Name: Georgia Jones
For Grant Thornton UK LLP
Date: September 2023

The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit planning process. It is not a comprehensive record of all the relevant matters, which may be subject to change, and in particular we cannot be held responsible to you for reporting all of the risks which may affect the Authority or all weaknesses in your internal controls. This report has been prepared solely for your benefit and should not be quoted in whole or in part without our prior written consent. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: 30 Finsbury Square, London, EC2A 1AG. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority. Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions.

1. Headlines

This table summarises the key findings and other matters arising from the statutory audit of Merseyside Fire and Rescue Authority ('the Authority') and the preparation of the Authority's financial statements for the year ended 31 March 2023 for the attention of those charged with governance.

Financial Statements

Under International Standards of Audit (UK) (ISAs) and the National Audit Office (NAO) Code of Audit Practice ('the Code'), we are required to report whether, in our opinion:

- the Authority's financial statements give a true and fair view of the financial position of the Authority and its income and expenditure for the year; and
- have been properly prepared in accordance with the CIPFA/LASAAC code of practice on local authority accounting and prepared in accordance with the Local Audit and Accountability Act 2014.

We are also required to report whether other information published together with the audited financial statements (including the Annual Governance Statement (AGS), Narrative Report and Pension Fund Financial Statements), is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Our audit work was completed on site and remotely during July-September. Our findings are summarised on pages 6 to 19. We have identified 2 adjustments to the financial statements that have resulted in a £0.3m adjustment to the Authority's Comprehensive Income and Expenditure Statement. This is a decrease to the surplus. Audit adjustments are detailed in Appendix D. We have also raised recommendations for management as a result of our audit work. These are set out in Appendix B. Our follow up of recommendations from the prior year's audit are detailed in Appendix C.

Our work is substantially complete and there are no matters of which we are aware that would require modification of our audit opinion [Appendix H] or material changes to the financial statements, subject to the following outstanding matters;

- completion of our queries on sample testing for expenditure, completeness testing, debtors and creditors.
- finalisation of our testing on PPE valuations
- completion of our work on pensions
- final review by engagement lead
- receipt of management representation letter, see appendix G; and
- review of the final set of financial statements.

We have concluded that the other information to be published with the financial statements, is consistent with our knowledge of your organisation and the financial statements we have audited.

Our anticipated financial statements audit report opinion will be unqualified. Our work on the Authority's value for money (VFM) arrangements is not yet complete. The outcome of our VFM work will be reported in our commentary on the Authority's arrangements in our Auditor's Annual Report (AAR). We are satisfied this work does not have a material effect on our opinion on the financial statements for the year ended 31 March 2023.

1. Headlines

Value for Money (VFM) arrangements

Under the National Audit Office (NAO) Code of Audit Practice ('the Code'), we are required to consider whether the Authority has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources. Auditors are required to report in more detail on the Authority's overall arrangements, as well as key recommendations on any significant weaknesses in arrangements identified during the audit.

Auditors are required to report their commentary on the Authority's arrangements under the following specified criteria:

- Improving economy, efficiency and effectiveness;
- Financial sustainability; and
- Governance

We have not yet completed all of our VFM work and so are not in a position to issue our Auditor's Annual Report. An audit letter explaining the reasons for the delay is attached in the Appendix I to this report. We expect to issue our Auditor's Annual Report by December 2023. This is in line with the National Audit Office's revised deadline, which requires the Auditor's Annual Report to be issued no more than three months after the date of the opinion on the financial statements.

As part of our work, we considered whether there were any risks of significant weakness in the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources. We have not identified any risks of significant weaknesses at this stage.

Statutory duties

The Local Audit and Accountability Act 2014 ('the Act') also requires us to:

- report to you if we have applied any of the additional powers and duties ascribed to us under the Act; and
- to certify the closure of the audit.

We have not exercised any of our additional statutory powers or duties.

We expect to certify the completion of the audit upon the completion of our work on the Authority's VFM arrangements, which will be reported in our Annual Auditor's report in December 2023.

Significant matters

We did not encounter any significant difficulties or identify any significant matters arising during our audit.

1. Headlines

National context – audit backlog

Nationally there have been significant delays in the completion of audit work and the issuing of audit opinions across the local government sector. Only 12% of local government bodies had received audit opinions in time to publish their 2021/22 accounts by the extended deadline of 30 November. There has not been a significant improvement over this last year, and the situation remains challenging. We at Grant Thornton have a strong desire and a firm commitment to complete as many audits as soon as possible and to address the backlog of unsigned opinions.

Over the course of the last year, Grant Thornton has been working constructively with DLUHC, the FRC and the other audit firms to identify ways of rectifying the challenges which have been faced by our sector, and we recognise the difficulties these backlogs have caused authorities across the country. We have also published a report setting out our consideration of the issues behind the delays and our thoughts on how these could be mitigated. Please see [About time? \(grantthornton.co.uk\)](#)

We would like to thank everyone at the Authority, especially the finance team, for their support in working with us to meet the deadlines. The team have worked with us to ensure the audit is completed to the timescales required.

National context – level of borrowing

All Authorities are operating in an increasingly challenging national context. With inflationary pressures placing increasing demands on Authority budgets, there are concerns as Authorities to look for alternative ways to generate income. We have seen an increasing number of Authorities look to ways of utilising investment property portfolios as sources of recurrent income. Whilst there have been some successful ventures and some prudently funded by Authorities' existing resources, we have also seen some Authorities take excessive risks by borrowing sums well in excess of their revenue budgets to finance these investment schemes.

The impact of these huge debts on Authorities, the risk of potential bad debt write offs and the implications of the poor governance behind some of these decisions are all issues which now have to be considered by auditors across local authority audits. The Authority has been able to maintain its level of borrowing over the year despite having approval for additional borrowing due to the Training and Development site. The Authority should continue to manage its resources to avoid excess borrowing.

2. Financial Statements

Overview of the scope of our audit

This Audit Findings Report presents the observations arising from the audit that are significant to the responsibility of those charged with governance to oversee the financial reporting process, as required by International Standard on Auditing (UK) 260 and the Code of Audit Practice ('the Code'). Its contents have been discussed with management and the Audit Committee.

As auditor we are responsible for performing the audit, in accordance with International Standards on Auditing (UK) and the Code, which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements.

Audit approach

Our audit approach was based on a thorough understanding of the Authority's business and is risk based, and in particular included:

- An evaluation of the Authority's internal controls environment, including its IT systems and controls; and
- Substantive testing on significant transactions and material account balances, including the procedures outlined in this report in relation to the key audit risks

Conclusion

We have substantially completed our audit of your financial statements and subject to outstanding queries being resolved, we anticipate issuing an unqualified audit opinion following the Audit Committee meeting on 26 September 2023, as detailed in Appendix H. These outstanding items include:

- completion of our queries on sample testing for expenditure, completeness testing, debtors and creditors.
- finalisation of our testing on PPE valuations
- completion of our work on pensions
- final review by engagement lead
- receipt of management representation letter, see appendix G; and
- review of the final set of financial statements.

Acknowledgements

We would like to take this opportunity to record our appreciation for the assistance provided by the finance team and other staff.

2. Financial Statements

Our approach to materiality

The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law.

Materiality levels remain the same as reported in our audit plan on 24 May 2023.

We set out in this table our determination of materiality for Merseyside Fire and Rescue Authority.

