PART 1 – SUMMARY AND EXPLANATION

Merseyside Fire and Rescue Authority has agreed a Constitution which sets out how the Authority operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local citizens. Some of these processes are required by the law, while others are matters for the Authority to agree.

This Constitution details how the Authority conducts its business and includes detailed procedures and codes of practice.

What is in the Constitution?

The Constitution sets out the primary purpose of the Authority, explaining how the key parts of the Authority operate, including the rights of citizens.

How the Fire & Rescue Authority Operates

The Authority is made up of eighteen (18) Members, who must be elected to one (1) of the five (5) constituent district councils within Merseyside (Knowsley, Liverpool, Sefton, St Helens and Wirral), the Police and Crime Commissioner for Merseyside plus there is a further non-voting Independent Member who has been co-opted onto the Authority for standards and scrutiny purposes. Members of the Authority have a responsibility to the whole community of Merseyside and are directly accountable to the people of Merseyside for the running of the Fire & Rescue Service. Members also work closely with Officers in developing policies, plans and strategies to give direction to the Service and to ensure that Services are delivered in line with the Authority's objectives.

Members have agreed to follow an approved Code of Conduct designed to ensure high standards in the way they carry out their duties. The Audit Committee, assisted by the Appeals Committee where necessary, monitors standards and deals with any complaints. The Audit Committee additionally deals with any issues in respect of disciplinary procedures and any allegations thereof for Relevant Officers.

All Members meet and make decisions together as the Fire and Rescue Authority. Meetings of the Authority are normally open to the public. Members decide the Authority's overall policies and set the budget each year. At the Annual Meeting they establish and make appointments to the various committees, as well as appointing the Chair and Vice Chair of the Authority and its committees.

How Decisions Are Made

The Authority has ultimate responsibility for decision making but has delegated many decisions to committees as part of their terms of reference (Articles 8 to 19) and officers as described in the Authority's Scheme of Delegated Powers.

The Authority's Staff

The Authority has people working for it (described as "Officers") to give advice, to implement decisions and to manage and deliver Services. Some Officers are appointed by law, such as

the Chief Fire Officer, the Director of Finance and Procurement who is the Chief Financial Officer, and the Monitoring Officer. The Monitoring Officer has a specific legal duty to ensure that the Authority acts within the law. A Member Officer Relations Protocol has been approved to govern the relationships between Officers and Members of the Authority.

Citizens' Rights

The Authority welcomes citizens to attend its public meetings.

Citizens have a number of rights in their dealings with the Authority. Some of these are legal rights, whereas other rights depend upon the Authority's own processes. Citizens' rights include the following:

- The right to attend meetings of the Authority and its committees except where, for example, personal or confidential matters are being discussed.
- To inspect agendas and reports, except those which contain, for example, personal or confidential matters.
- To obtain a copy of the Constitution.
- To see reports and background papers (save for exempt or confidential items) and to see records of decisions made by the Authority and its committees
- To complain to the Authority under the Authority's own complaints processes. To complain to the Ombudsman if they think the Authority has not followed its procedures properly, however, they should only do this after using the Authority's own complaints process.
- To complain to the Audit Committee via the Monitoring Officer to the Authority if they have evidence which they think shows that a Member has not followed the Authority's Code of Conduct.
- To inspect the Authority's accounts and to make their views known to the external auditor.

Citizens' Responsibilities

The Authority welcomes the participation of citizens.

Citizens are expected to conduct themselves in a reasonable manner and must not be violent, abusive or threatening to Members or Officers or damage Authority owned property. Citizens should behave with due respect for the rights and opinions of others and have respect for the procedural decisions made by the Chair of any meeting.

Standing Order 33: Restrictions on Disclosure of Confidential Information

- 33.1 No Member shall disclose to any person the whole or any part of the contents of any agenda, report or other document which is marked by the Proper Officer to the effect that it contains “confidential information” as defined in the Local Government Act 1972 and that disclosure to the public would break an obligation of confidence in relation to that information unless and until the document has been made available to the public or the press by or on behalf of the Authority or a Committee or Sub-Committee or such disclosure is otherwise permitted by law.
- 33.2 No Member shall disclose to any person other than a Member of the Authority any matter arising during the proceedings of the Authority or of any Committee or Sub-Committee or any other matter coming in his knowledge by virtue of his office as a Member where such disclosure would prejudice the interest of the Authority unless such disclosure is required by law.

Standing Order 36: Disciplinary Action

- 36.1 No disciplinary action concerning the dismissal of the Chief Fire Officer, Deputy Chief Fire Officer, Assistant Chief Fire Officer, Monitoring Officer or the Director of Finance and Procurement ("the Relevant Officer") may be taken by the Authority, or by a Committee, a Sub-Committee, a Joint Committee on which the Authority is represented or any other person acting on behalf of the Authority, other than in accordance with a decision by the full Authority.

Article 22 - CONTRACT STANDING ORDERS

1 Introduction

- 1.1 These Contract Standing Orders ("the CSOs") are made further to Section 135 of the Local Government Act 1972. The CSOs represent the Authority's own procurement rules, which shall govern the letting of certain contracts and which are mandatory for all officers and members of the Authority (unless waived in the limited circumstances set out in paragraph 17) and form part of the Authority's constitution.
- 1.2 The Rules apply to procurements which are to be commenced on or after 24th February 2025. Procurements commenced before that date shall continue to be governed by the requirements of the Public Contracts Regulations 2015, including the award of a call-off contract from a framework, where the procurement for the framework commenced before that date.
- 1.3 These CSOs are intended to promote good procurement practice, and demonstrate public accountability.
- 1.4 The CSOs should be read in conjunction with both the Financial Regulations and the Scheme of Delegation.
- 1.5 All Relevant Contracts must comply with these CSOs. A Relevant Contract is any arrangement made by, or on behalf of, the Authority for construction works, for the provision of services or for the supply of goods. These include arrangements for:
 - 1.5.1 the appointment of agents e.g. for estates or for the recruitment of staff
 - 1.5.2 utilities

- 1.6 Relevant Contracts do not include contracts of employment which make an individual a direct employee of the authority, land transaction agreements nor legal services for the purpose of litigation.
- 1.7 Regulated Procurements covers the letting of contracts above set thresholds governed by the Procurement Act 2023 (“PA”) and the Procurement Regulations 2024 (“PR”). Compliance with the PA and PR is a strict legal requirement upon the Authority, and it is not open to the Authority to waive compliance for such Regulated Procurement. Regulated Below Threshold Procurements cover those procurements above £25,000 (£30,000 including VAT) with a limited form of regulation, including a prohibition from restricting submission of tenders by reference to a supplier’s suitability to perform the contract and a requirement to publish a notification. Unregulated Procurement covers contracts of a value below £25,000 (£30,000 including VAT) which are not covered by the PA.

2 Governance

- 2.1 Procurement is the process by which the Authority lawfully purchases goods, services and works, following a decision to procure such services from an external source. This decision is frequently referred to the make or buy decision.
- 2.2 All officers and members involved in procurement activity must comply with these Rules, together with the Authority’s Financial Regulations, the Employees Code of Conduct, Members’ Code of Conduct, all Authority policies and guidance. Particular care should be taken to comply with the requirement of officers and members to declare interests.
- 2.3 Before undertaking any Procurement, the Authority must take all reasonable steps to identify, and keep under review, any conflicts of interest or potential conflicts of interest. The Authority must take all reasonable steps to ensure that a conflict of interest does not put a supplier at an unfair advantage or disadvantage in the procurement. Before publishing a tender notice, the Authority must also prepare a conflicts assessment in relation to the procurement. This conflicts assessment must include details of any conflicts or potential conflicts of interest identified by the Authority and any steps the Authority has taken or will take to mitigate them. This conflicts assessment must be kept under review and revised as necessary during a procurement.
- 2.4 The contract management of contracts for goods, services or works and goods is the responsibility of the Authority’s various directorates.
- 2.5 Officers must:
- 2.5.1 when necessary, seek and duly consider all necessary legal, financial and procurement professional advice.
 - 2.5.2 ensure they fully understand and comply with all aspects of these CSOs as failure to do so may result in disciplinary action,

- 2.5.3 have the budget and correct authorisation to procure and award the contract before proceeding,
- 2.5.4 ensure that contracts for which they are responsible are managed,
- 2.5.5 keep a record of decisions made in connection with the procurement,
- 2.5.6 ensure that any agents, consultants or contractual partners acting on their behalf also comply with the Authority's CSOs.
- 2.5.7 provide suppliers with an official purchase order as generated by the finance system having a unique number,
- 2.5.8 not place any order in advance of the official order. either verbally (e.g. by telephone) or in writing (e.g. by email)

3 Procurement principles

- 3.1 The Authority must have regard to the National Procurement Policy Statement (NPPS), issued by the government and which may be amended from time to time. The NPPS sets out a number of important obligations upon the Authority for procurement including:
 - 2.1.1 priority to achieving value for money,
 - 2.1.2 due consideration for the inclusion of social value objectives; and
 - 2.1.3 providing a level playing field for small and medium enterprises (SMEs), voluntary, community and social enterprise (VCSE) and start-ups.
- 3.2 The PA sets the following objectives for procurement of contracts:
 - 3.2.1 delivering value for money
 - 3.2.2 maximising public benefit
 - 3.2.3 sharing information for the purpose of allowing suppliers and others to understand the authority's procurement policies and decisions; and
 - 3.2.4 acting, and being seen to act, with integrity.

4 Procurement Thresholds

- 4.1 Contracts shall be procured in accordance with the CSOs, following the processes set out, dependent upon the value of the contract (and whether an eligible Framework or a Dynamic Market exists and, exceptionally, where justification exists for a direct award of contract without competition). Each of the different processes are set out in the following paragraphs.
-

Table 1 - Thresholds

Contract Value Band	Requirement	Procurement Type	Method to communicate the opportunity
£1 - £24,999.99	Minimum one written quote	Unregulated	No requirement to use the Procurement Portal
£25,000 ¹ - £74,999.99	Minimum three quotes	Regulated Below threshold	Procurement Portal and Find a Tender Service
£75,000 - the PA Threshold (£177,897.50) ²	Open Tender	Regulated Below threshold	Procurement Portal and Find a Tender Service
Above the PA Threshold	Open Procedure or the Competitive Flexible Procedure	Regulated Procurement	Procurement Portal and Find a Tender Service

- 4.2 The award of a contract the value of which exceeds £300,000 must be approved by the Authority .
- 4.3 For Regulated Procurement, the Government from time to time sets the relevant thresholds above which it is legally required to carry out a compliant competitive tendering procedure, in accordance with the PA, unless a justification applies for a direct award of contract.
- 4.4 The Authority must not split contracts in such a way as to deliberately avoid exceeding the relevant PA threshold or any lower threshold to which these CSOs apply. Officers must estimate the anticipated value by reference to all known relevant information at the time the procurement would commence.
- 4.5 For service contracts, the total/aggregate value of the contract shall be determined over its entire term, and this value shall be the figure taken into account for the purpose of assessing whether the anticipated value is above a relevant threshold (and not the annual value). It is not necessary to apply any inflationary or discounting assumptions to the aggregate value.

¹ This figure when VAT is taken into account is £30,000, which is the same as VAT inclusive threshold in the PA at which Regulated Below Threshold Contracts are notifiable.

² The PA Threshold is VAT inclusive and is currently £213,477 for goods and services and £5,336,937 for works. Because the Authority reclaims VAT, the Authority's actual expenditure at which the PA threshold applies i.e. the net expenditure is £177,897.50 and £4,447,475 respectively.

- 4.6 To determine the Procurement Type, the Authority has to estimate the contract value. In particular, officers must include within their valuation all options, extensions or renewals of term and all fees, prizes, premiums, commissions or interests which could be payable under the contract.
- 4.7 Where the value of the contract is indeterminate, the Authority must assume that the threshold for the purpose of the PA is exceeded.
- 4.8 Whilst it is not compulsory to aggregate the values of two or more similar contracts, when determining the estimate of value, the Authority shall take a view as to whether the requirement could be reasonably supplied under a single contract.

5 Contracts awarded under frameworks

- 5.1 The Authority may award a public contract or a regulated below threshold contract that is covered by a framework which the Authority has concluded, or which another Contracting Authority has concluded and which the Authority is permitted to use. Such contracts are also known as Call-Off Contracts.
- 5.2 Any Call-Off Contract must be signed by all parties no later than the last date of the enabling framework.
- 5.3 Any decision to award a Call-Off Contract from a framework shall be taken in accordance with the terms and conditions of the relevant framework.

6 Pre-Procurement

- 6.1 In each financial year the Authority shall publish a pipeline notice setting out information as required by the PR relating to the Regulated Procurements with an estimated value of £2m or more which the Authority intends to enter into in the following financial year. Such notice shall be published by 26 May in each financial year.
- 6.2 Before publishing a tender notice for a Regulated Procurement, the Authority shall consider whether to publish a Planned Procurement Notice setting out its intention to carry out a Regulated Procurement. The Authority shall, if practicable, issue the Planned Procurement Notice at least 40 days prior to the tender notice, in order to give the ability if required to utilise reduced tendering periods in the procurement itself.
- 6.3 Before publishing a tender notice for a Regulated Procurement, the Authority shall consider whether to undertake preliminary market engagement. Where the Authority undertakes preliminary market engagement, it shall, unless it has good reason not to, publish a preliminary market engagement notice. Should it choose not to publish such a notice, it must provide the reasons for conducting such engagement without a preliminary market engagement notice in the tender notice itself. Officers must ensure that any preliminary market engagement is carried out

in a manner which does not put any suppliers at an unfair advantage, or which otherwise distorts competition.

- 6.4 If an officer is concerned that a supplier's participation in any preliminary market engagement has put it at an unfair advantage or otherwise distorts competition, they must seek the advice as to whether to exclude such supplier from the tendering procedure.
- 6.5 The Authority may undertake preliminary market engagement for any Unregulated Procurement in such manner as it deems appropriate, provided such engagement does not put any supplier at an unfair advantage or otherwise distort competition.
- 6.6 Before commencing a Regulated Procurement, the Authority shall consider whether the requirement could reasonably be supplied under more than one contract and whether such contracts could appropriately be awarded by reference to Lots. Officers shall seek guidance as to whether their requirements can be met in this way. Where the Authority concludes not to procure by reference to Lots, it must record its reason for not doing so in the Tender Notice.

7 Regulated Procurement - Tenders

- 7.1 Regulated Procurement shall be undertaken in a way which is fully compliant with the PA and the PR. If officers are unsure as to any matter regarding the procurement, they must seek advice.
- 7.2 The scope of this section covers all of the Authority's above PA threshold requirements, except where the contract is awarded under a Framework or a Dynamic Market or a justification exists for a Direct Award.
- 7.3 Regulated Procurements shall be conducted applying either the Open Procedure or the Competitive Flexible Procedure. A decision to follow the Competitive Flexible Procedure shall be made only after consultation with the Procurement Team.
- 7.4 All tender opportunities must be commenced by the publication of a tender notice and be placed on the Procurement Portal and the UK E-notification service. In the case of a Competitive Flexible Procedure, the tender notice shall either invite suppliers to submit a request to participate in the process or invite suppliers to submit their first or only tender as part of the procedure. Officers shall seek the advice of the Procurement Team as to which of the forms of tender shall be used in those circumstances.
- 7.5 No tender opportunity shall be placed on the Procurement Portal and the UK E-notification service until the Authority has prepared a specification for the goods, works or services, the conditions of contract, the conditions of participation and the invitation to tender (Open Procedure) or participate in the Competitive Flexible Procedure.
- 7.6 Each invitation to tender or participate shall contain the following information:-

- 7.6.1 A statement of the validity of a submitted tender (which shall not be less than 90 days);
 - 7.6.2 An anti-collusion certificate;
 - 7.6.3 A form of tender;
 - 7.6.4 The evaluation criteria, the weighting to be applied to such criteria and the scoring methodology for assessing the evaluation;
 - 7.6.5 In the case of a competitive flexible procedure a statement as to whether the procedure will be conducted in successive stages and if so whether the Authority intends to refine the evaluation criteria and/or the weightings;
 - 7.6.6 A statement as to whether a parent company guarantee, a performance bond or other security is required from the suppliers;
 - 7.6.7 A statement that the Authority is not bound to accept any tender; and
 - 7.6.8 Notification that tenders are submitted at the bidder's expense.
- 7.7 Clarification questions relating to the procurement may be asked by bidders up to 6 days prior to the tender submission deadline. The Authority shall respond to all clarifications as soon as reasonably possible and no later than 4 days prior to the tender submission deadline. All responses to clarification questions shall be provided to all bidders, unless the bidder requesting the clarification has indicated that the question is confidential. Where a bidder has indicated that a question is confidential, the officers shall seek confirmation from the Procurement Team as to whether it is agreed that the information is confidential. If the Authority agrees, the response shall be sent to the bidder who submitted the clarification question only. If the Authority disagrees, the bidder which submitted the question shall be given the opportunity to withdraw the question. If the question is not withdrawn, the response shall be provided to all bidders.
- 7.8 All communication with bidders in an Open Procedure shall be conducted through the Procurement Portal. Officers and members shall make no direct contact in person, telephone or email with suppliers under any circumstances.
- 7.9 All communication with bidders in a Competitive Flexible Procedure shall be conducted through the portal, except to the extent that the Authority has determined the formal structure of the procedure to include face to face or online meetings.
- 7.10 No post-tender clarification shall be undertaken in an Open Procedure except with the agreement of the Head of Procurement.
- 7.11 Post tender clarification may be undertaken in a Competitive Flexible Procedure provided it has been allowed for as part of the procedure or is authorised by the Head of Procurement.
- 7.12 Post-tender negotiations are not permitted in an Open Procedure. Negotiations may be undertaken at any stage in a Competitive Flexible Procedure, provided that they have been allowed for as part of the procedure. However, even where such negotiations have been allowed for in the procurement as part of the outlined

procedure, they shall not be undertaken without the presence of the Procurement Team.

8 Regulated Procurement – Conditions of Participation and Exclusion of suppliers

- 8.1 It is not a requirement of the PA to set Conditions of Participation, which assess a potential supplier's legal and financial and technical ability to carry out the contract. However, the Authority ordinarily will set Conditions of Participation to ensure that a potential supplier has the requisite capacity and technical ability to perform the contract. The approval of the Head of Procurement will be required to proceed with a procurement without the Authority setting Conditions of Participation as part of the procedure. Where Conditions of Participation are required, the PA does not prescribe the means of proof relating to these conditions, but any conditions set must be a proportionate means of ensuring suppliers have the relevant capacity or ability, having regard to the nature, cost and complexity of the contract. The Authority may not request information, as a Condition of Participation, which is expressly prohibited by section 22(4) of the PA.
- 8.2 The Authority may exclude a supplier from participating or progressing in a competitive tendering procedure when the supplier has not satisfied the Conditions of Participation.
- 8.3 The Authority shall disregard any tender from a supplier that is an Excluded Supplier. An Excluded Supplier is defined within the PA.
- 8.4 Before conducting the evaluation of an Open Procedure tender, the Authority shall consider whether the supplier is an Excludable Supplier.
- 8.5 Where the Authority receives a tender from an Excludable Supplier, it shall consider whether it shall allow or disregard that tender. No decision to allow or exclude an Excludable Supplier shall be taken without the agreement of the Head of Procurement.
- 8.6 As part of every tendering procedure, the Authority shall request information about whether a supplier is intending to subcontract any part of the performance of the contract and shall request that such information as is deemed necessary to determine whether the subcontractor is an Excluded Supplier or an Excludable Supplier.
- 8.7 Where a proposed subcontractor is an Excluded Supplier, the Authority shall exclude the supplier from the procurement.
- 8.8 Where a proposed subcontractor is an Excludable Supplier, the Authority shall treat the supplier as an Excludable Supplier and determine whether to exclude the supplier from the procurement in accordance with paragraph 8.3.
- 8.9 Where the Authority determines to exclude the supplier in the circumstances set out in paragraph 8.6, it shall notify the supplier of its intention and give the supplier a reasonable opportunity to find an alternative subcontractor.

8.10 The Authority shall exclude a supplier if it acts improperly, and its behaviour puts it at an unfair advantage in relation to the award. A supplier is deemed to have acted improperly where it:-

- 8.10.1 fails to provide information requested by the Authority,
- 8.10.2 provides incomplete, inaccurate or misleading information.
- 8.10.3 accesses the Authority's confidential information; or
- 8.10.4 unduly influences the Authority's decision making in relation to any contract.

8.11 Where the Authority excludes a supplier, it shall notify the Cabinet Office.

8.12 The Authority shall exclude a supplier which is on the Debarment List or is an Associated Person of a supplier on the Debarment List.

