

2018-2019 MERSEYSIDE FIRE AND RESCUE AUTHORITY **ANNUAL GOVERNANCE STATEMENT**

1.0 SCOPE OF RESPONSIBILITY

- 1.1** Merseyside Fire and Rescue Authority (the Authority) is responsible for ensuring that its business is conducted in accordance with the law and proper standards, that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Authority also has a duty to make arrangements to secure continuous improvements in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.
- 1.2** In discharging this overall responsibility, the Authority is responsible for putting in place proper arrangements for the governance of its affairs, delivering its functions, and arrangements for the management of risk.
- 1.3** Corporate Governance is a phrase used to describe how organisations direct and control what they do. For Fire and Rescue Authorities this also includes how an Authority relates to the communities that it serves. The Authority has approved and adopted a code of corporate governance which is consistent with the principles of the CIPFA/SOLACE framework “*Delivering Good Governance in Local Government*” (2016). The key principles of the Authority’s Code of Corporate Governance are outlined below;
1. Three high level principles underpin Corporate Governance:-
 - Openness and inclusivity
 - Accountability
 - Integrity
 2. These high level principles are supported by seven detailed principles of good governance which are:
 - Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
 - Ensuring openness and comprehensive stakeholder engagement
 - Defining outcomes in terms of sustainable economic, social, and environmental benefits
 - Determining the interventions necessary to optimise the achievement of the intended outcomes
 - Developing MFRA capacity, including the capability of its leadership and the individuals within it
 - Managing risks and performance through robust internal control and strong public financial management
 - Implementing good practices in transparency, reporting, and audit to deliver effective accountability
- 1.4** This statement fulfils the Authority’s statutory requirement to prepare a statement of internal control in accordance with proper practices, and to present an annual review of the effectiveness of the current system.

2.0 THE PURPOSE OF THE GOVERNANCE FRAMEWORK

- 2.1 The governance framework comprises the systems and processes, culture and values, for the direction and control of the Authority and its activities through which it accounts to, engages with and leads the community. It enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate and cost-effective services.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Authority's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.
- 2.3 The governance framework has been in place at the Authority for a number of years and in particular for the year ended 31st March 2019.

3.0 THE GOVERNANCE FRAMEWORK

- 3.1 Summarised below are some of the key elements of the systems and processes that underpin the Authority's governance arrangements:
- 3.2 **Identifying and Communicating the Authority's Mission and outcomes for citizens and service users:**
- 3.2.1 After consulting with the citizens of Merseyside and service users, assessing current risks and service priorities, the Authority prepares an Integrated Risk Management Plan (IRMP) that sets out the mission, aims and service objectives for the organisation. The Authority approved a new IRMP, 2017/20, on 23rd February 2017. The IRMP established the service priorities for 2017/20. The Authority is currently consulting on a draft supplement to the Integrated Risk Managed Plan (IRMP) 2017-20. If approved, the alternative proposals contained within the supplement will extend the current plan to 2021, aligning it to our medium term financial plans.
- 3.2.2 The Authority's Mission reflects a clear focus on the core duties and functions in relation to Operational Preparedness, Operational Response and Prevention and Protection. The Authority's mission is to **achieve; Safer Stronger Communities – Safe Effective Firefighters**. To deliver this the Authority has established four key corporate aims:
- **Excellent Operational Preparedness**
We will provide our firefighters with the training, information, procedures and equipment to ensure they can safely and effectively resolve all emergency incidents.

- **Excellent Operational Response**

To maintain an excellent emergency response to meet risk across Merseyside with safety and effectiveness at its core.

- **Excellent Prevention and Protection**

We will work with partners and our community to protect the most vulnerable.

- **Excellent People**

We will develop and value all our employees, respecting diversity, promoting opportunity and equality for all.

3.2.3 The Mission statement is focused upon outcomes around operational preparedness, response and prevention and protection. It is very important that the organisation's priorities are unambiguous and easily understood by members, staff, communities and other stakeholders. In particular, it is essential that the safety and effectiveness of firefighters is seen as a fundamental factor in the achievement of safer, stronger communities.

