	APPENDIX B:	FUNCTIONAL PLAN UPDATES APRIL – JULY 2016
	APPENDIX C:	PERFORMANCE INDICATOR LIST 2016-17

Purpose of Report

1. To request that Members scrutinise performance against the Service objectives and the performance targets/outcomes as set out in the Service Delivery Plan 2016/17 for the period April to July 2016.

Recommendation

2. The 2016/17 planning process began in January 2014. The process considered organisational risk, legislation, financial constraints and consultation outcomes to create innovative and value for money initiatives in order to inform the IRMP and Service Delivery Plan.
3. The April to July Service Delivery Plan Performance Report for 2016/17 is the document that reports and updates on the IRMP, Service Delivery Plan action points, Functional Plan action points and Benchmark Performance Indicators against the targets that were approved by Members in March 2016.
4. Reporting is provided on a regular basis to Members through the Authority's Committees.

Performance Indicators

5. In March 2016 a full annual review of performance indicators and their relevance was carried out. It was agreed Performance measures would be grouped in the following way:

- Benchmark/Summary Indicators – key summary performance indicators to measure how MFRA is performing. A number of these indicators are new, and where possible we have included historical data to measure performance.
 - Service Plan outcomes - Key Performance Indicators
 - Tier 1 Outputs – contributory outcomes and Local Performance Indicators
 - Tier 2 – Output - Local Performance Indicators
6. Performance indicators have been grouped according to incident type:
- Dwelling fire
 - Non domestic property fire
 - Anti-social behaviour and other fire
 - Road traffic collisions
 - Special Service
 - Fire alarms
 - Staff welfare, risks and competency
 - Estates
7. This report focuses on the Benchmark Performance Indicators underpinned by the key and local performance indicators to illustrate and inform as required.
8. The format has been designed to give a clearer illustration of how the Service is performing against Key Performance Indicators which are grouped together e.g. dwelling fire related indicators are influenced by the Community Risk Management measures we put in place so this group includes measurement of the number of Home Fire Safety Checks we deliver and especially to those most at risk, which we have recognised are the over 65's.
9. The PI's are monitored and scrutinised each month through the Performance Management Group which is an internal meeting of Area Managers, Directors and relevant Functional managers. The group is chaired by the Deputy Chief Fire Officer. Exceptions and areas of poor performance are highlighted and action plans put into place as appropriate.
10. All performance for April to July 2016 is covered in detail in the appendices to this report.

Equality and Diversity Implications

11. Equality and Diversity actions form part of the Service Delivery Plan and each action is equally impact assessed as appropriate. Performance against Equality Objectives is included in the twice yearly Equality and Diversity update reports that are submitted to this Committee.