	Authority Amount (£)	Qualitative factors considered
Materiality for the financial statements	1,781,000	We have used planning materiality which equates to 2% of your gross operating expenditure for 2021/22 year and 1.96% of your gross expenditure for 2022/23. On receipt of the draft financial statements for 2022/23 we deemed it appropriate to retain the planning materiality figures. This level is considered to be the level above which users of the financial statements would wish to be aware in the context of overall expenditure.
Performance materiality	1,335,750	This is based on specific risks and sensitivities at the Authority, such as the lack of deficiencies in control environment and quality of financial statements in prior years.
Trivial matters	89,000	This is the threshold for matters that are clearly inconsequential, whether taken individually or in aggregate.
Materiality for senior officer remuneration	See comment alongside	Due to the public interest in senior officer remuneration disclosures, we apply specific audit procedures and have not set a materiality level. We design our procedures to detect errors in specific accounts at a lower level of precision which we have determined to be applicable for senior officer remuneration disclosures. We will apply heightened auditor focus in the completeness and clarity of disclosures in this area and will request amendments to be made if any errors would alter the bandings reported for any individual.

2. Financial Statements: Significant risks

Significant risks are defined by ISAs (UK) as risks that, in the judgement of the auditor, require special audit consideration. In identifying risks, audit teams consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

This section provides commentary on the significant audit risks communicated in the Audit Plan.

Risks identified in our Audit Plan	Commentary
<p>Management override of controls</p> <p>Under ISA (UK) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in all entities. The Authority faces external scrutiny of its spending and this could potentially place management under undue pressure in terms of how they report performance.</p> <p>We therefore identified management override of control, in particular journals, management estimates, and transactions outside the course of business as a significant risk for the Authority, which was one of the most significant assessed risks of material misstatement.</p>	<p>We have:</p> <ul style="list-style-type: none"> • evaluated the design and implementation of management controls over journals • analysed the journals listing and determined the criteria for selecting high risk unusual journals • identified and tested unusual journals made during the year and the accounts production stage for appropriateness and corroboration • gained an understanding of the accounting estimates and critical judgements applied by management and considered their reasonableness <p>Our audit work in this area is complete and has not identified any issues in respect of management override of controls.</p>

2. Financial Statements: Significant risks

Risks identified in our Audit Plan

ISA240 revenue and expenditure recognition risk

Revenue:

ISA (UK) 240 includes a rebuttable presumed risk that revenue recognition may be misstated due to the improper recognition of revenue. This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.

Having considered the risk factors set out in ISA 240 and the nature of the revenue streams at the Authority, we have determined that the risk of fraud arising from revenue recognition can be rebutted because:

- There is little incentive to manipulate revenue recognition and opportunities to manipulate revenue recognition are very limited;
- The culture and ethical frameworks of local authorities, including Mersey Fire, mean that all forms of fraud are seen as unacceptable.

Expenditure:

In the public sector, whilst it is not a presumed significant risk, in line with the requirements of Practice Note (PN) 10: Audit of financial statements of public sector bodies in the United Kingdom - we also consider the risk of whether expenditure may be misstated due to the improper recognition of expenditure. This risk is rebuttable if the auditor concludes that there is no risk of material misstatement due to fraud relating to expenditure recognition.

Based on our assessment we consider that we are able to rebut the significant risk in relation to expenditure, but will nevertheless, and in line with PN10, recognise the heightened inherent risk of 'other service expenditure' in our audit scoping and testing assessment.

Commentary

As part of our final accounts audit process, we have reconsidered our rebuttal of both revenue and expenditure recognition and consider the rebuttal to still remain appropriate. Notwithstanding that we have rebutted these risks we have undertaken the following:

- reviewed and tested, on a sample basis, revenue and expenditure transactions
- obtained a listing from the cash book of non-pay payments made and received in April and May 2023 to ensure they have been charged to the appropriate year
- obtained a listing for the ledger of invoices received and paid in April and May 2023 to ensure they have been charged to the appropriate year
- substantively tested a sample of year-end accounts payable and accrual balances.

Our audit work in this area is ongoing and we have not identified any significant issues from the work completed to date.

2. Financial Statements: Significant risks

Risks identified in our Audit Plan

Valuation of land and buildings

The Authority revalue its land and buildings on a five year rolling basis, with 20% of assets valued each year and a desktop valuation performed on the remaining assets. In the intervening years, such as 2022/23, the Authority requests a confirmation from its engaged valuation expert (Dears Brack) to ensure that there is no material difference. This valuation (£81.2m in 2021/22) represents a significant estimate by management in the financial statements due to the size of the numbers involved and the sensitivity of this estimate to changes in key assumptions.

We therefore identified valuation of land and buildings as a significant risk, which was one of the most significant assessed risks of material misstatement.

Commentary

We have:

- updated our understanding of the processes and controls put in place by management to ensure that the Authority's valuation of land and buildings are not materially misstated and evaluate the design of the associated controls
- evaluated management's processes and assumptions for the calculation of the estimate, the instructions issued to valuation experts and the scope of their work
- evaluated the competence, capabilities and objectivity of the valuation expert
- discussed with the valuer the basis on which the valuation was carried out
- challenged the information and assumptions used by the valuer to assess completeness and consistency with our understanding
- tested revaluations made during the year to see if they had been input correctly into the Authority's asset register
- evaluated the assumptions made by management for those assets not revalued during the year and how management has satisfied themselves that these are not materially different to current value at year end.

We noted that all assets have been revalued in the year by either an inspection valuation or desktop valuation therefore there are no assets not revalued.

We challenged the valuer over the key assumptions such as obsolescence for properties and build costs applied for specialised properties, as well as the market value applied for non-specialised properties. During our review of the valuation report, we noted that the valuer has updated the measurement of Kirkdale Community Fire Station from previous years, and this update is attributed to a typo or calculation error in measurement. However applying this revised floor area to the value of the station last year indicates it may have been £1.046m under valued. At the time of writing we need the Authority to do more to demonstrate to us that other floor measurements are correct, as if there were other similar circumstances there is a possibility the total valuation could be materially mis-stated. We continue to recommend that the Authority maintains up-to-date and accurate floor plans to support the valuation process.

Our audit work is ongoing in respect of valuation of land and buildings, from the work completed to date we have not identified any significant issues.

2. Financial Statements: Significant risks

Risks identified in our Audit Plan

Valuation of the pension fund net liability and surplus

The Authority's pension fund net liability and surplus, as reflected in its balance sheet as the net defined benefit liability and net defined benefit asset, represents a significant estimate in the financial statements.

The pension fund net liability and surplus is considered a significant estimate due to the size of the numbers involved (asset of £2.038m and liability of £842,298m in the Authority's balance sheet) and the sensitivity of the estimate to changes in key assumptions.

The methods applied in the calculation of the IAS 19 estimates are routine and commonly applied by all actuarial firms in line with the requirements set out in the Code of practice for local government accounting (the applicable financial reporting framework). We have therefore concluded that there is not a significant risk of material misstatement in the IAS 19 estimate due to the methods and models used in their calculation. However, for the first time since IFRS have been adopted the Authority has had to consider the potential impact of IFRIC 14 - IAS 19 - the limit on a defined benefit asset. Because of this we have assessed the recognition and valuation of the pension asset as a significant risk.

The source data used by the actuaries to produce the IAS 19 estimates is provided by administering authorities and employers. We do not consider this to be a significant risk as this is easily verifiable.

The actuarial assumptions used are the responsibility of the entity but should be set on the advice given by the actuary.

