high risk and over 65's in the community for HFSC activity ensuring equality & diversity information is captured to ensure we are engaging with the whole community
 - use local knowledge to proactively identify vulnerable groups or individuals
 - target anti-social behaviour & waste material build up to reduce ASB fires
 - continue to undertake Simple Operational Fire Safety Assessments aimed at smaller businesses & be identified from Protection team and local knowledge.

Excellent People

At Croxtheth we will:

- use the appraisal process to promote personal development by setting realistic aims & objectives to support individuals & team
- identify & support individuals who wish to develop/progress their careers
- review all areas of the station plan & performance throughout the year
- continue to maintain existing USAR/Technical Rescue skills & develop new ones as required & to support development of newer team members
- manage health, safety & well-being of personnel & ensure that levels of absence, accidents & injuries are in line with Service policy

Excellent Operational Preparedness

The team at Eccleston will:

- complete Site Specific Risk Information (SSRI) inspections on premises & significant industrial risk to provide operational intelligence & risk information for all crews at incidents.
- transition to Site Information Risk and Hazard (SIRAH) inspections
- conduct & complete all hydrant surveys.
- maintain core competencies by attending scheduled training at the Training & Development Academy.
- Plan training & exercises on local risks, identified through the SSRI process.
- Complete all e-learning packages & achieve the required standard
- progress any new firefighters in development to achieve competence in a satisfactory time frame

Excellent Operational Response

We will:

- complete daily training in line with the training planner & assess against national & local policy, guidance & procedures.
- ensure we respond to incidents within the 10 minute response standard as detailed in the IRMP
- carry out joint training with partner stations, including integrating with new members of the service & incorporating ongoing training using the combined platform ladder to provide resilience for the Service.
- promote a positive health & safety culture at all times ensuring compliance with instructions, identifying & investigating near misses, accidents & injuries.
- maintain appliances & equipment to ensure operational readiness.

Excellent Prevention & Protection

Together we will:

- utilise status reports to target properties where high risk & vulnerable over 65's live for prevention activity. Collate equality & diversity data.
- incorporate seasonal themes into prevention activities identified through local needs, national campaigns to meet the needs of our diverse community.
- welcome community groups to utilise station facilities & promote safe & well living to make the community safer.
- work closely with Prevention teams & partners to identify vulnerable members of the community to provide interventions
- liaise with arson reduction team to reduce ASB & identify waste materials build up.
- undertake SOFSA to provide advice & guidance to ensure legislation compliance

Excellent People

At Eccleston we will:

- use appraisals to identify personal development & performance objectives
- monitor welfare & well-being of staff & ensure relevant support services are identified & used where required.
- use dedicated time & station facilities to maintain physical fitness
- create & promote a positive development culture where people can develop to their full potential.
- encourage personal development, career progression & promotion on station
- embrace & encourage the diverse communities we serve to make people safer

Zero
Fire Deaths

Our Mission is to achieve safer stronger communities through safe & effective firefighters, delivering excellent operational preparedness, response, prevention, protection & people.

Excellent Operational Preparedness

- As a Station we will:
- complete SSRI visits via the progress schedule & prepare for transition to SIRAH.
 - identify, risk assess and test key locations for High Volume Pump access to water supplies including 29 hydrant inspections.
 - use station training planner to complete monthly modules aspiring to 100% completion
 - support personnel in development in undertaking IFE examinations
 - ensure personnel attend all TDA and core risk critical training courses
 - maintain, test and train with National Resilience High Volume Pump (HVP) asset in conjunction with other LLAR stations
 - complete two off station exercises

Excellent Operational Response

- We will:
- use the station training planner to complete all monthly Safe Person Assessments achieving 100% pass rate
 - continue to maintain a high level of achievement against the 1.9 minute 'alert to mobile' attendance standard
 - maintain HVP capability and raise awareness by training & exercising with other HVP/non HVP crews
 - undertake regular on-station training in line with monthly themes which will be assured by Station Manager audits, including assurance of PPE & equipment
 - comply with service guidance, instructions & procedures
 - remain vigilant to prevent accidents occurring & actively record health & safety, recording all near misses on OSHENS

Excellent Prevention & Protection

- There were 13 ADF's in 2018. The station profile is predominantly residential. We will prioritise over 65's when carrying out HFSC's
- prioritise vulnerable or at risk groups through local partnerships
 - support CFOA & Service campaigns throughout the year & target identified groups/areas
 - complete Simple Operational Fire Safety Assessment to raise fire protection standards to assure commercial safety
 - carry out waste & fly tipping audits, focussing on peak periods or identified areas
 - monitor & protect local heritage including Formby Pinewoods
 - deliver 'Beach Safe' initiative & other safety talks to community groups..

