Introduction and Background

3. The Fire and Rescue Service National Framework published in 2012 and revised in 2018 sets out a requirement for fire and rescue authorities to publish an annual Statement of Assurance. It says:

'Fire and rescue authorities must provide annual assurance to their community and to Government on financial, governance and operational matters.

4. The National Framework goes on to say that the statement should outline the way in which the authority and its fire and rescue service has had regard – in the period covered by the document (April 2022 to March 2023) – to the National Framework, the Integrated Risk Management Plan and to any strategic plans prepared by the authority for that period.

5. Where fire and rescue authorities have already set out relevant information that is clear, accessible and user-friendly within existing documents, they may wish to include extracts, or links to these documents within their statement of assurance.
6. With this in mind, the Authority's Statement of Assurance April 2022 to March 2023 has been prepared in a way that does not substantially duplicate existing plans, reports and other documents, but instead includes links to existing documents held on the MFRA website, or in some cases to documents held by other organisations or within Governmental departments.

Equality and Diversity Implications

7. Accessibility has been considered and although the Statement is designed to be read as an electronic document with links to other documents and information, hard copies of documents will be provided on request.