A small change in the key assumptions (discount rate, inflation rate, salary increase and life expectancy) can have a significant impact on the estimated IAS 19 liability. In particular the discount and inflation rates, where our consulting actuary has indicated that a 0.1% change in these two assumptions would have approximately 1.5% effect on the liability/surplus. We have therefore concluded that there is a significant risk of material misstatement in the IAS 19 estimate due to the assumptions used in their calculation. With regard to these assumptions we have therefore identified valuation of the Authority's pension fund net liability as a significant risk.

Commentary

We have:

- Updated our understanding of the processes and controls put in place by management to ensure that the Authority's pension fund net surplus is not materially misstated and evaluate the design of the associated controls;
- evaluated the instructions issued by management to their management expert (an actuary) for this estimate and the scope of the actuary's work;
- assessed the competence, capabilities and objectivity of the actuary who carried out the Authority's pension fund valuation;
- assessed the accuracy and completeness of the information provided by the Authority to the actuary to estimate the liability;
- tested the consistency of the pension fund asset and liability and disclosures in the notes to the core financial statements with the actuarial report from the actuary;
- undertaken procedures to confirm the reasonableness of the actuarial assumptions made by reviewing the report of the consulting actuary (as auditor's expert) and performing any additional procedures suggested within the report;
- reviewed managements assessment of IFRIC 14 and completed our own audit procedures; and
- obtained assurances from the auditor of the Merseyside Pension Fund as to the controls surrounding the validity and accuracy of membership data; contributions data and benefits data sent to the actuary by the pension fund and the fund assets valuation in the pension fund financial statements.

As part of the audit we noted the Authority had netted off the pension surplus from the local Government Pension Scheme with the liability on the Firefighters Scheme. IAS 19 only permits offsetting where there is a legal right to use a surplus of one plan to settle the obligation in another plan as this is not the case, the Authority have amended the accounts to show the asset and liability separately.

Our audit work is ongoing in respect of valuation of the pension fund liability.

At the time of writing we are awaiting the letter of assurance from the Pension Fund auditor.

2. Financial Statements: key judgements and estimates

This section provides commentary on key estimates and judgements in line with the enhanced requirements for auditors.

Significant judgement or estimate	Summary of management's approach	Audit Comments	Assessment
Land and Building valuations – £88.165m	<p>Other land and buildings comprises £73.858m of specialised assets such as Fire Stations and Training School, which are required to be valued at depreciated replacement cost (DRC) at year end, reflecting the cost of a modern equivalent asset necessary to deliver the same service provision. The remainder of other land and buildings (£14.308m) are not specialised in nature and are required to be valued at market value at year end. The Authority has engaged Dears Brack to complete the valuation of properties as at 31st March 2023 on a five yearly cyclical basis. 20% of total assets were revalued during 2022/23, with a desktop valuation performed on the remaining assets.</p> <p>The total year end valuation of land and buildings was £88.165m, a net increase of £6.965m from 2021/22 (£81.200m).</p>	<p>We have reviewed and assessed the details supporting the estimates and judgements in this area, considering;</p> <ul style="list-style-type: none"> • Revised ISA540 requirements in guidance note; • Assessment of management's expert, your external valuer; • Completeness and accuracy of the underlying information used to determine the estimate • Appropriateness of any alternative site assumptions • Impact of any changes to valuation method • Consistency of estimate against near neighbours/BCIS report • Reasonableness of increase/decrease in estimate • Adequacy of disclosure of estimate in the financial statements <p>The valuation method remains consistent with the prior year.</p> <p>The valuer has prepared their valuations in accordance with RICS Valuation – Global Standards.</p>	Light Purple

Assessment

- [Dark Purple] We disagree with the estimation process or judgements that underpin the estimate and consider the estimate to be potentially materially misstated
- [Blue] We consider the estimate is unlikely to be materially misstated however management's estimation process contains assumptions we consider optimistic
- [Grey] We consider the estimate is unlikely to be materially misstated however management's estimation process contains assumptions we consider cautious
- [Light Purple] We consider management's process is appropriate and key assumptions are neither optimistic or cautious

2. Financial Statements: key judgements and estimates

Significant judgement or estimate	Summary of management's approach	Audit Comments	Assessment																								
<p>Net pension surplus – £2.038m Net pension liability - £842.298m</p> <p>IFRIC 14 addresses the extent to which an IAS 19 surplus can be recognised on the balance sheet and whether any additional liabilities are required in respect of onerous funding commitments.</p> <p>IFRIC 14 limits the measurement of the defined benefit asset to the 'present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.</p>	<p>The Authority's total net pension asset at 31 March 2023 is £2.038m (PY liability of £32.178m) comprising the Local Government Pension Scheme (Merseyside Pension Fund and a liability of £842.298m comprising the Firefighters pension Scheme and the unfunded element of the Local Government Pension Scheme. The Authority uses the Government Actuarial Department (GAD) and Mercers to provide actuarial valuations of the Authority's assets and liabilities derived from these schemes. A full actuarial valuation is required every three years.</p> <p>The latest full actuarial valuation was completed in 2023. Given the significant value of the net pension fund liability/surplus, small changes in assumptions can result in significant valuation movements. There has been a £315m net actuarial gain during 2022/23.</p>	<p>We have:</p> <ul style="list-style-type: none"> Assessed management's expert Assessed actuary's approach taken, and completed detail work undertaken to confirm reasonableness of approach <p>We have no concerns over the competence, capabilities and objectivity of the actuary used by the Authority.</p> <p>We have used the work of PwC, as auditors expert, to assess the actuary and assumptions made by the actuary – See below considerations of key assumptions in your pension fund valuation:</p> <table border="1"> <thead> <tr> <th>Assumption</th> <th>Actuary Value</th> <th>PwC range</th> <th>Assessment</th> </tr> </thead> <tbody> <tr> <td>Discount rate</td> <td>Mercer: 4.8% GAD: 4.65%</td> <td>4.70% - 4.90% 4.65%</td> <td>●</td> </tr> <tr> <td>Pension increase rate</td> <td>Mercer: 2.8% GAD: 2.60%</td> <td>2.80% 2.60%</td> <td>●</td> </tr> <tr> <td>Salary growth</td> <td>Mercer: 4.2% GAD: 3.85%</td> <td>3.95-4.25% 3.85%</td> <td>●</td> </tr> <tr> <td>Life expectancy – Males currently aged 45/65</td> <td>Mercer: 22.6/21.2 GAD: 22.9/21.2</td> <td>23.3-24.1/21.7-22.4 22.9-23.5/21.2-21.9</td> <td>●</td> </tr> <tr> <td>Life expectancy – Females currently aged 45/65</td> <td>Mercer: 25.5/23.7 GAD: 22.9/21.2</td> <td>25.3-26.0/23.5-24.2 22.9-25.0/21.2-23.5</td> <td>●</td> </tr> </tbody> </table> <p>The table above shows the male expectancy rate for Mercers being slightly less than the PwC range (0.7 for future pensioners and 0.5 for current pensioners). The impact of this is estimated at £0.619m decrease in the surplus reported. Therefore the estimate remains materially correct.</p>	Assumption	Actuary Value	PwC range	Assessment	Discount rate	Mercer: 4.8% GAD: 4.65%	4.70% - 4.90% 4.65%	●	Pension increase rate	Mercer: 2.8% GAD: 2.60%	2.80% 2.60%	●	Salary growth	Mercer: 4.2% GAD: 3.85%	3.95-4.25% 3.85%	●	Life expectancy – Males currently aged 45/65	Mercer: 22.6/21.2 GAD: 22.9/21.2	23.3-24.1/21.7-22.4 22.9-23.5/21.2-21.9	●	Life expectancy – Females currently aged 45/65	Mercer: 25.5/23.7 GAD: 22.9/21.2	25.3-26.0/23.5-24.2 22.9-25.0/21.2-23.5	●	Light Purple

Assessment

- [Dark Purple] We disagree with the estimation process or judgements that underpin the estimate and consider the estimate to be potentially materially misstated
- [Blue] We consider the estimate is unlikely to be materially misstated however management's estimation process contains assumptions we consider optimistic
- [Grey] We consider the estimate is unlikely to be materially misstated however management's estimation process contains assumptions we consider cautious
- [Light Purple] We consider management's process is appropriate and key assumptions are neither optimistic or cautious

2. Financial Statements: Information Technology

This section provides an overview of results from our assessment of Information Technology (IT) environment and controls which included identifying risks from the use of IT related to business process controls relevant to the financial audit. This includes an overall IT General Control (ITGC) rating per IT system and details of the ratings assigned to individual control areas.