9 Regulated Procurement - Evaluation and Award

9.1 The Authority shall award a public contract to the most advantageous tender which satisfies the Authority's requirements, and which best satisfies the award criteria.

9.2 The award criteria must:

- 9.2.1 relate to the subject matter of the contract (as defined in paragraph 9.3)
- 9.2.2 be sufficiently clear, measurable and specific,
- 9.2.3 satisfy the PA requirements relating to technical specifications of contracts; and
- 9.2.4 be a proportionate means of assessing tenders, having regard to the nature, complexity and cost of the contract.

9.3 The subject matter of the contract shall include the following factors:

- 9.3.1 goods, services and works to be provided by the supplier including and in respect of any aspect of their production, trading or other stage in their life cycle,
- 9.3.2 how or when the goods, services or works are to be supplied,
- 9.3.3 qualifications, experience, ability, management or organisation of staff where such factors are likely to make a material difference to the quality of the goods, services or works to be supplied,
- 9.3.4 price, other costs which the Authority may incur as a result of acceptance of a particular tender and value for money,
- 9.3.5 any social value requirement and
- 9.3.6 length of contract.

9.4 Criteria other than those set out in paragraph 9.3 shall not be included except with the agreement of the Head of Procurement. The exclusion of any of the criteria set out in paragraph 8.3 shall also require the agreement of the Head of Procurement.

9.5 In the evaluation of Light Touch Contracts, the Authority may also take into account the proximity of the supplier and the views of users of the services and different

needs of different service users. Officers shall obtain the agreement of the Head of Procurement to the use of any such evaluation criteria or methodology.

- 9.6 The award criteria shall be given a weighting representing a percentage of the total importance in accordance with the contract's value and associated risk.
- 9.7 The Authority may, in Competitive Flexible Procedures refine the award criteria and/or the weighting, provided that it has given notice of its intention to do so in the tender notice or the tender documents. Any decision to refine shall require the agreement of the Head of Procurement and the application of any refinement to the criteria or weighting to a procedure shall only be carried out after consultation with the Head of Procurement.
- 9.8 If the Authority considers the price offered in a tender to be abnormally low, it may disregard that tender but must first give the supplier a reasonable opportunity to demonstrate that it will be able to perform the contract for the price offered. Advice must be taken from the Head of Procurement before taking any action with regard to what may be considered to be an abnormally low tender.

10 Contracts awarded under Dynamic Markets

- 10.1 The Authority may establish arrangements for the purposes of awarding public contracts known as a Dynamic Market by submitting a Dynamic Market Notice to the UK E-notification service and the Procurement Portal.
- 10.2 In establishing a Dynamic Market, the Authority shall set conditions for participation relating to the legal and financial capacity to perform contracts to be awarded by reference to membership of the Dynamic Market and which have the technical ability to perform the contract. Such conditions shall be proportionate to the requirements, having regard to the nature, complexity and cost of the contract to be awarded.
- 10.3 To award a public contract under a Dynamic Market, the Authority must utilise the Competitive Flexible Procedure.
- 10.4 If a tender is submitted by a supplier which is not a member of the Dynamic Market, the Authority shall exclude such supplier and disregard the tender unless the supplier has made an application for membership of the Dynamic Market and the Authority has accepted the application.
- 10.5 If, due to exceptional circumstances arising from the complexity of the particular procurement, the Authority is unable to assess an application to be admitted to the Dynamic Market prior to the deadline for submitting a request to participate in the procedure (or where no such invitation has been made, the deadline from receipt of initial tenders) the Authority shall not exclude the supplier or disregard the tender.

11 Purchasing from a Centralised Procurement Authority

- 11.1 The Authority may purchase goods, services or works from a Centralised Procurement Authority without the need for additional competition.
- 11.2 For the avoidance of doubt, a purchase from a Centralised Procurement Authority is not the same as a procurement from a framework which a Centralised Procurement Authority has set up, which must observe the requirements of paragraph 5.

12 Collaborative procurement

- 12.1 The Authority may collaborate with other Contracting Authorities to jointly procure contracts for each of them or a joint contract to be entered into together.
- 12.2 A contract between the Authority and an entity which the Authority controls (either individually or jointly with another Contracting Authority) (known colloquially as a Teckal company) shall be exempted from these rules, except to the extent covered in this Paragraph 12.
- 12.3 “Control” of an entity for the purposes of Paragraph 12.2 means that the Authority exercises a decisive influence over the activities of the person and more than 80% of the activities of the entity are carried out for the Authority.
- 12.4 This exemption shall not apply to contracts with an entity which the Authority jointly controls with another person which is not also a Contracting Authority.
- 12.5 A contract or other arrangement between the Authority and another Contracting Authority shall be exempted from these CSOs, provided that it is entered into with the aim of achieving objectives in common in connection with the exercise of public functions and which is solely in the public interest.

13 Regulated Below Threshold Procurement

- 13.1 The Authority is obliged to issue a “below threshold tender notice” on the Procurement Portal and the Find a Tender service for all contracts with a value above £25,000 (£30,000 inclusive of VAT) and below the threshold for Regulated Procurement.
- 13.2 The Authority may waive the requirement to advertise a Regulated Below Threshold Contract in accordance with the provisions of paragraph 17.
- 13.3 Where the Authority advertises for a Regulated Below Threshold Contract, it shall not restrict the submission of tenders by reference to a supplier’s suitability to perform the contract, by reference to its legal and financial capability and its technical ability.
- 13.4 When advertising a Regulated Below Threshold Contract, an appropriate description of the goods, services, or works (commensurate with the value of the

contract) setting out the Authority's requirements in sufficient detail, must be provided to prospective suppliers to enable the submission of competitive tenders.

13.5 The below threshold tender notice shall also make reference to or include the following as a minimum:

- 13.3.1 the terms and conditions of contract that will apply,
- 13.3.2 notification that tenders are submitted to the Authority on the basis that they are compiled at the supplier's expense,
- 13.3.3 a description of the award criteria as appropriate,
- 13.3.4 the date and time by which a tender is to be submitted; and
- 13.3.5 a declaration to the effect that the Authority is not bound to accept any tender submitted.

14 Unregulated Procurement

14.1 The Authority shall request a Quote for all contracts below £25,000 (£30,000 inclusive of VAT) without the advertising through the Procurement Portal.

14.2 When requesting a Quote, an appropriate description of the goods, services, or works (commensurate with the value of the contract) setting out the Authority's requirements in sufficient detail, must be provided to prospective suppliers to enable the submission of competitive Quotes.

14.3 The request for a Quote shall also make reference to or include the following as a minimum:

- 14.3.1 the terms and conditions of contract that will apply,
- 14.3.2 notification that Quotes are submitted to the Authority on the basis that they are compiled at the supplier's expense,
- 14.3.3 a description of the award criteria as appropriate,
- 14.3.4 the date and time by which a Quote is to be submitted, and
- 14.3.5 a declaration to the effect that the Authority is not bound to accept any Quotes submitted.

14.4 The suppliers must be given a reasonable period in which to prepare and submit a Quote, consistent with the complexity of the contract requirement.

15 Concessions

15.1 A concession contract, whether a concession for the provision of works or services means a contract where all or part of the consideration is the right for the supplier to exploit the said works or services and under which the supplier is exposed to a real operating risk.

15.2 The Authority may procure a works concession contract or a services concession contract in the same way as a contract for works or services in accordance with the

provisions of paragraph 7. However, only concession contracts with a value of more than £5m are required to be procured in accordance with such provisions. The procurement of a concession contract with a lower value shall be treated in the same way as a Regulated Below Threshold Procurement.

- 15.3 In estimating the value of a concession contract, the Authority shall take into account the amount the supplier could expect to receive under or in connection with the contract, including revenue received and any payments by the Authority.

16 Direct Award

- 16.1 The Authority may make an award of contract without competition as permitted under the PA where the contract is of a type described in 16.4 – 16.9 or is necessary to protect human, animal or plant life or health or to protect public order or safety.
- 16.2 A direct award shall not be made to an Excluded Supplier unless there is an overriding public interest in doing so.
- 16.3 For the avoidance of doubt, an award under a framework agreement is not a direct award governed by this paragraph.

16.4 Prototypes and development

- 16.4.1 The contract concerns the production of a prototype, or supply of other novel goods or services, for the purpose of—
- (a) testing the suitability of the goods or services,
 - (b) researching the viability of producing or supplying the goods or services at scale and developing them for that purpose, or
 - (c) other research, experiment, study or development.

16.6 Additional or repeat goods, services or works

- 16.6.1 The contract concerns the supply of goods, services or works by the existing supplier which are intended as an extension to, or partial replacement of, existing goods, services or works in circumstances where—
 - (a) a change in supplier would result in the contracting authority receiving goods, services or works that are different from, or incompatible with, the existing goods, services or works, and
 - (b) the difference or incompatibility would result in disproportionate technical difficulties in operation or maintenance.
- 16.6.2 The contract concerns the supply of goods, services or works by the existing supplier that are similar to existing goods, services or works where—
 - (a) the existing goods, services or works were supplied under a contract that was awarded in accordance with a competitive tendering procedure within the period of five years ending with the day on which the transparency notice is published, and
 - (b) the tender notice or any tender document in respect of that earlier contract set out the Authority's intention to carry out a subsequent procurement of similar goods, services or works in reliance on this direct award justification.

16.7 Commodities

- 16.7.1 The contract concerns goods purchased on a commodity market.

16.8 Advantageous terms on insolvency

- 16.8.1 The award of the contract to a particular supplier will ensure terms particularly advantageous to the Authority due to the fact that a supplier, whether or not the one to whom the contract is to be awarded, is undergoing insolvency proceedings.

16.9 Urgency

16.9.1 Where—

- (a) the goods, services or works to be supplied under the contract are strictly necessary for reasons of extreme and unavoidable urgency, and
- (b) as a result the contract cannot be awarded on the basis of a competitive tendering procedure.

16.9.2 For the purpose of paragraph 16.9.1, urgency is unavoidable if it—

- (c) is not attributable to any act or omission of the Authority, and
- (d) could not have been foreseen by the Authority.

17 Exemptions

- 17.1 These CSOs do not apply to contracts which are exempted from competition, and which are listed in Part 2 of Schedule 2 to the PA as “subject-matter exempted contracts”.
- 17.2 The Authority may exempt Unregulated Procurements and Regulated Below Threshold Procurements from these CSOs in accordance with this paragraph 17. Notwithstanding an exemption from competition for Regulated Below Threshold Procurements, the Authority must still publish a contract details notice.
- 17.3 The Budget Holder must obtain approval to apply any Exemption to the CSOs by submitting an Exemption Application to the Head of Procurement to consider the request. Subject to approval, the request will be forwarded to the Head of Legal Services for further approval and finally to a Principal Officer for final confirmation of approval with the exception of any exemption not to be delegated within the Scheme of Delegation and requires approval of the Authority.
- 17.4 The Authority may not exempt itself from following the CSOs, the PA or the PR in relation to a Regulated Procurement in any circumstances, other than where expressly permitted by the PA. In those circumstances, the decision to apply an Exemption must follow paragraph 17.3.

- 18.2 An assessment summary shall set out the Authority's assessment of the supplier's tender and the most advantageous tender.
- 18.3 Each assessment summary shall be approved by the Procurement Team before being sent to suppliers.

19 Contract Provisions

- 19.1 All contracts must be in writing and must set out the parties' obligations, rights and risk allocations. Advice must be sought from the Procurement Team as to the appropriate form of contract to be used and must incorporate the Authority's appropriate standard terms and conditions. Any deviations from the standard terms must be approved by the Head of Legal Services.
- 19.2 All contracts, irrespective of value, shall clearly specify as a minimum
 - 19.2.1 what is to be supplied (i.e. the goods, services or works to be provided),
 - 19.2.2 the provisions for payment (i.e. the price to be paid and when) with a statement of discount or other deductions,
 - 19.2.3 the time or times within which the contract is to be performed,
 - 19.2.4 the provisions for the Authority to terminate the contract and seek damages in the event of the contractor's default,
 - 19.2.5 that the Authority is entitled to terminate the contract and recover the amount of any loss resulting from corrupt practices
 - 19.2.6 the policies and procedures that must be complied with,

- 19.4 A contract must be sealed where the Authority wishes to extend the liability period under the contract and enforce its terms for up to 12 years or where the price to be paid or received under the contract is a nominal price and does not reflect the value of the goods or services or as determined by the Head of Legal Services

- 19.5 The seal must be affixed in accordance with the provisions of the Authority's constitution.
- 19.6 All contracts are to be formally completed before the relevant goods are dispatched or the services or works are commenced, except in exceptional circumstances and then only with the prior approval of the Head of Legal Services.

20 Contract Modifications

- 20.1 Where a public contract has been procured as a result of a Regulated Procurement or it is proposed to modify a contract with the effect that the contract once modified would have a value above the threshold for the procurement to be classified as a Regulated Procurement, such modification shall only be allowed where it is a permitted modification in accordance with paragraph 20.2 or is not a substantial modification, as defined in paragraph 20.3 or is a below threshold modification as defined in paragraph 20.4.
- 20.2 A permitted modification is one which is described as a permitted contract modification in Schedule 8 of the PA.
- 20.3 Where a modification is not set out in Schedule 8 of the PA, it shall nevertheless be permitted if the modification is not a substantial modification. A substantial modification is one which would either:
- 20.3.1 increase or decrease the term of the contract by more than 10% of the maximum term (including any extension provisions provided for in the contract); or
 - 20.3.2 would materially change the scope of the contract; or
 - 20.3.3 would materially change the economic balance of the contract in favour of the supplier.

If any one of these three circumstances apply, the modification is not permitted. A modification shall be deemed to materially change the scope of the contract where it materially provides for the supply of goods, services or works of a kind which are not already provided for in the contract.

- 20.4 A below threshold modification is one which would not increase or decrease the estimated value of the contract by more than:
- 20.4.1 10% (in the case of a contract for goods or services); or
 - 20.4.2 15% (in the case of a contract for works)

and where the aggregated value of all below threshold modifications would be less than the threshold amount for that type of contract and would not otherwise materially change the scope of the contract.

- 21.5 It is necessary to publish a contract change notice for any modification except for a below threshold modification and a modification which increases or decreases the term of the contract by less than 10%.

21 Contract Management

- 21.1 Contract management is the Budget Holder's responsibility and every high risk, high value contract shall have a named contract manager.
- 21.2 All contracts with an estimated value of more than £5m, shall contain at least three key performance indicators. Key performance indicators are factors or measures against which a supplier's performance of the contract can be assessed during the lifecycle of the contract. This provision shall not apply to a Light Touch contract or a contract where it is considered, with the approval of Head of Procurement, that performance cannot be measured by key performance indicators.
- 21.3 Where the Authority has set key performance indicators, it shall at least once in every 12-month period during the lifecycle of the contract and upon termination of the contract assess performance against those key performance indicators and publish information in relation to that assessment in accordance with the PR.
- 21.4 If the Authority considers that a supplier is not performing a public contract to its satisfaction and the supplier has been given proper opportunity to improve its performance but has failed to do so, the Authority shall publish information relating to the circumstances in accordance with the provisions set out in the PR.
- 21.5 Any contract which the Authority enters into shall contain terms committing the Authority to pay all sums due before the end of the period of 30 days beginning with the day on which an invoice is received or if later the day on which payment falls due in accordance with the invoice.
- 21.6 It shall be implied into every contract that the above term shall be included in all contracts, whether included explicitly or not.
- 21.7 The Authority need not pay an invoice within 30 days if it considers the invoice is invalid or disputes the invoice, but where those circumstances apply, it must notify the supplier without undue delay of those circumstances.
- 21.8 The Authority shall publish a "payments compliance notice" setting out the details of all payments made under contracts twice yearly for the periods ending on 31 March and 30 September. Such notice shall set out the information required by the PR.

22 Conflicts of Interest

- 22.1 Officers of the Authority are strictly bound by section 117 of the Local Government Act 1972 to declare any interest in a contract or proposed contract, whether direct or indirect. Such notice shall be given to the Head of Legal Services, as soon as the Officer becomes aware of the interest in accordance with the Service Instruction Declaration of Interests.
- 22.2 An Officer shall not, under colour of their office or employment, accept any fee or reward whatsoever other than their proper remuneration.

Appendix A: Financial Management

Financial Management Standards

Why is this important?

- 1.01 All staff and Members have a duty to abide by the highest standards of probity in dealing with financial issues. This is facilitated by ensuring that everyone is clear about the standards to which they are working and the controls that are in place to ensure that these standards are met.

Key Controls

- 1.02 The key controls and control objectives for financial management standards are:
 - a. Their promotion throughout the Authority.
 - b. A monitoring system to review compliance with financial standards, and regular comparisons of performance indicators and benchmark standards that are reported to the Authority.

Responsibilities of the Director of Finance and Procurement

- 1.03 To ensure proper administration of the financial affairs of the Authority.
- 1.04 To set the financial management standards and to monitor compliance with them.
- 1.05 To ensure proper professional practices are adhered to and to act as head of profession in relation to the standards, performance and development of finance staff throughout the Authority.
- 1.06 To advise on the key strategic controls necessary to secure sound financial management.
- 1.07 To ensure that financial information is available to enable accurate and timely monitoring and reporting of comparisons of national and local financial performance indicators.

Responsibilities of SLT Officers

- 1.08 To promote the financial management standards set by the Director of Finance and Procurement in their departments and to monitor adherence to the standards and practices, liaising as necessary with the Director of Finance and Procurement.
- 1.09 To promote sound financial practices in relation to the standards, performance and development of staff in their departments.

Managing and Controlling Income and Expenditure

Scheme of Virement

Why is this important?

- 1.10 The scheme of virement is intended to enable the SLT Officers and their staff to manage budgets with a degree of flexibility within the overall policy framework determined by the Authority, and therefore to optimise the use of resources.

Key Controls

- 1.11 Key controls for the scheme of virement are:
- a. It is administered by the Director of Finance and Procurement within guidelines set by the Authority. Any variation from this scheme requires the approval of the Authority.
 - b. The overall budget is approved by the Authority. SLT Officers and budget managers are therefore authorised to incur expenditure in accordance with the estimates that make up the budget. The rules below cover virement; that is, switching resources between approved estimates or heads of expenditure. For the purpose of this scheme, a budget head is considered to be a line in the approved estimates report, or, as a minimum, at an equivalent level to the standard service subdivision as defined by CIPFA's Service Expenditure Analysis.
 - c. Virement does not create additional overall budget liability. SLT Officers are expected to exercise their discretion in managing their budgets responsibly and prudently. For example, they should aim to avoid supporting recurring expenditure from one-off sources of savings or additional income, or creating future commitments, including full-year effects of decisions made part way through a year, for which they have not identified future resources. SLT Officers must plan to fund such commitments from within their own budgets.

Responsibilities of the Director of Finance and Procurement

- 1.12 To report jointly with the SLT Officer a report to the Authority where virements in excess of £75,000 are proposed.
- 1.13 To report all virements below this level to the Authority through financial monitoring reports.

Responsibilities of SLT Officers

- 1.14 SLT Officers may exercise virement on budgets under their control for amounts up to £75,000 on any one budget head during the financial year, following notification to the Director of Finance and Procurement under arrangements agreed by the Authority and subject to the conditions in paragraphs 1.15 to 1.17 below.
- 1.15 Amounts greater than £75,000 require the approval of the Authority, following a joint report by the Director of Finance and Procurement and the SLT Officer, which

must specify the proposed expenditure and the source of funding, and must explain the implications in the current and future financial year.

- The prior approval of the Authority is required for any virement, of whatever amount, where it is proposed to change Authority policy.
- Virement that is likely to impact on the level of service activity of another SLT Officer should be implemented only after agreement with the relevant SLT Officer.
- The virement must not result in an increase in commitment in future years which cannot be met from within existing budgets,

1.16 No virement relating to a specific financial year should be made after 31 March in that year.

1.17 Where an approved budget is a lump sum budget or contingency intended for allocation during the year, its allocation will not be treated as a virement, provided that:

- a. the amount is used in accordance with the purposes for which it has been established.
- b. the Authority has approved the basis and the terms, including financial limits, on which it will be allocated. Individual allocations in excess of the financial limits should be reported to the Authority.

Treatment of Year-End Balances

Why is it important?

1.18 The rules below cover arrangements for the transfer of resources between accounting years i.e., a carry-forward.

1.19 For the purposes of this scheme, a budget heading is a line in the estimates report (or, as a minimum, at an equivalent level to the standard service sub division as defined by CIPFA in its Service Expenditure Analysis).

Key Controls

1.20 Appropriate accounting procedures are in operation to ensure that carried-forward totals are correct.

Responsibilities of the Director of Finance and Procurement

1.21 To administer the scheme of carry-forward within the guidelines approved by the Authority.

1.22 To report all overspendings and underspending on service estimates carried forward to the executive and to the Authority.