3.3 Monitoring the achievement of the Authority's objectives through a comprehensive performance management framework:

3.3.1 IRMP and other service projects are incorporated into one document – the Service Delivery Plan. There is an ongoing system of monitoring and reporting on the achievement of projects in the Service Delivery Plan via regular reports to the Community Safety and Protection Committee (or any other committee if applicable) and the Strategic Leadership Team. Station Community Safety Plans have also been developed to give details of the activities taking place throughout Merseyside. The reporting process applies traffic light status to for each performance indicator in the Service Delivery Plan and attention is drawn to progress achieved and matters to be addressed. Copies of the Service Delivery Plan can be found on the Authority's website.

3.4 The Internal Control Environment:

3.4.1 The Authority's internal control mechanism comprises many systems, policies, procedures and operations, however the system can not eliminate all risks of failure to achieve the Authority's aims and objectives. Once a risk has been identified the Authority where possible eliminates the risk. If this is not possible then procedures are established to manage the risk effectively, efficiently and economically. Some of the significant control processes are outlined below:

3.4.2 Policy and decision making process

The Authority has meaningful democratic control over its activities via an **approved committee structure** with agreed Terms of Reference that are reviewed once a year by the Authority at its Annual General Meeting. The Authority has a **written Constitution** that was reviewed in 2018/19 and approved by the Authority at its meeting on 14th June 2018 (CFO/037/18), which is published and sets out how the Authority operates, how decisions are made, and the procedures which are followed to ensure these are

efficient, transparent and accountable to local citizens. The Constitution is reviewed every year by the Authority at its AGM.

The Authority meet with Strategic Managers and other stakeholders as required to consider the strategic vision and instigate future plans/targets for the Authority.

The Authority also runs member away-days and “learning lunches” to help Members discuss issues in more detail and in an informal environment.

3.4.3 Management Structure

Management Structure - The Authority has a **clear management structure** with defined roles and responsibilities. A Strategic Leadership Team (SLT), meet on a fortnightly basis to review and agree on issues that arise during the year. SLT have established five strategic boards to feed into SLT, the role of each board is to consider any issues associated with that board’s remit and if necessary make a recommendation on the matter for SLT to consider. The Authority has an **approved scheme of delegation within its Constitution** that is reviewed by members on an annual basis.

3.4.4 Established Policies, Procedures & Regulations

The Authority ensures compliance with established policies, procedures, laws and regulations. Information regarding policies and procedures is held on the intranet, and these are continually enhanced and developed through the introduction of new policies and procedures as and when required. The Authority has established policies on anti-fraud, fraud response and confidential reporting. The Authority carries out an annual review of standing orders, financial instructions and the scheme of delegation which clearly define how decisions are taken and the processes and controls required to manage risks. The list below outlines some of the **key policies and process in place to enhance the internal control system** that are reviewed as and when required:

- Treasury Management Strategy
- Procurement Strategy
- Financial Regulations, Procedural & Contract Standing Orders, Scheme of Delegation
- Anti-Fraud & Corruption Policy & Strategy
- Fraud Response Plan
- Confidential Reporting Policy
- Complaints procedure
- Code of Corporate Governance
- Constitution
- Code of Conduct
- Full range of Equality and Diversity policies and procedures
- Staffing Model
- Full range of robust policies and procedures to underpin the conduct of staff from operational procedure, discipline process, through to performance development reviews
- Information Governance and Security – Policies and Service Instructions to protect the Authority’s information, data, and assets

3.4.5 SLT carries out a continuous assessment of the implementation of policies and procedures throughout the organisation, including following up on progress against the action plans.

3.4.6 Internal Audit function

The Authority has a strong Internal Audit function arrangement with Liverpool City Council, and has well-established protocols for working with External Audit.

3.4.7 Risk Management Strategy

The Authority has a well established and embedded risk management strategy. The Audit Sub-Committee has corporate ownership of the risk register and receive regular updates on any new risks or changes to risks. As all Authority and service reports to SLT have a standing section on risk this allows SLT an opportunity to regularly consider new and updated risks facing the Service at their fortnightly meetings.

