

SPRINKLERS SAVE LIVES

They protect:

PEOPLE
PROPERTY
BUSINESSES

Learn the facts and hear about the benefits at:

www.merseyfire.gov.uk

This redevelopment will be the first in Merseyside to benefit from a partnership between LMH and Merseyside Fire & Rescue Service to fit residential sprinklers and protect people from the outbreak of fire.

Creating Safer Stronger Communities Through Partnership

SPRINKLER MYTHS

MYTH In a fire all the sprinkler heads go off together.

FACT Only the sprinkler heads directly affected are triggered.

MYTH Water from the sprinkler causes more damage than the fire.

FACT Sprinklers attack the fire quickly and directly so less water is needed. As they also operate the fire alarm, the flow can be quickly turned off when the fire is out.

MYTH A smoke detector will always provide enough protection.

FACT Operational smoke detectors do save lives, however they do nothing to extinguish a growing fire.

MYTH Sprinklers go off accidentally.

FACT The odds of winning the lottery are greater than the 16 million to one chance of a properly maintained sprinkler malfunction.

SPRINKLERS SAVE LIVES

They help prevent fires spreading and protect:
PEOPLE / PROPERTY / BUSINESSES

Learn the facts and hear about the benefits of sprinklers at: www.merseyfire.gov.uk

For the added protection of residents and thanks to a funding initiative between Merseyside Fire & Rescue Service and LMH, a sprinkler protection system will be fitted in all properties in this redevelopment to control any outbreak of fire.
