	employees					
	ensuring IIT opertuinty is					
	available to all.					
	available to all.					
	We will develop a robust	GM Community				
	staff	Safety.				
	development programme	SM IIT/Arson.				
	within IIT that					
	must be followed in					
	order to					
	demonstrate					
	competency within role.					
	This will then be used to					
	create a					
	development poirtfolio					
	for submission to					
	be deemed competent					
	within role.					

	We will look to build resilience into the IIT team by identifying a small number of response station managers who will undertake some initial IIT training and will maintain CPD by attending CPD	GM Community Safety/ SM IIT/Arson.				
3.Uplift our output of Road and Water safety school age activity through increased use of Virtual Reality.	We will continue to use and develop the use of VR when delivering Road and Water safety to school age children. We will explore the benefits of investing in more headsets in order to increase delivery capacity.	GM Community Safety. SM Road & Water Safety.	Q1 Update MFRS have purchased a further ten headsets, increasing the overall stock to 30, which falls in line with average class size. Officers have attended a national Vision Zero road safety conference in Liverpool to demonstrate headsets and establish networks with local authority partners external to Merseyside.