3.4.8 Financial Management

The Authority produces a five year financial plan that takes into account Revenue, Capital, Reserves and Prudential Borrowing forecasts. The Authority has a history of strong and effective financial management, as confirmed in the Grant Thornton 2017/18 Annual Audit Letter and Audit Findings Report;

“We were satisfied that the Authority put in place proper arrangements to ensure economy, efficiency and effectiveness in its use of resources”

Financial management in the Authority and the reporting of financial standing is undertaken through a comprehensive Finance system including a general ledger, accountancy and budgeting. Monthly budget statements are sent out to all cost centre managers and the Authority receives regular comprehensive financial review reports to update members on the current and anticipated year-end financial performance.

4.0 REVIEW OF EFFECTIVENESS

4.1 The Authority has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the SLT and other senior managers within the Authority who have responsibility for the development and maintenance of the governance environment, the Internal Audit annual report, and also by comments made by the external auditors and other review agencies and inspectorates.

4.2 Maintaining and reviewing the effectiveness of the governance framework throughout the financial year has been carried out by the following:

- The Authority and its Committees
- Management Review
- Internal audit
- External bodies

4.3 The Authority and Its Committees

4.3.1 The Authority

The Authority considered at its Annual General meeting on 14th June 2018 the format and structure of its democratic decision process by approving the powers and make-up of the approved committees. The full and detailed list of committee responsibilities can be found in the Constitution document on the Authority's web site, but are summarised as follows;

- The Authority – approves the Authority's budget and precept, considers variations to standing orders & financial regulations; the revenue budget and capital plan; issuing of a precept; adopting a members' allowance scheme; appointment to committees; scheme of delegation to officers; any matters which by law must be reserved to the Authority itself; maintain a Constitution.
- The Policy and Resources Committee – to determine new strategies, policies or changes in strategy relating to the development and delivery of services. Exercise financial control over expenditure within the approved revenue budgets and capital programme of the Authority. Establish and direct procedures for the implementation, monitoring and amendment of the revenue budget and capital programme and all other financial matters that impact on the Authority's financial position. Consider all matters related to the management of the Authority's assets including buildings, land, ICT and other assets.
- The Community Safety and Protection Committee – Consider all matters related to the development and delivery of services appropriate to this Committee. This includes matters relating to: Operational Preparedness; Operational Response; and Prevention and Protection. Considers all matters related to the delivery of services to the diverse communities of Merseyside, and the development, promotion and delivery of a coordinated strategy for developing and maintaining safer communities.
- The Scrutiny Committee – To view and/or scrutinise the objectives of the Authority's Integrated Risk Management Plan (IRMP) and performance against these objectives. To carry out joint member/officer pre and post-implementation scrutiny of any major project, scheme, or key decision taken by the Authority or its standing committees.
- The Joint Police & Fire Collaboration Committee – to act as a Strategic Board to oversee collaboration between Merseyside Police (MP) and the Authority. To consider any reports on proposals for collaboration and potential budget savings or working arrangements.
- The Audit Committee – To consider the internal audit's annual report and opinion, and a summary of internal audit activity and the level of assurance it can give the Authority's corporate governance arrangements. To consider the external auditor's annual letter, relevant reports, and the report to those charged with governance. To monitor the risk register and effective development and operation of risk management. To determine allegations made under the Members Code of Conduct Procedure and refer sanctions proposed and any complaint allegation requiring further investigation to the full Authority. To act as Investigating and Disciplinary

Committee where an allegation which could constitute misconduct or gross misconduct is made against the Chief Fire Officer, Deputy Chief Fire Officer or the Monitoring Officer.

Receive reports on the effectiveness of internal control processes, including probity and to receive Internal Audit reports in this respect. Liaise with the external audit function over the appointment of the external auditor. Comment on the scope and depth of external audit work and consider in detail the recommendations of the external auditor's annual audit's letter. Consider all matters relating to internal and external audit activity and all matters relating to the regulatory framework.

To appoint Task and finish Groups to undertake detailed work, involving relevant Scrutiny Members, key reference holders and relevant officers.

