

Huyton Community Fire Station

Community Risk Management Plan 2016-17

Excellent Operational Preparedness

SSRI forecast for 2016/17 shows 125 premises due for re-inspection. The station will deliver 12 per month to include new visits.

76 Hydrant walks will be completed during the 12 month period.

WM's will liaise with TDA to ensure all staff competencies and core skills are maintained.

Learnpro will be monitored by individuals and 100% monthly completion rate will be achieved.

The station will complete 4 off station exercises per year against an identified risk within the station area.

Preparation will begin for the move to the new station within 12 months.

Excellent Operational Response

WM's will plan training based on the monthly training planner.

All personnel will accept personal responsibility for performance against the SPA's and ensure that a 100% monthly completion rate is attained.

All watches will exceed 80% on operational audits.

All personnel will ensure the 1.54 min alert to mobile target is maintained.

All personnel will ensure that the 30 minute recall for the retained appliance is achieved on every occasion.

Operational staff will ensure that the current 5 riders on the Wholetime and Retained appliance is maintained.

WM's will program regular training in continued support of the BASU.

A positive Health and Safety culture will be promoted by all staff.

Excellent Prevention and Protection

Huytons merged station area has approximately 12,000 properties on the status report. We will aim to reduce this by 1500 in the current year.

The station will continue to engage with community groups within the area and provide support to the Princes Trust team.

WM's will link directly with the DPM to ensure a co-ordinated approach to tackling ASB fires.

Completion of fly tipping and waste reports will be increased during the year.

Crews will introduce and undertake Simple Operational Fire Safety Audits during the year.

Excellent People

Appraisal objectives will be set to support delivery of the objectives in station plan.

All appraisals to be completed within specified time scales.

SM will closely monitor absence levels and will liaise with Occupational Health to support the welfare of individuals.

WM's and SM will maintain a positive development culture on the station to encourage individuals to consider promotional opportunities.