IT application	Level of assessment performed	Overall ITGC rating	ITGC control area rating			Findings
			Security management	Technology acquisition, development and maintenance	Technology infrastructure	
E-financials	ITGC assessment (design effectiveness only)					We have noted that three members of the accounting team have the ability to post and authorize journals to the ledger and also hold administrator rights. This enables them to create new users and make changes to the ledger with minimal checks, indicating a lack of segregation of duties. This poses a higher risk of error or manipulation. We have reviewed the process around making changes to system user rights and did not identify any issues. However, we recommend that the authority review the procedures it has in place to monitor the activity of users with administrator rights.

Assessment

-  Significant deficiencies identified in IT controls relevant to the audit of financial statements
-  Non-significant deficiencies identified in IT controls relevant to the audit of financial statements/significant deficiencies identified but with sufficient mitigation of relevant risk
-  IT controls relevant to the audit of financial statements judged to be effective at the level of testing in scope
-  Not in scope for testing

2. Financial Statements: other communication requirements

We set out below details of other matters which we, as auditors, are required by auditing standards and the Code to communicate to those charged with governance.

Issue	Commentary
Matters in relation to fraud	We have previously discussed the risk of fraud with the Chair of the Audit Committee and been made aware of 2 instances. We have not been made aware of any incidents in the period and no other issues have been identified during the course of our audit procedures.
Matters in relation to related parties	We are not aware of any related parties or related party transactions which have not been disclosed. Our work identified a minor point in that the Authority were gifted a vase which was engraved. Because of the personalised nature of the gift it was accepted but should have been reported to the Audit Committee for completeness and transparency. A recommendation has been raised in Appendix B in respect of this.
Matters in relation to laws and regulations	You have not made us aware of any significant incidences of non-compliance with relevant laws and regulations and we have not identified any incidences from our audit work.
Written representations	A letter of representation has been requested from the Authority, which is set out at Appendix G. Specific representation has been requested from management in respect of the valuation as assets under construction.

2. Financial Statements: other communication requirements

Issue	Commentary
Confirmation requests from third parties	We requested from management permission to send confirmation requests to bank and investment bodies. This permission was granted and the requests were sent. All of these requests were returned with positive confirmations.
Accounting practices	We have evaluated the appropriateness of the Authority's accounting policies, accounting estimates and financial statement disclosures. Our review found no material omissions in the financial statements.
Audit evidence and explanations/ significant difficulties	All information and explanations requested from management was provided.

2. Financial Statements: other communication requirements

Our responsibility

As auditors, we are required to “obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the entity's ability to continue as a going concern” (ISA (UK) 570).

Issue	Commentary
Going concern	<p>In performing our work on going concern, we have had reference to Statement of Recommended Practice – Practice Note 10: Audit of financial statements of public sector bodies in the United Kingdom (Revised 2020). The Financial Reporting Authority recognises that for particular sectors, it may be necessary to clarify how auditing standards are applied to an entity in a manner that is relevant and provides useful information to the users of financial statements in that sector. Practice Note 10 provides that clarification for audits of public sector bodies.</p> <p>Practice Note 10 sets out the following key principles for the consideration of going concern for public sector entities:</p> <ul style="list-style-type: none"> the use of the going concern basis of accounting is not a matter of significant focus of the auditor's time and resources because the applicable financial reporting frameworks envisage that the going concern basis for accounting will apply where the entity's services will continue to be delivered by the public sector. In such cases, a material uncertainty related to going concern is unlikely to exist, and so a straightforward and standardised approach for the consideration of going concern will often be appropriate for public sector entities for many public sector entities, the financial sustainability of the reporting entity and the services it provides is more likely to be of significant public interest than the application of the going concern basis of accounting. Our consideration of the Authority's financial sustainability is addressed by our value for money work, which is covered elsewhere in this report. <p>Practice Note 10 states that if the financial reporting framework provides for the adoption of the going concern basis of accounting on the basis of the anticipated continuation of the provision of a service in the future, the auditor applies the continued provision of service approach set out in Practice Note 10. The financial reporting framework adopted by the Authority meets this criteria, and so we have applied the continued provision of service approach. In doing so, we have considered and evaluated:</p> <ul style="list-style-type: none"> the nature of the Authority and the environment in which it operates the Authority's financial reporting framework the Authority's system of internal control for identifying events or conditions relevant to going concern management's going concern assessment. <p>On the basis of this work, we have obtained sufficient appropriate audit evidence to enable us to conclude that:</p> <ul style="list-style-type: none"> a material uncertainty related to going concern has not been identified management's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

2. Financial Statements: other responsibilities under the Code

Issue	Commentary
Other information	<p>We are required to give an opinion on whether the other information published together with the audited financial statements including the Annual Governance Statement and Narrative Report, is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.</p> <p>No inconsistencies have been identified, one minor amendment was made to the Annual Governance Statement. We plan to issue an unmodified opinion in this respect – refer to Appendix H</p>
Matters on which we report by exception	<p>We are required to report on a number of matters by exception in a number of areas:</p> <ul style="list-style-type: none"> • if the Annual Governance Statement does not comply with disclosure requirements set out in CIPFA/SOLACE guidance or is misleading or inconsistent with the information of which we are aware from our audit, • if we have applied any of our statutory powers or duties. • where we are not satisfied in respect of arrangements to secure value for money and have reported [a] significant weakness/es. <p>We have nothing to report on these matters.</p>

2. Financial Statements: other responsibilities under the Code

Issue	Commentary
Specified procedures for Whole of Government Accounts	<p>We are required to carry out specified procedures (on behalf of the NAO) on the Whole of Government Accounts (WGA) consolidation pack under WGA group audit instructions.</p> <p>The guidance for 2022/23 has not yet been issued by the NAO however in previous years the Authority did not exceed the threshold required for the work and we expect this to be the case in 2022/23.</p>
Certification of the closure of the audit	<p>We intend to delay the certification of the closure of the 2022/23 audit of Merseyside Fire and Rescue Authority in the audit report, as detailed in Appendix H, due to incomplete VFM work and WGA.</p>

3. Value for Money arrangements (VFM)

Approach to Value for Money work for 2022/23

The National Audit Office issued its guidance for auditors in April 2020. The Code requires auditors to consider whether the body has put in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

When reporting on these arrangements, the Code requires auditors to structure their commentary on arrangements under the three specified reporting criteria.

Improving economy, efficiency and effectiveness

Arrangements for improving the way the body delivers its services. This includes arrangements for understanding costs and delivering efficiencies and improving outcomes for service users.