- The Appeals Committee – to consider whether to assent to applications for specific licences as may be referred to the Committee by the Health and Safety Executive or the Chief Fire Officer.

4.4 Management Review

4.4.1 Included in the day to day management of the organisation are a number of key officers, systems and procedures designed to provide core elements of the internal control mechanism, with a nominated lead officer responsible for reviewing the effectiveness of these systems.

4.4.2 There is a comprehensive system of performance management and review embedded within the Authority management structure and processes. The 2018/19 Service Delivery Plan broke down the Authority's key objectives for the year and identified a lead officer for each project. A "traffic light" system identified the actual progress against performance indicators throughout the year and any areas of concern with options to bring the project back on track were reported to management and the Community Safety and Protection Committee. SLT received regular updates from managers on the delivery of services against targets throughout the year and this allowed senior management an opportunity to scrutinise progress. Performance against Local Performance Indicators is considered in depth each month by the Performance Management Group.

4.4.3 The Risk Register was updated for new risks and the status of existing risks was re-assessed during the year. The Register considers the Authority's tolerance for risk and any mitigating actions that can reduce the likelihood/severity of the perceived risk. Risk management continued to be an integral part of the project management process and was a fundamental aspect of the business of the Authority.

4.4.4 The Authority employed appropriate professional staff:

- A Statutory Monitoring Officer under the Local Government and Housing Act 1989 (LGHA) s.5 responsible for ensuring the legality of Authority actions and supporting the Committee decision making process. The Director of Legal Services fulfils this role and is a qualified and experienced lawyer. The Director of Legal Services is supported by a suitably robust and fit for purpose legal team. No actions of the Authority

were deemed ultra vires in the year and all relevant laws and regulations have been complied with so far as is known by the Monitoring Officer.

- A Responsible Finance Officer under the Local Government Act 1985 (LGA 1985) s.73 to ensure the proper and effective administration of the financial affairs of the Authority. The Director of Finance fulfils this role and is a qualified and experienced accountant. The Director of Finance is supported in this role by a Head of Finance and finance team that includes a number of professionally qualified and experienced finance staff. The Director of Finance ensures the Authority has an approved, realistic and affordable five year financial plan for revenue and capital expenditure which links to the IRMP and the Service Delivery Plan. The financial planning process is well embedded and understood across the Authority by staff and members. Details of the approved budget are available to all stakeholders in a simple and summarised statement on the Authority's website.

The above statutory posts are key members of SLT

4.4.5 Budget monitoring remained robust at strategic and service levels via the production of monthly financial monitors for cost centre managers. The "funds management" system prevents orders being raised against accounts with insufficient budget and provides an effective enhancement to the budget control process.

4.4.6 Grant Thornton approved an unqualified Statement of Accounts for 2017/18 and it is anticipated this will be repeated in 2018/19. A detailed year-end report is presented to the Authority in a clear and understandable format. A simplified summary statement of accounts is available on the Authority's Website to ensure the outturn position is communicated effectively to all stakeholders.

4.5 Internal Audit

4.5.1 The Authority procured its internal audit service under a service level agreement from Liverpool City Council and the arrangement and service was in accordance with the CIPFA Code of Practice for Internal Audit in Local Government 2006. The internal audit plan for 2018/19, prioritised by a combination of the key internal controls, assessment and review on the basis of risk, was approved by the Authority during the year. All internal audit reports included an assessment of the internal controls and prioritised action plans, if relevant, to address any areas needing improvement. These reports were submitted to the relevant managers as appropriate and the Director of Finance. An interim and year-end Internal Audit Plan reports are submitted to the Audit sub Committee that included summary findings of all completed audit reports and implementation of any agreed recommendations. The Annual Review of Internal Audit Report concluded that:

"it is our opinion that we can provide Substantial Assurance that the system of internal control in place at Merseyside Fire & Rescue Service accords with proper practice.The 2018/19 fundamental systems audits completed to date have shown a substantial level of compliance and none of the audits have identified weaknesses that have required a corporate impact assessment of major or moderate. Based on the audit work carried out in

2018/19 we are not aware of any significant control weaknesses within the Service which impact on the Annual Governance Statement”

The service has in place a system of policies, procedures and processes to enable it to support the seven core CIPFA/SOLACE Principles of good governance.