Responsibilities of SLT Officers

- 1.23 Any overspending on service estimates in total on budgets will be reported by the Director of Finance and Procurement to the Authority after the end of the financial year as part of the annual outturn report.
- 1.24 The Director of Finance and Procurement will determine which budgets are deemed to be controllable by the SLT Director. A request to carry forward any underspend can be made by a Director but is subject to Authority approval and the request will be submitted through the annual outturn report.
- 1.25 All requests to carry forward underspends (via the creation of a reserve) will be subject to consideration of the overall financial position of the Authority and service priorities.

Accounting Policies

Why is this important?

- 1.26 The Director of Finance and Procurement is responsible for the preparation of the Authority's statement of accounts, in accordance with proper practices as set out in the format required by the Code of Practice on Local Authority Accounting in the United Kingdom: A Statement of Recommended Practice (CIPFA/LASAAC), for each financial year ending 31 March.

Responsibilities of the Director of Finance and Procurement

- 1.28 To select suitable accounting policies and to ensure that they are applied consistently. The accounting policies are set out in the statement of accounts, which is prepared at 31 March each year, and covers such items as:
 - a. Separate accounts for capital and revenue transactions.
 - b. The basis on which debtors and creditors at year end are included in the accounts.
 - c. Details on substantial provisions and reserves.
 - d. Fixed assets.

- k. Government grants.
- l. Leasing.
- m. Pensions.

Responsibilities for SLT Officers

- 1.29 To adhere to the accounting policies and guidelines approved by the Director of Finance and Procurement.

Accounting Records and Returns

Why is this important?

- 1.30 Maintaining proper accounting records is one of the ways in which the Authority discharges its responsibility for stewardship of public resources. The Authority has a statutory responsibility to prepare its annual accounts to present fairly its operations during the year. These are subject to external audit. This audit provides assurance that the accounts are prepared properly, that proper accounting practices have been followed and that quality arrangements have been made for securing economy, efficiency and effectiveness in the use of the Authority's resources.

Key Controls

- 1.31 The key controls for accounting records and returns are:
 - a. All Members, finance staff and budget managers operate within the required accounting standards and timetables.
 - b. All the Authority's transactions, material commitments and contracts and other essential accounting information are recorded completely, accurately and on a timely basis.
 - c. Procedures are in place to enable accounting records to be reconstituted in the event of systems failure.
 - d. Reconciliation procedures are carried out to ensure transactions are correctly recorded.
 - e. Prime documents are retained in accordance with legislative and other requirements.

- f. The duty imposed on the Authority by the Accounts and Audit Regulations to maintain an adequate and effective audit of its accounting records and its system of internal control.

Responsibilities of the Director of Finance and Procurement

- 1.32 To determine the accounting procedures and records for the Authority. Where these are maintained outside the finance department, the Director of Finance and Procurement should consult the SLT Officer concerned.
- 1.33 To arrange for the compilation of all accounts and accounting records under their direction.
- 1.34 To comply, as far as practicable, with the following principles when allocating accounting duties:
 - a. Separating the duties of providing information about sums due to or from the Authority and calculating, checking and recording these sums from the duty of collecting or disbursing them.
 - b. Employees with the duty of examining or checking the accounts of cash transactions must not themselves be engaged in these transactions.

Where such arrangements are not practical, alternative controls must be agreed with the Director of Finance and Procurement.

- 1.35 To make proper arrangements for the audit of the Authority's accounts in accordance with the Accounts and Audit Regulations 2015.
- 1.36 To ensure that all claims for funds including grants are made by the due date.
- 1.37 To prepare and publish the audited accounts of the Authority for each financial year, in accordance with the statutory timetable and with the requirement for the Authority to approve the statement of accounts.
- 1.38 To administer the Authority's arrangements for under and overspendings to be carried forward to the following financial year.
- 1.39 To ensure the proper retention of financial documents in accordance with all legal requirements and as set out in the Authority's document retention schedule.

Responsibilities of SLT

- 1.40 To consult and obtain the approval of the Director of Finance and Procurement before making any changes to accounting records and procedures.
- 1.41 To comply with the principles outlined above when allocating accounting duties.
- 1.42 To maintain adequate records to provide a management trail leading from the source of income/expenditure through to the accounting statements.
- 1.43 To supply information required to enable the statement of accounts to be completed in accordance with guidelines issued by the Director of Finance and Procurement.

The Annual Statement of Accounts

Why is this important?

- 1.44 The Authority has a statutory responsibility to prepare its own accounts to present fairly its operations during the year. The Authority is responsible for approving the statutory annual statement of accounts.

Key Controls

- 1.45 The key controls for the annual statement of accounts are:
- I. The Authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of these affairs. In this Authority, that Officer is the Director of Finance and Procurement.
 - II. The Authority's statement of accounts must be prepared in accordance with proper practices as set out in the Code of Practice on Local Authority Accounting in the United Kingdom: A Statement of Recommended Practice (the SORP) (CIPFA/LASAAC).

Responsibilities of the Director of Finance and Procurement

- 1.46 To select suitable accounting policies and to apply them consistently.
- 1.47 To make judgements and estimates that are reasonable and prudent.
- 1.48 To comply with the SORP.
- 1.49 To sign and date the statement of accounts, stating that it presents fairly the financial position of the Authority at the accounting date and its income and expenditure for the year ended 31 March 20xx.
- 1.50 To draw up the timetable for final accounts preparation and to advise staff and external auditors accordingly.

Responsibilities of SLT Officers

- 1.51 To comply with accounting guidance provided by the Director of Finance and Procurement and to supply the Director of Finance and Procurement with information when required.

Appendix B – Financial Planning

Performance Plans

Why is this important?

- 2.01 The Authority has a statutory responsibility to publish various performance plans including community risk management plans (formerly Integrated Risk Management Plans) etc. The purpose of performance plans is to explain overall priorities and objectives, current performances and proposals for further improvement.

Key Controls

- 2.02 The key controls for performance plans are:
- a. To ensure that all relevant plans are produced and that they are consistent.
 - b. To produce plans in accordance with statutory requirements.
 - c. To meet the timetables set.
 - d. To ensure that all performance information is accurate, complete and up-to-date.
 - e. To provide improvement targets which are meaningful, realistic and challenging.

Responsibilities of the Director of Finance and Procurement

- 2.03 To advise and supply the financial information that needs to be included in performance plans in accordance with statutory requirements and agreed timetables.
- 2.04 To contribute to the development of corporate and service targets and objectives and performance information.
- 2.05 To ensure that systems are in place to measure activity and collect accurate information for use as performance indicators.
- 2.06 To ensure that performance information is monitored sufficiently to allow corrective action to be taken if targets are not likely to be met.

Responsibilities of SLT Officer

- 2.07 To contribute to the development of performance plans in line with statutory requirements.
- 2.08 To contribute to the development of corporate and service targets and objectives and performance information.

Budgeting

Format of the Budget

Why is this important?

- 2.09 The format of the budget determines the level of detail to which financial control and management will be exercised. The format shapes how the rules around virement operate, the operation of cash limits and sets the level at which funds may be reallocated within budgets.

Key Controls

- 2.10 The key controls for the budget format are:
- a. The format complies with all legal requirements.
 - b. The format complies with CIPFA's Service Reporting Code of Practice.
 - c. The format reflects the accountabilities of service delivery.

Responsibilities of the Director of Finance and Procurement

- 2.11 To advise the Authority on the format of the budget that is approved.

Responsibilities of SLT Officers

- 2.12 To comply with accounting guidance provided by the Director of Finance and Procurement.

Revenue Budget Preparation, Monitoring and Control

Why is this important?

- 2.13 Budget management ensures that once the budget has been approved by the Authority, resources allocated are used for their intended purposes and are properly accounted for. Budgetary control is a continuous process, enabling the Authority to review and adjust its budget targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget.
- 2.14 By continuously identifying and explaining variances against budgetary targets, the Authority can identify changes in trends and resource requirements at the earliest opportunity. The Authority itself operates within an annual cash limit, approved when setting the overall budget. To ensure that the Authority in total does not overspend, each service is required to manage its own expenditure within the cash-limited budget allocated to it.
- 2.15 For the purposes of budgetary control by managers, a budget will normally be the planned income and expenditure for a service area or cost centre. However, budgetary control may take place at a more detailed level if this is required by the SLT Officer's scheme of delegation.

Key Controls

- 2.16 The key controls for managing and controlling the revenue budget are:
- a. budget managers should be responsible only for income and expenditure that they can influence.
 - b. there is a nominated budget manager for each cost centre heading.
 - c. budget managers accept accountability for their budgets and the level of service to be delivered and understand their financial responsibilities.
 - d. budget managers follow an approved certification process for all expenditure.
 - e. income and expenditure are properly recorded and accounted for.
 - f. performance levels/levels of service are monitored in conjunction with the budget and necessary action is taken to align service outputs and budget e.g., by budgetary virement.

Responsibilities of the Director of Finance and Procurement

- 2.17 To establish an appropriate framework of budgetary management and control that ensures that:
- a. budget management is exercised within annual cash limits unless the Authority agrees otherwise.
 - b. each SLT Officer has available timely information on receipts and payments on each budget which is sufficiently detailed to enable managers to fulfil their budgetary responsibilities.
 - c. expenditure is committed only against an approved budget head.
 - d. all Officers responsible for committing expenditure comply with relevant guidance, Contract Standing Orders and the Financial Regulations.
 - e. each cost centre has a single named manager, determined by the relevant SLT Officer. As a general principle, budget responsibility should be aligned as closely as possible to the decision-making processes that commits expenditure.
 - f. significant variances from approved budgets are investigated and reported by budget managers regularly.
- 2.18 To administer the Authority's scheme of virement.
- 2.19 To submit reports to the Authority, in consultation with the relevant SLT Officer, where an SLT Officer is unable to balance expenditure and resources within existing approved budgets under their control.
- 2.20 To prepare and submit reports on the Authority's projected income and expenditure compared with the budget on a regular basis.

Responsibilities of SLT Officers

- 2.21 To maintain budgetary control within their department, in adherence to the principles in 2.17, and to ensure that all income and expenditure are properly recorded and accounted for.
- 2.22 To ensure that an accountable budget manager is identified for each item of income and expenditure under the control of the SLT Officer (grouped together in a series of cost centres). As a general principle, budget responsibility should be aligned as closely as possible to the decision-making that commits expenditure.
- 2.23 To ensure that spending remains within the Service's overall cash limit, and that individual budget heads are not overspent, by monitoring the budget and taking appropriate corrective action where significant variations from the approved budget are forecast.
- 2.24 To ensure that a monitoring process is in place to review performance levels/levels of service in conjunction with the budget and is operating effectively.
- 2.25 To prepare and submit to the Authority reports on projected expenditure compared with its budget, in consultation with the Director of Finance and Procurement.
- 2.26 To ensure prior approval by the Authority for new proposals² of whatever amount, that:
 - a. create financial commitments in future years.
 - b. change existing policies, initiate new policies or cease existing policies.
 - c. materially extend or reduce the Authority's services.
- 2.27 To ensure compliance with the scheme of virement.
- 2.28 To agree with the relevant SLT Officer where it appears that a budget proposal, including a virement proposal, may impact materially on another service area or SLT Officer's level of service activity.

Budgets and Medium-Term Planning

Why is this important?

- 2.29 The Authority is a complex organisation responsible for delivering a wide variety of services. It needs to plan effectively and to develop systems to enable scarce resources to be allocated in accordance with carefully weighed priorities. The budget is the financial expression of the Authority's plans and policies.
- 2.30 The revenue budget must be constructed so as to ensure that resource allocation properly reflects the service plans and priorities of the Authority. Budgets (spending plans) are needed so that the Authority can plan, authorise, monitor and

² A report on the new proposals should explain the full financial implications, following consultation with the Director of Finance and Procurement, unless the Authority has agreed otherwise, SLT Officers must plan to contain the financial implications within their cash limit.

control the way money is allocated and spent. It is illegal for an Authority to budget for a deficit.

- 2.31 Medium-term planning (the Authority has adopted a five-year planning system) involves a planning cycle in which managers develop their own plans. As each year passes, another future year will be added to the medium-term plan. This ensures that the Authority is always preparing for events in advance.

Key Controls

- 2.32 The key controls for budgets and medium-term planning are:
- a. Specific budget approval for all expenditure.
 - b. Budget managers are consulted in the preparation of the budgets for which they will be held responsible and accept accountability within delegations set by the Authority for their budgets and the level of service to be delivered.
 - c. A monitoring process is in place to review regularly the effectiveness and operation of budget preparation and to ensure that any corrective action is taken.

Responsibilities of the Director of Finance and Procurement

- 2.33 To prepare and submit reports on budget prospects for the executive, including resource constraints set by the Government. Reports should take account of medium-term prospects, where appropriate.
- 2.34 To determine the detailed form of revenue estimates and the methods for their preparation, consistent with the budget approved by the Authority, and after consultation with SLT Officers.
- 2.35 To prepare and submit reports to the Authority on the aggregate spending plans of departments and on the resources available to fund them, identifying, where appropriate, the implications for the level of council tax to be levied.
- 2.36 To advise on the medium-term implications of spending decisions.
- 2.37 To encourage the best use of resources and value for money by working with SLT Officers to identify opportunities to improve economy, efficiency and effectiveness, and by encouraging good practice in conducting financial appraisals of development or savings options, and in developing financial aspects of service planning.
- 2.38 To advise the Authority on proposals in accordance with their responsibilities under section 73 of the Local Government Act 1985.

Responsibilities of SLT Officers

- 2.39 To prepare estimates of income and expenditure, in consultation with the Director of Finance and Procurement, to be submitted to the Authority.
- 2.40 To prepare budgets that are consistent with any relevant cash limits, with the Authority's annual budget cycle and with guidelines issued by the Authority. The

format should be prescribed by the Director of Finance and Procurement in accordance with the Authority's general directions.

- 2.41 To integrate financial and budget plans into service planning, so that budget plans can be supported by financial and non-financial performance measures.
- 2.42 In consultation with the Director of Finance and Procurement and in accordance with the laid-down guidance and timetable, to prepare detailed draft revenue and capital budgets for consideration by the appropriate Committee or Sub-Committee.
- 2.43 When drawing up draft budget requirements, to have regard to:
 - a. spending patterns and pressures revealed through the budget monitoring process.
 - b. legal requirements.
 - c. policy requirements as defined by the Authority in the approved policy framework.
 - d. initiatives already under way.

Resource Allocation

Why is it important?

- 2.44 A mismatch often exists between available resources and required resources. A common scenario is that available resources are not adequate to fulfil need/desire. It is therefore imperative that needs/desires are carefully prioritised and that resources are fairly allocated, in order to fulfil all legal responsibilities. Resources may include staff, money, equipment, goods and materials.

Key Controls

- 2.45 The key controls for resource allocation are:
 - a. Resources are acquired in accordance with the law and using an approved authorisation process.
 - b. Resources are used only for the purpose intended, to achieve the approved policies and objectives, and are properly account for.
 - c. Resources are securely held for use when required.
 - d. Resources are used with the minimum level of waste, inefficiency or loss for other reasons.

Responsibilities of the Director of Finance and Procurement

- 2.46 To advise on methods available for the funding of resources, such as grants from central government and borrowing requirements.
- 2.47 To assist in the allocation of resources to budget managers.

Responsibilities of SLT Officers

- 2.48 To work within budget limited and to utilise resources allocated, and further allocate resources, in the most efficient, effective and economic way.
- 2.49 To identify opportunities to minimise or eliminate resource requirements or consumption without having a detrimental effect on service delivery.

Capital Programmes

Why is this important?

- 2.50 Capital expenditure involves acquiring or enhancing fixed assets with a long-term value to the Authority, such as land, buildings, and major items of plant, equipment or vehicles. Capital assets shape the way services are delivered in the long term and create financial commitments for the future in the form of financing costs and revenue running costs.
- 2.51 The Government places strict controls on the financing capacity of the Authority. This means that capital expenditure should form part of an investment strategy and should be carefully prioritised in order to maximise the benefit of scarce resources.

Key Controls

- 2.52 The key controls for capital programmes are:
 - a. Specific approval by the Authority for the programme of capital expenditure.
 - b. Expenditure on capital schemes is subject to the approval of the Director of Finance and Procurement.
 - c. The preparation of five year rolling asset management plans for key categories of infrastructure (Property, ICT and Vehicles) for consideration by the Authority before the Budget and Financial plan is considered.
 - d. Approval by the Authority where capital schemes are to be financed from the revenue budget.
 - e. Proposals for improvements and alterations to buildings must be approved by the appropriate SLT Officer.
 - f. Monitoring of progress in conjunction with expenditure and comparison with approved budget.

Responsibilities of the Director of Finance and Procurement

- 2.53 To prepare capital estimates jointly with SLT Officers and to report them to the Authority for approval. The Authority recommendations on the capital estimates and on any associated financing requirements to the Authority. Authority approval is required where an SLT Officer proposes to bid or exercise additional borrowing

approval not anticipated in the capital programme. This is because the extra borrowing may create future commitments to financing costs.

- 2.54 To prepare and submit reports to SLT and the Authority on the projected expenditure and resources compared with the approved estimates on a regular basis.
- 2.55 To issue guidance concerning capital schemes and controls, for example, on project appraisal techniques. The definition of 'capital' will be determined by the Director of Finance and Procurement, having regard to Government regulations and accounting requirements.
- 2.56 To provide advice to allow responsible Officers to obtain authorisation from the Authority for individual schemes where the estimated expenditure exceeds the capital programme provision.

Responsibilities of SLT Officers

- 2.57 To comply with guidance concerning schemes and controls issued by the Director of Finance and Procurement.
- 2.58 To ensure that all capital proposals have undergone a project appraisal in accordance with guidance issued by the Director of Finance and Procurement.
- 2.59 To prepare regular reports reviewing the capital programme provisions for their services. They should also prepare a quarterly return of estimated final costs of schemes in the approved capital programme for submission to the Director of Finance and Procurement.
- 2.60 To ensure that adequate records are maintained for all capital contracts.
- 2.61 To proceed with projects only when there is adequate provision in the capital programme and with the agreement of the Director of Finance and Procurement, where required.
- 2.62 To prepare and submit reports, jointly with the Director of Finance and Procurement, to the Authority, of any variation in contract costs greater than the approved limits. SLT Officers may meet cost increases of up to 10% by virement from savings elsewhere within their capital programme.
- 2.63 To prepare and submit reports, jointly with the Director of Finance and Procurement, to the Authority, on completion of all contracts where the final expenditure exceeds the approved contract sum by more than the specified amount.
- 2.64 To ensure that credit arrangements, such as leasing agreements, are not entered into without the prior approval of the Director of Finance and Procurement and, if applicable, approval of the scheme through the capital programme.
- 2.65 To consult with the Director of Procurement and Finance and to seek Authority approval where the SLT Officer proposes to bid for additional supported borrowing approvals or grant from Government departments to support expenditure that has not been included in the current year's capital programme.

Maintenance of Reserves

Why is this important?

- 2.66 The Authority must decide the level of general reserves it wishes to maintain before it can decide the level of council tax. Reserves are maintained as a matter of prudence. They enable the Authority to provide for unexpected events and thereby protect it from overspending, should such events occur. Reserves for specific purposes may also be maintained, such as the purchase or renewal of capital items.

Key Controls

- 2.67 To maintain reserves in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom: A Statement of Recommended Practice* (CIPFA/LASAAC) and agreed accounting policies.
- 2.68 For each reserve established, the purpose, usage and basis of transactions should be clearly identified.
- 2.69 Authorisation and expenditure from reserves by the appropriate SLT Officer in consultation with the Director of Finance and Procurement.

Responsibilities of the Director of Finance and Procurement

- 2.70 To advise the Authority on prudent levels of reserves for the Authority, and to take account of the advice of the external auditor in this matter.

Responsibilities of SLT Officer

- 2.71 To ensure that resources are used only for the purposes for which they were intended.

Appendix C – Risk Management and Control of Resources

Risk Management

Why is this important?

- 3.01 All organisations, whether private or public sector, face risks to people, property and continued operations. Risk is the chance or possibility of loss, damage, injury or failure to achieve objectives caused by an unwanted or uncertain action or event. Risk management is the planned and systematic approach to identification, evaluation and control of risk. Its objectives are to secure the assets of the organisation and to ensure the continued financial and organisational well-being of the organisation. In essence it is, therefore, an integral part of good business practice. Risk management is concerned with evaluating the measures an organisation already has in place to manage identified risks and then effectively.
- 3.02 It is the overall responsibility of the Authority to approve the risk management and business continuity strategy, and to promote a culture of risk and business continuity management awareness throughout the Authority.

