

Aintree Community Fire Station

Community Risk Management Plan 2016-17

Excellent Operational Preparedness

All staff will complete allocated SSRI inspections within specified station areas. Aintree will prioritise SSRI revisits and also look to acquire or update information on developing risks such as the Aintree University Hospital. Quality assurance will be conducted via Service Delivery Station Manager's.

Hydrant surveys will be completed annually. Staff at Aintree will take a seasonal approach to this work stream.

Personnel to attend all Training & Development Academy core risk critical training courses.

The station will train against identified risks within their station/specified areas as per Site Specific Operational Response Plans. Aintree may also be utilised to assist in exercises relevant to its support pump status.

Staff will develop skills against the additional support pump assets for Aintree.

All personnel at Aintree to complete allocated Learnpro and National Resilience e-learning packages and achieve the required standard.

Excellent Operational Response

All personnel will continuously train, learn and develop their skills, knowledge and understanding of service equipment and procedures.

All personnel to complete allocated Safe Person Assessments.

Watch Managers will ensure that alert to mobile times are met.

All staff will follow service guidance, instructions and procedures.

All staff will ensure correct Personal Protection Equipment is worn and maintained.

All staff will remain vigilant to prevent accidents occurring and actively record health and safety in the work place.

All Aintree staff will take responsibility to ensure National Resilience information notes appertaining to support pump assets are actioned accordingly.

Excellent Prevention and Protection

All Operational staff will undertake weekly Community Safety campaigns to reduce those identified as high risk vulnerable people. Aintree will target resources in areas affected by ADF's utilising quarterly and 12 month historical data. Quality assurance will be achieved via a collaborative Prevention/Service Delivery approach.

We will continue our information sharing protocols to further refine the vulnerable person's index by engaging with health providers and registered providers to ensure we are targeting over 65's and the most vulnerable in the community. We will work with partners to ensure we are supporting the most vulnerable people in the community.

WM's will develop projects to assist promote social cohesion and community inclusion & reducing ASB fires.

Aintree will work closely with the commercial sector, prison and hospital to undertake simple operational fire safety assessments to inform and educate on matters relating to Fire Protection. Quality assurance will be achieved via a collaborative Protection/Service Delivery approach.

Excellent People

Individuals will be set appraisal objectives that will facilitate the station organisational aims and objectives.

All appraisals to be completed within specified time scales.

Absence levels will be in line with service procedures.

Staff at Aintree will support colleagues in the development of skills and knowledge appertaining to support pump assets.

Managers at Aintree will support staff and work with departments in order to reduce absence to its lowest possible levels.

Aintree Community Fire Station

Community Risk Management Plan 2016-17

Our mission is to achieve safer stronger communities through safe and effective firefighters, delivering excellent operational preparedness, response, prevention, protection and people.

OUTCOMES are the impact our actions have on the community such as reducing incidents.

OUTPUTS are the quantifiable things we deliver to achieve better outcomes for the communities we serve.

	Current	Target 2016/17		Annual
Accidental Dwelling Fires (ADFs)	35	34	Site Specific Risk Information (SSRIs)	86
Anti-Social Behaviour Fires (ASBs)	161	159	Home Fire Safety Checks	2160
All Fires	314	292	Hydrant Surveys	48
Unwanted Fire Signals	74	41	Waste and Fly Tipping	0
Alert to Mobile	95.6%	95%	Seasonal Prevention Campaigns	4
Road Traffic Collisions (RTCs)	13	16	Simple Operational Fire Safety Assessments	72
Sickness	TBC	4.2%	Off Station Exercising	4
Station Audit Performance	91.1%	80%		

The 2016/17 targets are based on 5 years performance data.

We aim, by the delivery of these outcomes, to achieve reductions in deaths and injuries in our communities