Excellent People

- The team at Formby will:
- develop individuals through setting appraisal objectives including development of crew managers through training, responsibility & operational exposure
 - all appraisals to be complete by 31st May 2019
 - absence levels on station will be monitored & staff encouraged to manage their physical/mental health & well-being utilising appropriate supportive resources to maintain expected attendance record
 - staff will take part in regular gym sessions to develop staff to acquire & use new skills to support service delivery & to progress into management roles if they wish

72

Our Mission is to achieve safer stronger communities through safe & effective firefighters, delivering excellent operational preparedness, response, prevention, protection & people.

* Outcome targets are based on 5yrs data

Excellent Operational Preparedness

- The team at Heswall will:
- manage emergency water supplies for operational incidents by inspecting hydrants & alternative water supplies in the area.
 - gather Site Specific Risk Information on premises to ensure that key risk information is available to operational crews.
 - maintain core skills through training & prepare for specific incident types matching the station profile including high speed roads, rural incidents, mud rescue and coastline.
 - Complete all Learnpro modules & assessments.
 - arrange & conduct inter agency training & exercising to develop & test interoperable procedures
 - maintain, test & train with National Resilience High Volume Pump asset with LLAR stations
 - Maintain national HVP deployment capability.

Excellent Operational Response

- We will:
- maintain all aspects of operational response can be conducted safely & efficiently.
 - maintain high volume pump capability by training & exercising with other crews.
 - complete all Safe Person Assessments & maintain knowledge of current service guidance & procedures.
 - manage routine testing & maintenance of equipment.
 - conduct routine off site/tabletop exercises.
 - mobilise to incidents in the fastest possible time & maintain the key station standard.
 - develop a positive safety culture to manage health & safety requirements.

Excellent Prevention & Protection

- Crews from Heswall will:
- deliver Home Fire Safety Checks (HFSC's) on a risk based approach to ensure resources are utilised to maximum effect.
 - incorporate diversity data & themes as identified through our station profile to deliver services to our community including the elderly, socially isolated & higher risk groups.
 - conduct Simple Operational Fire Safety Assessments to provide advice & guidance to ensure small businesses comply with legislation.
 - support ongoing collaboration with community groups to utilise station facilities.
 - promote Heswall fire station as a Safe Haven to offer assistance to those feeling they are at risk

Excellent People

- At Heswall we will:
- maintain personal fitness levels in line with station work routines
 - conduct individual appraisals to support and develop staff.
 - develop staff wishing to progress into management roles.
 - manage absence levels & support staff in line with Service procedures.
 - provide support to staff following critical incidents via established support networks
 - promote a positive working environment that reflects the values expected of MFRS staff.
 - identify and share best practice from all activities.

Zero

- attend all core & risk critical training courses at the Training & Development Academy.
- complete allocated Learnpro & achieve the required standard.
- undertake Safe Person Assessments ensuring the required standard is met, maintained & recorded.
- familiarise, train for & exercise against risks in the station area such as a major hospital, football stadia, businesses & city centre premises.

Zero

74

Our Mission is to achieve safer stronger communities through safe & effective firefighters, delivering excellent operational preparedness, response, prevention, protection & people.

Excellent Operational Response

All personnel will:

- maintain the highest standards of operational response through training, exercising & audit.
- maintain competencies against MDU through regular re-planned training & validation.
- test & maintain all equipment & Personal Protective Equipment in line with Policy.
- test local & operational plans through training, exercising & table top scenarios
- support key station principle to maintain 10 minute response standard on 90% of occasions
- remain vigilant to prevent accidents occurring, actively record & manage health & safety in the workplace.
- play a key role in supporting the operational response of Firefighters in development

Fire Deaths

Excellent Prevention & Protection

Staff at Kensington will:

- deliver HFSC's on a risk based approach, utilising status reports, local knowledge, incident data & partner information to identify over 65's & the most vulnerable.
- incorporate a number of seasonal campaigns & themes into prevention activities which will be both locally & functionally led & will respond to local demands as well as national campaigns.
- conduct Simple Operational Fire Safety Assessments (SOFSA) to provide advice & guidance to small businesses to ensure compliance with legislation & familiarise crews.
- link in with the Arson Reduction Team to support intelligence activities.
- carry out community reassurance campaigns in the residential high rise blocks within our station area, prioritising blocks of 8 or more floors

Excellent People

At Kensington we will:

- conduct appraisals in April & May to review individual performance, promote personal development & identify those who would like to develop or progress.
- set realistic objectives that will support individual, team & organisational aims & objectives
- provide support for Firefighters in development through mentorship, structured training & development activities & station based NVQ assessors
- support & develop new drivers on station.
- manage absence levels in line with Service policy.
- maintain fitness levels through shift related physical training activity.
- support positive action by delivering station taster days for potential future firefighters.