Key Controls

- 3.03 The key controls for risk management are:
- a. Procedures are in place to identify, assess, prevent or contain material known risks, and these procedures are operating effectively throughout the Authority.
 - b. A monitoring process is in place to review regularly the effectiveness of risk reduction strategies and the operation of these controls. The risk management process should be conducted on a continuing basis.
 - c. Managers know that they are responsible for managing relevant risks and are provided with relevant information on risk management initiatives.
 - d. Provision is made for losses that might result from the risks that remain.
 - e. Procedures are in place to investigate claims within required timescales.
 - f. Acceptable levels of risk are determined and insured against where appropriate.
 - g. The Authority has identified business continuity plans or implementation in the event of disaster that results in significant loss or damage to its resources.
 - h. Procedures are in place to identify, assess, prevent or contain known business continuity issues, and these procedures are operating effectively throughout the Authority.
 - i. A monitoring process is in place to review regularly the effectiveness of business continuity strategies and the operation of these controls. The business continuity management process should be conducted on a continuing basis.

- j. Managers know that they are responsible for managing relevant business continuity plans and are provided with relevant information on business continuity management initiatives.

Responsibilities of the Deputy Chief Fire Officer

- 3.15 To ensure that employees, or anyone covered by the Authority's insurances, do not admit liability or make any offer to pay compensation that may prejudice the assessment of liability in respect of any insurance claim.

Internal Controls

- 3.16 The Authority is complex and beyond the direct control of individuals. It therefore requires internal controls to manage and monitor progress towards strategic objectives.
- 3.17 The Authority has statutory obligations, and, therefore, requires internal controls to identify, meet and monitor compliance with these obligations.
- 3.18 The Authority faces a wide range of financial, administrative and commercial risks, both from internal and external factors, which threaten the achievement of its objectives. Internal controls are necessary to manage these risks.
- 3.19 The system of internal controls is established in order to provide measurable achievement of:
- a. efficient and effective operations.
 - b. reliable financial information and reporting.
 - c. compliance with laws and regulations.
 - d. risk management.

Key Controls

- 3.20 The key control objectives for internal control systems are:
- a. Key controls should be reviewed on a regular basis and the Authority should make a formal statement annually to the effect that it is satisfied that the system of internal control are operating effectively.
 - b. Managerial control systems, including defining policies, setting objectives and plans, monitoring financial and other performance and taking appropriate anticipatory and remedial action. The key objective of these systems is to promote ownership of the control environment by defining roles and responsibilities.
 - c. Financial and operational control systems and procedures, which include physical safeguards for assets, segregation of duties, authorisation and approval procedures and information systems.
 - d. An effective internal audit function that is properly resourced. It should operate in accordance with the principles contained in the Auditing Practices Board's auditing guidelines, Guidance for Internal Auditors, CIPFA's Code of Practice for Internal Audit in Local Government in the United Kingdom and with any other statutory obligations and regulations.

Responsibilities of the Director of Finance and Procurement

- 3.21 To assist the Authority to put in place an appropriate control environment and effective internal controls which provide reasonable assurance of effective and efficient operations, financial stewardship, probity and compliance with laws and regulations.

Responsibilities of SLT Officers

- 3.22 To manage processes to check that established controls are being adhered to and

to evaluate their effectiveness, in order to be confident in the proper use of resources, achievement of objectives and management of risks.

- 3.23 To review existing controls in the light of changes affecting the Authority and to establish and implement new ones in line with guidance from the Director of Finance and Procurement. SLT Officers should also be responsible for removing controls that are unnecessary or not cost or risk effective – for example because of duplication.
- 3.24 To ensure staff have clear understanding of the consequences of lack of control.

Audit Requirements

Internal Audit

Why is this important?

- 3.25 The requirement for an internal audit function for Local Authorities is implied by section 151 of the Local Government Act 1972, which requires that authorities “make arrangements for the proper administration of their financial affairs”. The Accounts and Audit Regulations 2015, more specifically require that a “relevant body shall maintain an adequate and effective system of internal audit of their accounting records and control systems”.
- 3.26 Accordingly, internal audit is an independent and objective appraisal function established by the Authority for reviewing the system of internal control. It examines, evaluates and reports on the adequacy of internal control as a condition to the proper, economic, efficient and effective use of resources.

Key Controls

- 3.27 The key controls for internal audit are:
 - a. That it is independent in its planning and operation.
 - b. The internal audit service has direct access to the Chief Fire Officer, all levels of management and directly to elected Members.
 - c. The internal auditors comply with the Auditing Practices Board’s guideline *Guidance for Internal Auditors*, as interpreted by CIPFA’s *Code of Practice for Internal Audit in Local Government in the United Kingdom*.

Responsibilities of the Director of Finance and Procurement

- 3.28 To ensure that internal auditors have the authority to:
 - a. Access Authority premises at reasonable times.
 - b. Access all assets, records, documents, correspondence and control systems.
 - c. Receive any information and explanation considered necessary concerning any matter under consideration.
 - d. Require any employee of the Authority to account for cash, stores or any

other Authority asset under their control.

e. Access records belonging to third parties, such as contractors, when required.

f. Directly access the Chief Fire Officer, the Authority and its Members.

3.29 To submit for approval the strategic and annual audit plans, which take account of the characteristics and relative risks of the activities involved.

3.30 To ensure that effective procedures are in place to investigate promptly any fraud or irregularity.

Responsibilities of SLT Officers

3.31 To ensure that internal auditors are given access at all reasonable times to premises, personnel, documents and assets that the auditors consider necessary for the purposes of their work.

3.32 To ensure that auditors are provided with any information and explanations that they seek in the course of their work.

3.33 To consider and respond promptly to recommendations in audit reports.

3.34 To ensure that any agreed actions arising from audit recommendations are carried out in a timely and efficient fashion.

3.35 To notify the Director of Finance and Procurement and Monitoring Officer immediately of any suspected fraud, theft, irregularity, improper use or misappropriation of the Authority's property or resources. Pending investigation and reporting, the SLT Officer should take all necessary steps to prevent further loss and to secure records and documentation against removal or alteration.

3.36 To ensure the new systems for maintaining financial records, or records of assets, or changes to such systems, are discussed with and agreed by the head of internal audit prior to implementation.

External Audit

Why is this important?

3.37 The external auditor has rights of access to all documents and information necessary for audit purposes.

3.38 The basic duties of the external auditor are defined in the Audit Commission Act 1998 and the Local Government Act 1999. In particular, section 4 of the 1998 Act requires a code of audit practice, which external auditors follow when carrying out their duties. The code of audit practice issued in March 2000 sets out the auditor's objectives to review and report upon:

a. the financial aspects of the audited body's corporate governance arrangements.

b. the audited body's financial statements.

3.39 The Authority's accounts are scrutinised by external auditors, who must be satisfied

that the statement of accounts 'presents fairly' the financial position of the Authority and its income and expenditure for the year in question and complies with the legal requirements.

Key Controls

- 3.40 External auditors are appointed normally for a minimum period of five years.

Responsibilities of the Director of Finance and Procurement

- 3.41 To ensure that external auditors are given access at all reasonable times to premises, personnel, documents and assets that the external auditors consider necessary for purposes of their work.
- 3.42 To ensure there is effective liaison between external and internal audit.
- 3.43 To work with the external auditor and advise the Authority and SLT Officers on their responsibilities in relation to external audit.

Responsibilities of SLT Officers

- 3.44 To ensure that external auditors are given access at all reasonable times to premises, personnel, documents and assets which the external auditors consider necessary for the purposes of their work.
- 3.45 To ensure that all records and systems are up-to-date and available for inspection.

Preventing Fraud and Corruption

Why is this important?

- 3.46 The Authority will not tolerate fraud and corruption in the administration of its responsibilities, whether from inside or outside the Authority.
- 3.47 The Authority's expectation of propriety and accountability is that Members and staff at all levels will lead by example in ensuring adherence to legal requirements, rules, procedures and practices.
- 3.48 The Authority also expects that individuals and organisations (e.g., suppliers, contractors, service providers) with whom it comes into contact will act towards the Authority with integrity and without thought or actions involving fraud and corruption.

Key Controls

- 3.49 The key controls regarding the prevention of financial irregularities are that:
- a. The Authority has an effective anti-fraud and anti-corruption policy and maintains a culture that will not tolerate fraud or corruption.
 - b. All Members and staff act with integrity and lead by example.
 - c. Senior managers are required to deal swiftly and firmly with those who defraud or attempt to defraud the Authority or who are corrupt.
 - d. High standards of conduct are promoted amongst Members.

- e. The maintenance of a register of interests in which any hospitality or gifts accepted must be recorded.
- f. Whistle blowing procedures are in place and operate effectively.
- g. Legislation including the Public Interest Disclosure Act 1998 is adhered to.

Responsibilities of the Director of Finance and Procurement

- 3.50 To assist the Monitoring Officer to develop and maintain an anti-fraud and anti-corruption policy.
- 3.51 To maintain adequate and effective internal control arrangements.
- 3.52 To ensure that all suspected irregularities are reported to the Head of Internal Audit, the Chief Fire Officer, the Monitoring Officer and the Authority as appropriate.

Responsibilities of SLT Officers

- 3.53 To ensure that all suspected irregularities are reported to the Director of Finance and Procurement and the Monitoring Officer.
- 3.54 To instigate the Authority's disciplinary procedures where the outcome of an audit investigation indicates improper behaviour.
- 3.55 To ensure that where financial impropriety is discovered, the Director of Finance and Procurement is informed, and, in consultation with the Head of Internal Audit, where sufficient evidence exists to believe that a criminal offence may have been committed, the police are called in to determine with the Crown Prosecution Service whether any prosecution will take place.
- 3.56 To ensure that the register of interests is kept up-to-date.

Assets

Security

Why is this important?

- 3.57 The Authority holds assets in the form of property, vehicles, equipment, furniture and other items worth many millions of pounds. It is important that assets are safeguarded and used efficiently in service delivery, and that there are arrangements for the security of both assets and information required for service operations. An up-to-date asset register is a prerequisite for proper fixed asset accounting and sound asset management.

Key Controls

- 3.58 The key controls for the security of resources such as land, buildings, fixed plant machinery, equipment, software and information are:

- a. Resources are used only for the purposes of the Authority and are properly accounted for.
- b. Resources are available for use when required.
- c. Resources no longer required are disposed of in accordance with the law and the regulations of the Authority so as to maximise benefits.
- d. An asset register is maintained for the Authority, assets are recorded when they are acquired by the Authority and this record is updated as changes occur with respect to the location and condition of the asset.
- e. All staff are aware of their responsibilities with regard to safeguarding the Authority's assets and information, including the requirements of the Data Protection Act and software copyright legislation.
- f. All staff are aware of their responsibilities with regard to safeguarding the security of the Authority's computer systems, including maintaining restricted access to the information held on them and compliance with the Authority's computer and internet security policies.

Responsibilities of the Director of Finance and Procurement

- 3.59 To ensure that an asset register is maintained in accordance with good practice for all fixed assets with a value in excess of £5,000. The function of the asset register is to provide the Authority with information about fixed assets so that they are:
 - a. safeguarded.
 - b. used efficiently and effectively.
 - c. adequately maintained.
- 3.60 To receive the information required for accounting, costing and financial records from each SLT Officer.
- 3.61 To ensure that assets are valued in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom: A Statement of Recommended Practice* (CIPFA/LASAAC).

Responsibilities of SLT Officers

- 3.62 The appropriate SLT Officer shall maintain a property database in a form approved by the Director of Finance and Procurement for all properties, plant and machinery and moveable assets currently owned or used by the Authority. Any use of property by a department or establishment other than for direct service delivery should be supported by documentation identifying terms, responsibilities and duration of use.
- 3.63 To ensure that lessees and other prospective occupiers of Authority land are not allowed to take possession or enter the land until a lease or agreement, in a form approved by the SLT Officer in consultation with the Director of Finance and Procurement and Monitoring Officer, has been established as appropriate.
- 3.64 To ensure the proper security of all buildings and other assets under their control.

- 3.65 Where land or buildings are surplus to requirements, a recommendation for sale should be the subject of a joint report by the SLT Officer and the Director of Finance and Procurement.

- 3.71 To consult the Director of Finance and Procurement in any case where security is thought to be defective or where it is considered that special security arrangements may be needed.
- 3.72 To ensure cash holdings on premises are kept to a minimum.
- 3.73 To ensure that keys to safes and similar receptacles are carried on the person of those responsible at all times; loss of any such keys must be reported to the Director of Finance and Procurement as soon as possible.
- 3.74 To record all disposal of part exchange of assets that should normally be by competitive tender or public auction, unless consultation with the Director of Finance and Procurement, SLT agrees otherwise.
- 3.75 To arrange for the valuation of assets for accounting purposes to meet requirements specified by the Director of Finance and Procurement.
- 3.76 To ensure that all employees are aware that they have a personal responsibility with regard to the protection and confidentiality of information, whether held in manual or computerised records. Information may be sensitive or privileged, or may possess some intrinsic value, and its disclosure or loss could result in a cost to the Authority in some way.

Inventories – Responsibilities of SLT Officers

- 3.77 To maintain inventories and record an adequate description of furniture, fittings, equipment, plant and machinery valued at £500 or more.
- 3.78 To carry out an annual check of all items on the inventory in order to verify location, review, condition and to take action in relation to surpluses or deficiencies, annotating the inventory accordingly. Attractive and portable items such as computers, cameras and video recorders should be identified with security markings as belonging to the Authority.
- 3.79 To make sure that property is only used in the course of the Authority's business,

unless the SLT Officer concerned has given permission otherwise.

Stocks and Stores – Responsibilities of SLT Officers

- 3.80 To make arrangements for the care and custody of stocks and stores in the department.
- 3.81 To ensure stocks are maintained at reasonable levels and are subject to a regular independent physical check. All discrepancies should be investigated and pursued to a satisfactory conclusion.

- 3.84 To seek the approval of the Authority to the write-off of redundant stocks and equipment in excess of £5,000.

Intellectual Property

Why is this important?

- 3.85 Intellectual property is a generic term that includes inventions and writing. If these are created by the employee during the course of employment, then, as a general rule, they belong to the employer, not the employee. Various Acts of Parliament cover different types of intellectual property.
- 3.86 Certain activities undertaken within the Authority may give rise to items that may be patentable, for example, software development. These items are collectively known as intellectual property.

Key Controls

- 3.87 In the event that the Authority decides to become involved in the commercial exploitation of inventions, the matter should proceed in accordance with the Authority's approved intellectual property procedures. Guidance may be sought from the Head of Procurement.

Responsibilities of SLT Officers

- 3.88 To ensure that controls are in place to ensure that staff do not carry out private work in Authority time and that staff are aware of an employer's rights with regard to intellectual property.
- 3.89 To develop and disseminate good practice through the Authority's intellectual property procedures.

Asset Disposal

Why is this important?

- 3.90 It would be uneconomic and inefficient for the cost of assets to outweigh their benefits. Obsolete, non-repairable or unnecessary resources should be disposed of in accordance with the law and the regulations of the Authority.
- 3.91 Assets for disposal are identified and are disposed of at the most appropriate time, and only when it is in the best interests of the Authority, and best price is obtained, bearing in mind other factors, such as environmental issues. For items of significant value, disposal should be by competitive tender or public auction.
- 3.92 Procedures protect staff involved in the disposal from accusations of personal gain.

Responsibilities of the Director of Finance and Procurement

- 3.93 To issue guidelines representing best practice for disposal of assets.
- 3.94 To ensure appropriate accounting entries are made to remove the value of disposed assets from the Authority's records and to include the sale proceeds if appropriate.

Responsibilities of SLT Officers

- 3.95 To seek advice from purchasing advisors on the disposal of surplus or obsolete materials, stores or equipment.
- 3.96 To ensure that income received for the disposal of an asset passed to the Finance Department to be properly banked and coded.

Treasury Management

Why is this important?

- 3.97 Many millions of pounds pass through the Authority's books each year. This led to the establishment of codes of practice. These aim to provide assurances that the Authority's money is properly managed in a way that balances risk with return, but with the overriding consideration being given to the security of the Authority's capital sum.

Key Controls

- 3.98 That the Authority's borrowings and investments comply with the CIPFA *Code of Practice on Treasury Management* and with the Authority's treasury policy statement.

Responsibilities of Director of Finance and Procurement – Treasury Management and Banking

- 3.99 To arrange the borrowing and investments of the Authority in such a manner as to comply with the CIPFA *Code of Practice on Treasury Management* and the

Authority's treasury management policy statement and strategy.

- 3.101 To operate bank accounts as are considered necessary – opening or closing any bank account shall require the approval of the Director of Finance and Procurement. All arrangements for the opening of bank accounts in the name of the Authority and for the ordering and issue of cheques shall be made by the Director of Finance and Procurement. All cheques drawn on behalf of the Authority shall be signed by the Director of Finance and Procurement or by such Officers as may be nominated by them for that purpose. Any indemnity required by the Authority's bankers regarding the signature of cheques by a computer or mechanical means, or where the services of a security firm are used for the deposit or receipt of cash at the bank shall be given by the Director of Finance and Procurement on behalf of the Authority.

Responsibilities of SLT Officers – Treasury Management and Banking

- 3.102 To follow the instructions on banking issued by the Director of Finance and Procurement.

Responsibilities of Director of Finance and Procurement – Investments and Borrowing

Responsibilities of SLT Officers – Trust Funds and Funds held for Third Parties

- 3.108 To arrange for all trust funds to be held, wherever possible, in the name of the Authority. - 3.110 To ensure that trust funds are operated within any relevant legislation and the specific requirements for each trust.

Staffing

Why is this important?

- 3.111 In order to provide the highest level of service, it is crucial that the Authority recruits and retains high calibre, knowledgeable staff, qualified to an appropriate level.

Key Controls

- 3.112 The key controls for staffing are:
- a. An appropriate staffing strategy and policy exists, in which staffing requirements and budget allocation are matched.
 - b. Procedures are in place for forecasting staffing requirements and cost.
 - c. Controls are implemented that ensure that staff time is used efficiently and to the benefit of the Authority.
 - d. Checks are undertaken prior to employing new staff to ensure that they are appropriately qualified, experienced and trustworthy.

Responsibilities of the Director of Finance and Procurement

- 3.113 To ensure that budget provision exists for all existing and new employees.
- 3.114 To act as an advisor to SLT Officers on areas such as National Insurance and pension contributions, as appropriate.

- 3.118 To ensure that the staffing budget is not exceeded without due Authority and that it is managed to enable the agreed level of service to be provided.
- 3.119 To ensure that the Deputy Chief Fire Officer and the Director of Finance and Procurement are immediately informed if the staffing budget is likely to be materially over – or underspent.

Appendix D – Financial Systems and Procedures

General

Why is this important?

- 4.01 Departments have many systems and procedures relating to the control of the Authority's assets, including purchasing, costing and management systems. Departments are increasingly reliant on computers for their financial management information. The information must therefore be accurate and the systems and procedures sound and well administered. They should contain controls to ensure that transactions are properly processed and errors detected promptly.
- 4.02 The Director of Finance and Procurement has a professional responsibility to ensure that the Authority's financial systems are sound and should therefore be notified of any new developments or changes.

 - b. Staff are aware of legislative provisions.
 - c. In developing systems, due regard is given to the issue of intellectual property rights.

Income and Expenditure

Income

Why is this important?

- 4.19 Income can be a vulnerable asset and effective income collection systems are necessary to ensure that all income due is identified, collected, receipted and banked properly. It is preferable to obtain income in advance of supplying goods or services as this improves the Authority's cash flow and also avoids the time and cost of administering debts.

Key Controls

- 4.20 The key controls for income are:
- a. All income due to the Authority is identified and charged correctly, in accordance with an approved charging policy, which is regularly reviewed.
 - b. All income is collected from the correct person, at the right time, using the correct procedures and the appropriate stationery.
 - c. All money received by an employee on behalf of the Authority is paid without delay to the Director of Finance and Procurement or, as they direct, to the Authority's bank account, and properly recorded. The responsibility for cash collection should be separated from that:
 - I. For identifying the amount due.
 - II. For reconciling the amount due to the amount received.
 - d. Effective action is taken to pursue non-payment within defined timescales.
 - e. Formal approval for debt write-off is obtained.
 - f. Appropriate write-off action is taken within defined timescales.
 - g. Appropriate accounting adjustments are made following write-off action.
 - h. All appropriate income documents are retained and stored for the defined period in accordance with the document retention schedule.

- i. Money collected and deposited is reconciled to the bank account by a person who is not involved in the collection or banking process.

