# Bootle & Netherton Community Fire Station

Community Risk Management Plan 2016-17

## Excellent Operational Preparedness

All station personnel will train and exercise against identified risks within their station area as per Site Specific Operational Response Plans.

All personnel will maintain their operational competence as promulgated by the training planner. This will be further enhanced by daily innovative drill and learning sessions.

Bootle and Netherton will complete 43 allocated SSRI inspections within the station area.

Hydrant surveys will be completed annually. With the main focus during the drier months.

Personnel to attend all Training & Development Academy core risk critical training courses

All personnel to complete allocated Learnpro and achieve the required standard.

## Excellent Operational Response

All personnel will continuously train, learn and develop their skills, knowledge and understanding of service equipment and procedures.

All personnel to complete allocated Safe Person Assessments.

Bootle & Netherton has a good response standard Watch Managers will ensure that alert to mobile times continue to be met.

All staff will follow service guidance, instructions and procedures.

All staff will ensure correct Personal Protection Equipment is worn and maintained.

All staff will remain vigilant to prevent accidents occurring and actively record health and safety in the work place. All near misses will be reported.

## Excellent Prevention and Protection

All Operational staff will undertake weekly Community Safety campaigns

The station risk profile is mainly residential with a varied age profile. The main focus will be on the over 65 age group and the most vulnerable in the community as taken from the status reports. We will work with partners to ensure we are supporting the most vulnerable people in the community. This will be met by carrying out 2160 Home Fire Safety Checks

WM's will continue to develop projects to assist and promote social cohesion and community inclusion & reducing ASB fires. There was a small increase in ASB and fires during 2015 in a small area. Although this has now subsided due to excellent high profile engagement. A Primary school will be adopted and staff will engage and become role models for pupils

Crews will carry out Protection audits and liaise with protection staff to ensure non domestic fires are reduced.

## Excellent People

Watch Managers will continue to develop individuals this will be achieved by setting appraisal objectives that will facilitate the station organisational aims and objectives.

All appraisals to be completed within specified time scales. For 2016 this will be the end of May.

Absence levels on the station will be monitored and staff encouraged to manage their health and well-being and utilise appropriate supportive resources to maintain the expected attendance record.

Staff will take part in regular gym sessions to enhance fitness and longevity ability.