Financial Sustainability

Arrangements for ensuring the body can continue to deliver services. This includes planning resources to ensure adequate finances and maintain sustainable levels of spending over the medium term (3–5 years)

Governance

Arrangements for ensuring that the body makes appropriate decisions in the right way. This includes arrangements for budget setting and management, risk management, and ensuring the body makes decisions based on appropriate information

Potential types of recommendations

A range of different recommendations could be made following the completion of work on the body's arrangements to secure economy, efficiency and effectiveness in its use of resources, which are as follows:

Statutory recommendation

Written recommendations to the body under Section 24 (Schedule 7) of the Local Audit and Accountability Act 2014. A recommendation under schedule 7 requires the body to discuss and respond publicly to the report.

Key recommendation

The Code of Audit Practice requires that where auditors identify significant weaknesses in arrangements to secure value for money they should make recommendations setting out the actions that should be taken by the body. We have defined these recommendations as 'key recommendations'.

Improvement recommendation

These recommendations, if implemented should improve the arrangements in place at the body, but are not made as a result of identifying significant weaknesses in the body's arrangements

3. VFM: our procedures and conclusions

We have not yet completed all of our VFM work and so are not in a position to issue our Auditor's Annual Report. An audit letter explaining the reasons for the delay is attached in the Appendix I to this report.

We expect to issue our Auditor's Annual Report by December 2023. This is in line with the National Audit Office's revised deadline, which requires the Auditor's Annual Report to be issued no more than three months after the date of the opinion on the financial statements.

4. Independence and ethics

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention and consider that an objective reasonable and informed third party would take the same view. We have complied with the Financial Reporting Authority's Ethical Standard and confirm that we, as a firm, and each covered person, are independent and are able to express an objective opinion on the financial statements

We confirm that we have implemented policies and procedures to meet the requirements of the Financial Reporting Authority's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.

Further, we have complied with the requirements of the National Audit Office's Auditor Guidance Note 01 issued in May 2020 which sets out supplementary guidance on ethical requirements for auditors of local public bodies.

Details of fees charged are detailed in Appendix E.

Transparency

Grant Thornton publishes an annual Transparency Report, which sets out details of the action we have taken over the past year to improve audit quality as well as the results of internal and external quality inspections. For more details see [Grant Thornton International Transparency report 2023](#).

4. Independence and ethics

As part of our assessment of our independence we note the following matters:

Matter	Conclusion
Relationships with Grant Thornton	We are not aware of any relationships between Grant Thornton and the Authority that may reasonably be thought to bear on our integrity, independence and objectivity.
Relationships and Investments held by individuals	We have not identified any potential issues in respect of personal relationships or investments held by individuals.
Employment of Grant Thornton staff	We are not aware of any former Grant Thornton partners or staff being employed, or holding discussions in respect of employment, as a director or in a senior management role covering financial, accounting or control related areas.
Business relationships	We have not identified any business relationships between Grant Thornton and the Authority.
Contingent fees in relation to non-audit services	No contingent fee arrangements are in place for non-audit services provided.
Gifts and hospitality	We have not identified any gifts or hospitality provided to, or received from, a member of the Authority's board, senior management or staff.

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention and consider that an objective reasonable and informed third party would take the same view. The firm and each covered person have complied with the Financial Reporting Authority's Ethical Standard and confirm that we are independent and are able to express an objective opinion on the financial statements

Following this consideration we can confirm that we are independent and are able to express an objective opinion on the financial statements. In making the above judgement, we have also been mindful of the quantum of non-audit fees compared to audit fees disclosed in the financial statements and estimated for the current year.

A. Communication of audit matters to those charged with governance

Our communication plan	Audit Plan	Audit Findings
Respective responsibilities of auditor and management/those charged with governance	•	
Overview of the planned scope and timing of the audit, form, timing and expected general content of communications including significant risks	•	
Confirmation of independence and objectivity	•	•
A statement that we have complied with relevant ethical requirements regarding independence. Relationships and other matters which might be thought to bear on independence. Details of non-audit work performed by Grant Thornton UK LLP and network firms, together with fees charged. Details of safeguards applied to threats to independence	•	•
Significant findings from the audit		•
Significant matters and issue arising during the audit and written representations that have been sought		•
Significant difficulties encountered during the audit		•
Significant deficiencies in internal control identified during the audit		•
Significant matters arising in connection with related parties		•
Identification or suspicion of fraud involving management and/or which results in material misstatement of the financial statements		•
Non-compliance with laws and regulations		•
Unadjusted misstatements and material disclosure omissions		•
Expected modifications to the auditor's report, or emphasis of matter		•

ISA (UK) 260, as well as other ISAs (UK), prescribe matters which we are required to communicate with those charged with governance, and which we set out in the table here.

This document, the Audit Findings, outlines those key issues, findings and other matters arising from the audit, which we consider should be communicated in writing rather than orally, together with an explanation as to how these have been resolved.

Respective responsibilities

As auditor we are responsible for performing the audit in accordance with ISAs (UK), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance.

The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

Distribution of this Audit Findings report

Whilst we seek to ensure our audit findings are distributed to those individuals charged with governance, we are also required to distribute our findings to those members of senior management with significant operational and strategic responsibilities. We are grateful for your specific consideration and onward distribution of our report to all those charged with governance.

B. Action Plan – Audit of Financial Statements

We have identified 3 recommendations for the Authority as a result of issues identified during the course of our audit. We have agreed our recommendations with management. The matters reported here are limited to those deficiencies that we have identified during the course of our audit and that we have concluded are of sufficient importance to merit being reported to you in accordance with auditing standards.

Assessment	Issue and risk	Recommendations
● Low	<p>Note 4 Estimation Uncertainty</p> <p>The code requires the local authority to disclose any estimation uncertainty at the year end that that has a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year. The Authority have included a disclosure relating to arrears and provisions. However, there is no need to as they do not have a significant risk of material misstatement associated to them.</p>	<p>It is prudent to carefully balance the need for comprehensive disclosure with the potential to dilute the impact of other disclosures.</p> <p>Management response</p> <p>Whilst we accept the risk of material misstatement associated with the arrears and provisions figures is below that required to include any reference to these issues, it is felt that the information may be of interest to readers of the Statement of Accounts.</p>
● Low	<p>Note 33 Related Parties</p> <p>Our work identified a minor point in that the Authority were gifted a vase which was engraved. Because of the personalised nature of the gift it was accepted but should have been reported to the Audit Committee for completeness and transparency.</p>	<p>All gifts that are accepted should be reported to the Audit Committee.</p> <p>Management response</p> <p>The current policy is to report on gifts accepted by an individual of a reasonable value. The vase was estimated to be £50 in value and would have normally been refused but because it had been engraved and refusal may have caused some “political” difficulties it was accepted on behalf of the Authority and remains as an Authority asset. However, all gifts that are accepted (the current practice is not to accept any gifts) will all be reported to the Audit Committee.</p>
● High	<p>Floor plans</p> <p>We raised a recommendation last year that the Authority ensure floor plans are up to date and accurate. We have noted that a floor area has been updated for Kirkdale Fire Station as part of the valuation process this year, it being previously incorrect. The Authority must now ensure they are able to clearly demonstrate floor plans are an accurate reflection of floor area as this has the potential to have a material impact on valuations.</p>	<p>The Authority must now ensure they are able to clearly demonstrate floor plans are an accurate reflection of floor area .</p> <p>Management response</p> <p>The Service agreed as part of the last audit to review, and if required amend, the information on floor plans held by the Service. During 2022/23 as part of the review the Estates team not only considered their own records but also the data used by the independent valuer, who was tasked with providing property values for inclusion in the statement of accounts. During this review the Estates team found that the valuer had understated the floor area for Kirkdale fire station, however the Service records had the correct information. Therefore the valuer had understated the value of Kirkdale fire station. While the Estates team are confident that the property and floor area records they hold are accurate, they have committed to, over the coming weeks, review and confirm their information and then reconcile it with that used by the valuer. This exercise should be completed by mid to late October.</p>

Controls

- High – Significant effect on financial statements
- Medium – Limited Effect on financial statements
- Low – Best practice

C. Follow up of prior year recommendations

We identified the following issues in the audit of Merseyside Fire and Rescue Authority's 2021/22 financial statements, which resulted in 3 recommendations being reported in our 2021/22 Audit Findings report. We have followed up on the implementation of our recommendations and note 2 are still to be completed.