Responsibilities of the Director of Finance and Procurement

- 4.21 To agree arrangements for the collection of all income due to the Authority and to approve the procedures, systems and documentation for its collection.
- 4.22 To order and supply to departments all receipt forms, books or tickets and similar items and to satisfy themselves regarding the arrangements for their control.
- 4.23 To agree the write-off of bad debts up to an approval limit in each case and to refer larger sums to the Authority.

Responsibilities of SLT Officer

- 4.27 To establish a charging policy purely on a cost recovery basis for the supply of goods or services, including the appropriate charging of VAT and to review it regularly, in line with corporate policies. The Commercial Training Manager shall have discretion to set the level of commercial training course fees in light of the cost recovery requirement but also in light of the market competitiveness of similar courses sold by other training providers subject to the agreement of any proposed charges by the Director of Finance and Procurement in order to avoid any possible "State Aid" challenges.
- 4.28 To separate the responsibility for identifying amounts due and the responsibility for collection, as far as is practicable.

- 4.34 To ensure that income is paid fully and promptly into the appropriate Authority bank account in the form in which it is received. Appropriate details should be recorded on to paying-in slips to provide an audit trail. Money collected and deposited must be reconciled to the bank account on a regular basis.
- 4.35 To supply the Director of Finance and Procurement with details relating to work done, goods supplied, services rendered or other amounts due, to enable the Director of Finance and Procurement to record correctly the sums due to the Authority and to ensure accounts are sent out promptly. The current approved process is outlined below:
- a. Where possible, arrangements should be made to secure prepayment for goods/services provided, particularly for pre-planned events such as Commercial Training Courses.
 - b. Where that is not possible, within thirty-five (35) days of goods/services being provided, a properly completed Sales Invoice Request Form (SIRF) must be sent to the Finance Department.
 - c. After validating the SIRF, a Sales Invoice will be generated and sent to the Customer by the Finance Department.
 - d. All customers will be allocated payment terms of up to a maximum 30 days. This term may be reduced where appropriate to secure pre-payment in line with F4.35(a) or where mutually agreed. Consequently, all sales invoices are required to be paid within thirty (30) days of the invoice date (or lesser date where appropriate).
 - e. Any outstanding undisputed invoices will have a first written reminder sent out no more than three (3) working days after the payment due date for the customer's invoice.
 - f. If the invoice remains unpaid seven (7) days after the first reminder letter was issued, a second reminder letter will be issued.
 - g. If the invoice remains unpaid, it will then be referred to the Litigation Department (usually seven (7) days after the second reminder letter was sent out). The period between the second reminder and referral to the Litigation Department will be used to contact the debtor and hopefully resolve any issues preventing them from making payment. In circumstances where all parties are making reasonable and timely efforts to resolve the matter, the referral period may exceed seven (7) days, subject to the approval of the Director of Finance and Procurement.
 - h. Any action taken by Litigation will be recorded as appropriate against the customer invoice number.

SLT Officers must ensure any Offices raising SIRF requests assist the Director of Finance and Procurement in collecting debts that they have originated by providing any further information requested by the debtor, liaising directly with the customer

where necessary and actively pursuing the matter on the Authority's behalf.

- 4.36 To keep a record of every transfer of money between employees of the Authority. The receiving Officer must sign for the transfer and the transferor must retain a copy. Levels of cash held on the premises must be minimised.
- 4.37 To recommend to the Director of Finance and Procurement all debts to be written off and to keep a record of all sums written off up to the approved limit. Once raised, no bona fide debt may be cancelled, except by full payment or by its formal writing off. A credit note to replace a debt can only be issued to correct a factual inaccuracy or administrative error in the calculation and/or billing of the original debt.
- 4.38 To obtain the approval of the Director of Finance and Procurement when writing off debts in excess of the approved limit, and the approval of the Authority where required.
- 4.39 To notify the Director of Finance and Procurement of outstanding income relating to the previous financial year as soon as possible after 31 March in line with the timetable determined by the Director of Finance and Procurement and not later than 30 April.

Ordering and Paying for Work, Goods and Services

Why is this important?

- 4.40 Public money should be spent with demonstrable probity and in accordance with the Authority's policies. Authorities have a statutory duty to achieve best value in part through economy and efficiency. The Authority's procedures should help to ensure that services obtain value for money from their purchasing arrangements. These procedures should be read in conjunction with the Authority's Contract Standing Orders.

General

- 4.41 Every Officer and Member of the Authority has a responsibility to declare any links or personal interests that they may have with purchasers, suppliers and/or contractors if they are engaged in contractual or purchasing decisions on behalf of the Authority, in accordance with appropriate codes of conduct.
- 4.42 Official orders must be in a form approved by the Director of Finance and Procurement. Official orders must be issued for all work, goods or services to be supplied to the Authority, except for supplies of utilities, periodic payments such as rent or rates, petty cash purchases or other exceptions specified by the Director of Finance and Procurement. **Telephone orders should not be placed in advance of the official order.** All suppliers must be provided with a unique Financial System (FMIS) generated official purchase order number other than the exceptions specified above.
- 4.43 Each order must confirm to the guidelines set by the Head of Procurement (in consultation with the Director of Finance and Procurement and Head of Legal &

Democratic Services). Standard terms and conditions must not be varied without the prior approval of the Head of Procurement.

- 4.44 The normal and preferred method of payment from the Authority shall be by automated electronic payments (BACS) drawn on the Authority's bank account or National Giro account by the Director of Finance and Procurement. The use of direct debit shall require the prior agreement of the Director of Finance and Procurement.
- 4.45 Official orders must not be raised for any personal or private purchases, nor must personal or private use be made of Authority contracts.

Key Controls

- 4.46 The key controls for ordering and paying for work, goods and services are:
- a. All goods and services are ordered only by appropriate persons and are correctly recorded.
 - b. All suppliers must be provided with a unique pre-numbered Financial System (FMIS) generated official purchase order number other than the exceptions specified in 4.43.
 - c. All goods and services shall be ordered in accordance with the Authority's Contract Standing Orders unless they are purchased from sources within the Authority.
 - d. Goods and services received are checked to ensure they are in accordance with the order. Goods should not ordinarily be received by the person who placed the order but where possible, received and checked by a different Officer from the person who authorised the order.
 - e. Payments are not made unless goods have been received by the Authority and formally receipted in the Financial System (FMIS) to the correct price, quantity and quality standards.
 - f. All payments are made to the correct person, for the correct amount and are properly recorded, regardless of the payment method.
 - g. All appropriate evidence of the transaction and payment documents are retained and stored for the defined period, in accordance with the document retention schedule.
 - h. All expenditure, including VAT, is accurately recorded against the right budget and any exceptions are corrected.
 - i. In addition, the effect of e-business/e-commerce and electronic purchasing requires that processes are in place to maintain the security and integrity of data for transacting business electronically.

Responsibilities of the Director of Finance and Procurement

- 4.47 To ensure that all the Authority's financial systems and procedures are sound and properly administered.

- 4.48 To approve any changes to existing financial systems and to approve any new systems before they are introduced.
- 4.49 To approve the form of official orders and associated terms and conditions.
- 4.50 To make payments from the Authority's funds on the SLT Officer's authorisation that the expenditure has been duly incurred in accordance with financial regulations.
- 4.51 To make payments, whether or not provision exists within the estimates, where the payment is specifically required by statute or is made under a court order.
- 4.52 To make payments to contractors on the certificate of the appropriate SLT Officer, which must include details of the value of work, retention money, amounts previously certified and amounts now certified.
- 4.53 To provide advice and encouragement on making payments by the most economical means.
- 4.54 To ensure that a budgetary control system is established that enables commitments incurred by placing orders to be shown against the appropriate budget allocation so that they can be taken into account in budget monitoring reports.
- 4.55 The Director of Finance and Procurement has, in consultation with the Head of Legal Services, delegated authority to agree advance payments where a risk assessment and benefits analysis has been undertaken and shall notify senior Officers in writing of the excepted items of supplies and services for which payment in advance of receipt may be made.

Responsibilities of SLT Officers

- 4.56 To ensure that unique Financial System (FMIS) generated pre-numbered official orders are used for all goods and services, other than the exceptions specified in 4.43.
- 4.57 To ensure that orders are only used for goods and services provided to the department or directorate. Individuals must not use official orders to obtain goods or services for their private use.
- 4.58 To ensure that only those staff authorised by them authorise requisitions and/or purchase orders and to maintain an up-to-date list of such authorised staff, including specimen signatures identifying in each case the limits of their Authority. The authoriser of the order should be satisfied that the goods and services ordered are appropriate and needed, that there is adequate budgetary provision and that quotations or tenders have been obtained if necessary. Best value principles should underpin the Authority's approach to procurement. Value for money should always be achieved.
- 4.59 To ensure that goods and services are checked on receipt to verify that they are in accordance with the order. This check should, where possible, be carried out by a different Officer from the person who authorised the order. Appropriate entries should then be made in inventories or store's records.

- 4.60 To ensure that payment is not made unless a proper VAT invoice has been received, checked, coded and certified for payment, confirming:
- a. Receipt of goods and services.
 - b. That the invoice has not previously been paid.
 - c. That expenditure has been properly incurred and is within budget provision.
 - d. That prices and arithmetic are correct and accord with quotations, tenders, contracts or catalogue prices.
 - e. Correct accounting treatment of tax.
 - f. That the invoice is correctly coded.
 - g. That discounts have been taken where available.
 - h. That appropriate entries will be made in accounting records.
- 4.61 To ensure that two authorised members of staff are involved in the ordering, receiving and payment process. Whenever possible, a different Officer from the person who signed the order, and in every case, a different Officer from the person checking a written invoice, should authorise the invoice.
- 4.62 To ensure that the department maintains and reviews periodically a list of staff approved to authorise invoices. Names of authorising officers together with specimen signatures and details of the limits of their authority shall be forwarded to the Director of Finance and Procurement.
- 4.63 To ensure that payments are not normally made on a photocopied or faxed invoice, statement or other document other than the formal invoice. Electronically submitted invoices can be accepted if submitted in a form agreed by the Director of Finance and Procurement.
- 4.64 To encourage suppliers of goods and services to receive payment by BACS, the preferred payment method for the Authority. It is essential, however, that payments made by direct debit have the prior approval of the Director of Finance and Procurement.
- 4.65 To ensure that the department obtains best value from purchases by taking appropriate steps to obtain competitive prices for goods and services of the appropriate quality, with regard to the best practice guidelines issued by the Director of Finance and Procurement, which are in line with best value principles and contained in the Authority's Contract Standing Orders.
- 4.66 To utilise the skills of the Head of Procurement in putting purchases, where appropriate, out to competitive quotation or tender. These will comply with the Contract Standing Orders and will cover:
- a. Authorised Officers and the extent of their Authority.
 - b. Advertisement for tenders.

- c. Procedure for creating, maintaining and revising a standard list of contractors.

 - j. The form of contract documentation.
 - k. Cancellation clauses in the event of corruption or bribery.
 - l. Contract records.
- 4.67 To ensure that employees are aware of the national code of conduct for local government employees.
- 4.68 To ensure that loans, leasing or rental arrangements are not entered into without prior agreement from the Director of Finance and Procurement. This is because of the potential impact on the Authority's borrowing powers, to protect the Authority against entering into unapproved credit arrangements and to ensure that value for money is being obtained.
- 4.69 To notify the Director of Finance and Procurement of outstanding expenditure relating to the previous financial year as soon as possible after 31 March in line with the timetable determined by the Director of Finance and Procurement and, in any case, not later than 30 April.
- 4.70 With regard to contracts for construction and alterations to buildings and for civil engineering works, to document and agree with the Director of Finance and Procurement the systems and procedures to be adopted in relation to financial aspects, including certification of interim and final payments, checking, recording and authorising payments, the system for monitoring and controlling capital schemes and the procedures for validation of sub-contractor's tax status.
- 4.71 To notify the Director of Finance and Procurement immediately of any expenditure to be incurred as a result of statute/court order where there is no budgetary provision.
- 4.72 To ensure that all appropriate payment records are retained and stored for the defined period, in accordance with the document retention schedule.

Payment to Employees and Members

Why is this important?

- 4.73 Staff costs are the largest item of expenditure for Authority services. It is therefore important that payments are accurate, timely, made only where they are due for services to the Authority and that payments accord with individual's conditions of employment. It is also important that all payments are accurately and completely recorded and accounted for and that Member's allowances are authorised in accordance with the scheme adopted by the Authority.

Key Controls

- 4.74 The key controls for payments to employees and Members are:
- a. Proper authorisation procedures are in place and that there is adherence to corporate timetables in relation to:
 - I. starters
 - II. leavers
 - III. variations
 - IV. enhancements
- and that payments are made on the basis of time records or claims.

- 4.84 To ensure that payroll transactions are processed only through the payroll system. SLT Officers should give careful consideration to the employment status of individuals employed on a self-employed consultant or sub contract basis. The Inland Revenue applies a tight definition for employee status, and in cases of doubt, advice should be sought from the Director of Finance and Procurement.
- 4.85 To certify travel and subsistence claims and other allowances. Certification is taken to mean that journeys were authorised and expenses properly and necessarily incurred, and that allowances are properly payable by the Authority, ensuring that cost-effective use of travel arrangements is achieved. Due consideration should be given to tax implications and that Director of Finance and Procurement is informed where appropriate.
- 4.86 To ensure that the Director of Finance and Procurement is notified of the details of any employee benefits in kind, to enable full and complete reporting within the income tax self-assessment system and Inland Revenue regulations.
- 4.87 To ensure that all appropriate payroll documents are retained and stored for the defined period in accordance with the document retention schedule.
- 4.88 To ensure that there are adequate arrangements for administering superannuation matters on a day-to-day basis.

Responsibilities of Members and Employees

- 4.89 To submit personal expense claims for travel and subsistence allowances, including mileage claims under the Essential\Casual Car User Scheme on a monthly basis.
- 4.90 To submit all scale rate claims via payroll so that appropriate deductions can be made in respect of Income Tax and National Insurance contributions in compliance with rules set by HM Revenue & Customs

Taxation

Why is this important?

- 4.91 Like all organisations, the Authority is responsible for ensuring its tax affairs are in order. Tax issues are often very complex and the penalties for incorrectly accounting for tax are severe. It is therefore very important for all Officers to be aware of their role.

Key Controls

- 4.92 The key controls for taxation are:

- 4.100 To follow the guidance on taxation issued by the Director of Finance and Procurement in the Authority's accounting manual and VAT manual.

Trading Accounts and Business Units

Why is this important?

- 4.101 Trading accounts and business units have become more important as local authorities have developed a more commercial culture. Under CIPFA Service Reporting Code of Practice (SeRCOP), authorities are required to keep trading accounts for services provided on a basis other than straightforward recharge of cost. They are also required to disclose specific information on the trading operation and its financial performance.

Responsibilities of the Director of Finance and Procurement

- 4.102 To advise on the establishment and operation of trading accounts and business units.

Responsibilities of SLT Officers

- 4.103 To consult with the Director of Finance and Procurement where a business unit wishes to enter into a contract with a third party where the contract expiry date exceeds the remaining life of their main contract with the Authority. In general, such contracts should not be entered into unless they can be terminated within the main contract period without penalty.
- 4.104 To observe all statutory requirements in relation to business units, including the maintenance of a separate revenue account to which all relevant income is credited and all relevant expenditure, including overhead costs, is charged, and to produce an annual report in support of the final accounts.
- 4.105 To ensure that "proper" accounting practices are applied in relation to trading accounts as for other services or business units.
- 4.106 To ensure that each business unit prepares an annual business plan.

Appendix E – External Arrangements

Partnerships

Why is this important?

- 5.01 Partnerships are likely to play a key role in delivering community strategies and in helping to promote and improve the well-being of the area. Local authorities are working in partnership with others – public agencies, private companies, community groups and voluntary organisations. Local authorities still deliver some services, but their distinctive leadership role is to bring together the contributions of the various stakeholders. They therefore need to deliver a shared vision of services based on user wishes.
- 5.02 Local authorities will mobilise investment, bid for funds, champion the needs of their areas and harness the energies of local people and community organisations. Local authorities will be measured by what they achieve in partnership with others.

General

- 5.03 The main reasons for entering into a partnership are:
 - a. The desire to find new ways to share risk.
 - b. The ability to access new resources.
 - c. To provide new and better ways of delivering services.
 - d. To forge new relationships.
- 5.04 A partner is defined as either:
 - a. An organisation (private or public) undertaking, part funding or participating as a beneficiary in a project.or
 - b. A body whose nature or status give it a right or obligation to support the project.
- 5.05 Partners participate in projects by:
 - a. Acting as a project deliverer or sponsor, solely or in concert with others.
 - b. Acting as a project funder or part funder.
 - c. Being the beneficiary group of the activity undertaken in a project.
- 5.06 Partners have common responsibilities:
 - a. To be willing to take on a role in the broader programme appropriate to the skills and resources of the partner organisation.

- b. To act in good faith at all times and in the best interests of the partnership's aims and objectives.
- c. Be open about any conflict of interests that might arise.
- d. To encourage joint working and promote the sharing of information, resources and skills between public, private and community sectors.
- e. To hold confidentiality any information received as a result of partnership activities or duties that is of a confidential or commercially sensitive nature.
- f. To act wherever possible as ambassadors for the project.

Responsibilities of the Director of Finance and Procurement

5.08 To advise on effective controls that will ensure that resources are not wasted.

- 5.16 Partnerships to be regularly reviewed, monitored and evidenced on the project file and register by Project Managers.
- 5.17 To provide appropriate information to the Director of Finance and Procurement to enable a note to be entered into the Authority's statement of accounts concerning material items.

A standard formal approach should be taken to measuring partnership outcomes.

External Funding

Why is this important?

- 5.18 External funding is potentially a very important source of income, but funding conditions need to be carefully considered to ensure that they are compatible with the aims and objectives of the Authority. Local authorities are increasingly encouraged to provide seamless service providers. Funds from external agencies such as the National Lottery and the single regeneration budget provide additional resources to enable the Authority to deliver services to the local community. However, in some instances, although the scope for external funding has increased, such funding is linked to tight specifications and may not be flexible enough to link to the Authority's overall plan.

Key Controls

- 5.19 The key controls for external funding are:
 - a. To ensure that key conditions of funding and any statutory requirements are complied with and that the responsibilities of the accountable body are clearly understood.
 - b. To ensure that funds are acquired only to meet the priorities approved in the policy framework by the Authority.

- c. Any re-alignment of the budget to reflect the receipt of external funds will in essence be treated in the same manner as a budget virement adjustment and the virement process outlined in Financial Regulations 1.10 to 1.18 must be followed.
- d. To ensure that any match-funding requirements are given due consideration prior to entering into long-term agreements and that future revenue budgets reflect these requirements.

Responsibilities of the Director of Finance and Procurement

- 5.20 To ensure that all funding notified by external bodies is received and properly recorded in the Authority's accounts.
- 5.21 To ensure that the match-funding requirements are considered prior to entering into the agreements and that future revenue budgets reflect these requirements.

Responsibilities of SLT Officers

- 5.23 To ensure that all claims for funds are made by the due date.
- 5.24 To ensure that all project progresses in accordance with the agreed project and that all expenditure is properly incurred and recorded.

Work for Third Parties

Why is this important?

- 5.25 Current legislation enables the Authority to provide a range of services to other bodies. Such work may enable a unit to maintain economies of scale and existing expertise. Arrangements should be in place to ensure that any risks associated with this work is minimised and that such work is intra vires.

Key Controls

- 5.26 The key controls for working with third parties are:
 - a. To ensure that proposals are costed properly in accordance with guidance provided by the Director of Finance and Procurement.
 - b. To ensure that contracts are drawn up using guidance provided by the Director of Finance and Procurement and that the formal approvals process is adhered to.
 - c. To issue guidance with regard to the financial aspects of third party contracts and the maintenance of the contract register.

Responsibilities of the Director of Finance and Procurement

- 5.27 To issue guidance with regard to the financial aspects of third party contracts and the maintenance of the contract register.

Responsibilities of SLT Officers

- 5.28 To ensure that the approval of the Authority is obtained before any negotiations are concluded to work for third parties.

- 5.36 To ensure that all contracts are properly documented.
- 5.37 To provide appropriate information to the Director of Finance and Procurement to enable a note to be entered into the Statement of Accounts.

PART 5 – PROCEDURE AND POLICIES

CODE OF CONDUCT FOR MEMBERS

Introduction

This Authority and those across the Liverpool City Region have adopted this Code of Conduct to promote and maintain high standards of conduct and underpin public confidence in the authority and its Members and co-opted Members. It is adapted from the Local Government Association (LGA) Model Councillor Code of Conduct 2020 published 19th January 2021.

