TITLE OF REPORT:	CORPORATE RISK REGISTER 2019-20 OCT TO MAR UPDATE		

APPENDICES:	APPENDIX A: CORPORATE RISK REGISTER 2019-20 OCT TO MARCH UPDATE
--------------------	--

Purpose of Report

1. To inform Members of the current risks contained within the Corporate Risk Register, the status of the risks and associated control measures, including any updates for the period October to March 2020.

Recommendation

2. That Members approve the updated Corporate Risk Register for 2019/20 which incorporates the current status of those risks to March 2020.

Introduction and Background

3. It is good practice to regularly review the internal and external risks to the on-going delivery of service by the Authority.
4. To that end, a Corporate Risk Register has been produced which focusses on the Mission and Aims of the Authority and aligns each risk to a specific aim. The Strategic Leadership Team (SLT) has reviewed the risks contained within the Corporate Risk Register and considered any new risks that might affect the Authority during 2019/20. The resultant risks have been scored against the original risk and re-scored following mitigation. The purpose of this report is to ask Members to review the updated Corporate Risk Register attached at Appendix 1 to consider any implications for the Authority.
5. SLT had previously considered the outcomes from an Internal Audit report from April 2017 that considered the Authority's approach to Risk Management. Overall compliance was found to be "Good", with some "Substantial" elements. The report also required the Authority to consider its risk appetite and tolerance and to ensure that the status of all risks is updated regularly. These actions have been completed.

6. The risk relating to the building of the new fire station at Saughall Massie has been removed from the register as the building is now complete and operational.
7. A new risk has been added to reflect the potential implications of the “McCloud” pension’s judgement. The decisions of the Court of Appeal in the Sargeant/McCloud (McCloud) cases have ruled that the transitional protections afforded to older members when the Firefighter Pension Scheme(s), FPS, and Local Government Pension Scheme, LGPS, constituted unlawful age discrimination. On 27th June 2019 the Supreme Court denied the Government permission to appeal this decision. Members should also note that structural changes have been made to enhance the Protection Department, which will help to improve capacity in that area. However, retention of Protection staff remains a challenge.
8. The Covid 19 outbreak has also been considered/referenced in a number of risk areas.

Equality and Diversity Implications

9. There are no equality and diversity implications arising from this report.

Staff Implications

10. There are no specific staff implications arising from this report

Legal Implications

11. Management of corporate risk and the application of suitable mitigation strategies affords the Authority security that should a risk become an issue then suitable control measures are in place to mitigate any impact.

Financial Implications & Value for Money

12. There are no financial implications contained within this report.

Risk Management, Health & Safety, and Environmental Implications

13. The assessment and mitigation of risk is essential in ensuring a safe working environment for all MFRA employees and its agents and consideration of its actions on the environment is paramount.

Contribution to Our Mission: *Safer Stronger Communities – Safe Effective Firefighters*

14. Knowledge of and response to a risk being realised is an essential component of ensuring that the Authority continues to deliver an effective and efficient service to the communities of Merseyside.