4.6 External Review

4.6.1 External audit services are carried out by Grant Thornton. The scope of the work undertaken by External Audit is;

- The audit of the financial statements
- To reach a conclusion on the economy, efficiency and effectiveness in the use of resources (the value for money (VFM) conclusion
- To work on the whole of government accounts return.

4.6.2 External Audit will comment upon the Authority’s 2018/19 statutory financial statements and make a VFM conclusion during the 2019/20 financial year in the Annual Audit Findings report and Annual Audit and Inspection Letter. These documents reflect the Auditor’s findings and conclusions from auditing the Statement of Accounts. During 2018/19 the Auditor’s Annual Audit Findings Report and Audit Annual Letter covering 2017/18 confirmed the Authority’s overall performance continues to be strong and the Authority received an unqualified opinion on the 2017/18 financial statements.

SIGNIFICANT GOVERNANCE ISSUES

4.7 Following the announcement of the 2016/17 - 2019/20 Local Government Finance Settlement the Authority faced a significant reduction in the level of government grant support over this period. The reduction in Government support over this period has meant the Authority faced at least an £11m financial challenge, assuming all budget assumptions remain valid. The Authority approved a financial plan to meet this challenge at the 2016/17, Budget Authority meeting, and updated and ratified the plan at the 2017/18 & 2018/19 Budget Authority meetings. In light of increased operational and protection risks (following a number of national and international incidents), and expected findings from Her Majesty’s Inspectorate of Constabulary and Fire and Rescue Services (HMICFRS), the Authority approved a £1m investment back into frontline service in the 2019/20 five year medium term financial plan. The Chief Fire Officer and Director of Finance have been challenged with delivering the required saving to fund the £1m from expected savings on servicing historic capital debt and the annual deficit payment relating to historic accrued benefits in the Local Government Pension Scheme.

4.8 Whilst no significant weaknesses have been identified in control systems at present, the following have been identified as critical internal control issues for the forthcoming year;

- 4.9** The Authority's proposals to deliver the approved £1m savings required in the current financial plan to fund the £1m re-investment in frontline services.
- 4.9.1** The assumptions made in the medium term financial plan, particularly around inflation, pay awards, firefighter pension contributions and future government grants (whilst based on the best information available) are subject to potential change in such volatile times.
- 4.9.2** The recruitment of sufficient firefighters to maintain the required response staffing levels in light of the fact the Authority may lose approximately half of its current firefighters through natural retirements over the next five years of so. The Authority has established a recruitment reserve so it can fund the required recruitment in advance of the expected retirements over the period.
- 4.9.3** Taken together these factors result in a significant potential risk to the Authority's medium term financial plan. Reliable monitoring and forecasting processes are in place and the Director of Finance will ensure any variation to assumptions made in the medium term financial plan are identified at the earliest possible time. The Financial Review reports will keep Members informed on the impact of any variation to the assumptions in the financial plan and recommended corrective action.
- 4.10** The Policing and Crime Act 2017 places a statutory duty on the three emergency services (Ambulance, Fire and Police) to keep collaboration opportunities under review and to collaborate where this would improve efficiency and effectiveness. The Authority continues to maintain ongoing discussions with Merseyside Police and North West Ambulance Service on developing opportunities for greater collaboration.
- 4.11** Under the Cities and Local Government Devolution Act 2016, in November 2015, the Government agreed to devolve a range of powers and responsibility to the Liverpool City Region Combined Authority. The model includes a directly elected City Region Mayor over the Combined Authority Area, who was elected in May 2017. The Mayor may seek to take over the future governance of the Merseyside OPCC and Merseyside Fire and Rescue Authority at some future point, subject to the relevant support from the Government. The Authority will work with the Merseyside Police, the Office of the Police and Crime Commissioner and the Liverpool City Region Mayor, if asked, to establish the future governance arrangement for Merseyside Fire and Rescue Service.