* Outcome targets are based on 5yrs data

Excellent Operational Preparedness

Crews at Kirkby will:

- complete all SSRI & SIRAH inspections on COMAH sites, industrial risk & premises. to provide operational intelligence & identify potential hazards to crews at incidents
- complete allocated hydrant surveys within the 12 month period.
- maintain core competencies by attending scheduled core training at TDA
- maintain operational readiness via on & off site training
- measure & confirm competencies via Learnpro & Safe Person Assessment assessments.
- plan local training exercises & familiarisation visits to identified risks within the station SSOP including COMAH sites & high rise premises.
- local business identified through SSRI process

Excellent Operational Response

Operational crews will:

- ensure all aspects of operational response can be conducted safely in line with training planer & assess against national & local policy, guidance & procedures
- maintain core skills through completion of Safe Person Assessments at 100%.
- maintain 95% standard for alert to mobile within 1.9 minutes & attendance standard, attending all life risk incidents within 10 minutes
- promote a positive health & safety culture to manage health & safety requirements
- maintain appliances & equipment to ensure operational readiness.
- conduct routine testing & maintenance of equipment
- mobilise to incidents in the fastest possible time

Excellent Prevention & Protection

Together we will:

- deliver HFSC's on a risk based approach utilising status reports, local knowledge & incident history to ensure vulnerable groups are targeted
- identify areas where standards of fire cover have not been achieved & carry out targeted activity.
- engage with Youth Engagement to support Prince's Trust & cadet schemes.
- welcome community groups using station facilities & promote safe & well living.
- undertake SOFSA to provide advice & guidance to ensure compliance with legislation
- carry out community reassurance in residential high rise blocks within station area prioritising blocks of 8 or more floors

Excellent People

All staff will:

- use the appraisal process to identify personal performance objectives & identify personal development
- monitor welfare & wellbeing of individuals & ensure relevant support services are identified & utilised where required to assist in keeping absence levels to a minimum.
- utilise dedicated time & station facilities to complete physical fitness training.
- create & promote a positive development culture where people can develop their full potential, encourage career progression & promotion on station.
- embrace & encourage our diverse community

Zero

Home Fire Safety Checks

Excellent Operational Preparedness

The team at Kirkdale will:

- follow the monthly training planner to ensure operational competency is maintained & SPA/Learnpro are completed
- complete allocated Site Specific Risk Information (SSRI) inspections within specified station area.
- manage availability of water supplies by completing all hydrant surveys
- ensure all personnel maintain core risk critical competencies by attending Training & Development Academy courses
- train against identified local risks: to include multi-pup off-site exercises which incorporate relevant SSOP's
- Liaise and collaborate with strategic partners to assist in operational preparedness matters
- complete all e-learning packages

Excellent Operational Response

We will:

- continuously develop skills, knowledge & understanding of service equipment & procedures through practical & theoretical training.
- attend partner stations to carry out joint training events & host similar monthly events.
- continue to develop their skills and knowledge in mass decontamination to further enhance their role in this area.
- follow Service guidance, policies & procedures
- remain vigilant to prevent accidents occurring and actively engage in promoting a positive health and safety culture in the workplace.
- support the key station principle to maintain 10 minute response standard n 90% of occasions

Excellent Prevention & Protection

Together we will:

- undertake community safety campaigns to reduce risk to vulnerable & high risk groups and individuals.
- support partner station in targeted community safety activities.
- ensure robust liaison with Community Risk Management and District Prevention teams to utilise resources effectively.
- develop seasonal campaigns & themes into prevention activities which will be both locally & functionally led & will respond to local demands as well as national campaigns
- carry out Simple Operational Fire Safety Assessments to reduce non domestic fires
- carry out community reassurance campaigns in residential high rise blocks prioritising blocks of 8 floors and above

Excellent People

At Kirkdale we will:

- support each other to develop and promote a positive culture whereby all individuals fulfil their potential.
- carry out appraisals that address individual development needs & organisational objectives.
- review objectives regularly to ensure progress
- complete appraisals by the end of May 2018
- be proactive in managing health & well-being & use available resources to maintain expected attendance records.
- engage in creating a culture on station that supports colleagues & ensures a positive working environment.

Excellent Operational Preparedness

The team at Liverpool City will:

- Complete visits to premises, identify the risks that site poses and appropriately record this information.
- Complete all hydrant surveys.
- Identify locations where access to open water can be gained by the High Volume Pump and appropriately record this information.
- Ensure all personnel maintain core risk critical competencies by attending courses hosted by the Training & Development Academy.
- Continuously develop knowledge and understanding of local risks: through station based training, familiarisation visits and multi-pup exercises at these sites utilising operational plans and information.
- Compete all e-learning packages and achieve the required standard.

Excellent Operational Response

- continuously develop skills, knowledge & understanding of service equipment & procedures.

- complete all allocated Safe Person Assessments.
- follow all Service guidance, policies and procedures.
- remain vigilant & take action to prevent accidents occurring & actively promote a positive workplace Health & Safety culture
- work with neighbouring fire station teams to carry out joint training events rotating on a monthly basis.
- wear correct PPE & ensure every other fire fighter does the same.
- respond to notification of incidents immediately & minimise alert to mobile times.