The LGA Model Code was introduced by a Joint Statement from the political groups that:

“The role of councillor across all tiers of local government is a vital part of our country’s system of democracy. It is important that as councillors we can be held accountable and all adopt the behaviours and responsibilities associated with the role. Our conduct as an individual councillor affects the reputation of all councillors. We want the role of councillor to be one that people aspire to. We also want individuals from a range of backgrounds and circumstances to be putting themselves forward to become councillors.

As councillors, we represent local residents, work to develop better services and deliver local change. The public have high expectations of us and entrust us to represent our local area; taking decisions fairly, openly, and transparently. We have both an individual and collective responsibility to meet these expectations by maintaining high standards and demonstrating good conduct, and by challenging behaviour which falls below expectations.

Importantly, we should be able to undertake our role as a councillor without being intimidated, abused, bullied or threatened by anyone, including the general public.

This Code has been designed to protect our democratic role, encourage good conduct and safeguard the public’s trust in local government.”

The Code sets out general obligations about the standards of conduct expected of Members and co-opted Members of the Authority, together with provisions about registering and declaring interests. It has been adopted under section 27 of the Localism Act 2011 by the Authority on 20th May 2021.

The LGA Model Code is to be reviewed annually.

Application of the Code of Conduct

This Code of Conduct applies to you as soon as you sign your declaration of acceptance of the office of Member or attend your first meeting as a co-opted member and continues to apply to you until you cease to be a Member.

This Code of Conduct applies to you when you are acting in your capacity as a Member which may include when:

- you misuse your position as a Member; or

The Code applies to all forms of communication and interaction, including:

Town and parish Members are encouraged to seek advice from their Clerk, who may refer matters to the Monitoring Officer.

Standards of Member Conduct

This section sets out your obligations, which are the minimum standards of conduct required of you as a Member. Should your conduct fall short of these standards, a complaint may be made against you, which may result in action being taken.

Guidance is included to help explain the reasons for the obligations and how they should be followed.

General Conduct

1. Respect

As a Member:

1.1 I treat other Members and members of the public with respect.

1.2 I treat local authority employees, employees and representatives of partner organisations and those volunteering for the local authority with respect and respect the role they play.

Respect means politeness and courtesy in behaviour, speech, and in the written word. Debate and having different views are all part of a healthy democracy. As a Member, you can express, challenge, criticise and disagree with views, ideas, opinions and policies in a robust but civil manner. You should not, however, subject individuals, groups of people or organisations to personal attack.

In your contact with the public, you should treat them politely and courteously. Rude and offensive behaviour lowers the public's expectations and confidence in Members.

In return, you have a right to expect respectful behaviour from the public. If members of the public are being abusive, intimidatory or threatening, you are entitled to stop any conversation or interaction in person or online and report them to the local authority, the relevant social media provider or the police. This also applies to fellow Members, where action could then be taken under the Member Code of Conduct, and local authority employees, where concerns should be raised in line with the local authority's Member- Officer protocol.

2. Bullying, harassment and discrimination

As a Member:

2.1 I do not bully any person.

2.2 I do not harass any person.

2.3 I promote equalities and do not discriminate unlawfully against any person.

The Advisory, Conciliation and Arbitration Service (ACAS) characterises bullying as offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means that undermine, humiliate, denigrate or injure the recipient. Bullying might be a regular pattern of behaviour or a one-off incident, happen face-to-face, on social media, in emails or phone calls, happen in the workplace or at work social events and may not always be obvious or noticed by others.

The Protection from Harassment Act 1997 defines harassment as conduct that causes alarm or distress or puts people in fear of violence and must involve such conduct on at least two occasions. It can include repeated attempts to impose unwanted communications and contact upon a person in a manner that could be expected to cause distress or fear in any reasonable person.

Unlawful discrimination is where someone is treated unfairly because of a protected characteristic. Protected characteristics are specific aspects of a person's identity defined by the Equality Act 2010. They are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The Equality Act 2010 places specific duties on local authorities. Members have a central role to play in ensuring that equality issues are integral to the local authority's performance and strategic aims, and that there is a strong vision and public commitment to equality across public services.

3. Impartiality of Officers of the local authority

As a Member:

3.1 I do not compromise, or attempt to compromise, the impartiality of anyone who works for, or on behalf of, the local authority.

Officers work for the local authority as a whole and must be politically neutral (unless they are political assistants). They should not be coerced or persuaded to act in a way that would undermine their neutrality. You can question Officers in order to understand, for example, their reasons for proposing to act in a particular way, or the content of a report that they have written. However, you must not try and force them to act differently, change their advice, or alter the content of that report, if doing so would prejudice their professional integrity.

4. Confidentiality and access to information

As a Member:

4.1 I do not disclose information:

- a. given to me in confidence by anyone**
- b. acquired by me which I believe, or ought reasonably to be aware, is of a confidential nature, unless**
 - i. I have received the consent of a person authorised to give it;**
 - ii. I am required by law to do so;**
 - iii. the disclosure is made to a third party for the purpose of obtaining professional legal advice provided that the third party agrees not to disclose the information to any other person; or**
 - iv. the disclosure is:**
 - 1. reasonable and in the public interest; and**
 - 2. made in good faith and in compliance with the reasonable requirements of the local authority; and**
 - 3. I have consulted the Monitoring Officer prior to its release.**

4.2 I do not improperly use knowledge gained solely as a result of my role as a Member for the advancement of myself, my friends, my family members, my employer or my business interests.

4.3 I do not prevent anyone from getting information that they are entitled to by law.

Local authorities must work openly and transparently, and their proceedings and printed materials are open to the public, except in certain legally defined circumstances. You should work on this basis, but there will be times when it is required by law that discussions, documents and other information relating to or held by the local authority must be treated in a confidential manner. Examples include personal data relating to individuals or information relating to ongoing negotiations.

5. Disrepute

As a Member:

5.1 I do not bring my role or local authority into disrepute.

As a Member, you are trusted to make decisions on behalf of your community and your actions and behaviour are subject to greater scrutiny than that of ordinary members of the public. You should be aware that your actions might have an adverse impact on you, other Members and/or your local authority and may lower the public's confidence in you or your local

authority's ability to discharge your/it's functions. For example, behaviour that is considered dishonest and/or deceitful can bring your local authority into disrepute.

You are able to hold the local authority and fellow Members to account and are able to constructively challenge and express concern about decisions and processes undertaken by the local authority whilst continuing to adhere to other aspects of this Code of Conduct.

6. Use of position

As a Member:

6.1 I do not use, or attempt to use, my position improperly to the advantage or disadvantage of myself or anyone else.

Your position as a Member of the local authority provides you with certain opportunities, responsibilities, and privileges, and you make choices all the time that will impact others. However, you should not take advantage of these opportunities to further your own or others' private interests or to disadvantage anyone unfairly.

7. Use of local authority resources and facilities

As a Member:

7.1 I do not misuse local authority resources.

7.2 I will, when using the resources of the local or authorising their use by others:

- a. act in accordance with the local authority's requirements; and**
- b. ensure that such resources are not used for political purposes unless that use could reasonably be regarded as likely to facilitate, or be conducive to, the discharge of the functions of the local authority or of the office to which I have been elected or appointed.**

You may be provided with resources and facilities by the local authority to assist you in carrying out your duties as a Member.

Examples include:

- office support
- stationery
- equipment such as phones, and computers
- transport
- access and use of local authority buildings and rooms.

These are given to you to help you carry out your role as a Member more effectively and are not to be used for business or personal gain. They should be used in accordance with the purpose for which they have been provided and the local authority's own policies regarding their use.

8. Complying with the Code of Conduct

As a Member:

- 8.1 I undertake Code of Conduct training provided by my local authority.
- 8.2 I cooperate with any Code of Conduct investigation and/or determination.
- 8.3 I do not intimidate or attempt to intimidate any person who is likely to be involved with the administration of any investigation or proceedings.
- 8.4 I comply with any sanction imposed on me following a finding that I have breached the Code of Conduct.

It is extremely important for you as a Member to demonstrate high standards, for you to have your actions open to scrutiny and for you not to undermine public trust in the local authority or its governance. If you do not understand or are concerned about the local authority's processes in handling a complaint, you should raise this with your Monitoring Officer.

Protecting your reputation and the reputation of the local authority

9. Interests

As a Member:

- 9.1 I register and disclose my interests.

Section 29 of the Localism Act 2011 requires the Monitoring Officer to establish and maintain a register of interests of Members of the local authority.

You need to register your interests so that the public, local authority employees and fellow Members know which of your interests might give rise to a conflict of interest. The register is a public document that can be consulted when (or before) an issue arises. The register also protects you by allowing you to demonstrate openness and a willingness to be held accountable. You are personally responsible for deciding whether or not you should disclose an interest in a meeting, but it can be helpful for you to know early on if others think that a potential conflict might arise. It is also important that the public know about any interest that might have to be disclosed by you or other Members when making or taking part in decisions, so that decision making is seen by the public as open and honest. This helps to ensure that public confidence in the integrity of local governance is maintained.

You should note that failure to register or disclose a disclosable pecuniary interest as set out in **Table 1**, is a criminal offence under the Localism Act 2011.

Appendix B sets out the detailed provisions on registering and disclosing interests. If in doubt, you should always seek advice from your Monitoring Officer.

10. Pre-Determination or Bias

As a Member I:

- 10.1 never place myself under any financial or other obligation to outside individuals or organisations who might seek to influence me in the performance of my official duties.**
- 10.2 consider all matters with an open mind and make decisions based upon weighing the best evidence before me, fairly and on merit.**

Where you have been involved in campaigning in your political role on an issue which does not impact on your personal and/or professional life, you should not be prohibited from participating in a decision in your role as Member. However, you must ensure that your integrity is not compromised.

You may be pre-disposed to a number of outcomes to a decision, based upon your, philosophy, beliefs or political allegiance (including any application of a Group whip), but this must not predetermine your actions or the outcome of a decision you are to make. You must always remain open to the potential for further evidence or argument to alter any previously expressed or held viewpoint at the time of making your decision. For this reason, particularly in relation to contractual matters or those affecting individuals' civil rights, it is often best to be cautious about how or if your views are expressed before coming to make a decision.

11. Gifts and hospitality

As a Member:

- 11.1 I do not accept gifts or hospitality, irrespective of estimated value, which could give rise to real or substantive personal gain or a reasonable suspicion of influence on my part to show favour from persons seeking to acquire, develop or do business with the local authority or from persons who may apply to the local authority for any permission, licence or other significant advantage.**
- 11.2 I register with the Monitoring Officer any gift or hospitality with an estimated value of at least £50 within 28 days of its receipt.**
- 11.3 I register with the Monitoring Officer any significant gift or hospitality that I have been offered but have refused to accept.**

In order to protect your position and the reputation of the local authority, you should exercise caution in accepting any gifts or hospitality which are (or which you reasonably believe to be) offered to you because you are a Member. The presumption should always be not to accept significant gifts or hospitality. However, there may be times when such a refusal may be difficult if it is seen as rudeness in which case you could accept it but must ensure it is publicly registered. However, you do not need to register gifts and hospitality which are not related to your role as a Member, such as Christmas gifts from your friends and family. It is also important to note that it is appropriate to accept normal expenses and hospitality associated with your duties as a Member. If you are unsure, do contact your Monitoring Officer for guidance.

Appendices

Appendix A – The Seven Principles of Public Life

The principles are:

Selflessness

Holders of public office should act solely in terms of the public interest.

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must disclose and resolve any interests and relationships.

Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty

Holders of public office should be truthful.

Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

Appendix B - Registering Interests

Within 28 days of becoming a Member or your re-election or re-appointment to office you must register with the Monitoring Officer the interests which fall within the categories set out in **Table 1 (Disclosable Pecuniary Interests)** which are as described in “The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012”. You should also register details of your other personal interests which fall within the categories set out in **Table 2 (Other Registerable Interests)**.

“Disclosable Pecuniary Interest” means an interest of yourself, or of your partner if you are aware of your partner's interest, within the descriptions set out in Table 1 below.

“Partner” means a spouse or civil partner, or a person with whom you are living as husband or wife, or a person with whom you are living as if you are civil partners.

“Standard Dispensation” means a dispensation that has been granted by the Authority relieving the Member or co-opted Member from the restrictions or obligations under this Code as detailed in **Table 3** below.

1. You must ensure that your register of interests is kept up-to-date and within 28 days of becoming aware of any new interest, or of any change to a registered interest, notify the Monitoring Officer.
2. A ‘sensitive interest’ is as an interest which, if disclosed, could lead to the Member, or a person connected with the Member, being subject to violence or intimidation.
3. Where you have a ‘sensitive interest’ you must notify the Monitoring Officer with the reasons why you believe it is a sensitive interest. If the Monitoring Officer agrees they will withhold the interest from the public register.

Disclosure and Non-participation in case of disclosable pecuniary interest

4. Where a matter arises at a meeting which directly relates to one of your Disclosable Pecuniary Interests as set out in **Table 1**, you must disclose the interest, not participate in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation or a Standard Dispensation applies. If it is a ‘sensitive interest’, you do not have to disclose the nature of the interest, just that you have an interest. Dispensation may be granted in limited circumstances, to enable you to participate and vote on a matter in which you have a disclosable pecuniary interest.
5. Where you have a disclosable pecuniary interest on a matter to be considered or is being considered by you as a Cabinet Member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it.

Disclosure of Other Registerable Interests and Non-Registerable Interests (Personal and Prejudicial Interests)

Personal Interests

6. Where a matter arises at a meeting which **affects**:
 - a. your own financial interest or wellbeing;
 - b. a financial interest or well-being of a relative, close associate; or
 - c. a body included in those you need to disclose under Other Registerable Interests as set out in **Table 2**

you must disclose the interest. In order to determine whether you can remain in the meeting after disclosing the interest the following test should be applied

Prejudicial Interests

7. In the following instances, you must disclose the interest and you may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise, you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.
 - a. Where a matter arises at a meeting which **directly relates** to one of your Other Registerable Interests (as set out in **Table 2**).
 - b. Where a matter arises at a meeting which **directly relates** to your financial interest or well-being (and is not a Disclosable Pecuniary Interest set out in Table 1) or a financial interest or well-being of a relative or close associate.
 - c. Where a matter **affects** your financial interest or well-being:
 1. to a greater extent than it affects the financial interests of the majority of inhabitants of the ward affected by the decision and;
 2. a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest
8. Where you have a personal interest in any business of your authority and you have made an executive decision in relation to that business, you must make sure that any written statement of that decision records the existence and nature of your interest.

Overview and Scrutiny Committees

9. You also have a prejudicial interest in any business before an overview and scrutiny committee of your authority (or of a sub-committee of such a committee) where:

- (a) that business relates to a decision made (whether implemented or not) or action taken by your authority's Cabinet, board or another of your authority's committees, sub-committees, joint committees or joint subcommittees; and
 - (b) at the time the decision was made or action was taken, you were a member of the Cabinet, board, committee, sub-committee, joint committee or joint sub-committee mentioned in sub-paragraph (a) and you were present when that decision was made or action was taken.
- 10. Paragraph 9 does not prevent you attending and participating in a meeting if you are required to attend a meeting of an overview or scrutiny committee, by such committee exercising its statutory powers.

We treat people with dignity and respect, making decisions objectively based on evidence, without discrimination or bias.

Procedure for Dealing with Allegations Under the Code of Conduct

Stage 1

1. When a complaint is received (using the existing complaint form) based on the new adopted Code of Conduct:
 - a. Complaints should be directed to the Monitoring Officer.
 - b. The Monitoring Officer must acknowledge the complaint within two (2) working days of receipt.
2. An Independent Person (IP) must be involved in the complaint investigation as required by the Localism Act 2011 section 28(7). This will be arranged by the Monitoring Officer.

Stage 2

3. Standards matters shall be within the terms of reference of the Audit Committee and if a complaint is received it will firstly be considered by this Committee.
4. The Monitoring Officer or Deputy shall consider the complaint with the IP and provide a report for the Audit Committee which details:
 - a. Details of the complaint.
 - b. Considerations of the complaint and whether a full investigation and hearing may be required.
 - c. Observations of the IP.
 - d. Recommendations to the Committee as to next steps.
 - e. The Audit Committee will be presented with this report and the IP will attend the meeting along with the report author, to give any views arising in respect of the complaint.
5. The report will not be open to inspection by the public under the provisions of the Local Government Act 1972 Schedule 12A.
6. The Audit Committee will determine:
 - a. If the complaint is upheld.
 - b. If the complaint requires further investigation.

- c. If the complaint is not upheld.

If the complaint is upheld:

7. The Monitoring Officer or Deputy will provide a report for the Appeals Committee recommending the Sanction proposed by the Audit Committee. Sanctions available are mainly for admonishment of a Member, training and/or development or where pecuniary or other interests have not been declared, this could constitute a criminal offence.

If the complaint is not upheld:

8. The Audit Committee must give its reasons for not upholding a complaint and can recommend any further/other action it considers might be helpful (for example that the Authority/CLG produces guidance).
9. The Monitoring Officer or Deputy will then write to both the complainant and the Member concerned with reasons/other recommendations.
10. The complainant may appeal to the Appeals Committee by completing an appeal form and sending this to the Monitoring Officer who will then arrange for a report to be drafted to the Appeals Committee.

If the complaint requires further investigation:

11. The Monitoring Officer/Deputy will make arrangements for an investigation to be undertaken within 28 days from the date of the Audit Committee meeting. The investigation must involve the IP and must also provide information from the Member complained of, along with the reasons provided from the Audit Committee.
12. A meeting of the Appeals Committee will be convened within the next 14 working days to hear the complaint. The complainant, the Members concerned and the IP will be invited to give their views.
13. The meeting will be held in private and the complainant and the Member must be given the opportunity to present their case.
14. The Appeals Committee will make its decision giving full reasons, as to whether the Member has or has not complied with the Code of Conduct. The outcome will then be provided in writing within the next 7 working days, to both the complainant and Member concerned.
15. If the complaint is upheld, the Appeals Committee will decide on the appropriate sanction. The decision of the Appeals Committee will be final.

Stage 3: Appeals

If an appeal is received under Stage 2 (above):

16. An extraordinary meeting of the Appeals Committee will be convened within the next 14 working days to hear the appeal. The complainant, the Members concerned and the IP will be invited to give their views.
17. The meeting will be held in private and the complainant and the member must be given the opportunity to present their case.
18. The Appeals Committee will make its decision giving full reasons, as to whether the Member has or has not complied with the Code of Conduct. The outcome will then be provided in writing within the next 7 working days, to both the complainant and Member concerned.
19. If the appeal is upheld, the Appeals Committee will then decide on the appropriate sanction.
20. The decision of the Appeals Committee will be final.

MEMBERS CODE AND GUIDANCE ON OFFICIAL VISITS BY MEMBERS

Guidance

1. **Proposal by Members**

1.1 Members proposing an official visit on behalf of the Authority should submit the following details to the Solicitor to the Authority:

- a. The location of the visit.
- b. The purpose of the visit.
- c. The duration of the visit.
- d. The number of Members and Officers proposing to make the visit.
- e. The proposed method of travel to the location and itinerary of the visit.
- f. The estimated cost of the visit.
- g. The estimated benefit to the Authority in making the visit.

1.2 The Solicitor to the Authority after consultation with the Chief Fire Officer, shall then report the proposal to the appropriate committee, setting out the above details and the estimated cost of attendance in respect of travel and accommodation, or travelling and subsistence allowances, in order that the Authority may make a decision on the matter.

2. **Proposal by Principal Officers**

2.1 Principal Officers proposing an official visit by Elected Members on behalf of the Authority shall inform the Monitoring Officer of the proposal in order that the Monitoring Officer can provide an assessment, in consultation with the Director of Finance and Procurement, of the cost to the Authority of travel and accommodation, or travelling and subsistence allowances, and an indication as to whether sufficient budgetary provision is available.

2.2 The relevant Principal Officer shall then submit a report to the appropriate committee, detailing the matters set out in paragraph 1 above including details of estimated costs.

3. **Expenses of Visit**

3.1 The Authority may agree to pay expenses as follows:

- a. In the case of visits within the UK, subsistence and travel allowances equivalent to the maximum rates specified by the Secretary of State for performance of approved Duties.

- b. In the case of visits outside the UK, subsistence and travel allowances at the maximum rates specified by the Secretary of State for performance of approved duties; or such reasonably higher amount as reflects the higher cost of meals or accommodation abroad.
 - c. Expenses incurred in the reception and entertainment, by way of official courtesy, of persons representatives of, or connected with local government or other public Services, whether inside or outside the UK.
 - d. Other expenses reasonably incurred by, or on behalf of Members during the visit (such as reciprocating hospitality on a modest scale) where proof of such expenditure is provided.
- 3.2 Where possible, accommodation, meals and methods of travel should be booked and paid by the Authority directly, in order to maximise discounts available; and to avoid the need for individuals to pay expenses from their own funds, or requiring cash allowances.
- 3.3 Expenditure incurred in the reception and entertainment by way of official courtesy, should comply with the Authority's Guidance on giving hospitality.