Assessment	Issue and risk previously communicated	Update on actions taken to address the issue
X	<p>Depreciation asset lives</p> <p>Our audit work identified a number of assets which have been fully depreciated and written out of the asset register yet remain in use. The implication being that the original life allocated to the asset may not have been accurate.</p>	This recommendation remains in the current year. Note the Authority agreed only to amend IF it was felt the asset had some economic residual value, most assets are simply held for resilience purposes in case of a once in a lifetime event or an unplanned events.
X	<p>Floor plans</p> <p>Our audit work identified the Authority have floor plans in place but the measurements stated on the floor plans are not always accurate. It is important for the Authority to maintain up to date and accurate floor plans to support the valuation process.</p>	This recommendation remains in the current year see updated response on page 26.
✓	<p>Land Registry</p> <p>Our audit work identified one property which had transferred to the Authority. However, the Land Registry have not updated their record's to confirm the land was owned by the Merseyside Fire and Rescue Authority.</p> <p>The Authority were unable to show us confirmation this had been requested. Although we are satisfied this has now been requested.</p>	This has been implemented in 2022/23

Assessment

- ✓ Action completed
- X Not yet addressed

D. Audit Adjustments

We are required to report all non trivial misstatements to those charged with governance, whether or not the accounts have been adjusted by management.

Impact of adjusted misstatements

All adjusted misstatements are set out in detail below along with the impact on the key statements and the reported net expenditure for the year ending 31 March 2023.

Detail	Comprehensive Income and Expenditure Statement £'000	Statement of Financial Position £' 000	Impact on total net expenditure £'000	Impact on general fund £'000
Land valuation	300	-300	300	300
Pension surplus and deficit from the 2 funds has been amended on the face of the balance sheet to show these separately	0	Dr Pension asset 2,038 Cr other long term liability 2,038	0	0
Overall impact	£300	(£300)	£300	£300

D. Audit Adjustments (continued)

Misclassification and disclosure changes

The table below provides details of misclassification and disclosure changes identified during the audit which have been made in the final set of financial statements.

Disclosure/issue/Omission	Auditor recommendations	Adjusted?
Narrative Report by the Director of Finance and Procurement	Minor amendment made to performance indicator's name (typo only)	✓
Annual Governance Statement	Minor amendment made to enhance the role of the s151 officer and internal audit	✓

Impact of unadjusted misstatements

To date we have not identified any non trivial amendments which have not been amended.

E. Fees and non-audit services

We confirm below our final fees charged for the audit, no non-audit or audited related services have been undertaken for the Authority.

Audit fees	Proposed fee	Final fee
Scale fee	30,392	TBC
Additional work on Value for Money (VfM) under new NAO Code	8,000	TBC
Increased audit requirements of revised ISAs 540	1,800	TBC
Enhanced audit procedures on journals testing (not included in the Scale Fee)	2,000	TBC
Enhanced audit procedures for Payroll – Change of circumstances	500	TBC
Increased audit requirements of revised ISAs 315/ 240	2,000	TBC
Total audit fees (excluding VAT)	£44,692	TBC

The fees reconcile to the financial statements:

- fees per financial statements 45,931
- additional fee in relation to 2021/22 (1,113)
- over accrual (126)
- total fees per above 44,692

F. Auditing developments

Revised ISAs

There are changes to the following ISA (UK):

ISA (UK) 315 (Revised July 2020) 'Identifying and Assessing the Risks of Material Misstatement'

This impacts audits of financial statement for periods commencing on or after 15 December 2021.

ISA (UK) 220 (Revised July 2021) 'Quality Management for an Audit of Financial Statements'

ISA (UK) 240 (Revised May 2021) 'The Auditor's Responsibilities Relating to Fraud in an Audit of Financial Statements'

A summary of the impact of the key changes on various aspects of the audit is included below:

These changes will impact audit for audits of financial statement for periods commencing on or after 15 December 2022.

Area of change	Impact of changes
Risk assessment	The nature, timing and extent of audit procedures performed in support of the audit opinion may change due to clarification of: <ul style="list-style-type: none"> the risk assessment process, which provides the basis for the assessment of the risks of material misstatement and the design of audit procedures the identification and extent of work effort needed for indirect and direct controls in the system of internal control the controls for which design and implementation needs to be assess and how that impacts sampling the considerations for using automated tools and techniques.
Direction, supervision and review of the engagement	Greater responsibilities, audit procedures and actions are assigned directly to the engagement partner, resulting in increased involvement in the performance and review of audit procedures.
Professional scepticism	The design, nature, timing and extent of audit procedures performed in support of the audit opinion may change due to: <ul style="list-style-type: none"> increased emphasis on the exercise of professional judgement and professional scepticism an equal focus on both corroborative and contradictory information obtained and used in generating audit evidence increased guidance on management and auditor bias additional focus on the authenticity of information used as audit evidence a focus on response to inquiries that appear implausible
Definition of engagement team	The definition of engagement team when applied in a group audit, will include both the group auditors and the component auditors. The implications of this will become clearer when the auditing standard governing special considerations for group audits is finalised. In the interim, the expectation is that this will extend a number of requirements in the standard directed at the 'engagement team' to component auditors in addition to the group auditor. <ul style="list-style-type: none"> Consideration is also being given to the potential impacts on confidentiality and independence.
Fraud	The design, nature timing and extent of audit procedures performed in support of the audit opinion may change due to: <ul style="list-style-type: none"> clarification of the requirements relating to understanding fraud risk factors additional communications with management or those charged with governance
Documentation	The amendments to these auditing standards will also result in additional documentation requirements to demonstrate how these requirements have been addressed.

G. Management Letter of Representation

[LETTER TO BE WRITTEN ON CLIENT HEADED PAPER]

Grant Thornton UK LLP

Royal Liver Building

Liverpool

L3 1PS

[Date] – {TO BE DATED SAME DATE AS DATE OF AUDIT OPINION}

Dear Grant Thornton UK LLP

Merseyside Fire and Rescue Authority Financial Statements for the year ended 31 March 2023

This representation letter is provided in connection with the audit of the financial statements of Merseyside Fire and Rescue Authority for the year ended 31 March 2023 for the purpose of expressing an opinion as to whether the Authority financial statements give a true and fair view in accordance with International Financial Reporting Standards, and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2022/23 and applicable law.

We confirm that to the best of our knowledge and belief having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves:

Financial Statements

- i. We have fulfilled our responsibilities for the preparation of the Authority's financial statements in accordance with International Financial Reporting Standards and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2022/23 ("the Code"); in particular the financial statements are fairly presented in accordance therewith.