Excellent Prevention & Protection

- undertake prevention activities and campaigns to reduce risk for those at high risk of fire or other emergency within our community.

- target community safety activity at those who are vulnerable, elderly or lead a high risk lifestyle.
- liaise with CRM & District Prevention Teams to ensure effective use of resources.
- develop and support activities to reduce ASB fires by effectively working with partners.
- offer advice after attending unwanted automatic fire alarm activations to support business continuity and reduce false alarms.
- promote fire safety awareness in the small business community by conducting Simple Operational Fire Safety Assessments.
- carry out community reassurance campaigns in residential high rise blocks prioritising blocks of 8 floors or more

Excellent People

At Liverpool City we will:

- help develop and promote a positive culture whereby all individuals fulfil their potential.
- take practical steps to assist in the development of staff in their current role and career progression opportunities.
- conduct regular appraisals that identify individual development needs, address organisational objectives and manage individual progress.
- aim to achieve perfect attendance at work.

This year we will deliver:

Excellent Operational Preparedness

The team at Newton le Willows will:

- complete SSRI inspections on premises & significant industrial risk. To provide operational intelligence & risk information for crews at incidents.
- transition to & complete SIRAH inspections
- conduct & complete all hydrant surveys.
- maintain core competencies by attending scheduled core training at the Training & Development Academy.
- plan training & exercises on local risks, identified through the SSRI process.
- complete all e-learning packages & achieve the required standard.
- maintain, test & train with National Resilience High Volume Pump (HVP) asset in conjunction with other LLAR stations to maintain HVP deployment capability.

Excellent Operational Response

- complete daily training in line with the training planner & assess against National & local policy, guidance & procedures.

- ensure we respond to incidents within the 10 minute response standard as detailed in the IRMP.
- carry out joint training with partner stations, including integrating with new members of the service & incorporating ongoing training using the HVP.
- maintain core skills through completion of SPA's at 100%
- promote a positive health & safety culture at all times ensuring compliance with instructions, identifying & investigating near misses, accidents & injuries.
- maintain appliances & equipment to ensure operational readiness.

Excellent Prevention & Protection

- utilise the status report to target properties where high risk & vulnerable over 65 community live for prevention activity collating equality & diversity data gathered.

- incorporate seasonal themes into prevention activities as identified through local needs, national campaigns and the needs of our diverse community.
- work closely with Community Prevention teams & partners to identify vulnerable members of the community to provide timely interventions.
- liaise with Arson reduction team to reduce ASB & identify waste materials to reduce ASB fires & support campaigns.
- undertake SOFSA to provide advice & guidance to ensure compliance with legislation.

Excellent People

- Use the appraisal process to identify personal performance objectives & identify personal development in line with the service values & organisational direction.

- monitor welfare & wellbeing of individuals & ensure relevant support services are identified & utilised, keeping absence to a minimum
- utilise dedicated time & station facilities to complete Physical fitness training.
- create & promote a positive development culture where people can develop to their full potential. Encourage personal development, career progression & promotion on station
- embrace and encourage the diverse community we serve to make people safer and healthier.

Excellent Operational Preparedness

Crews at Prescot Fire Station will:

- complete the SSRI & SIRAH inspections on premises within station area to ensure that key risk information is available to operational crews
- complete allocated hydrants inspections
- maintain core competencies by attending scheduled Training and Development Academy
- plan training & exercises on local risks, including high rise, to include local risks identified through the SSRI process
- maintain operational readiness via on/of site training. Measure & confirm competencies via Safe Person Assessments and Learnpro
- develop systems & working practices on station, building on existing relationships with internal staff & Merseyside Police colleagues based at Prescot station

Excellent Operational Response

Operational crews will:

- ensure all aspects of operational response can be conducted safely & efficiently in line with the training planner & assess against national & local policy, guidance & procedures
- ensure that as a key station we respond to incidents within the 10 minute response standard as detailed in the IRMP
- maintain core skills through completion of Safe Person Assessments at 100%
- promote a positive health and safety culture at all times ensuring compliance with instructions, identifying & investigating near misses, accidents & injuries
- maintain appliances & equipment to ensure operational readiness
- conduct routine testing & maintenance of equipment
- mobilise in the fastest possible time

Excellent Prevention & Protection

As a station we will:

- utilise the status report, local knowledge & incident history to ensure we target vulnerable groups to deliver HFSC's
- identify areas where standards of fire cover have not been achieved & carry out targeted activity
- engage with youth team to support the Prince's Trust
- work closely with Community Prevention teams & partners to identify vulnerable community members to provide interventions
- liaise with arson reduction team to reduce ASB & identify waste materials
- deliver SOFSA to ensure compliance with legislation
- carry out community reassurance campaigns in residential high rise blocks prioritising blocks of 8 or more floors