In summary this means that:

- a. Prior approval of the Authority to incur expenditure on such hospitality is required.
 - b. The hospitality provided must be of a modest scale appropriate to the occasion.
 - c. If a full meal is appropriate, the cost must not exceed the existing levels of Members allowances.
 - d. The number of recipients of hospitality must be restricted and must not extend beyond those directly involved in the relevant official courtesy visit.

PROTOCOL ON MEMBER AND OFFICER RELATIONS

“Every Local Authority should have its own written statement or protocol governing relations between Members and Officers” (Third report of the Committee on standards in public life, the Nolan Committee).

1. Introduction

- 1.1 The relationship between Elected Members and Officers of the Fire Authority is one of its main organisational strengths. However, the Authority accepts it is required to have a formal protocol which covers the relationship between Elected Members and Officers. This protocol is prepared to meet those requirements, but against a background of a good working partnership, which benefits everyone who serves or is employed in the Authority. It will provide a safe guide to help ensure that current good practice continues.
- 1.2 The Fire Authority recognises that a strong, constructive and trusting relationship between Members and Officers, is essential to the effective and efficient working of the organisation. Members and Officers should work in partnership in developing the policies of the Authority and in ensuring the delivery of Services to the people of Knowsley, Liverpool, Sefton, St. Helens and Wirral.
- 1.3 This protocol takes into account the respective and different roles of Members and Officers and does not seek to change or influence these roles. The intention is to build on the good relationship which already exists.
- 1.4 It is accepted that from time to time issues do arise which need to be addressed from both sides. This protocol will be used as appropriate to help in addressing any such matters.
- 1.5 It is recognised that the Authority is a corporate entity, but that in terms of its political structure, there is an administration and opposition dimension which involves both Members and Officers operating in a politically sensitive climate. Officers have an obligation to serve the Authority as a corporate body.
- 1.6 It is recognised that the Authority is a corporate entity, but that in terms of its political structure, there is an administration and opposition dimension which involves both Members and Officers operating in a politically sensitive climate. Officers have an obligation to serve the Authority as a corporate body.

2. Operation of this Protocol

- 2.1 This protocol will be applied having regard to the requirements of the Members' Code of Conduct and the Officers' Code of Conduct, as set out in the Authority's Constitution, and relevant Authority policies, procedures and processes. Members and Officers must at all times observe this protocol.
- 2.2 Where there is a conflict or discrepancy between this protocol and those codes and policies referred to in 2.1 above, then those codes and policies shall have precedence. Account will also be taken of any conventions in the case of conflict or discrepancy.

- 2.3 This protocol does not affect or interfere with any rights of or protection which a person may have in law.

3. Responsibility for the Protocol

- 3.1 The Chief Fire Officer is responsible for the operation of this protocol and will ensure that it is reviewed from time to time.
- 3.2 They will rule on the interpretation and / or the application of the protocol in matters of dispute and such rulings will be final. Where such a matter is relevant to or involves the Chief Fire Officer then the Monitoring Officer shall be the appropriate Officer under this paragraph.
- 3.3 The Fire Authority is responsible for approving any amendments or additions to the protocol following consultation with Member and Officer representatives and the Audit Sub Committee where appropriate.

4. Member and Officer Roles

- 4.1 This protocol recognises that Members are elected and Officers are appointed to serve the people of Knowsley, Liverpool, Sefton, St. Helens and Wirral and that their roles are distinct.
- 4.2 The Members are accountable to the electorate who determine the people they wish to represent them on various unitary authorities. These five Authorities then nominate Elected Members to sit on the Fire Authority.
- 4.3 Officers are accountable to the people of Knowsley, Liverpool, Sefton, St. Helens and Wirral through the full Fire Authority.
- 4.4 Councillors are mainly responsible for:
- a. The political direction and leadership of the Authority, the determination of policies, plans and strategies; and deciding matters to give effect to or implement those policies, plans and strategies, particularly in service delivery terms.
 - b. Performing the Authority's regulatory functions.
 - c. Monitoring and reviewing functions, the Authority's performance in implementing its plans and strategies and in delivering its Services.
 - d. Participation in partnership working.
 - e. Representing the Authority on national, regional and local bodies and organisations.
 - f. Representing the views of their communities and individual constituents in respect of the work of the Fire Authority.
- 4.5 Members should not involve themselves in the day to day management of the Authority's Services as the responsibility rests with the Chief Fire Officer and Senior Managers and there are clearly defined lines of accountability to Members.

- 4.6 Under the Authority's Constitution, some Members have additional responsibility at Member level, for example being Chair of a Committee or as a Lead Member for a specific area of the Service. The holding of these Offices will involve a different relationship with certain Officers in areas where the Member has a particular role and responsibility. Also, the relationships will be more complex and expectations will be different from other Members.
- 4.7 The roles of certain Members and Officers can be summaries as follows:
- a. Chair – Chair of the Authority who is responsible for promoting and developing the Authority.
 - b. Vice Chair – who deputises for the Chair in their absence.
 - c. Committee Chairs - who Chair and co-ordinate Committee meetings and work together to ensure effective scrutiny.
 - d. Opposition Spokesperson – who leads the main opposition Group and represents it at meetings of the Authority and its Committees.
 - e. Minority Party Group Leaders – who lead the other opposition Groups and represent them at meetings of the Authority and its Committees.
 - f. Group Whips – who are responsible for the organisation and administration within Party Groups and for liaison with Officers about Members' attendance at meetings and representation on outside bodies.
- 4.8 It is important that Members of the Authority:
- a. Respect the impartiality of Officers and not undermine their role in carrying out their duties.
 - b. Do not ask Officers to undertake work or to act in a way which seeks to support or benefit a particular political party or gives rise to the Officer being criticised for operating in a party political manner.
 - c. Do not ask Officers to exceed their authority where that authority is given to them in law, by the Authority or by their managers.
- 4.9 This protocol recognises the role of opposition groups in the Fire Authority acting individually or jointly, and that relationships will be again different and complex. Members in opposition have the same rights and obligations in their relationships with Officers and should be treated equally. Where opposition groups, individually or collectively, appoint their Members to perform shadow or spokesperson roles, then the requirement of 4.6 above will apply.
- 4.10 It is however envisaged that all Members will work co-operatively to ensure that the Fire Authority meets its statutory obligations and provides an effective and efficient Fire and Rescue Service to the people of Merseyside.
- 4.11 The primary role of Officers is to advise, inform and support all Members and to implement the lawfully agreed policies of the Fire Authority.

- 4.12 In performing this role, Officers will act professionally, impartially and with political neutrality. Whilst Officers will report a Member's view on an issue, the Officer should not be influenced or pressured to make comments or recommendations which are contrary to their professional judgement or views.
- 4.13 The Chief Fire Officer, the Monitoring Officer and the Director of Finance and Procurement (Section 151 Officer) have specific responsibilities placed on them by law. These responsibilities go beyond their obligations as employees of the Fire and Rescue Authority. Where an Officer is discharging their responsibilities under any statutory office, a Member or Members shall not:
- a. interfere with or obstruct the Officer in exercising those responsibilities.
 - b. victimise any Officer who is discharging or has discharged their responsibilities of the statutory office.

5. Member/Officer Obligations and Expectations

5.1 Members will require and expect Officers:

- a. to be committed to the Authority as a whole and not to any political group or individual.
- b. to work in partnership with Members in an impartial and professional manner.
- c. to understand and support the respective roles of Members and the associated workloads and pressures.
- d. to implement decisions of the Fire Authority and its subordinate committees which are lawful, have been properly approved in accordance with the law and the Authority's Constitution and formally recorded.
- e. to respond to enquiries and complaints in accordance with the Fire and Rescue Authority's standards.
- f. to provide professional advice, which is not influenced by political views or preferences, and which does not compromise the political neutrality of Officers.
- g. to provide information as agreed on matters that can reasonably be considered appropriate and relevant to their needs, taking into account the Members' individual responsibilities and position and the requirements on Members' access to documents and information, subject to specific exclusions, e.g. personal interests and confidentiality.
- h. to be aware of and sensitive to the internal and external political environment.
- i. to act with honesty, respect, dignity and courtesy at all times.
- j. to provide support and learning and development opportunities for Members to help them in performing their various roles.

- k. To act with integrity and appropriate confidentiality.
- l. Not to raise issues of a personal nature outside agreed procedures.
- m. Not to use their relationship with Members to advance their personal interests or to influence decisions improperly.
- n. To comply at all times with the Officer Code of Conduct and such other policies or procedures approved by the Fire and Rescue Authority to support the role of Councillors with any policy or procedure agreed by the Fire Authority.
- o. Not to support Members in any role other than that of a Fire Authority Member and not to undertake any actions which are not compatible with this Protocol.

5.2 Officers can expect Councillors:

- a. To act within the policies, practices, processes and conventions established by the Fire and Rescue Authority.
- b. To work constructively in partnership with Officers, acknowledging their separate and distinct roles and responsibilities.
- c. To understand and support the respective roles and responsibilities of Officers and their associated workloads, pressures and reporting lines.
- d. To give political leadership and direction and to seek to further their agreed policies and objectives with the understanding that Members have the right to take the final decision and issues based on advice.
- e. To treat them fairly and with respect, dignity and courtesy.
- f. To act with integrity, to give support and to recognise appropriate confidentiality.
- g. To recognise that Officers work to the instructions of their senior Officers and not to individual Members.
- h. Not to subject them to intimidation, harassment or put them under pressure. Councillors will have regard to the seniority of Officers in determining what are reasonable requests, having regard to the relationship between Councillor and Officer and the potential vulnerability of Officers, particularly at junior levels.
- i. Not to request them to exercise discretion which involves acting outside the Fire Authority's policies and procedures.
- j. Not to authorise, initiate or certify any financial transactions or enter into any contract, agreement or undertaking on behalf of the Fire Authority, or in their role as Member of the Fire Authority without proper and lawful authority.
- k. Not to use their position or relationship with Officers to advance their personal interest or those of others, or to influence decisions improperly.

- I. To comply at all times with the Members Code of Conduct, the law, the Constitution and such other Policies, Procedures, Protocols and Conventions agreed by the Fire Authority.

6. Behaviour Limitations

- 6.1 The different roles of Members and Officers require particular limitations upon behaviour. Both Members and Officers need to ensure that their working relationship is appropriate to their respective role and that they do not act in any way which would lead to their behaviour being questioned. It is not possible to provide a list of circumstances where behavioural issues might be of concern. The main examples below help to illustrate the point.
 - a. A close personal relationship between a Member and an Officer can confuse their separate roles and influence the proper discharge of the Authority's functions, not least in creating a perception that a Councillor or Officer may be securing advantageous treatment.
 - b. The need to maintain the separation of roles means that there are limits to those matters on which a Member may seek the advice of an Officer, both in relation to personal matters and party political issues.
 - c. Relationships with a particular individual or party group should not be such as to create public suspicion that an employee favours one Councillor or group above the others.

7. Members' Access to Information

- 7.1 Information requested by Members should be supplied to them unless there are good reasons for withholding it in accordance with this Protocol, and those reasons are given in writing and copied to the Monitoring Officer. Information requested should be supplied accurately and quickly. In a few instances, the need to meet legal constraints, and to protect the Authority's and the public interest, may lead to contention. The following paragraphs set out some guidance on how to resolve those issues.

They describe:

- a. The circumstances in which Members have a legal right to access the information.
 - b. The limits to those legal rights.
 - c. The process that will determine a dispute.
- 7.2 Under the "need to know" principle, Members are entitled to the information that they reasonably require to enable them to discharge their functions as Members. They are not entitled to go on fishing expeditions through Authority files. They are not entitled to access information for some other purposes, such as to help somebody to attack the Authority. Their rights will therefore depend on their individual roles, and on which Committee they serve on. Statute law gives Members rights of access to certain Authority documents.

- 7.3 Members do not have a general right to require Officers to carry out research or administrative work to provide information, apart from officers whose job is to provide such support to Members. Unless they have authority to do so by virtue of their specific role they cannot require resources to be re-allocated for work of this kind, however, all Officers will assist wherever they can.
- 7.4 Members are entitled to publicly accessible information, and personal information about themselves, like any other member of the public (for example under the Data Protection Act or in due course the Freedom of Information Act). Members may be authorised by a member of the public to access personal information on their behalf, but the authority must be clear and explicit.
- 7.5 An Officer may require a Member to undertake that the information will be treated as confidential before supplying it, and may refuse to supply it if the undertaking is not given. Reasons for confidentiality should be given in writing and subject to the Right of Appeal to the Monitoring Officer.
- 7.6 Information provided by Officers should be prompt and accurate.
- 7.7 Any Member who is dissatisfied with the decision to withhold information should complain to the relevant Director. If a Member is still dissatisfied, they should raise the matter with the Chief Fire Officer, who may take legal advice. If the Member disagrees with the decision of the Chief Fire Officer they can place the matter before the Authority, or the relevant Committee, or raise it with the District Auditor.

8. Confidentiality

- 8.1 Members and Officers must keep confidential information and papers confidential. This means not sharing them with anyone.
- 8.2 Authority and Committee papers marked "exempt" are "confidential" and are to be treated as confidential. Other information may be confidential because it is against the Authority's or the public interest to disclose it or because of the circumstances in which it was obtained.
- 8.3 Information about someone's private or business affairs will normally be confidential, as will their correspondence with the Authority.
- 8.4 Officers should make it clear to Members if they are providing them with confidential information. If a Member is uncertain about whether or not information might be confidential, they should seek guidance from the Monitoring Officer, and in the meantime treat it as confidential.
- 8.5 If a Member receives confidential information but thinks that it should be released on a "whistle-blowing" basis in the public interest, they must check with the Chief Fire Officer, Monitoring Officer or the Director of Finance and Procurement or the appropriate external Regulatory Authority before deciding to release it.

9. Personal Relationships

- 9.1 The relationship between Members and Officers must be based on mutual respect and confidence.
- 9.2 Close personal relationships between Officers and Members can arise, for example, where a Member's relative works for the Authority. This needs special care. The Member should declare the relationship to their Group Leader or Whip. The Officer should declare a relationship to their line manager, who should make it known to the Clerk and Monitoring Officer. These disclosures should be recorded in writing. They may be made on a completely confidential basis, that is to say on the very clear understanding that no one else will be told without both parties' consent. If there is a special reason why the Group Leader, Whip or Line Manager should not be told then the advice of the Monitoring Officer should be taken. The Officer and the Member must strive to avoid giving any impression of favouritism. The relationship may give the Member a declarable personal interest, and possibly a prejudicial interest preventing them from relevant Authority activity. The Officer may be unable to carry out certain activities that would otherwise be part of their job. Both need to bear these constraints in mind when they seek changes in their areas of responsibility. In an extreme case the relationship may make it impossible for them to perform those responsibilities properly.
- 9.3 Officers and Members should likewise strive to avoid developing antagonistic or combative relationships with each other. They should show respect to one another at all times. Offensive behaviour by an Officer to a Member is likely to be a disciplinary offence. Offensive behaviour by a Member to an Officer is likely to be a breach of the Code of Conduct.
- 9.4 A Member who is criticised by another Member can answer back. It would not be appropriate for an Officer to do so. Members should avoid public criticism of individual Officers, as it is unfair and oppressive. Members should not attempt to pressurise individual Officers to give them preferential treatment, or to compromise their professional integrity.
- 9.5 Officers' performance is monitored by their line managers and the performance of each service is monitored by the Authority.
- 9.6 Complaints about the performance of individual Officers should be made to their line managers. Complaints about Directors should be made to the appropriate line manager on the Executive Team. Complaints about the legality or financial probity of the activities of the Chief Fire Officer should be made to the Monitoring Officer and the Chief Finance Officer. Otherwise complaints about the Chief Fire Officer should be placed before the Authority or taken to the appropriate external regulator such as the District Auditor.
- 9.7 If a Member has a personal, private or business interest in a matter being dealt with by an Officer, they should strive to ensure that no suspicion of preferential treatment can arise. The objective should be as much transparency as possible, but subject to this it may be better for the Member to arrange for someone else to deal direct with the Officer. The Member should write to the relevant Officers placing it on record that they do not expect preferential treatment. A Member should not badger or pressurise the Officer, or use ease of access to their personal advantage.

10. Officers and Committees

- 10.1 Reports to the Authority, its Committees and Sub-Committees are produced by Officers. Initially the reports will have been drafted by Officers, and they will bear the name of the Reporting Officer (usually a member of the Executive Team) and a Contact Officer.
- 10.2 The agenda for a Committee is agreed by the Chair on the advice of the relevant Officers. If, exceptionally, an Officer needs to report to an Authority body outside these principles but in discharge of their professional or legal duty, the Officer must consult the Chief Fire Officer and the Chair of the body in question first.

11. Correspondence

- 11.1 Only the Chair (or Vice Chair) can write official letters (that is to say a letter intended or appearing to be written on behalf of the Authority as a body, as opposed to on behalf of an individual Member) although generally Officers will handle correspondence of all kinds. Chairs of Committees may write letters concerning the conduct of their meetings, but not otherwise. Members writing official letters on behalf of the Authority must use a style which distinguishes this from the letters written in their personal or political capacities. Other Members' letters are written in personal or political capacities.
- 11.2 A Member can ask an Officer to keep their correspondence private. If the Officer cannot do this (because they are under an obligation to someone else, or because the Authority ought to respond to the issue raised in a different way) they must make this clear straight away. Otherwise, the Officer must observe confidentiality.
- 11.3 Unless correspondence is private, Officers may copy letters of general interest to the relevant Member or Committee Chair. They should always state that they are doing this on the letter itself. Officers should never copy Members' correspondence to other Members secretly.
- 11.4 Officers should be aware that Members may circulate their letters to the public unless requested not to do so.
- 11.5 This all applies to emails.
- 11.6 If an Officer needs to reproduce and communicate an oral conversation with a Member in written form, they will copy the correspondence to the Member concerned as a matter of courtesy.
- 11.7 Officers should respond to correspondence from Members within 5 (five) working days.

12. Staffing Matters

- 12.1 Members may be formally involved in staff recruitment as a member of a panel.
- 12.2 That apart, Members should not become personally involved in such matters.
- 12.3 Officers should not raise individual personal issues with Members concerning their jobs.
- 12.4 If a Member receives a “whistleblowing” disclosure from an employee, they should pass it on in accordance with the whistleblowing code (Appendix 5). Members should contact the Monitoring Officer should they require guidance.

13. Authority Property

- 13.1 Individual Members do not have a general right to visit Authority premises or land that are not open to the public. However, Members are encouraged to visit Fire Stations and other Fire Authority premises.
- 13.2 Members may have a "need to know" what is happening on Authority premises in the same way as they have access to other information. This will entitle them to visit premises for a specific purpose, such as scrutiny.
- 13.3 If Members do visit premises, they should normally make themselves known to the person in charge.

14. Attendance at Meetings

- 14.1 Members may wish Officers to attend public meetings to provide them with support. This is subject to the principles set out below:
 - a. Officers cannot become involved in political debate. This includes public meetings at which Members are not present.
 - b. Officers will be able to explain particular proposals and issues but technical officers are not expected to deal with issues outside their area of knowledge.
 - c. Officers will not normally attend such meetings after the publication of notification of election.
- 14.2 Officers may be invited to public meetings by local people or Organisations. If so, they should consider whether any Members, should be notified.

15. Political Groups

- 15.1 It is in the interests of the Authority to support to some degree the effective operation of all its political groups and not one particular group. The operation of Political Groups may, however, pose particular issues for Officers in terms of their impartiality.
- 15.2 A political group may request the Chief Fire Officer or a senior manager to prepare a written report on a matter or matters relating to the Authority for consideration by the Group.
- 15.3 An Officer report to a political group will be restricted to a statement of material facts and identification of options and the merits or otherwise of such options for the Authority. Such reports will not cover any political implications of the matter or any option. Such reports will not include any recommendations.
- 15.4 The release of such reports to other political groups shall be dealt with in accordance with any conventions in existence at the time.
- 15.5 A political group may request the Chief Fire Officer or a senior manager to attend a meeting of the group to advise on a particular matter relating to the Authority. The Chief Fire Officer or senior manager may arrange for the attendance of a representative on their behalf, or may decline to attend or send a representative where they are of the opinion that the particular issue is of such a political nature that it would be inappropriate to attend.
- 15.6 Officer advice at a meeting of a political group will be restricted to a statement of material facts and identification of options and the merits or otherwise of such options for the Authority. The advice will not cover any political implications of any matter or any option.
- 15.7 All Officers will respect the confidentiality of any matter which they hear in the course of attending any political group meeting or in respect of any requests for advice and the giving of that advice.