- ii. We have complied with the requirements of all statutory directions affecting the Authority and these matters have been appropriately reflected and disclosed in the financial statements.
- iii. The Authority has complied with all aspects of contractual agreements that could have a material effect on the financial statements in the event of non-compliance. There has been no non-compliance with requirements of any regulatory authorities that could have a material effect on the financial statements in the event of non-compliance.
- iv. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
- v. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable. Such accounting estimates include land and building valuations and pensions asset and liability valuations. We are satisfied that the material judgements used in the preparation of the financial statements are soundly based, in accordance with the Code and adequately disclosed in the financial statements. We understand our responsibilities includes identifying and considering alternative, methods, assumptions or source data that would be equally valid under the financial reporting framework, and why these alternatives were rejected in favour of the estimate used. We are satisfied that the methods, the data and the significant assumptions used by us in making accounting estimates and their related disclosures are appropriate to achieve recognition, measurement or disclosure that is reasonable in accordance with the Code and adequately disclosed in the financial statements.
- vi. We confirm that we are satisfied that the actuarial assumptions underlying the valuation of pension scheme assets and liabilities for IAS19 Employee Benefits disclosures are consistent with our knowledge. We confirm that all settlements and curtailments have been identified and properly accounted for. We also confirm that all significant post-employment benefits have been identified and properly accounted for.

G. Management Letter of Representation (cont)

- vii. Except as disclosed in the financial statements:
 - a. there are no unrecorded liabilities, actual or contingent
 - b. none of the assets of the Authority has been assigned, pledged or mortgaged
 - c. there are no material prior year charges or credits, nor exceptional or non-recurring items requiring separate disclosure.
- viii. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of International Financial Reporting Standards and the Code.
- ix. All events subsequent to the date of the financial statements and for which International Financial Reporting Standards and the Code require adjustment or disclosure have been adjusted or disclosed.
- x. We have considered the adjusted misstatements, and misclassification and disclosures changes schedules included in your Audit Findings Report. The Authority's financial statements have been amended for these misstatements, misclassifications and disclosure changes and are free of material misstatements, including omissions.
- xi. We have considered the unadjusted misstatements schedule included in your Audit Findings Report. We have not adjusted the financial statements for these misstatements brought to our attention as they are immaterial to the results of the Authority and its financial position at the year-end. The financial statements are free of material misstatements, including omissions.
- xii. Actual or possible litigation and claims have been accounted for and disclosed in accordance with the requirements of International Financial Reporting Standards.
- xiii. We have no plans or intentions that may materially alter the carrying value or classification of assets and liabilities reflected in the financial statements.

- xiv. We have updated our going concern assessment. We continue to believe that the Authority's financial statements should be prepared on a going concern basis and have not identified any material uncertainties related to going concern on the grounds that :
 - a. the nature of the Authority means that, notwithstanding any intention to cease its operations in their current form, it will continue to be appropriate to adopt the going concern basis of accounting because, in such an event, services it performs can be expected to continue to be delivered by related public authorities and preparing the financial statements on a going concern basis will still provide a faithful representation of the items in the financial statements
 - b. the financial reporting framework permits the entry to prepare its financial statements on the basis of the presumption set out under a) above; and
 - c. the Authority's system of internal control has not identified any events or conditions relevant to going concern.

We believe that no further disclosures relating to the Authority's ability to continue as a going concern need to be made in the financial statements

- xv. The Authority has complied with all aspects of ring-fenced grants that could have a material effect on the Authority's financial statements in the event of non-compliance.
- xvi. We have reviewed the value of the assets under construction included within Note 12 Property, Plant and Equipment in the financial statements. These assets are valued at cost. We have reviewed the basis of the valuation and the costs incurred to date. We have considered if any impairment is required in relation to this valuation and have concluded we are satisfied that no impairment is necessary. We are satisfied that the assets within this category are disclosed at the correct value and not materially mis-stated.

G. Management Letter of Representation (cont)

Information Provided

- xvii. We have provided you with:
- a. access to all information of which we are aware that is relevant to the preparation of the Authority's financial statements such as records, documentation and other matters;
 - b. additional information that you have requested from us for the purpose of your audit; and
 - c. access to persons within the Authority via remote arrangements from whom you determined it necessary to obtain audit evidence.
- xviii. We have communicated to you all deficiencies in internal control of which management is aware.
- xix. All transactions have been recorded in the accounting records and are reflected in the financial statements.
- xx. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- xxi. We have disclosed to you all information in relation to fraud or suspected fraud that we are aware of and that affects the Authority and involves:
- a. management;
 - b. employees who have significant roles in internal control; or
 - c. others where the fraud could have a material effect on the financial statements.
- xxii. We have disclosed to you all information in relation to allegations of fraud, or suspected fraud, affecting the financial statements communicated by employees, former employees, analysts, regulators or others.
- xxiii. We have disclosed to you all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing financial statements.

- xxiv. We have disclosed to you the identity of the Authority's related parties and all the related party relationships and transactions of which we are aware.
- xxv. We have disclosed to you all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements.

Annual Governance Statement

- xxvi. We are satisfied that the Annual Governance Statement (AGS) fairly reflects the Authority's risk assurance and governance framework and we confirm that we are not aware of any significant risks that are not disclosed within the AGS.

Narrative Report

- xxvii. The disclosures within the Narrative Report fairly reflect our understanding of the Authority's financial and operating performance over the period covered by the Authority's financial statements.

Approval

The approval of this letter of representation was minuted by the Authority's Audit Committee at its meeting on 26 September 2023.

Yours faithfully

Signed on behalf of the Authority

H. Audit opinion - DRAFT

Our audit opinion is included below.

We anticipate we will provide the Authority with an unmodified audit report

Independent auditor's report to the members of Merseyside Fire and Rescue Authority

Report on the audit of the financial statements

Opinion on financial statements

We have audited the financial statements of Merseyside Fire and Rescue Authority (the 'Authority') for the year ended 31 March 2023, which comprise the Comprehensive Income and Expenditure Statement, the Movement in Reserves Statement, the Balance Sheet, the Cash Flow Statement, and notes to the financial statements, including a summary of significant accounting policies and include the firefighters' pension fund accounts comprising the Fund Account, the Net Assets Statement and notes to the pension fund accounts. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2022/23.

In our opinion, the financial statements:

- give a true and fair view of the financial position of the Authority as at 31 March 2023 and of its expenditure and income for the year then ended;
- have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2022/23; and
- have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law, as required by the Code of Audit Practice (2020) ("the Code of Audit Practice") approved by the Comptroller and Auditor General. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are

independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are responsible for concluding on the appropriateness of the Director of Finance & Procurement's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the Authority to cease to continue as a going concern.

In our evaluation of the Director of Finance & Procurement's conclusions, and in accordance with the expectation set out within the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2022/23 that the Authority's financial statements shall be prepared on a going concern basis, we considered the inherent risks associated with the continuation of services provided by the Authority. In doing so we had regard to the guidance provided in Practice Note 10 Audit of financial statements and regularity of public sector bodies in the United Kingdom (Revised 2022) on the application of ISA (UK) 570 Going Concern to public sector entities. We assessed the reasonableness of the basis of preparation used by the Authority and the Authority's disclosures over the going concern period.