Excellent People

All staff will:

- use the appraisal process to identify personal performance objectives & development in line with Service values & organisational direction
- monitor welfare & wellbeing of individuals & ensure relevant support services are identified & utilised where required to assist in keeping absence levels to a minimum
- utilise dedicated time & station facilities to complete physical fitness training
- create & promote a positive development culture, to encourage career progressions & promotion on station.
- support staff exposed to critical incidents via established support networks

Excellent Operational Preparedness

As a Station we will:

- complete Site Specific Risk Information inspections on premises & significant industrial risk to provide operational intelligence & risk information for all crews at incidents
- undertake core risk critical training at the Training and Development Academy
- measure competencies using both Safe Person Assessments & Learnpro assessments.
- plan local training exercises at identified risks within the station areas to include local businesses identified through SSRI & coastal areas such as Hilbre Island that can only be reached at low tide
- complete the allocated hydrant surveys within the 12 month period
- structures multi-faceted training by all personnel to maintain operational fitness levels

Excellent Operational Response

We will:

- ensure that as a key station area an appliance will be in the 10 minute response isochrones s detailed in the IRMP.
- train & assess competencies against national & local policy, guidance & procedures in all areas
- contribute to organisational learning by conducting debriefs & shared learning from off-site training exercises
- obtain high performance scores in operational audits
- maintain appliances & equipment through testing & maintenance
- comply with all areas of health & safety & achieve a positive safety culture by identifying, investigating & learning from near miss, accidents & injuries. Remain vigilant to prevent accidents

Excellent Prevention & Protection

Upton's area contains a large population with areas of socio-economic deprivation & high risk communities

As a station we will:

- target the high risk & vulnerable over 65 community for prevention activity & safe & well areas of ADF's & undertake arson reduction campaigns
- participate in NFCC & MFRS safety campaigns both locally & function led
- work closely with the Community Prevention Team to identify vulnerable groups or individuals to receive prevention education
- target anti-social behaviour & waste material build-up to reduce anti-social behaviour fires
- undertake the Simple Operational Fire Safety Assessments to ensure businesses are complying with legislation

Excellent People

At Upton we will:

- use the appraisal process to identify personal performance objectives & promote development by setting realistic objectives to support individual, team & organisational direction.
- identify & support individuals who wish to progress their career.
- review all areas of the station plan & performance throughout the year
- manage the health, safety & well-being of personnel & ensure that levels of absence, accidents & injuries are kept to a minimum
- engage in creating a culture on station which supports colleagues & ensures a positive working environment

Zero Fire Deaths

Our Mission is to achieve safer stronger communities through safe & effective firefighters, delivering excellent operational preparedness, response, prevention, protection & people.

* Outcome targets are based on 5yrs data

Excellent Operational Preparedness

As a Station we will:

- complete 193 projected Site Specific Risk Information revisits & conversion to SIRAH in 2019/20.
- complete 108 hydrant inspections in the Southport station area.
- use the station training planner to identify & complete monthly modules, aspiring to 100% completion rate.
- support personnel undertaking IFE exams
- attend risk critical core training at the Training & Development Academy.
- maintain specialist skills as aerial appliance crew with weekly dedicated training.
- train with the local coastguard for the risks associated with mud rescue & the coastline.

Excellent Operational Response

We will:

- complete allocated Safe Person Assessments achieving 100% completion rate
- continue to maintain 1.9 minute alert to mobile & 10 minute response standard for both appliances
- undertake regular on-station training in line with monthly themes, assured by Station Manager audits, including assurance of personal protective equipment
- staff will comply with service guidance, instructions & procedures
- staff will ensure PPE is worn & maintained
- remain vigilant to Health & Safety, this will be regularly monitored & promoted to prevent incidents occurring in 2018/19

Excellent Prevention & Protection

Together we will:

- The station risk profile is predominantly residential & an older population: prioritise over 65's when carrying out HFSC's
- vulnerable or at risk groups will be prioritised through local partnerships to support their safety from fire or injury
- carrying out 24 prevention talks over the year to educate & inform community groups
- complete 48 Simple Operational Fire Safety Assessment to raise fire protection standards & commercial safety
- aim to carry out 48 waste & fly tipping audits
- carry out community assurance campaigns in residential high rise blocks in the station area, prioritising high rise of 8 floors or above

Excellent People

At Southport we will:

- develop individuals through appraisal objectives including development of Crew Managers through training, responsibility & operational exposure
- complete all appraisals by 31st May 2019
- monitor absence levels & encourage staff to manage their physical/mental health & utilise supportive resources to maintain expected attendance records.
- enhance fitness, performance & overall health through regular gym sessions
- actively promote Service values & ensure a healthy, safe & positive workplace.

