

# Southport Community Fire Station

Community Risk Management Plan 2016-17

## Excellent Operational Preparedness

There are 136 projected SSRI's for revisit in 2016/17 which crews will complete via the station schedule. Crews will monitor local business and risk for any new SSRI's which may be generated. SM will QA SSRIs.

108 Hydrant surveys will be completed by crews for Southport's station area.

The station training planner provides the LearnPro schedule for the year and crews will complete monthly modules aspiring to a 100% completion rate.

All staff will complete risk critical core training at the TDA. Crews will also develop and maintain First Aid skills to support the Emergency Medical Response (EMR) programme.

Southport has an aerial appliance and staff will maintain their specialist skill set with dedicated weekly training each Thursday morning.

Crews will train with the local coastguard for the risks associated with Mud rescue and the coastline.

## Excellent Operational Response

The station training planner provides a monthly SPA schedule and crews will undertake assessments achieving a 100% completion rate.

Southport will continue to maintain a high level of achievement against the 1.9min 'alert to mobile' and 10min response standard for both appliances.

Crews will undertake regular on-station training in line with monthly themes which will be assured via Station Manager Audits. This includes assurance of PPE and equipment.

1 appliance from Southport will be available for deployment to EMR incidents with NWAS. This will be within the constraints of the EMR programme and exigencies of the Service.

In 2015/16 there were 3 injuries reported. Staff will remain vigilant to H&S and this will be regularly monitored and promoted to prevent further reoccurrence in 2016/17.

## Excellent Prevention and Protection

There were 60 ADF's in 2015 which resulted in 1 fatality. The station risk profile is predominantly residential and of the older population. There are approximately 14,000 addresses of over 65's on status reports which crews will utilise to target HFSC activity, aspiring to the completion of 4,320 over the year.

It is recognised that other vulnerable groups exist in the community and local knowledge and partnerships will be utilised to target these groups.

Crews will support CFOA and Service campaigns throughout the year and target the identified groups/areas.

Green Watch will Trial the new Simple Operational Fire safety Audits from April 1<sup>st</sup> 2016. Audits are aimed at the local smaller businesses and will be identified using intelligence from Protection and local knowledge. This will be progressively rolled out across all watches through the year.

Crews will work with SM to gather intelligence for a targeted reduction in the 187 AFA's attended in 2015.

## Excellent People

Crews will complete appraisals during Apr/May utilising a new format. Jointly agreed objectives will be set which will support the station plan and be periodically revisited by managers. Development opportunities will be identified where appropriate.

Where availability allows the CM role at Southport will continue to be used to assist in the development of newly appointed Officers.

Absence levels will be monitored on a monthly basis and staff encouraged to manage their health and well-being. The support mechanisms available under C&C and OH will be utilised where absence does occur.

SM will work with current station staff and TRM to ensure the specialist skill sets for the aerial appliance are maintained and resourced as a number of FF's from Southport retire.

A number of staff who have expressed interest in progression will be developed toward passing a TCA.

# Southport Community Fire Station

Community Risk Management Plan 2015-16

**Our mission is to achieve safer stronger communities through safe and effective firefighters, delivering excellent operational preparedness, response, prevention, protection and people.**

**OUTCOMES are the impact our actions have on the community such as reducing incidents.**

**OUTPUTS are the quantifiable things we deliver to achieve better outcomes for the communities we serve.**

|                                    | 2015/16 | Target 2016/17 |  | Annual |
|------------------------------------|---------|----------------|--|--------|
| Accidental Dwelling Fires (ADFs)   | 53      | 67             | Site Specific Risk Information (SSRIs) | 136    |
| Anti-Social Behaviour Fires (ASBs) | 59      | 78             | Home Fire Safety Checks                | 4320   |
| All Fires                          | 194     | 216            | Hydrant Surveys                        | 108    |
| Unwanted Fire Signals              | 170     | 70             | Waste & Fly Tipping                    | 72     |
| Alert to Mobile                    | 94.64%  | 95%            | Seasonal Prevention Campaigns          | 4      |
| Road Traffic Collisions (RTCs)     | 28      | 32             | Simple Operational Fire Safety Audits  | 48     |
| Sickness                           | TBC     | 4.2%           | Off Station Exercising                 | 4      |
| Station Audit Performance          | 90.4%   | 80%            |  |        |
|                                    |         |                |  |        |

The 2016/17 targets are based on 5 years performance data.

We aim by the delivery of these outcomes to achieve reductions in death and injuries in our communities.