In auditing the financial statements, we have concluded that the Director of Finance & Procurement's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Authority's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.³⁵

H. Audit opinion (Continued)

Our responsibilities and the responsibilities of the Director of Finance & Procurement with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the Statement of Accounts, other than the financial statements and our auditor's report thereon. The Director of Finance & Procurement is responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other information we are required to report on by exception under the Code of Audit Practice

Under the Code of Audit Practice published by the National Audit Office in April 2020 on behalf of the Comptroller and Auditor General (the Code of Audit Practice) we are required to consider whether the Annual Governance Statement does not comply with 'Delivering Good Governance in Local Government Framework 2016 Edition' published by CIPFA and SOLACE, or is misleading or inconsistent with the information of which we are aware from our audit. We are not required to consider whether the Annual Governance Statement addresses all risks and controls or that risks are satisfactorily addressed by internal controls.

We have nothing to report in this regard.

Opinion on other matters required by the Code of Audit Practice

In our opinion, based on the work undertaken in the course of the audit of the financial statements, the other information published together with the financial statements in the Statement of Accounts for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

Under the Code of Audit Practice, we are required to report to you if:

- we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make a written recommendation to the Authority under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or;
- we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014, in the course of, or at the conclusion of the audit.

We have nothing to report in respect of the above matters.

Responsibilities of the Authority and the Director of Finance & Procurement

As explained more fully in the Statement of Responsibilities set out on page 94, the Authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Director of Finance & Procurement. The Director of Finance & Procurement is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2022/23, for being satisfied that they give a true and fair view, and for such internal control as the Director of Finance & Procurement determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Director of Finance & Procurement is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they have been informed by the relevant national body of the intention to dissolve the Authority without the transfer of its services to another public sector entity.

H. Audit opinion (Continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. Irregularities, including fraud, are instances of non-compliance with laws and regulations. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

We obtained an understanding of the legal and regulatory frameworks that are applicable to the Authority and determined that the most significant which are directly relevant to specific assertions in the financial statements are those related to the reporting frameworks (the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2022/23, the Local Audit and Accountability Act 2014, the Accounts and Audit Regulations 2015, the Local Government Act 2003, the Public Service Pensions Act 2013, the Firefighters' Pension Scheme (England) Regulations 2014 and the Firefighters' Pension Scheme (England) Order 2006).

We enquired of management and the audit committee, concerning the Authority's policies and procedures relating to:

- the identification, evaluation and compliance with laws and regulations;
- the detection and response to the risks of fraud; and
- the establishment of internal controls to mitigate risks related to fraud or non-compliance with laws and regulations.

We enquired of management, internal audit and the audit committee, whether they were aware of any instances of non-compliance with laws and regulations or whether they had any knowledge of actual, suspected or alleged fraud.

We assessed the susceptibility of the Authority's financial statements to material misstatement, including how fraud might occur, by evaluating management's incentives and opportunities for manipulation of the financial statements. This included the evaluation of the risk of management override of controls. We determined that the principal risks were in relation to processing of inappropriate journals, in this regard we

tested journals posted to accruals over performance materiality, material closing entry journals, journals which involved a credit to expenditure codes and a random selection of journals throughout the period. Our audit procedures involved:

- evaluation of the design effectiveness of controls that management has in place to prevent and detect fraud,
- journal entry testing, with a focus on material year end manual journals with high risk characteristics,
- challenging assumptions and judgements made by management in its significant accounting estimates in respect of land and building and defined pension asset and liability valuations, and
- assessing the extent of compliance with the relevant laws and regulations as part of our procedures on the related financial statement item.

These audit procedures were designed to provide reasonable assurance that the financial statements were free from fraud or error. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error and detecting irregularities that result from fraud is inherently more difficult than detecting those that result from error, as fraud may involve collusion, deliberate concealment, forgery or intentional misrepresentations. Also, the further removed non-compliance with laws and regulations is from events and transactions reflected in the financial statements, the less likely we would become aware of it.

We communicated relevant laws and regulations and potential fraud risks to all engagement team members, including significant accounting estimates related to property, plant and equipment and accruals. We remained alert to any indications of non-compliance with laws and regulations, including fraud, throughout the audit.

Our assessment of the appropriateness of the collective competence and capabilities of the engagement team included consideration of the engagement team's:

- understanding of, and practical experience with audit engagements of a similar nature and complexity through appropriate training and participation
- knowledge of the local government sector

H. Audit opinion (Continued)

- understanding of the legal and regulatory requirements specific to the Authority including:
 - the provisions of the applicable legislation
 - guidance issued by CIPFA/LASAAC and SOLACE
 - the applicable statutory provisions.

In assessing the potential risks of material misstatement, we obtained an understanding of:

- the Authority's operations, including the nature of its income and expenditure and its services and of its objectives and strategies to understand the classes of transactions, account balances, expected financial statement disclosures and business risks that may result in risks of material misstatement.
- the Authority's control environment, including the policies and procedures implemented by the Authority to ensure compliance with the requirements of the financial reporting framework.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on other legal and regulatory requirements – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Matter on which we are required to report by exception – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Under the Code of Audit Practice, we are required to report to you if, in our opinion, we have not been able to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2023.

Our work on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources is not yet complete. The outcome of our work will be reported in our commentary on the Authority's arrangements in our Auditor's Annual Report. If we identify any significant weaknesses in these arrangements, these will be reported by exception in a further auditor's report. We are satisfied that this work does not have a material effect on our opinion on the financial statements for the year ended 31 March 2023.

Responsibilities of the Authority

The Authority is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

Auditor's responsibilities for the review of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We undertake our review in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in January 2023. This guidance sets out the arrangements that fall within the scope of 'proper arrangements'. When reporting on these arrangements, the Code of Audit Practice requires auditors to structure their commentary on arrangements under three specified reporting criteria:

- Financial sustainability: how the Authority plans and manages its resources to ensure it can continue to deliver its services;
- Governance: how the Authority ensures that it makes informed decisions and properly manages its risks; and
- Improving economy, efficiency and effectiveness: how the Authority uses information about its costs and performance to improve the way it manages and delivers its services.

We document our understanding of the arrangements the Authority has in place for each of these three specified reporting criteria, gathering sufficient evidence to support our risk assessment and commentary in our Auditor's Annual Report. In undertaking our work, we consider whether there is evidence to suggest that there are significant weaknesses in arrangements.

H. Audit opinion (Continued)

Report on other legal and regulatory requirements – Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate for Merseyside Fire and Rescue Authority for the year ended 31 March 2023 in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice until we have completed:

- our work on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources
- the work necessary to issue our Whole of Government Accounts (WGA) Component Assurance statement for the Authority for the year ended 31 March 2023.

We are satisfied that this work does not have a material effect on the financial statements for the year ended 31 March 2022.

Use of our report

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 44 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the Authority's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Date:

I. Audit letter in respect of delayed VFM work

Cllr Janet Grace
Chair of Audit Committee
Fire Service Headquarters
26 September 2023

Dear Cllr Grace

Under the 2020 Code of Audit Practice, for relevant authorities other than local NHS bodies we are required to issue our Auditor's Annual Report no later than 30 September or, where this is not possible, issue an audit letter setting out the reasons for delay.

As a result of the ongoing pandemic, and the impact it has had on both preparers and auditors of accounts to complete their work as quickly as would normally be expected, the National Audit Office has updated its guidance to auditors to allow us to postpone completion of our work on arrangements to secure value for money and focus our resources firstly on the delivery of our opinions on the financial statements. This is intended to help ensure as many as possible could be issued in line with national timetables and legislation.

As a result, we have therefore not yet issued our Auditor's Annual Report for 2022-23, including our commentary on arrangements to secure value for money. We now expect to publish our report no later than 31 December 2023.

For the purposes of compliance with the 2020 Code, this letter constitutes the required audit letter explaining the reasons for delay

Yours faithfully

Georgia Jones
Director