* Outcome targets are based on 5yrs data

Excellent Operational Preparedness

As a station we will:

- complete allocated Site Specific Risk Information inspections within station area.
- complete hydrant surveys maximising seasonal conditions
- maintain competencies by ensuring attendance of all personnel at core risk critical training before expiry of competence
- arrange & complete 2 off site exercises, at known risks within the station area (airport & COMAH)
- complete 100% of allocated Learnpro & SPA packages
- strengthen links with the highest risks within the station area: John Lennon Airport, COMAH sites, Jaguar Landrover

Excellent Operational Response

We will:

- complete daily training in line with the station training planner
- maintain core skills through 100% completion of Safe Person Assessments
- attain minimum performance of 80% during quarterly audits
- maintain 95% against DR23 alert to mobile in 1.9mins & TR08 attendance standard to life risk incidents within 10 mins
- ensure correct personal protective equipment is worn & maintained in line with Service Policies.
- promote a positive health & Safety culture to reduce firefighter injuries & damage to fire appliances. Increased vigilance & completion of near miss reports where appropriate

Excellent Prevention & Protection

Together we will:

- attain an increased output of HFSC's in our target groups; over 65's, utilising the status report and realise a reduction by the end of the year.
- increase the output of waste & fly tipping reports
- utilise the CRM risk routes to return to station regularly & where practicable
- strengthen links with DPM & arson reduction managers to target known hotspot areas & support campaigns
- ensure collection of equality & diversity information on all HFSC's
- ensure simple operational fire safety assessments (SOFSA) list is reduced by the allotted target prior to the end of the year
- make provision to interact with youth engagement through the Prince's Trust

Excellent People

At Speke & Garston we will:

- use the appraisal process to identify personal performance objectives & complete within the required timescales
- monitor welfare of individuals & maintain absence at the lowest possible level
- support management development to encourage carer progression & promotion
- embed a positive equality & diversity culture across the station
- encourage & support the development of Service drivers as a priority
- encourage & support the development of Service drivers as a priority

Zero
Fire Deaths

Our Mission is to achieve safer stronger communities through safe & effective firefighters, delivering excellent operational preparedness, response, prevention, protection & people.

305

OUTPUTS

are the quantifiable things we deliver to improve outcomes

This year we will deliver:

Site Specific Risk Information (SSRIs)	120
Home Fire Safety Checks	1392
Hydrant Surveys	97
Waste & Fly Tipping Checks	24
Prevention Talks	24
Simple Operational Fire Safety Audits	96
Off Station Exercises	2

Home Fire Safety Checks

Excellent Operational Preparedness

As a station we will:

- complete allocated Site Specific Risk Information inspections prioritised on risk category & due date.
- complete hydrant surveys on a seasonal basis
- maintain competencies by attending all TDA core risk critical training
- arrange & complete 2 off site exercises, at known risks within the station area (river, Central Mosque)
- complete 100% of allocated SPA & Learnpro packages
- strengthen links with the highest risks in station area; Echo Arena, Convention Centre, River (MFI, Coastguard & RNLI)
- formalise a training strategy across the Command Support Unit support stations

Excellent Operational Response

We will:

- improve the effectiveness & integration of the CSU at operational incidents
- complete daily training in line with the station training planner
- maintain core skills through 100% completion of Safe Person Assessments
- attain minimum performance of 80% during quarterly audits
- maintain 95% against performance indicator DR23 Alert to Mobile in 1.9mins & TR08 attendance to life risk incident within 10mins
- promote a positive health & safety culture to reduce firefighter injuries & damage to fire appliances. Increased vigilance & completion of near miss reports where appropriate
- ensure correct use, maintenance & recording of Personal Protective Equipment

Excellent Prevention & Protection

Together we will:

- increase the percentage of visits to vulnerable persons, using status reports during HFSC planning
- give consideration to the transient population; students, immigrants, asylum seekers including the need to revisit properties regularly.
- liaise with the Arson Reduction manager & increase the output of waste & fly-tipping
- link with youth engagement in the community and Princes Trust
- strengthen links with DPM to familiarise crews with the diverse needs of the population & share links with service providers
- ensure annual SOFSA target is met
- carry out reassurance campaigns in residential high rise blocks in the station area prioritising blocks of 8 floors or more

Excellent People

At Toxteth we will:

- set appraisal objectives that will ensure the aims of the Station Plans are achieved
- complete appraisals within specified timescales
- identify & support firefighters who would like to seek promotion.
- reduce absence levels to the lowest possible level & ensure support plans are completed for those staff who need them, in line with relevant timescales.
- encourage & support the development of Service drivers as a priority.

Zero
Fire Deaths

Our Mission is to achieve safer stronger communities through safe & effective firefighters, delivering excellent operational preparedness, response, prevention, protection & people.

