Purpose of Report

2. That Members approve the updated Corporate Risk Register for 2020/21 which incorporates the current status of those risks to April 2021.

Introduction and Background

3. It is good practice to regularly review the internal and external risks to the on-going delivery of services by the Authority.
4. To that end, a Corporate Risk Register has been produced which focusses on the Mission and Aims of the Authority and aligns each risk to a specific aim. The Strategic Leadership Team (SLT) has reviewed the risks contained within the Corporate Risk Register and considered any new risks that might affect the Authority during 2020/21. The resultant risks have been scored against the original risk and re-scored following mitigation. The purpose of this report is to ask Members to review the updated Corporate Risk Register attached at Appendix 1 to consider any implications for the Authority.
5. SLT are reviewing the Corporate Risk Register to streamline the document.
6. SLT had previously considered the outcomes from an Internal Audit report from April 2017 that considered the Authority's approach to Risk Management. Overall

compliance was found to be “Good”, with some “Substantial” elements. The report also required the Authority to consider its risk appetite and tolerance and to ensure that the status of all risks is updated regularly. These actions have been completed.

7. The Covid 19 outbreak has also been considered/referenced in a number of risk areas.
