

Speke Community Fire Station

Community Risk Management Plan 2016-17

Excellent Operational Preparedness

All staff will complete allocated SSRI inspections within specified station areas. SSRI Will be incorporated into the training calendar and cross referenced against local risk

Hydrant surveys will be completed at optimum times utilising a seasonal based approach

Personnel to attend all Training & Development Academy core risk critical training courses

The station will train against identified risks within their station area. Speke will undertake four weekly training plans linking SSRI/Training Calendar and local risk along with neighbouring stations to ensure all personnel are both safe and effective

All personnel to complete allocated Learnpro and achieve the required standard.

Speke will develop a training relationship with personnel from John Lennon Airport fire station.

Excellent Operational Response

All personnel will continuously train, learn and develop their skills, knowledge and understanding of service equipment and procedures.

All personnel to complete allocated Safe Person Assessments.

Watch Managers will ensure that alert to mobile times are met.

All staff will follow service guidance, instructions and procedures.

All staff will ensure correct Personal Protection Equipment is worn and maintained.

All staff will remain vigilant to prevent accidents occurring and actively record health and safety in the work place.

All personnel will communicate and understand the risk they face on a day to day basis to their peers and line managers

Excellent Prevention and Protection

Speke will undertake weekend Community Safety campaigns to reduce those identified as high risk vulnerable people by targeting specific areas affected by ADF's utilising quarterly and 12 month historical data.

We will continue our information sharing protocols to further refine the vulnerable person's index by engaging with health providers and registered providers to ensure we are targeting over 65's and the most vulnerable in the community. We will work with partners to ensure we are supporting the most vulnerable people in the community

Speke will work closely with the Community risk Management prevention team to deliver seasonal campaigns and initiatives that will promote social cohesion and reduce ASB within the most socially deprived areas.

Speke will work closely with the commercial sector and undertake audits to inform and educate on matters relating to Fire Protection

Excellent People

Station personnel will be set appraisal objectives that will ensure the aims of the station plan are achieved.

All appraisals to be completed within specified time scales.

Speke management team will work closely to assist in the personal development of operational staff

Absence levels will be in line with service procedures

Speke and Garston Community Fire Station

Community Risk Management Plan 2016-17

Our mission is to achieve safer stronger communities through safe and effective firefighters, delivering excellent operational preparedness, response, prevention, protection and people.

OUTCOMES are the impact our actions have on the community such as reducing incidents.

OUTPUTS are the quantifiable things we deliver to achieve better outcomes for the communities we serve.

| | Current | Target 2016/17 | | Annual |
|------------------------------------|---------|----------------|--|--------|
| Accidental Dwelling Fires (ADFs) | 32 | 36 | Site Specific Risk Information (SSRIs) | 96 |
| Anti-Social Behaviour Fires (ASBs) | 228 | 190 | Home Fire Safety Checks | 2160 |
| All Fires | 375 | 320 | Hydrant Surveys | 75 |
| Unwanted Fire Signals | 42 | 22 | Waste and Fly Tipping | 72 |
| Alert to Mobile | 96.86% | 95% | Seasonal Prevention Campaigns | 4 |
| Road Traffic Collisions (RTCs) | 29 | 32 | Simple Operational Fire Safety Audits | 36 |
| Sickness | | 4.2% | Off Station Exercising | 4 |
| Station Audit Performance | 91.1% | 80% | | |
| | | | | |

The 2016/17 target is based on 5 years performance.

We aim by the delivery of these outcomes to achieve reductions in death and injuries in our communities