45 Site Specific Risk Inspections

69574 People live in our station area

96 Simple Operational Fire Safety Assessments

2019 Home Fire Safety Checks

* Outcome targets are based on 5yrs data

Excellent Operational Preparedness

The team at Wallasey will:

- complete visits to premises, understand the risks that site poses & appropriately record this information.
- complete all hydrant surveys.
- ensure all personnel maintain core risk critical competencies by attending TDA courses.
- continuously develop knowledge & understanding of local risks: through station based training & multi-pump exercises at these sites utilising operational plans & information.
- maintain specialist skills through training & prepare for specific incident types matching the station profile & allocated specialisms.
- complete all e-learning packages & achieve the required standard.

Excellent Operational Response

We will:

- continuously develop skills, knowledge & understanding of service equipment & procedures.
- work with neighbouring fire station teams to carry out joint training events rotating on a monthly basis.
- aim to develop skills & knowledge in the use & application of the CPL to promote our role as a nominated CPL station.
- complete all allocated SPA's
- follow Service guidance, policies & procedures.
- remain vigilant & take action to prevent accidents occurring & actively promote a positive Health & Safety culture in our workplace.
- respond to notification of incidents immediately & try to minimise our alert to mobile times.

Excellent Prevention & Protection

Together we will:

- undertake prevention activities & campaigns to reduce risk for those at high risk of fire or other emergency.
- target community safety activity at the vulnerable, elderly or high risk lifestyles.
- liaise with CRM & Wirral District Prevention Teams to ensure effective use of resources.
- develop & support activities to reduce ASB fires by effectively working with partners.
- promote fire safety awareness in the small business community by conducting Simple Operational Fire Safety Assessments.
- deliver prevention talks and demonstrations to groups to support community safety.
- carry out community reassurance campaigns in residential high rise blocks in our station area, prioritising blocks of 8 or more floors

Excellent People

At Wallasey we will:

- help develop & promote a positive culture whereby all individuals fulfil their potential.
- take practical steps to assist in the development of staff in their current role & career progression opportunities.
- conduct regular appraisals that identify individual development needs, address organisational objectives & manage individual progress.
- aim to achieve perfect attendance at work.
- engage with & support our Fire Cadets & Prince's Trust Teams. Helping to develop these young people and to promote our values.