16. Breaches of the Protocol

- 16.1 Where a Member is dissatisfied with the conduct, behaviour or performance of an Officer, the matter should be raised with the appropriate Line Manager. Where the Officer concerned is a Line Manager, the matter should be made with the Chief Fire Officer. Where the employee concerned is the Chief Fire Officer, the matter should be raised with the Monitoring Officer.
- 16.2 On the Members side, where the relationship between Councillors and Officers breaks down or becomes strained, every effort will be made to resolve matters informally, through conciliation by an appropriate senior manager or Councillors. Officers will also have recourse to the Grievance Procedure or to the Authority's Monitoring Officer as appropriate, in certain circumstances. In the event of a Grievance or Complaint being upheld, the matter will be referred to the Chief Fire Officer who, having advised the Chair of the Authority and the other appropriate party spokespersons, will decide on the course of action to be taken, following consultation with the Audit Committee if appropriate.

- 16.3 Breaches of the Protocol by a Member may result in a Complaint to the Audit Committee and in the case of Officers may lead to Disciplinary Action.

MEMBER'S TRANSPORT GUIDANCE

Introduction

In order to attend meetings of the Authority, its Committees and other approved duties which are for the purpose of or in connection with the discharge of the functions of the Authority, the elected Members of the Authority are entitled to claim travelling allowances in accordance with the Local Government Act 1972 and the Local Authorities (Members Allowances) England Regulations 2003 (as amended). The Members Allowance Scheme of the Authority provides for travel allowances payable at specified rates to any Councillor who carries out any approved duty as defined in the Scheme.

This document sets out the guidance of the Authority with regard to the various options available to elected Members for travelling to perform their duties. It also sets out the allowances that they are eligible to claim in respect of any travel expenses that they do incur.

Guiding Principles for Member's Transport

Members are asked to attend meetings and other duties wherever possible by use of their own vehicles, public transport or where no public service is reasonably available, by taxi. Where a taxi is not available the use of a hired vehicle may be authorised by the Solicitor to the Authority. It is accepted that such modes of transport represent the most convenient and best value options for both Members individually and the Authority in general.

The "last resort" option would be for Authority vehicles, driven by personnel to transport Members to their duties. However, this is clearly a costly and inefficient use of resources and it would also inevitably, on occasion, prove logistically impractical, particularly as Members are not permanently based at any particular Authority premises. However, there will be certain instances where transport of Members by Authority vehicle is appropriate and this guidance indicates such circumstances and the procedure which should be followed in the event that a request for such use is contemplated.

The Democratic Services Team will provide a journey planning service to Members for all journeys outside the county area. Members are requested to advise the Team of the date and location of the event they are attending as soon as they become aware of it. An assessment will then be made of the most efficient and effective mode of transport, given the specific circumstances of the journey and according to the balance between the criteria of time saved, the alternative available modes of public or private transport, the cost of such alternatives, the practicality, convenience and ease of travel for the individual and the implications for the Authority of otherwise providing transport directly.

In the event that the Authority directly meets the cost of providing transport, Members are not entitled to claim an expense.

In certain situations, as detailed below, Members are requested, where possible, to provide receipts or other evidence of expenditure for costs actually incurred in the course of travel.

Use of Member's Own Vehicles

All Members of Merseyside Fire & Rescue Authority, who may be required to use their own transport for attending meetings and events on Authority business, should ensure that they have business use included on their motor vehicle insurance policy.

If Members on approved duties use their own private motor vehicle, they are entitled to claim back the following mileage allowances:

Motor Cycle	22.6 pence per mile
Motor Vehicle	56.4 pence per mile

Members may claim the amount of actual expenditure for car parking and of tolls for tunnels or bridges. If absent overnight on an approved duty, reimbursement of the actual cost of garaging a motor vehicle may be made to Members.

All of the above claims can be made by completing the standard yellow claim form for allowances that are available from the Democratic Services Manager. Receipts or other evidence of expenditure, are requested where claims are made for car parking or garaging fees. They will not be required for payment of Mersey Tunnel or other toll fees.

Use of Public Transport

***Members are requested to consider factors which may impact on the cost of any travel, before any booking is made, to ensure that the most efficient journey, which represents value for money, can be planned. There is provision for Members to use first class travel. However, given the requirement for the Authority to be open and transparent, the cost of any first class travel should be justifiable.**

Rail

*When wishing to travel via rail on Authority Business, Members can either contact the Democratic Services Manager to request the booking be made, providing as much detail and notice prior to the date of travel as possible, to enable the most efficient journey to be planned and a value for money ticket to be secured.

There is provision for Members to use first class rail travel, if justification can be provided.

Wherever possible, fixed return tickets should be booked if they are substantially more cost effective than an open return.

Members can make their own rail travel booking for attending events on Authority business within the County, by way of the Merseyrail network, and submit claims for reimbursement to the Democratic Services Manager on the standard allowances claim form, with the corresponding receipts/confirmation of booking attached.

In respect of travel by rail outside the county, Democratic Services will make arrangements in advance, specifying the time and date of travel and the nature of the tickets they require. It should be remembered that, in particular with rail travel, discounted and saver tickets are available when tickets are reserved sufficiently in advance. Alternatively, if appropriate, Members may meet the costs of travel themselves and reclaim the expenditure later, providing receipts or other evidence of expenditure wherever possible.

Bus, Ferry and Other Public Transport

* Members are requested to travel standard class wherever possible, and claim the actual amount of the ordinary fare or any saver fare where available. Members may travel and claim first class, if justification can be provided. Claims should be made on the standard claims form

and submitted with supporting receipts/confirmation of booking to the Democratic Services Manager.

Use of Taxis

The Solicitor to the Authority is delegated to determine if a specific journey by taxi is acceptable by undertaking an assessment of the balance between time saved, alternative available modes of public or private transport, the cost of such alternatives, the practicality, convenience and ease of travel for the individual and the implications for the Authority of otherwise providing transport directly.

After considering the above issues and having determined that there are clear circumstances - such as there being a case of urgency or where no public transport service is reasonably or directly available – where the use of a taxi is acceptable, the Solicitor to the Authority will authorise such use. Members should claim on the standard form the actual fare incurred and any reasonable gratuity paid. Receipts or other evidence of expenditure should be provided.

Use of Hired Vehicle

Where there is an entitlement, as detailed above, to reclaim taxi fare and where such a vehicle is not available or where the likely cost of the fare is excessive, a Member is entitled to be repaid the cost of hiring a motor vehicle other than a taxi. However, if such an event is likely to occur, Members are requested in the first instance to contact the Democratic Services Manager. They will ascertain first of all the possibility of a Service vehicle being provided or if not, they will arrange for the Service to make appropriate efforts to hire a suitable vehicle for the use of the Member. In the event that this is not possible and the Member hires the motor vehicle directly, they should provide appropriate receipts or other evidence of expenditure when submitting a claim for reimbursement.

Air Travel

Members are entitled to claim the Standard Air Fare between destinations or where travelling on a flight scheduled to take at least five hours, a sum equal to the cost of club class.

In most cases the Authority, via the Democratic Services Manager, will directly meet the costs of air travel but in the event that Members do pay their own fare, they should provide receipts or other evidence of the fare, along with their claim for re-imbursement.

Use of Transport Provided by Service

Members will be assisted with directly provided transport for certain particular events. There are two broad categories for the provision of Service transport:

- (i) where it is for a visit which will involve a number of Members, (for example, Station Visits, a Members Strategy Day or a visit to the Fire Service College or Westminster) the Authority directly arranges transportation, usually in the form of a car, minibus or coach, in order to minimise overall transport costs; and
- (ii) where there is a direct request from a Member for the use of a Service vehicle and/or the provision of a Service driver.

In the latter category, the Member should initially make their request to the Democratic Services Manager who will act on behalf of the Solicitor to the Authority in liaising with the

Chief Fire Officer to ascertain if the request is feasible both in terms of the availability of a vehicle and/or driver and of the existence, in the specific circumstances, of any potentially more economic and practical alternatives such as the use of a taxi.

Members in possession of a full, valid driving license are insured to drive Service vehicles and are eligible to make a request to do so. In the event that Members are authorised to self-drive a Service vehicle and that it is necessary for them to purchase petrol, oil or any other necessary commodity or accessory which is essential to ensure they complete their journey, they may claim reimbursement of the actual costs incurred. Receipts or other evidence of expenditure should be produced.

Travel Insurance

Members are requested to ensure that the Democratic Services Manager is notified in advance of all occasions when they will be either travelling outside the UK or travelling by air as such trips will require specific notification to the insurers of the Authority.

SUPPORT SERVICES FOR MEMBERS

1. The Authority provides support services for Members:
 - a. Group Officers, including administrative Officers and facilities.
 - b. ICT facilities.
 - c. Development and training.
 - d. The Members' research facility in Democratic Services.
 - e. Allowances and expenses.
 - f. Official transport.
- 1.2 There are three constraints on the use of these facilities: legal limits, cost factors, and the importance of providing equivalent facilities to all political groups.
- 1.3 Members must not abuse these facilities. This protocol sets out the general principles.
- 1.4 None of these rules affect the activities of Members using other resources, for example using support provided by their political parties. Political lobbying and campaigning is an essential part of the government at all levels. The different level of resources available to the different political parties and groups is not a matter for the Authority.
- 1.5 Authority resources must never be used for party political publicity. "Publicity" has a very wide legal definition - any communication to any section of the public is covered.
- 1.6 Leaving aside publicity, the Code of Conduct says "a Member..... must when using or authorising the use by others of the resources of the Authority..... ensure that such resources are not used for political purposes unless that use could reasonably be regarded as likely to facilitate, or be conducive to, the discharge of the functions of the Authority or of the office to which the Member has been elected or appointed."
- 1.7 Resources are limited, so explicit limits are placed on copying, posting etc. These can be waived in exceptional circumstances by the Democratic Services Manager, or the Clerk, but the situation must be truly exceptional. Members should not divide up work into parcels, or trade entitlements to find ways around the limits.
- 1.8 Members using ICT facilities must abide by the Authority's ICT Acceptable Use Policy. A copy of the policy is included in this document. Further, Members attention is drawn to the E-mail; Internet Access and Usage; and Using Social Media service instructions contained within the related document section of the policy.
- 1.9 Members must not use any facilities for their own private purposes, unless they are using spare capacity at no cost to the Authority and in accordance with any instructions given by the Authority.

- 1.10 Official cars and taxis are made available to Members and Officers solely for use on official duties. Guidance is included in this document.
- 1.11 Members' allowances, and subsistence and travel expenses, are paid in accordance with the Scheme and the legislation. Members may only claim expenses that they have actually incurred, and that they needed to incur for Authority activities. This should comply with the legal code.

Acceptable Use Policy

1. Policy Introduction and Background

Provide brief background information to introduce the reader to the context of the policy and the reasons for its creation.

MFRS is dependent on Information and Communication Technology (ICT) to deliver its services. The appropriate and secure use of ICT is vital to protect the interests of MFRS and the service it provides to the citizens of Merseyside.

The ICT AUP is in place to ensure:

- The use of ICT complies with legal requirements.
- The maximum benefit is obtained from MFRS investment in ICT facilities
- Risks arising from improper use of information, identity or equipment are minimised.

PROTOCOL ON REPORTING AT MEETINGS

Introduction

Merseyside Fire and Rescue Authority is committed to openness and transparency in how it conducts its business. This Protocol sets out its approach to certain types of reporting at its decision-making meetings. It outlines some basic principles and practical points aimed at balancing the requirements of those wishing to report the meeting and those attending and taking part.

Appended to this Protocol is a more in depth procedure which should be read in advance and adhered to by anyone wishing to attend Merseyside Fire and Rescue Authority Meetings, Committee's and Sub-Committee's. (Appendix A Procedure for Attendance and Recording of Meetings of Merseyside Fire and Rescue Authority).

Reporting

The Local Government Act 1972 provides that individuals may carry out reporting at meetings of local government bodies. This Protocol is primarily concerned with reporting that involves filming, photographing, and/or audio-recording of meetings.

Before the Meeting

There is no requirement to obtain permission or to make a prior arrangement to attend a meeting for the purpose of reporting upon it. However, if you are intending to film, photograph and/or audio-record, it would be helpful to contact Democratic Services (see contacts below) to ensure that suitable arrangements can be made to accommodate you.

There will be a designated area in the meeting room for you to observe the meeting and to allow you to film, photograph and/or audio-record it. Wherever possible you will have access to a seat (although this may depend on how much space is available).

The Chair of the meeting will be informed if the reporting includes filming, photographing and/or audio-recording. Those attending the meeting who are not Members or Officers will be made aware that they have the right to object to being filmed, photographed and/or audio-recorded by you.

You must not start filming, photographing and/or audio-recording until the Chair opens the meeting.

During the Meeting

The Chair will announce at the beginning of the meeting that the meeting is being filmed, photographed and/or audio-recorded. They will then ask attendees whether they agree to be filmed, photographed and/or audio-recorded to allow them to register a personal objection. If anyone has a personal objection then the Chair can temporarily suspend filming, photographing and/or audio-recording to allow attendees to have their say.

Note: this does not apply to Members and Officers.

If the Chair considers that the filming, photographing and/or audio-recording is disrupting the meeting they can instruct you to stop doing so. Therefore, it is worth noting that your equipment should not be noisy or otherwise distracting (e.g. flash and spotlights can be problematic).

You will not normally be allowed to give a live commentary on proceedings as this is highly likely to be disruptive.

If you refuse to stop filming, photographing and/or audio-recording when requested to do so, the Chair may ask you to leave the meeting. If you refuse to do so then the Chair may adjourn the meeting or make other appropriate arrangements for the meeting to continue without disruption. There are provisions in the Authority's Constitution that allow this.

When the meeting is officially closed by the Chair you must stop filming, photographing and/or audio-recording.

Exclusion from Meetings

The majority of the Authority's decision-making takes place in meetings open to the public and press. You may only be excluded from a meeting when issues are being considered that involve confidential or exempt information (as defined in Section 100 of the Local Government Act 1972).

Even if you are excluded, you will know the nature of the business to be dealt with while you are excluded from the meeting and the decision will be made known after the meeting.

No filming, photographing and/or audio-recording is permitted during any exclusion. All equipment for filming, photographing and/or audio-recording must be removed from the meeting room.

Interpretation of this Protocol

Any decision taken by the Chair on the interpretation of this protocol before, or at the meeting in question is final.

Publication

This protocol will be published on the website with Meetings Agendas, and Meeting Agendas will carry a statement relating to this Protocol.

PROCEDURE FOR ATTENDANCE AND RECORDING OF MERSEYSIDE FIRE AND RESCUE AUTHORITY

Purpose

To inform all visitors attending Merseyside Fire and Rescue Authority Headquarters with the intention to observe and/or record the proceedings of meetings, of the procedure to be followed during your attendance, for the purpose of clarity, safety and security. *(This procedure is in addition to, and should be read in conjunction with MFRA Meeting Reporting Protocol).*

Overview

Merseyside Fire and Rescue Authority is committed to openness and transparency in how it conducts its business. Anyone wishing to attend public meetings of this Authority are welcome, however the number of people who attend each meeting may vary making it difficult to predict how many people will turn up on the day. Therefore, the following arrangements are in place to ensure that there is reasonable provision for your purpose of visit.

Prerequisite Information

The Openness of Local Government Bodies Regulations 2014 came into force on 6 August 2014 and amended the Local Government Act 1972 regarding the governance of Authority, Committee and sub-Committee meetings, and the recording of certain officer decisions. Whilst already open to members of the press and public to attend, the Openness of Local Government Bodies Regulations 2014 provides for any person to be permitted to report on the meeting, including the filming, photography, or making of audio recordings of proceedings of meetings. This does not include live commentary.

Safety, Precaution, Entry, Admittance and Departure

Most meetings of Merseyside Fire and Rescue Authority, including Committees and Sub-Committees, are held at their Headquarters, Bridle Road, Bootle, Liverpool, Merseyside, L30 4YD and usually commence at 1pm (unless otherwise published). It is recommended that you check the location and start time of the meeting before starting your journey, to ensure you arrive at the appropriate time.

All meetings and agendas are published on our website (http://www.merseyfire.gov.uk/aspix/pages/fire_auth/authorityContent.aspx) five days prior to the date of the meeting or you can contact Democratic Services by ringing 0151 296 4230.

It would be helpful if you could contact Democratic Services to advise of your intention to attend the meeting to assist in the allocation of appropriate space within the meeting room. Should you have any special requirements which may impact upon your visit, please contact Reception tel.0151 296 4000, and advise ahead of your planned visit, to enable details to be taken and the appropriate officer notified to consider any reasonable adjustments or additional assistance which may be required.

If the number of visitors exceed that which is deemed safe for the size and capacity of the meeting room, you will be refused access on safety grounds.

All external visitors wishing to attend meetings of the Authority, are requested to arrive no earlier than thirty minutes prior to the opening of the meeting (e.g. meeting start 1.00 pm – do

not arrive earlier than 12.30 pm). Arrival before this time may result in you being refused admittance to the building until such time that your entry can be facilitated. This is due to the security requirements for the building.

For your own safety, security and protection, and for that of others working and visiting the premises, all external visitors (including employees who do not work in the building) are required to identify yourself to reception upon arrival, and departure. You will be required to provide your name, the purpose of your visit, who you are visiting, and provide the details of any vehicle which you wish to leave on the premises until your departure.

If you have equipment with you, you should inform reception and confirm for what purpose you intend to use such equipment during your visit. Examination of any equipment you bring, may be required.

When you sign into the building you will be allocated a coded visitor pass which you are required to visibly wear at all times, and must hand back to reception when you sign out of the building.

Once entry to the building has been granted and compliance with reception/security requirements have been met, Reception will inform Democratic Services of your presence and arrangements to escort you to the designated waiting area, will be made. You **must** wait to be escorted to the designated area. Staff will be preparing for the meeting or escorting other visitors therefore this may take a few minutes wait until such time a member of staff is available to do so, we therefore request your patience.

Access to the Actual Meeting

ALL persons attending to observe meetings of the Authority, who are not Merseyside Fire and Rescue Authority Members or Officers directly advising Members in the meeting, **MUST** remain in the designated waiting area until such time that it is announced that you may enter the Authority Meeting Room.

Access to the Meeting room will be given fifteen minutes prior to the start of the meeting, to allow reasonable time to set up any equipment.

In the event of a fire or requirement to evacuate the building – all visitors must be accounted for therefore you must ensure you are with the person/s you are here to visit.

In the event of an evacuation you will be instructed where to go by Fire Marshalls and Officers, and procedures should be announced at the opening of business.

Equipment

The Authority does not accept responsibility for the loss or damage to any equipment or items it does not own, therefore any personal items and belongings you bring with you are your responsibility which you bring at your own risk.

You may be required to have your equipment / belongings checked before admittance to the building.

You are requested to ensure that your equipment is not noisy or invasive, which could cause distraction to the proceedings.

Prior to the Meeting

Members and Officers attending meetings or training events prior to any meeting of the Authority, are required to arrive on time, ensure that all business starts at the agreed time and concludes **at least** fifteen minutes prior to the published start time of the Authority/Committee/Sub Committee, to enable the room to be cleared and ensure sufficient time for visitors to be permitted entry and set up of equipment, is provided.

During the Meeting

The Chair presiding over the meeting will request anyone present with the intention of recording the proceedings, to make themselves known to the Chair. The Chair will advise those present, if the meeting is being recorded, and ask if any visitors have objection to being filmed. **In the event that someone requests not to be filmed, they will be asked if they wish to leave or move to an area out of recording sight.** The Chair has the right to request stoppage of recordings, or to stop the proceedings of the meeting (in line with procedural standing orders contained within the constitution) should they/them feel there is unsuitable distraction or disturbance to the meeting.

Exclusion

All reports considered by the Authority are open and published to the Public unless there is confidential information contained within the report which under the Local Government Act 1972, is deemed Exempt. In such instances the Agenda will state by what section of the Local Government Act the item is Exempt under and during the preliminary matters on the Agenda, the Chair will announce if there are any exempt items on the Agenda which the Press and Public will be required to leave the meeting.

If there are Exempt items the Chair will announce at the time of reaching that item, for the Press and Public to leave.

All external visitors must take their equipment and belongings and make their way back to the waiting area. Equipment is to be packed away in the waiting area and you must wait for a member of staff to escort you back to reception. This may mean waiting a short while for other visitors to finish packing away their equipment and a member of staff escort several visitors together to reception.

Exit and Departure

You will be required to sign out at reception and ensure that you hand your visitor pass back to reception, and they have confirmed your departure. You must vacate the building and car park (if using the car park) immediately.
