Introduction and Background

3. The purpose of this report is to demonstrate MFRA's compliance with the

Equality Act 2010 General Duty and to update stakeholders on the key outcomes delivered in the year with regards to Equality, Diversity and Inclusion.

4. The Equality Act 2010 Public Sector Equality Duty (PSED) (s.149) states that in the exercise of their functions, public authorities must have **due regard** to the need to:
 - a. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act
 - b. Advance equality of opportunity between people who share a protected characteristic and those who do not
 - c. Foster good relations between people who share a protected characteristic and those who do not.
5. In order for public authorities to demonstrate they are meeting the PSED there is a number of specific duties which require public bodies including MFRA to:
 - a) Publish information to show their compliance with the Equality Duty, at least annually
 - b) Set and publish equality objectives, at least every four years.
6. The PSED states that all information above must be published in a way which makes it easy for people to access it.
7. It is proposed that both reports are published and promoted on the intranet portal and website. The website is supported by ReciteMe which offers a number of accessibility functions including, read aloud and translation, to allow reads additional support should it be required.
8. The annual report includes information on the effect that our policies and practices have had on people who share a relevant protected characteristic, to demonstrate the extent to which we have furthered the aims of the general equality duty for our employees.
9. The workforce analysis report also provides our seventh gender pay gap report which is required by all Public Sector Bodies with over 250 employees.
10. The workforce analysis report also provides our third ethnicity pay gap, this is not currently a requirement on MFRA however MFRA believe its inclusion meets the standard of best practice..
11. MFRA recognises that a representative workforce will provide a Fire and Rescue Service that respects and responds to the diversity of the local communities that it serves. For the purposes of comparison in this report, the general population of Merseyside has been used.

Equality and Diversity Implications

12. The ED&I Annual Report evidences how MFRA executes the provision of the Equality Act 2010 and in particular shows due regard to the needs of the nine protected groups through the monitoring of the ED&I action plan and our five equality objectives.