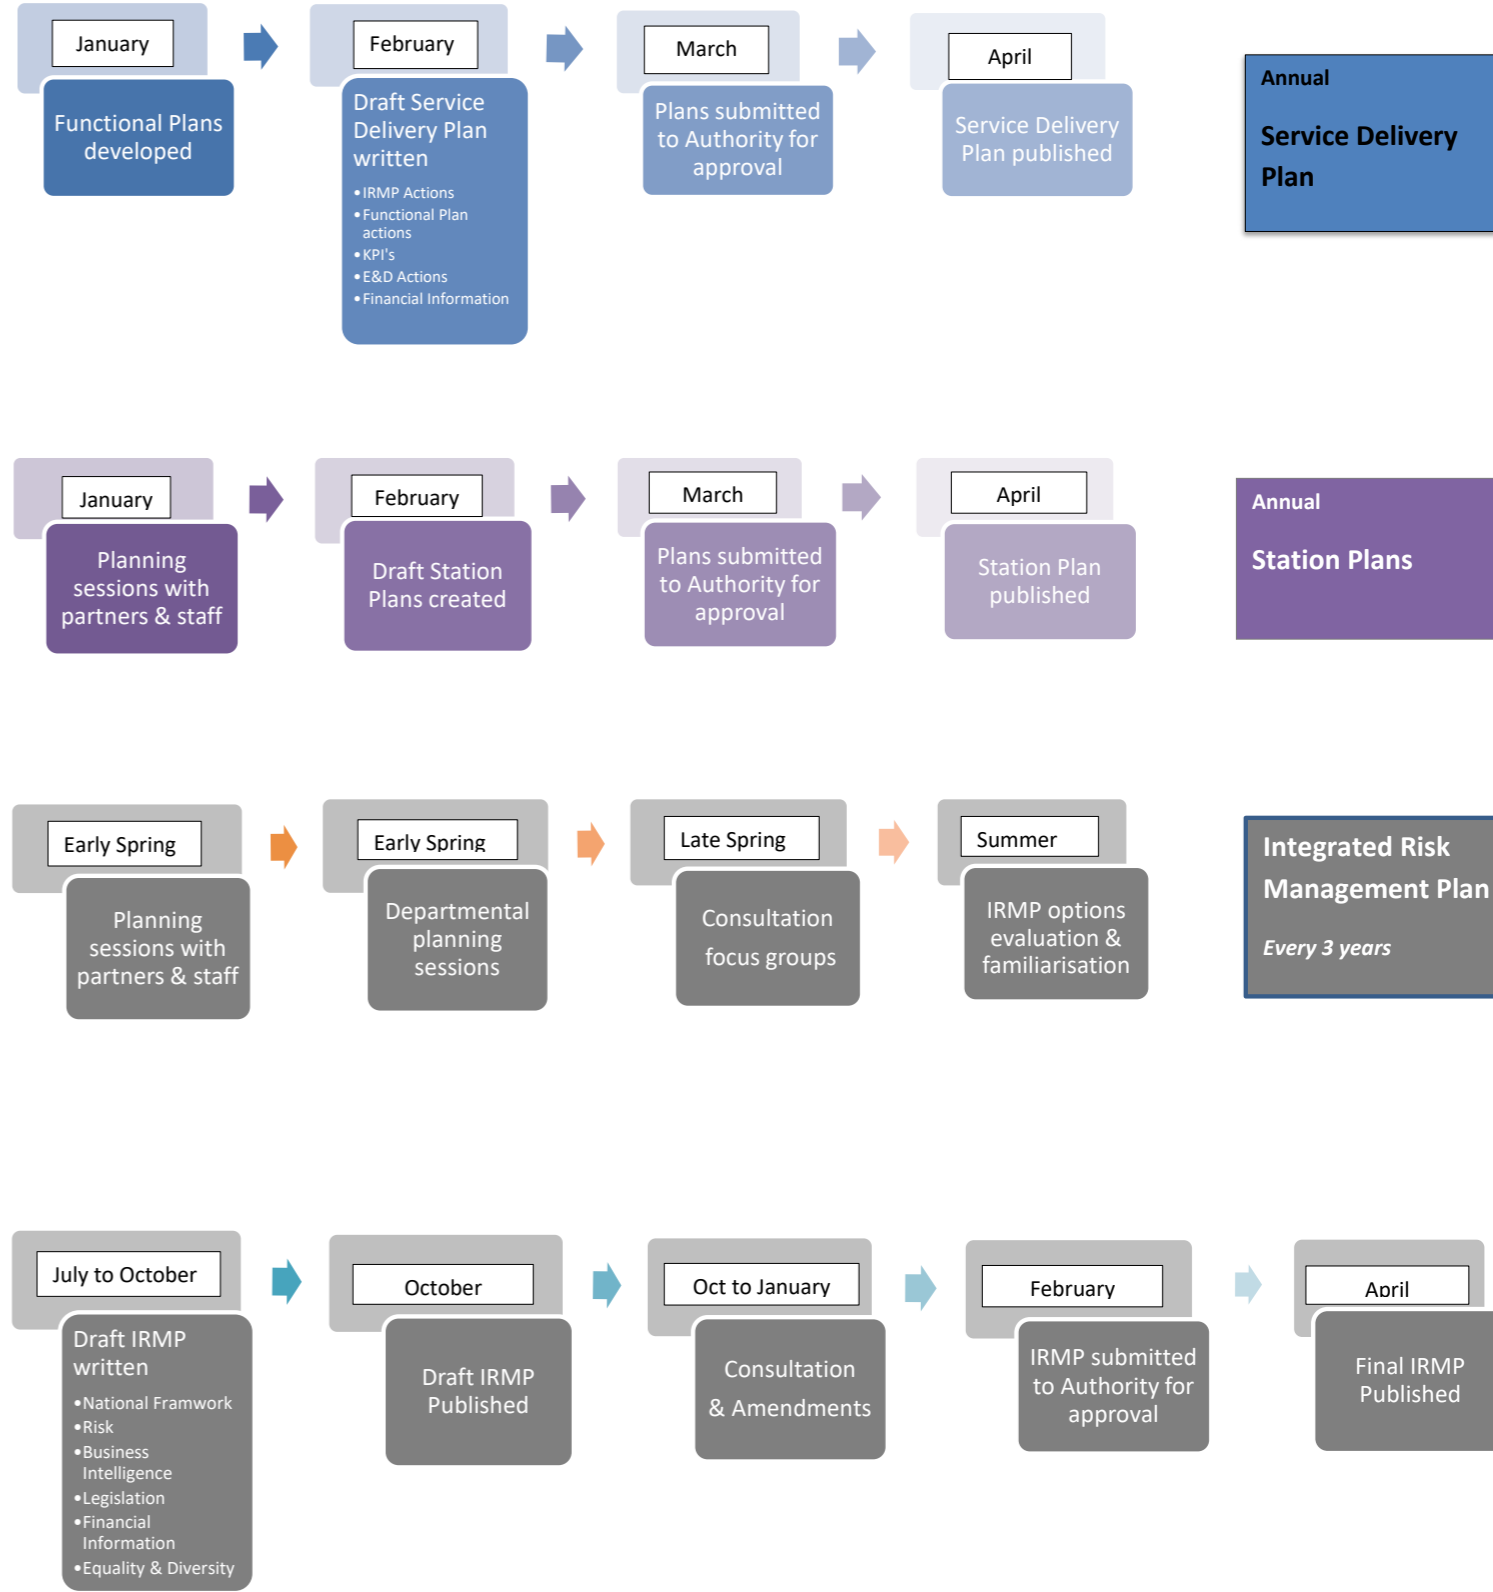

Zero Fire Deaths
